## PMT Service Contract

THIS AGREEMENT is entered into between **Cassia County School District**, herein termed the "SUBSCRIBER" and the PROJECT MUTUAL TELEPHONE COOPERATIVE ASSOCIATION, INC. herein termed the "COMPANY" as of **01/01/0001**.

The SUBSCRIBER and the COMPANY agree as follows:

1. That the COMPANY shall provide in the place of business of the SUBSCRIBER at the following address: **3650 Overland Ave, Burely, Idaho, 83318**.
2. The SUBSCRIBER will pay for services to the COMPANY in the sum of **\$22958.36** per month (plus applicable taxes and surcharges), due and payable on or before the 10th day of each month in advance.
3. This Service Contract shall be effective upon the date hereof and shall continue in full force and effect until canceled by either the COMPANY or the SUBSCRIBER pursuant to the provisions hereof. The minimum term of this agreement shall be **12 months**. Notice of cancellation by either party shall be made in writing not less than ninety (90) days prior to the effective date of such termination. This agreement has an option for automatic renewal for four (4) one (1) year extensions.
4. It is further agreed that the said SUBSCRIBER will abide by all of the rules and regulations of the Federal Communications Commission as are promulgated by said regulatory body, and that he will abide by all of the rules and regulations and by-laws of the PROJECT MUTUAL TELEPHONE COOPERATIVE ASSOCIATION, INC.
5. The SUBSCRIBER and COMPANY agree that neither party shall be liable to the other for lost profit, incidental or consequential damages resulting from a breach of this Agreement, and that the COMPANY'S liability hereunder shall be limited by amounts payable by the SUBSCRIBER hereunder for service of such equipment.
6. Changes to the Services will be charged additional fees that may add to the overall price of the Service and/or can be handled on a one time price basis upon the discretion of the COMPANY.

Emergency Services (911, E-911). Please read the information below about 911 dialing carefully by using and paying for the service, customer acknowledges and agrees to all of the information below regarding the limitations of the voice service with regard to 911 emergency dialing service, and the destinations between such service and traditional wireline 911 or E-911 calls.

(A) In particular, please note that Customer will not be able to place traditional wireline 911 or E-911 calls with the Voice Service:

- In the event of a power outage, or backup power failure;
- In the event of a loss of connectivity to the network or failure of network equipment;
- In the event of network congestion or overutilization of the network;
- In the event Customer uses a phone at a location other than the established fixed, primary