

SCPS Career and Technical Education Advisory Committee

Mission: To support the preparation of our CTE students for their futures as productive members of society and to educate the community on the importance of Career and Technical Education in the development and preparation of students to become successful contributing members of society.

Vision: To help inspire and empower our CTE teachers and students to become creative thinkers, problem solvers and effective communicators by:

- Ensuring an engaging and supportive learning environment
- Providing a broad spectrum of innovative opportunities
- Building lasting partnerships with the community to educate our students
- Educating the community on the value and contribution career and technically trained persons play in our society.

Purpose: To bring businesses and CTE instructors together to form collaborative partnerships
