INDEPENDENT AUDITOR'S REPORT

To the Superintendent and Board of Trustees Cassia Joint School District No. 151

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cassia Joint School District No. 151 (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of employer's share of net pension liability and of employer contributions, schedules of changes in the total OPEB assets and liabilities, and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund and fiduciary fund financial statements, as well as the combining and individual agency fund schedules of receipts, disbursements, and changes in fund balance are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 US Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the combining and individual agency funds schedules of receipts, disbursements, and changes in fund balance, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the combining and individual agency funds schedules of receipts, disbursements, and changes in fund balance, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2023, on our consideration of the Cassia Joint School District No. 151's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Poulsen Van Leuven + Catmull

Burley, Idaho October 28, 2023

MANAGEMENT'S DISCUSSION & ANALYSIS FOR YEAR ENDED JUNE 30, 2023

The discussion and analysis of the Cassia Joint School District #151's financial performance provides an overall review of financial activities for the fiscal year. Information used to compile this report was gathered by the Business Office, from school administrators and interpretations of the State Department of Education concerning state and federal funding for the fiscal year.

DISTRICT OBJECTIVES

- Operate year-to-year with a budget balanced with available resources.
- Match reoccurring expenditures with reoccurring revenue.
- Prepare the budget with core assumptions built on current economic trends and historical trends of local growth and programming needs.
- Hold adequate reserves to meet unanticipated emergencies.

FINANCIAL HIGHLIGHTS

- Supplemental levy funds were used in the 2022-2023 school year to accomplish a variety of initiatives. \$495K was used for new curriculum adoptions for K-6 math, science consumables, and reading supports. \$94K was spent on music instruments, curriculum, and supplies. \$99K was used for the Connect student counseling program. \$64K was used to fund an additional school nurse. \$18.5K was used to fund a part-time school resource officer. The remaining was used for extra-curricular activities and school supplies. Voters approved a renewal of the two-year supplemental levy in March of 2022 and the next election will be in May of 2024.
- Plant Facility Levy funds were used for many facility and infrastructure upgrades.
 - o \$584K spent to replace the shingle portion of BHS roof.
 - o \$340K was spent for new bleachers and a press box at OHS and new bleachers at Budge field.
 - o \$300K was spent on a replacement freezer building for Food Service.
 - o \$236K from the plant levy and \$400K from bus depreciation were spent on new school buses.
 - o \$211K was spent on parking lot paving at BHS.
 - o \$161K was spent on carpet & tile replacement at DES, OES, RRES, WP, DHS, BHS, & BJHS.
 - o \$49K was spent on remodeling the electronics building to turn into classrooms.
 - \$832K additional was spent on smaller district projects and routine maintenance including: tech
 infrastructure, roof patching, vehicles, copiers, furniture, asphalt repair, HVAC repair, irrigation and
 sprinkler repair, and gym floor refinishing.
- The district spent the remaining \$412K of ESSER II (CRRSA) stimulus funds on a variety of initiatives including \$51K for the Canvas learning management system, \$49K for teachers for MCOLA, \$110K for 3 Special Ed classroom aides, \$170K to offset general fund janitorial expense, \$6K for an additional vision screener machine, and remaining for supplies and services related to the pandemic.
- The district also spent \$1.9M of ESSER III (ARPA) stimulus funds on other Covid related measures including: \$911K on HVAC upgrades at Dworshak and BJHS, \$728K on summer learning loss programs, \$78K on a Gifted & Talented student coordinator, \$64K on MCOLA teachers and software, \$65K on teacher supplies, and other misc. supplies and services related to the pandemic.

CHALLENGES

Going into the 2022-2023 school year there were some uncertainties. There was a slew of freshmen legislators at the state house seeking to enact legislation targeted at public schools. While some legislation was favorable, many placed further restrictions on local governance. Such as removing the March election date for schools, a bill that requires districts to take open enrolled students, and a much-publicized bathroom and locker-room bill.

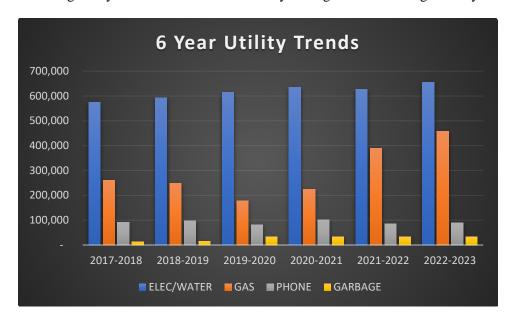

The state extended the change from attendance funding to enrollment funding for the 2022-2023 school year. However, that was not extended to the 2023-2024 school year, many school district now face a funding cliff from shifting back to the attendance model. Especially in light of the exhaustion of one-time federal stimulus dollars. The district continues to face

increasing costs for health care and utilities which are a large portion of operational funds. The total district cost of providing health, dental, and life insurance increased by 124% in the decade from 2013 to 2023. Even though premiums have continued to increase, the total cost went down some years because as costs increase, fewer people enroll.

There was much talk during the 2022 legislative session of increasing funding to school districts for health insurance and making the state health insurance program more available to schools. These changes went into effect during the 2022-2023 school year. Combined health insurance costs for the district increased by 58.4% in FY 2023, but state funding for insurance benefits also increased by 47.9%.

| District Share of | Annual Cost | % Increase |
|-----------------------|-------------|------------|
| Health, Dental & Life | | |
| 2012-2013 | \$2,352,324 | N/A |
| 2013-2014 | \$2,586,999 | 10.0% |
| 2014-2015 | \$2,792,351 | 7.9% |
| 2015-2016 | \$3,153,759 | 12.9% |
| 2016-2017 | \$3,334,579 | 4.4% |
| 2017-2018 | \$3,291,461 | -1.3% |
| 2018-2019 | \$3,402,178 | 3.36% |
| 2019-2020 | \$3,173,182 | -6.73% |
| 2020-2021 | \$3,263,979 | 2.9% |
| 2021-2022 | \$3,325,116 | 1.9% |
| 2022-2023 | \$5,267,981 | 58.4% |

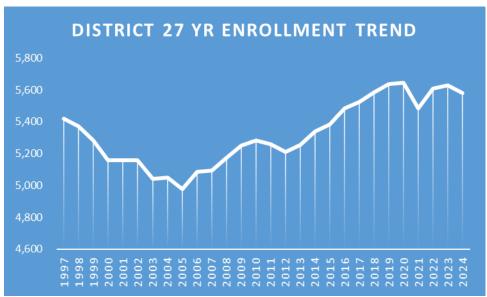

Another major component of operational funding is building utilities. Overall utility costs have increased 54.7% over the last 7 years. This increase is driven largely by increases in natural gas which cost/utilization have increased by 110%. This is a combination of increasing utility rates as well as utilization by adding air conditioning to many facilities since 2015.

The 22-23 fiscal year was the third year of the advanced professional rung of the state teacher reimbursement schedule known as the career ladder. The career ladder replaced the traditional reimbursement matrix that was based on teacher education and years of experience. The career ladder instead is more focused on evaluations and student achievement. Although amounts can vary based on placement, the average teacher salary increase for FY23 was 3.35%. The starting teacher salary also increased by 1% to \$40,742. Although there were not large increases in compensation there was a significant reduction in the cost of employee health premiums resulting in more take home pay for staff.

CJSD ENROLLMENT TREND

Sept 2022 district-wide enrollment was 5,582 students, down 45 students from the prior year. Historical growth has been in the 1% range. Enrollment peaked in 2019 pre-pandemic and has been flat or declining since. There appears to be a bubble in the secondary schools with lower enrollment in the elementary. Which could lead to declining enrollment in the future. Flat enrollment, poor attendance, and funding will be challenges in coming fiscal years.

| DISTRICT | % CHANGE | | | | | | |
|-------------------|----------|---------|---------|---------|---------|----------------|---------|
| SCHOOL NAME | 2019-20 | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 1 YEAR | 5 YEAR |

OPPORTUNITIES

The district has many buildings of various ages and life span. Trustees and administration have been able to maintain them with the plant facility levy and generous community patrons. However, there are several roofs, parking lots, and mechanical systems that are near end of life. A bond attempt to address some of these projects as well as future growth failed in 2019. Although the bond failed, new construction and growth in the community is increasing the overall market value and debt-capacity of the district. This leads to favorable conditions for future bond attempts. A 10-year plant facility levy was passed in March of 2023.

During the 2023 legislative session the legislature passed HB 292. This created a new school facilities fund. The purpose being to give schools funding from the state surplus to offset what is collected from property tax for bond repayment or supplemental levies. In September 2023, after the close of the 2023 Fiscal Year, the District received \$2,038,025 of property tax relief funds. These are not new funds that can be used to build or improve current facilities. Rather these are replacement funds that will be used to pay off the outstanding 2015 construction bond. Because the state provided these funds from surplus sales and income tax, the district will not need to collect these funds from local property taxes. In FY 2024 the district will not levy property tax for Bond Repayment. Even with the increased amount from the Plant Facility Levy it will reduce overall property taxes for patrons by \$1.72M from the prior year and reduce the property tax levy rate by 30%. The property tax levy rate for the school district will be the lowest in its history. This tax relief should show up to patrons in FY24 and will hopefully prove favorable for future bond and levy elections.

Several grants were awarded throughout the district to enhance educational programs. The District was awarded \$270K for the 21st Century Learning after-school spark programs at Declo Elem, Declo Jr. High, Mt. View, White Pine, Burley Jr. High, and Dworshak. Sparks also received a \$14,00 summer of innovation grant. Oakley High School received \$16.6K for after school stem programs. Burley High received \$50K from T-Mobile for their E-Sports gaming club. Declo Elementary received \$5K from the Idaho Commission of Libraries for new books. They also received a donation of \$8.6K for sensory equipment and \$10K for their greenhouse. Raft River received a \$4K bovine breeder grant. Tech programs received \$77.6K in equipment grants. The district also received \$1.4M of emergency connectivity funds to purchase 3,500 replacement Chromebooks. The district also received over \$8K in donations through a campaign for homeless students and food insecurity. The school nurses received \$20K grant for inflatable lungs and materials for education on vaping. As well as the \$40K grant to help fund a school nurse position.

The Cassia School District has set high standards for students and staff and has attempted to stay competitive with other districts in the state. An environment of continuous improvement is in place and efforts to improve student achievement require a relentless focus on data, goals, and teamwork. The students and staff of Cassia School District are to be commended for the commitment to improvement in a time of limited resources.

FINANCIAL RESULTS

Operating revenues for the 2022-2023 school year totaled \$59,631,564 for all funds.

Operating expenditures for the 2022-2023 school year totaled \$60,380,302 for all funds.

Expenditures exceeded revenues by (\$748,738). Part of this overage were funds from prior years \$549K saved up in the Plant Facility levy for projects that were completed this year.

SALARY AND BENEFITS

In addition to retirement, paid employee benefits include health, dental, and life insurance. Salary and benefits make up 79% of the General Fund and 37% of all other funds. This is typical of other school districts in the state and what would be expected in a service industry where extensive human capital is required to provide a service such as student instruction.

PURCHASED SERVICES

This category includes: utilities, contract labor, travel, professional development, dues and fees. These expenditures make up 14.3% of the general fund and 5.2% of other funds.

DEBT RETIREMENT

This is the sum of the payments on the 2015 construction bond including interest and any service fees. This payment makes up 16.2% of the other fund expenditures.

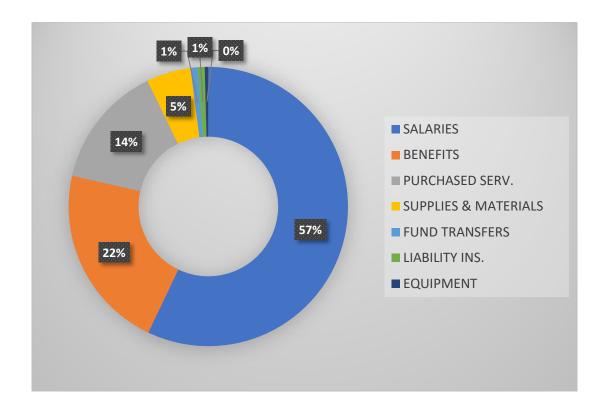

TRANSFERS

Transfers consist of funds moved between general fund and other funds. Transfers currently make up less than 1% of all general fund expenditures.

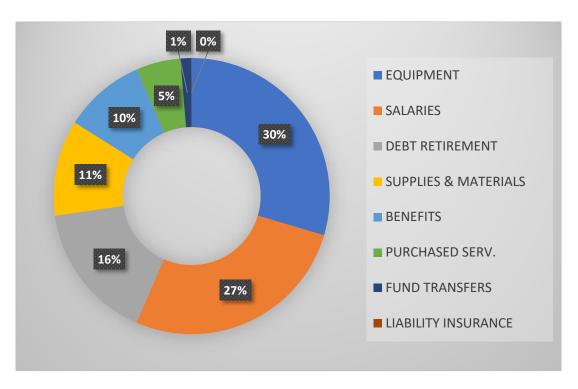

EQUIPMENT & INSURANCE

Capital expenditures for facilities and equipment along with insurance make up less than 1% of general fund expenditures. Most capital expenditures fall under the Plant Facilities funds. Capital expenses are 8.1% of all expenditures.

2022-2023 GENERAL FUND EXPENDITURES

2022-2023 OTHER FUND EXPENDITURES

The General Fund recorded \$43,765,034 in operating revenue, a 4.4% increase over the prior year. This is be attributed to increases in state funding. It is a smaller increase than the prior year because enrollment is down, and stimulus revenue has slowed. The General Fund had \$44,454,199 in expenditures, an 11.5% increase over the prior year. The district will need to focus on holding cost increases down in the coming year to help us maintain the required 5% contingency.

June 30, 2022 general fund balance decreased by (\$730,408) from the prior year, after increasing by more than two-million in 2021. It has not been easy to hold expenditures, particularly with rising inflation. Federal funds helped fill in funding gaps, but these stimulus payments are one-time revenues related to the pandemic. The district must continue with conservative measures to make sure expenditures do not outpace increases in revenue.

The General Fund's ending balance of \$4,006,183 is allocated for prior year obligations carried forward, subsequent year budgets, current obligations, and contingencies.

OVERVIEW OF THE FINANCIAL STATEMENTS

This section of the annual financial report consists of three parts: management's discussion and analysis, basic financial statements, and other required supplementary information. The basic financial statements consist of two kinds of statements that present different views of the District's financial activities.

Government-wide Financial Statements (GWFS)

The GWFS (i.e., Statement of Net Position and Statement of Activities) provide readers with a broad overview of the District's finances. The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies.

The *Statement of Net Position* provides information on all of the assets and liabilities of the District, with the difference between the two providing the *net position*. Increases or decreases in the net assets may indicate whether the financial position of the District is improving or deteriorating, respectively.

The *Statement of Activities* shows how the net position of the District has changed throughout the fiscal year. Changes in the net position occur as soon as the underlying event occurs.

The statements present an aggregate view of the District's finances. Government-wide statements contain useful long-term information as well as information for the just-completed fiscal year. To assess the overall financial condition of the District, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities should be considered. In the government-wide financial statements, the District's activities are all classified as government activities. Governmental activities include all regular and special education, all educational support activities, administration, custodial, maintenance, transportation, and food services. Most of these activities are supported by property taxes and formula aid from the state of Idaho.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund Financial Statements

Funds are accounting devices the District uses to keep track of sources of funding and spending on particular programs and to demonstrate compliance with various regulatory requirements. Fund financial statements focus on individual parts of the District. Fund statements generally report operation in more detail than the government-wide statements. These statements focus on its most significant or "major" funds and not on the District as a whole.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes (i.e., repaying its long-term debt) or to show that it is properly using certain revenues (i.e., capital project funds). The District has two types of funds: Governmental and Fiduciary.

Governmental Funds – Governmental funds account for nearly the same functions as the governmental activities. However, unlike the GWFS, Governmental Funds focus on *near-term inflows and outflows* as well as the *balances left at year-end* that are available for funding future basic services. It is useful to compare information found in the *governmental funds* with that of the *governmental activities*. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

The basic governmental fund financial statements can be found on pages 16-19 of this report.

Fiduciary Funds – The assets of these organizations belong to the organization, and not the District. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and only by those to whom the assets belong. These activities are excluded from the District-wide financial statements because the District cannot use these assets to finance its operations.

The basic fiduciary fund financial statements can be found on page 20-21 of this report.

Notes - The notes to the financial statements provide further explanation of some of the information in the statements and provide additional disclosures so statement users have a complete picture of the District's financial activities and position. Required supplementary information further explains and supports the financial statements by including a comparison of the District's budget data for the year.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve as a useful indicator of a district's financial position. In the case of the District, assets exceeded liabilities by \$23,925,117 at the close of the most recent fiscal year. The following tables show the changes in net position and revenue and expense from 2022 to 2023.

| STATEMENT OF NET POSITION | | |
|--------------------------------------|------------------|---------------|

| Prior period adjustments | - | |
| Change in Net Position | \$ (3,817,359) | \$ 5,893,511 |

The largest portion of the District's net position reflects investments in capital assets (i.e., land, buildings and improvements, furniture, and equipment) net of related debt (general obligation bonds) used to acquire those assets still outstanding. Restricted net assets represent all the District's net position. These resources are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is negative. As capital projects are completed, restricted net position will decrease. At the end of the fiscal year, the District's combined net position decreased by 14.89% to \$23,925,117, primarily due to changes in the net pension liability due to PERSI. The District relies on state funding and federal funding for 87% of its total revenue. Property taxes account for 13% of total revenue. The District had total revenues of \$58,888,030. Expenditures exceeded revenues by \$3,817,359.

DISTRICT'S FUNDS FINANCIAL ANALYSIS

As noted earlier, the District uses funds to demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide balances of spendable resources and to provide data on near-term inflows and outflows.

General Fund - The general fund is the general operating fund for the District. At the end of the current fiscal year, the general fund balance is \$4,006,184 which is down 15% from the prior year. This amount is needed for subsequent year budgets, current obligations, and contingencies.

Expenditures for general District purposes totaled \$44,085,441, an increase of 11.6% from the prior year.

General Fund Budgetary Highlights

The District adopts an original budget in June for the subsequent year. The difference between the original revenue budget and the final amended revenue budget of the General Fund was an increase of \$3,418,125. The difference between the original expense budget and the final amended budget was an increase of \$3,418,125.

Capital Assets

The capital projects fund is used to account for the costs incurred while acquiring and improving sites, constructing, and remodeling facilities, and purchasing equipment necessary for providing educational programs for all students within the District. The District has invested approximately \$109,345,000 in a wide range of capital assets. The total accumulated depreciation on these assets amounts to approximately \$56,300,000. Acquisitions of assets meeting the criteria for capitalization totaled \$5,393,269 for the fiscal year. Proceeds from bonds issued during the current year will be expended on capital projects in future years.

Long-Term Debt

At year end the District had \$25,015,000 in general obligation bonds and other long-term debt outstanding, exclusive of bond premiums. The debt of the District is secured by an annual tax levy. The bonds were authorized by the patrons of the school District by a two-thirds majority vote. The amounts outstanding on the remaining bonds are:

Series 2015A General Obligation \$17,095,000 Series 2015B General Obligation \$7,920,000

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Chris James at the Cassia School District Administration Office, 3650 Overland Avenue, Burley, ID 83318 or by phone at (208) 878-6600.

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Cassia Joint School District #151 have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to school districts. The significant accounting policies of the District are described below.

A. Reporting Entity

Cassia Joint School District #151 provides public school educational services as authorized by Section 33-201 through 33-1803 of the Idaho Code. The District's boundaries for taxing and school enrollment purposes are in Cassia, Oneida and Twin Falls Counties.

Factors used in defining the reporting entity were as follows: Cassia Joint School District #151 was established under the laws of the State of Idaho which designates the Board of Trustees as the governing authority. Members of the Board of Trustees are elected by the public. The Board of Trustees has control over the superintendent and management, and also has the authority to purchase equipment and other fixed assets, and to levy taxes. The Board of Trustees has the power to establish annual budgets subject to public input from patrons, is responsible for funding deficits and operating deficiencies, and has the authority to borrow funds or issue bonded indebtedness.

The conclusion of the above criteria is that Cassia Joint School District #151 is an independent school district in the State of Idaho, operating under an autonomous Board of Trustees constituting a Local Educational Agency form of government.

In the evaluation of how to define the District, for the financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made using criteria set forth in the accounting principles generally accepted in the United States of America. All funds and activities of Cassia Joint School District #151 are included in the basic financial statements. Using the above criteria, the District has no component units.

B. Government Wide Financial Statements

The District's basic financial statements include both government-wide (reporting the district as a whole) and fund financial statements (reporting the District's funds). Both government-wide and fund financial statements categorized primary activities as either governmental or business type. Currently, all the District's activities are categorized as governmental type.

In the government-wide Statement of Net Position, the governmental activities columns are (a) presented on a consolidated basis by column and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position reported in three parts; (1) invested in capital assets, net of related debt (when related debt exists), (2) restricted for other purposes (resulting from special revenue and capital projects funds and the restrictions on their net asset use) and (3) unrestricted net position.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (taxes, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Internal activity between funds is eliminated in the government-wide Statement of Activities.

Notes to the Financial Statements For the Year Ended June 30, 2023

The District reports expenditures in accordance with the State Department of Education's Idaho Financial Accounting Reporting Management System (IFARMS). IFARMS categorizes all expenditures by function, program and object. Accordingly, there is no allocation of indirect costs.

The net costs (by function) are normally covered by general revenue.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net assets resulting from the current year's activities. Fiduciary funds are not included in the government-wide statements.

C. Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements, which may include Governmental Funds, Proprietary Funds, and Fiduciary Funds. For governmental and proprietary funds, the focus on the funds financial statements is on major funds, which represent the District's most important funds as based on a percentage of assets, liabilities, revenues, and expenditures. Currently, the District has no proprietary funds. Governmental and Fiduciary Funds of the District are as follows:

General Fund:

The General fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Thus, it is considered a major governmental fund.

Special Revenue Funds:

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Food Service Fund:

The Food Service Fund, which serves to account for providing nutritional meals to students (including subsidized meals), is considered a major governmental fund.

Debt Service Fund:

The Debt Service Fund is used to account for payments of the District's long-term debts. It is considered a major governmental fund.

Capital Projects Fund:

The Capital Projects Fund is used to account for the financing and construction of major capital facilities. It is considered a major governmental fund.

Fiduciary Funds

Private Purpose Trust Funds:

The Private Purpose Trust Funds are used to account for the assets, and related income producing and disbursement activities, for which the District acts as a trustee.

The District maintains seven private purpose trust funds; the Garth Beck Scholarship Fund, the Oscar Meyer Penmanship Fund, the Jeannie Snow Scholarship Fund, the Lynch Scholarship Fund, the Malta Lions Scholarship Fund, Raft River High School Track Fund, and the Fine Arts Building Fund.

Notes to the Financial Statements For the Year Ended June 30, 2023

Agency Fund:

The Agency Fund is used to account for assets held by the District on behalf of others.

The District has no agency funds at year end.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Activities in the government-wide and fiduciary funds financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter (sixty days) to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred. The exception to this general rule is that principal and interest on long-term debt, if any, is recognized when due and payable. Those revenues susceptible to accrual are property taxes, State and Federal assistance and earnings on investments. Penalties and interest on delinquent property taxes are not susceptible to accrual because generally they are not measurable until received in cash.

The District reports deferred inflows of resources on its governmental funds balance sheet. Deferred inflows of resources arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, the revenue is recognized. Additionally, for both the government-wide and funds financial statements, certain grant revenues are only recognized to the extent they have been used for qualifying expenditures; any excess revenues are thus reported as unavailable

Budgets

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for all governmental funds. Encumbrance accounting and reporting is not utilized.

Property Taxes - Unavailable Revenue

Property taxes are levied by the second Monday in September, in conformity with Title 31, Section 1605, of the Idaho Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before December 20 and June 20 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period and those expected to be collected during a 60 day period after the close of the fiscal year.

The unavailable revenue account in the General Fund represents the taxes receivable more than 60 days after year end. Unavailable revenues in the Special Revenue Funds are grant monies received but not yet authorized to be spent.

<u>Inventories</u>

Paper and food service inventories are valued at average cost.

Notes to the Financial Statements For the Year Ended June 30, 2023

Capital Assets and Depreciation

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets (exclusive of land) is provided on the straight-line (SL) method over the following estimated useful lives:

Buses (SL) 10 years
Other Vehicles (SL) 8 years
Equipment, Furniture & Fixtures (SL) 5-20 years
Buildings (SL) 40 years
Land Improvements (SL) 15-20 years

Long-Term Liabilities

For government-wide reporting, material bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are recognized in the period that the bonds are issued.

For fund financial reporting, bond premiums and discounts, as well as issuance costs are recognized in the period the bonds are issued. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability for health/dental, deferred outflows of resources and deferred inflows of resources related to OPEB health/dental, and OPEB health/dental expense, information about the fiduciary net position of the District and additions to/deductions from District's fiduciary net position have been determined on the same basis as they are reported by District. For this purpose, the District recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

For purposes of measuring the net OPEB asset sick leave, deferred outflows of resources and deferred inflows of resources related to OPEB sick leave, and OPEB sick leave expense; (expense offset), information about the fiduciary net position of the Public Employee Retirement System of Idaho (PERSI or System) Sick Leave Insurance Reserve Fund and additions to/deductions from Sick Leave Insurance Reserve Fund's fiduciary net position have been determined on the same basis as they are reported by the Sick Leave Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Notes to the Financial Statements For the Year Ended June 30, 2023

Net Position

Net position is the difference between assets and liabilities. Net investment in capital assets, net of related debt are capital assets, less accumulated depreciation and any outstanding debt related to the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations that are imposed on their use by the District, or external restrictions by other governments, creditors or grantors. When expenses are incurred for purposes for which both restricted and unrestricted net position is available, restricted resources are applied first.

Fund Balance Reserves

Reservations of the ending fund balance indicate the portions of fund balance not appropriable for expenditure or amounts legally or contractually segregated for a specific future use. The District's policy is to use restricted resources first when both restricted and unrestricted resources are available for a particular expense.

Teachers Contracts

Contracts for teachers' salaries are payable in twelve monthly installments beginning in September. At June 30, the liability for the remaining two months of the current contracts and associated contracted benefits is accrued.

Implementation of GASB Statement No. 96

As of July 1, 2022, the District adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The implementation of this standard establishes that a SBITA results in a right-to-use subscription IT asset -an intangible asset - and a corresponding liability. The standard provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA. The Statement requires recognition of certain SBITA assets and liabilities for SBITAs that previously were recognized as outflows of resources based on the payment provisions of the contract. The District completed an analysis of ongoing and outstanding subscription-based arrangement, where there were no material subscriptions identified and capitalized during the current year.

E. Fund Classifications

Fund Balance Reserves - The District has adopted GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions". This Statement establishes criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. Application of the Statement requires the District to classify and report amounts in the appropriate fund balance classifications. The District's accounting and finance policies are used to interpret the nature and/or requirements of the funds and their corresponding assignment of restricted, committed, assigned or unassigned.

The District reports the following classifications as applicable:

Non-spendable Fund Balance - Non-spendable fund balances are amounts that cannot be spent because they are either: (a) not in spendable form - such as inventory or prepaid insurance, or (b) legally or contractually required to be maintained intact - such as a trust that must be retained in perpetuity.

Notes to the Financial Statements For the Year Ended June 30, 2023

Restricted Fund Balance - Restricted fund balances are amounts that cannot be spent because they are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Restrictions are placed on fund balances when legally enforceable legislation establishes a specific purpose for the funds. Legal enforceability means that the District can be compelled by an external party (e.g. citizens, public interest groups, the judiciary) to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed Fund Balance - Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by the Board of Trustees. Amounts in the committed fund balance classification may be used for other purposes with appropriate due process by the Board of Trustees. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by: (a) the secretary/treasurer, or (b) an appointed body (e.g. a budget or finance committee) or an official to which the Board of Trustees have delegated the authority to assign, modify, or rescind amounts to be used for specific purposes. Assigned fund balance includes: (a) all remaining amounts that are reported in governmental funds (other than the general fund) that are not classified as non-spendable, restricted, or committed, and (b) amounts in the general fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund, are assigned for purposes in accordance with the nature of their fund type. Assignment within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance - Unassigned fund balance is the residual classification for the general fund. This classification represents general fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the general fund.

NOTE 2: LEGAL COMPLIANCE - BUDGETS

The District is required by state law to adopt annual budgets for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund. Each budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles (GAAP).

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- 1. The District posts a notice of the budget hearing ten days prior to holding the hearing and the notice is also published in the official newspaper for the county.
- 2. Public hearing is held to obtain taxpayers' comments.
- 3. The Budget is officially adopted at the annual hearing of the Board.
- 4. Prior to July 15, the final budget is filed with the State Department of Education.

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 3: CASH AND INVESTMENTS

Cash and Certificates of Deposit

Deposits (cash and certificates of deposit) are carried at cost which approximates market value except for outstanding checks which had not cleared the accounts by the fiscal year end. The District's deposits consisted of the following at year end:

| <u>Cash</u> | Governmental | Fiduciary |
|---------------------------|--------------|-----------|
| | Funds | Funds |
| Insured or collateralized | \$250,000 | \$164,605 |
| Uninsured | 4,931,627 | 21,721 |
| Bank deposit balance | \$5,181,627 | \$186,326 |
| Carrying amount | \$2,805,301 | \$186,326 |

Investments are stated at fair value, as determined by quoted market prices to the extent available, except for certificates of deposits noted above. Interest is earned and allocated on a basis of average investment balance. Idaho code provides authorization for the investment of idle funds consistent with Idaho State Code 67-1210 and 67-1210A.

Idaho Code limits investments to the following general types:

- 1. Certain revenue bonds, general obligation bonds, local improvement district bonds and registered warrants of state and local government entities.
- 2. Time deposit accounts, tax anticipation and interest-bearing notes.
- 3. Bonds, treasury bills, debentures, or other similar obligations of the United States Government and United States Government Agencies.
- 4. Repurchase agreements secured by items 1-3.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investments held at year end stated at fair value:

| | | | | Fair Value |
|------|---------------|------------|---------|------------------|
| | Govern. Funds | Fid. Funds | Rating | <u>Hierarchy</u> |
| LGIP | \$7,706,651 | \$164,605 | Unrated | Level 1 |

The Local Government Investment Pool (LGIP) is managed by the State of Idaho Treasurer's office. The funds of the pool are invested in certificates of deposit, repurchase agreements, and U.S. government securities. The certificates of deposit are federally insured. The U.S. government securities and the collateral for the repurchase agreements are held in trust by a safekeeping bank.

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. Custodial credit risk for investments is the risk that in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The District does not have a policy restricting the amount of deposits and investments subject to custodial credit risk.

Notes to the Financial Statements For the Year Ended June 30, 2023

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization such as Moody's or Standard & Poor's. The investments of the District at year end are not required to be rated. The District does not have a policy regarding credit risk.

Interest rate risk is the risk that changes in market interest rates will adversely impact the fair value of an investment. Investments that are fixed for longer periods are likely to experience greater variability in their fair values due to future changes in interest rates. At year end, the District is not subject to interest rate risk as all investments are held in the LGIP which has a maturity of 91 days. The District does not have a policy regarding interest rate risk.

Concentration of credit risk is the risk that concentration of investments with one issuer represents heightened risk of potential loss. No specific percentage identifies when concentration risk is present. The Governmental Accounting Standards Board has adopted a principal that governments should provide note disclosure when five percent of the total investments of the entity are concentrated in any one issuer. Investments in obligations specifically guaranteed by the U.S. government, mutual funds, and other pooled investments are exempt from disclosure. The District has no policy limiting the amount it may invest in any one issuer.

Payments on the general obligation bonds are made by the debt service fund from property taxes and earnings on investments. Vacation and other post-employment benefits will be paid by the fund in which the employee works.

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 6: GENERAL OBLIGATION BONDS

Series 2015A - General Obligation Bonds

The District passed general obligation bond Series 2015A on March 10, 2015 in the original principal amount of \$17,095,000 and maturing on September 15, 2035. Bonds were issued for major construction within the District. The average interest on the bonds varies between 3.5 and 5.0%. Payments are due semi-annually on March 15 and September 15 of each year. The bonds were issued at a premium of \$1,394,973 which is being amortized over the life of the bonds on a straight-line basis. The remaining annual payments are as follows:

| Year Ending | | | |
|-------------|------------------|-----------------|------------------|
| June 30 | Principal | Interest | Total |
| 2024 | \$ - | \$ 750,150 | \$ 750,150 |
| 2025 | - | 750,150 | 750,150 |
| 2026 | - | 750,150 | 750,150 |
| 2027 | - | 750,150 | 750,150 |
| 2028 | 850,000 | 728,900 | 1,578,900 |
| 2029 - 2033 | 9,460,000 | 2,401,750 | 11,861,750 |
| 2034 - 2036 | 6,785,000 | 357,400 | 7,142,400 |
| Total | \$ 17,095,000 | \$ 6,488,650 | \$ 23,583,650 |
| | | | |

On August 22, 2019 the District entered into an "in-substance" defeasance of its Series 2015A bond. This defeasance placed \$1,001,327.50 of existing resources in escrow to be used to offset future interest payments on the bonds. The defeasance will allow the District to maintain current property tax levy rates for repayment of the bonds.

Series 2015B - General Obligation Bonds

The District passed general obligation bond Series 2015B on March 10, 2015 in the original principal amount of \$16,075,000 and maturing on September 15, 2027. Bonds were issued for major construction within the District. The average interest on the bonds varies between 2.0 and 5.0%. Payments are due semi-annually on March 15 and September 15 of each year. The bonds were issued at a premium of \$2,613,989 which is being amortized over the life of the bonds on a straight-line basis. The remaining annual payments are as follows:

| Year Ending | | | | |
|-------------|---|-----------------|---------------|-----------------|
| June 30 | | Principal | Interest | Total |
| 2024 | | \$ 1,590,000 | \$ 334,750 | \$ 1,924,750 |

| 2029-2031 | 399,203 | 26,655 | 425,858 |
| Total | \$ 1,307,307 | \$ 183,196 | \$ 1,490,503 |
| | | | |

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 7: COMPENSATED ABSENCES

Under the terms of the Cassia Joint School District Personnel Manual district employees are granted vacation and sick leave in varying amounts. In the event an employee leaves the District's services, unused vacation credits are compensated at the employee's current rate of pay.

The accrual for compensated absences does not include vacation pay because the District vacation policy coincides with its fiscal year end and no material liability exists at June 30 because all vacations were to be taken by the end of the fiscal year.

The sick leave policy allows employees to accumulate unlimited unused sick days which may be used in the future. Sick leave does not vest, and accordingly, employees can be paid sick leave only when sick. Since the employees' accumulating rights to receive compensation for future absences are contingent upon the absences being caused by future illnesses and such amounts cannot be reasonably estimated, a liability for unused sick leave is not recorded in the financial statements.

Certified nine month employees receive three personal leave days per year and may accumulate six personal leave days. Classified nine month employees receive two personal leave days per year which may not be accumulated.

NOTE 8: LONG-TERM LEASE PAYABLE

The District had the following long-term lease outstanding as of June 30, 2022:

On August 30, 2018, the District entered into a 5 year lease for various copies and printers used throughout the District. The terms call for a 60 equal payments of \$4,362.25 with no monthly maintenance costs to the District. The District used an interest rate of 1.96% for this lease.

On May 21, 2020, the District entered into a 4 year lease for 3,500 Chromebook computers. The terms call for four equal payments of \$211,834.59 with no monthly maintenance costs to the District. Payments on the lease began on March 1, 2021 and are due annually on that date for the remainder of the lease. The District used an interest rate of 1.24% for this lease.

On April 15, 2021, the District entered into a 4 year lease for 500 Chromebook computers. The terms call for four equal payments of \$34,495.78 with no monthly maintenance costs to the District. Payments on the lease began on March 1, 2022 and are due annually on that date for the remainder of the lease. The District used an interest rate of 2.12% for this lease.

The District leases various passenger vehicles through Enterprise Fleet Management. The lease terms range from 36 to 50 months with monthly payments set based on the number and type of vehicle leased. The stated interest rates on the leases averages 4%.

At June 30, 2023, the District has recognized right to use assets of \$403,046 and a lease liability of \$404,640 related to the right to use assets. During the fiscal year, the District recorded \$295,806 in amortization expense for the right to use assets. The amortization expense is unallocated on the Statement of Activities.

Notes to the Financial Statements For the Year Ended June 30, 2023

| Total | \$ 404,640 | \$ 16,462 | \$ 421,102 |

NOTE 9: PENSION PLAN

<u>Plan Description</u> - The District contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served

<u>Pension Benefits</u> - The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% of the average monthly salary for the highest consecutive 42 months.

Notes to the Financial Statements For the Year Ended June 30, 2023

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

Member and Employer Contributions - Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation and earnings from investments. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) if current rates are actuarially determined to be inadequate or in excess to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by stature at 60% of the employer rate. As of June 30, 2023 it was 7.16%. The employer contribution rate is set by the Retirement Board and was 11.94% of covered compensation. The District's contributions were \$3,325,587 for the year ended June 30, 2023.

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the Employer's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2022 and 2021, the District's proportion was .7074964 percent and .6843750 percent, respectively.

For the year ended June 30, 2023, the District recognized pension expense (revenue) of \$7,393,842. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred | | Deferred |
|---|------------------|----|-----------|
| | Outflows of | I | nflows of |
| | Resources | R | Resources |
| Differences between expected and actual experience | \$ 3,064,305 | \$ | 124,378 |
| Changes in assumptions or other inputs | 4,543,087 | | |
| Net difference between projected and actual earnings on | | | |
| pension plan investments | 6,411,768 | | - |
| Changes in the employer's proportion and differences between | | | |
| the employer's contributions and the employer's proportionate | | | |
| contributions | - | | 731,600 |
| District contributions subsequent to the measurement date | 3,325,587 | | |
| | _ | | |
| Total | \$ 17,344,747 | \$ | 855,978 |

The \$3,325,587 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2024.

Notes to the Financial Statements For the Year Ended June 30, 2023

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2021 the beginning of the measurement periods ended June 30, 2021 and 2022 are 4.6 and 4.6 years.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

| Year ended | |
|------------|-----------------|
| June 30 | |
| 2023 | \$ 3,322,751 |
| 2024 | 3,607,162 |
| 2025 | 1,668,309 |
| 2026 | 5.296.561 |

Actuarial Assumptions - Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.30% |
|--------------------------------------|-----------------------------------|
| Salary increases including inflation | 3.05% |
| Investment rate of return | 6.35%, net of investment expenses |

Cost-of-living adjustments 1%

Mortality rates were based on the RP-2000 combined table for healthy males or females as appropriate with the following offsets:

- Set back 3 years for teachers
- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

Assumptions used to calculate the enclosed figures are described in our 2021 Experience Study. The Total Pension Liability as of June 30, 2021 is based on the results of an actuarial valuation date July 1, 2021.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Notes to the Financial Statements For the Year Ended June 30, 2023

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of 2021.

| Capital Market Assumptions | | Long-Term | Long-Term |
|---|------------------|-----------------|--------------|
| | - . | Expected | Expected |
| | Target | Nominal Rate of | Real Rate of |
| Asset Class | Allocation | Return | Return |
| Core Fixed Income | 30.00% | 2.80% | 0.55% |
| Broad US Equities | 55.00% | 8.55% | 6.30% |
| Developed Foreign Equities | 15.00% | 8.70% | 6.45% |
| Assumed Inflation - Mean | | 2.25% | 2.25% |
| Assumed Inflation - Standard Deviation | | 1.50% | 1.50% |
| Portfolio Arithmetic Mean Return | | 6.85% | 4.60% |
| Portfolio Standard Deviation | | 12.33% | 12.33% |
| Portfolio Long-Term (Geometric) Expected Rate | of Return | 6.25% | 3.89% |
| Assumed Investment Expenses | | 0.40% | 0.40% |
| Portfolio LT Rate of Return, Net of Investment Ex | rpenses | 5.85% | 3.49% |
| Portfolio LT Expected Real Rate of Return, Net o | f Investment Ext | penses | 4.14% |
| Portfolio Standard Deviation | | | 14.16% |
| | | | |
| Valuation Assumptions Chosen by PERSI Boa | | | |
| Long-Term Expected Rate of Return, Net of Inve | stment Expense | S | 4.05% |
| Assumed Inflation | | - | 2.30% |
| Long-Term Expected Rate of Return, Net of In | nses | 6.35% | |

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Notes to the Financial Statements For the Year Ended June 30, 2023

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate - The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 6.35 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current

| | Current | | | | |
|---|---------------|---------------|---------------|--|--|
| | 1% Decrease | Discount Rate | 1% Increase | | |
| | (5.35%) | (6.35%) | (7.35%) | | |
| Employer's proportionate share of the net | | | | | |
| pension liability (asset) | \$ 49,181,769 | \$ 27,866,571 | \$ 10,420,633 | | |

<u>Pension plan fiduciary net position</u> - Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

<u>Payables to the pension plan</u> - At June 30, 2023, the District reported no payables to the defined benefit pension plan for legally required employer contributions and for legally required employee contributions which had been withheld from employee wages but not yet remitted to PERSI.

NOTE 10: OTHER POSTEMPLOYMENT BENEFIT PLAN - HEALTH AND DENTAL

Plan Description. Cassia School District's Post-Retirement Healthcare Plan is a single-employer defined benefit healthcare plan administered by Blue Cross of Idaho. Blue Cross of Idaho provides medical and prescription drug insurance benefits to eligible retirees and their eligible dependents. A retiree who retires with the Public Employment Retirement System of Idaho (PERSI) is eligible to keep the District's health insurance as a retiree until age 65, or until the retiree is eligible for coverage under Medicare. Retirement eligibility is determined based on a minimum of reaching age 55 with at least 5 years of membership services with a PERSI employer. The retiree is on the same medical plan as the District's active employee's.

The District's Post-Retirement Dental Plan is a single-employer dental plan administered by Delta Dental or Willamette Dental. The retired employee has the option to choose one of the two providers that offer Dental coverage to employees. Delta Dental and Willamette provide dental benefits as outlined in the District's agreed upon plan to eligible retirees and their eligible dependents. A retiree who retires from the District is eligible to keep the District's dental coverage until death. The employee is responsible for paying the premiums to maintain coverage. Retirement eligibility is determined based on a minimum of reaching age 55 with at least 5 years of membership service with a PERSI employer.

Plan Membership. At June 30, 2023 the District membership consisted of the following:

| Active plan members | 462 |
|--------------------------------------|-----|
| Retired employees receiving benefits | 209 |
| Total members | 671 |

Notes to the Financial Statements For the Year Ended June 30, 2023

Funding Policy. The contribution requirement of plan members is established by the District's benefits committee in conjunction with our insurance provider. The required contribution is based on projected pay-as-you-go financing requirements. Retirees are required to pay 100% of the premiums for both the retiree and the dependent coverage based on the combined active and retiree pool. Monthly contribution rates in effect for retirees as of June 30, 2023 were as follows:

| Under 65 | Buy-Down | - | Blue Cross Base Plan | В | lue Cross Buy-Up | Willamette Dental | De | Ita Dental |
|-------------------|----------------|----|-------------------------|----|---------------------|----------------------|----|------------|
| Single | \$ 613.52 | \$ | 685.17 | \$ | 763.42 | \$ 44.69 | \$ | 39.44 |
| Employee/Spouse | \$ 1,342.07 | \$ | 1,486.92 | \$ | 1,660.62 | \$ 96.82 | \$ | 85.36 |
| Employee/Child | \$ 938.92 | \$ | 1,042.22 | \$ | 1,163.32 | \$ 85.93 | \$ | 75.82 |
| Employee/Children | \$ 1,088.97 | \$ | 1,210.67 | \$ | 1,350.87 | \$ 127.80 | \$ | 112.72 |
| Family | \$ 1,546.92 | \$ | 1,715.92 | \$ | 1,915.87 | \$ 171.46 | \$ | 151.26 |

Total OPEB Liability

The District's total OPEB liability of \$822,166 was measured as of June 30, 2023, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 3.75 percent |
|---------------------------|--------------|
| Salary increases | 3.75 percent |
| Interest/Discount rate | 4.11 percent |
| Medical price index trend | 6.50 percent |

The discount rate was based on Bond Buyer 20-Bond GO Index. Mortality rates were based on the RP-2000 Healthy Combined Mortality generational table scaled using Scale AA and applied on a gender specific basis. The actuarial assumptions were taken from the most recent PERSI valuation (available as of June 30, 2023).

Changes in the Total OPEB Liability

| Balance at June 30, 2022 | \$ 813,451 |
|--|---------------|
| Changes for current year: | |
| Service Cost | 73,141 |
| Interest | 33,801 |
| Changes of assumptions or other inputs | (5,780) |
| Benefit payments | (92,447) |
| Net change in total OPEB Liability | 8,715 |
| OPEB Liability as of June 30, 2023 | \$ 822,166 |

Changes of assumptions and other inputs reflect a change in the discount rate from 4.02 percent in 2022 to 4.11 percent in 2023, and changes in medical trend.

Notes to the Financial Statements For the Year Ended June 30, 2023

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.11 percent) or 1-percentage-point higher (5.11 percent) than the current discount rate:

| | | Current | | | | |
|----------------|----|----------|-----|------------|----|----------|
| | 1% | Decrease | Dis | count Rate | 1% | Increase |
| | (| 3.11%) | | (4.11%) | | (5.11%) |
| Total Net OPEB | \$ | 872,540 | \$ | 822,166 | \$ | 774,936 |

Sensitivity of the total OPEB liability to changes in the medical trend. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a medical trend that is 1-percentage-point lower or 1-percentage-point higher than the medical trend rate:

| | | Current | | | |
|----------------|-------------|---------------|-------------|--|--|
| | 1% Decrease | Medical Trend | 1% Increase | | |
| Total Net OPEB | \$ 744,664 | \$ 822,166 | \$ 912,083 | | |

Curront

OPEB Expense, Deferred Outflows or Resources and Deferred Inflows of Resources

For the year ended June 30, 2023, the District recognized OPEB expense of \$14,495. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | | Deferred | [| Deferred |
|--|------|-------------|----|-----------|
| | 0 | outflows of | li | nflows of |
| | R | Resources | R | esources |
| Differences between expected and actual experience | | | \$ | 559,562 |
| Changes in assumptions or other inputs | | 306,611 | | 222,129 |
| | | | | |
| Total | _ \$ | 306,611 | \$ | 781,691 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year ended | |
|------------|----------------|
| June 30 | |
| 2024 | \$ (45,332) |
| 2025 | (45,332) |
| 2026 | (45,332) |
| 2027 | (45,332) |
| Thereafter | (181,328) |

NOTE 11: OTHER POSTEMPLOYMENT BENEFIT PLAN - PERSI SICK LEAVE

<u>Plan Description</u> - The District contributes to the Sick Leave Insurance Reserve Fund (Sick Leave Plan) which is a cost-sharing multiple-employer defined benefit OPEB plan that covers members receiving retirement benefits that are administered by PERSI that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for the Sick Leave Plan. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Notes to the Financial Statements For the Year Ended June 30, 2023

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

<u>OPEB Benefits</u> - Group retiree health, dental, accident, and life insurance premiums may qualify as a benefit. Retirees who have a sick leave account can use their balance as a credit towards these premiums paid directly to the applicable insurance company.

Employer Contributions - The contribution rate for employers are set by statute at .065% of covered compensation for state members. Covered school members contribution rates are set by statute based on the number of sick days offered by the employer. The contribution rate of 1.16% for school members with nine or ten sick days, 1.26% for school members with 11-14 sick days. If a school member has more than 14 days of sick leave then the contribution rate will be set by the PERSI Retirement Board based on current cost and actuarial data and reviewed annually. During 2020-21 the PERSI Board issued a premium holiday effective January 1, 2020 through June 30, 2026. The District was not required to make any contributions for the school year ended June 30, 2023.

OPEB Liabilities, OPEB Expense (Expense Offset), and Deferred Outflows of Resources Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the District reported an asset for its proportionate share of the net OPEB asset of \$1,203,454 . The net OPEB asset was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB asset was based on the District's share of contributions relative to the total contributions of all participating Sick Leave employers. At June 30, 2022 and 2021, the District's proportion was 1.5808490 and 1.5808490 percent, respectively.

For the year ended June 30, 2023, the District recognized OPEB expense (expense offset) of \$154,548. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | C | Deferred Outflows of | | Deferred Inflows of |
|--|----|-------------------------|----|------------------------|
| | F | Resources | F | Resources |
| Differences between expected and actual experience | \$ | 290,694 | \$ | - |
| Changes in assumptions or other inputs | | 234,914 | | 540,588 |
| Net difference between projected and actual earnings on pension plan investments | | 501,255 | | - |
| District contributions subsequent to the measurement date | | - | | - |
| Total | \$ | 1,026,863 | \$ | 540,588 |

The PERSI Board authorized a premium holiday for the entire year, therefore, there are no contributions reported as deferred outflows of resources resulting from Employer contributions subsequent to the measurement date that would be recognized as an increase of the net OPEB asset in the year ending June 30, 2024.

Notes to the Financial Statements For the Year Ended June 30, 2023

The amortization period is based on the remaining expected service lives of all employees that are provided with OPEB through the System determined at the beginning of the measurement period. The amortization period was calculated at 8.9 years. The amortization of the net difference between projected and actual investment earnings on OPEB plan investments is amortized over a closed 5 year period inclusive of this fiscal year.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense (expense offset) as follows:

| \$ 102,921 |
|---------------|
| 110,196 |
| 65,114 |
| 223,257 |
| (14,473) |
| (739) |
| \$ |

<u>Actuarial Assumptions</u> - Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. The Sick Leave Plan amortizes any net OPEB asset based on a level percentage of payroll. The maximum amortization period for the Sick Leave Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.30% |
|---------------------------|-----------------------------------|
| Salary increases | 3.05% |
| Salary inflation | 3.05% |
| Investment rate of return | 5.45%, net of investment expenses |

The long-term expected rate of return on OPEB plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The health care trend rate is not applicable as the benefit amount a participant will receive is established with a set amount upon retirement thus would have no impact.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

Notes to the Financial Statements For the Year Ended June 30, 2023

| Capital Market Assumptions | | Expected Rate of |
|----------------------------|------------|---------------------|
| | Target | Return |
| Asset Class | Allocation | (Arithmetic) |
| Broad US Equity | 39.30% | 8.53% |
| Global EX US Equity | 10.70% | 9.09% |
| Fixed Income | 50.00% | 2.80% |
| Cash Equivalents | 0.00% | 2.25% |

<u>Discount Rate</u> - The discount rate used to measure the total OPEB liability was 5.45%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the OPEB plan's net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The long-term expected rate of return was determined net of OPEB plan investment expense but without reduction for OPEB plan administrative expense.

Sensitivity of the Employer's proportionate share of the net OBEP asset to changes in the discount rate - The following presents the Employer's proportionate share of the net OPEB asset calculated using the discount rate of 5.45 percent, as well as what the Employer's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is 1-percentage-point lower (4.45 percent) or 1-percentage-point higher (6.45 percent) than the current rate:

| | | | | Current | | |
|---|----|------------|-----|-------------|----|-------------|
| | 1% | 6 Decrease | Dis | scount Rate | 1% | Increase |
| | | (4.45%) | | (5.45%) | | (6.45%) |
| Employer's proportionate share of the net | | | | | | |
| OPEB liability (asset) | \$ | (849,097) | \$ | (1,203,454) | \$ | (1,527,458) |

<u>Pension plan fiduciary net position</u> - Detailed information about the OPEB plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

<u>Payables to the OPEB plan</u> - At June 30, 2023, the District reported no payables to the defined benefit OPEB plan for legally required employer contributions and for legally required employee contributions which had been withheld from employee wages but not yet remitted to PERSI.

NOTE 12: COMMITMENTS & CONTINGENCIES

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustments by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2023, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 13: RESTRICTED NET POSITION

The amount of the primary government's net position that is restricted for specific purposes or by legislation which enables the government to receive assistance is \$7,214,059 at June 30, 2023.

NOTE 14: INTER-FUND TRANSFERS

Inter-fund transfers during the year were made for the following purposes:

| General Fund to Food Service - to meet program matching requirement | \$ 57,562 |
|--|--------------|
| General Fund to Bus Depreciation Fund - to cover bus purchase | 204,676 |
| General Fund to School Building Maintenance - to cover flooring projects | 106,520 |
| Medicaid Fund to General Fund - Medicaid Match transfer | 113,899 |
| Title I-A Basic to General Fund - reimbursement of indirect costs | 19,588 |
| APRA - ESSER II - reimbursement of indirect costs | 5,416 |
| APRA - ESSER III - reimbursement of indirect costs | 21,616 |
| APRA IDEA Part B - reimbursement of indirect costs | 849 |
| Title IC to General Fund - reimbursement of indirect costs | 6,268 |
| Title VIB to General Fund - reimbursement of indirect costs | 23,090 |
| 21st Century Learning to General Fund - reimbursement of indirect costs | 6,983 |
| Title III to General Fund - reimbursement of indirect costs | 1,507 |
| Title IIA to General Fund - reimbursement of indirect costs | 3,875 |

All of the inter-fund transfers were budgeted.

NOTE 15: NON-MONETARY TRANSACTIONS

During the fiscal year ending June 30, 2023, the District received \$127,062 in commodities from the United States Department of Agriculture.

NOTE 16: RELATED PARTY TRANSACTIONS

The District identified no related party transactions during the fiscal year ending June 30, 2023.

NOTE 17: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has transferred most of its risk by purchasing commercial insurance through the Idaho School Board Association Insurance Plan.

As of June 30, 2023, the District was party to various lawsuits. As noted above, the District has purchased insurance to cover potential risk of loss related to these specific cases. It is the District's position based on the circumstances of each case that all potential losses would be covered by insurance. The ultimate resolution of these cases was undeterminable as of the report date.

NOTE 18: EXCESS OF EXPENDITURES OVER BUDGET

The following funds had an excess of function expenditures over budget for the year ended June 30, 2023:

Carl Perkins Fund

ID Rebounds Coronavirus Relief

Notes to the Financial Statements For the Year Ended June 30, 2023

NOTE 19: DEFICIT FUND BALANCES

The following funds had a deficit balance as of June 30, 2023:
Drivers Education
Title I-A
ID Rebounds Coronavirus Relief

NOTE 20: DUE TO/FROM OTHER FUNDS

At the end of the year, various funds were overdrawn in their cash accounts. The General Fund cash balance was sufficient to cover these negative balances. At June 30, 2023, the balance owed to the General Fund was \$1,119,791. The following funds owed amounts to the General Fund at year end. These amounts represent expenditures of federal awards that are expended and then submitted for reimbursement. The District receives these reimbursements after yearend.

| Driver Education | \$ 9,034 |
|--------------------------------------|-----------------|
| ARP ESSER III | 96,460 |
| Title I-A (Basic) | 181,314 |
| Title I-C (Migrant) | 91,386 |
| Cares Act ESSER II | 246,998 |
| Title VI-B School Age & Preschool | 127,692 |
| Title VI-B School Age ARPA Fund | 13,889 |
| Title V Innovative | 43,969 |
| Carl Perkins | 39,396 |
| 21st Century Learning | 66,447 |
| Title III LEP | 16,908 |
| Title II-A Improving Teacher Quality | 73,769 |
| Medicaid | 112,529 |
| Total Due to General Fund | \$ 1,119,791 |

NOTE 21: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 28, 2023, the date the financial statements were available to be issued.

CASSIA JOINT SCHOOL DISTRICT #151 SCHEDULE OF EMPLOYER'S SHARE OF NET PENSION LIABILITY SCHEDULE OF EMPLOYER'S CONTRIBUTIONS For the Year Ended June 30, 2023

Schedule of Employer's Share of Net Pension Liability
PERSI - Base Plan
Last 10 Fiscal Years *

| | 2015 | 2016 | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 |

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Superintendent and Board of Trustees Cassia Joint School District No. 151

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cassia Joint School District No. 151 (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 28, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Superintendent and Board of Trustees Cassia Joint School District No. 151

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Cassia Joint School District No. 151's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. Cassia Joint School District No. 151's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Cassia Joint School District No. 151 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Cassia Joint School District No. 151 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting

material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the District's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the District's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CASSIA JOINT SCHOOL DISTRICT #151

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2023

NOTE 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of Cassia Joint School District #151 (the District) under programs of the federal government for the year ended June 30, 2023. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position of the District.

NOTE 2: Summary of Significant Accounting Policies

This schedule was prepared using the modified accrual basis of accounting, which is consistent with the method used in the preparation of the District's financial statements.

NOTE 3: Indirect Cost Rate

The District has not elected to use the 10% de minimis cost rate.

CASSIA JOINT SCHOOL DISTRICT #151

Schedule of Findings and Questioned Costs-Federal Awards For the Year Ended June 30, 2023

I. SUMMARY OF AUDIT RESULTS:

- 1 The auditor's report expresses an unmodified opinion on the basic financial statements of Cassia Joint School District #151.
- 2 There were no material weaknesses disclosed during the audit of the basic financial statements of the District.
- 3 No instances of noncompliance material to the basic financial statements of the District were disclosed during the audit.
- 4 The auditor's report on compliance for the major federal award programs for the District expresses an unmodified opinion on all major federal programs.
- 5 The following were tested as major programs:

| Title | CFDA # |
|--|---------|
| Special Education - State Grants Part B IDEA | 84.027 |
| Special Education - Preschool Grants | 84.173 |
| COVID-19 - Education Stabilization Fund | 84.425D |

- 6 The threshold for distinguishing Types A and B programs was \$750,000.
- 7 The District was determined to be a low-risk auditee.
- 8 The audit did not disclose any material weaknesses in internal control over major programs.
- 9 There were no audit findings that are required to be reported in accordance with the Uniform Guidance.

II. FINANCIAL STATEMENT FINDINGS:

There were no findings or questioned costs in the financial statements

III. FEDERAL AWARD FINDINGS

There were no findings or questioned costs in any of the federal award programs.
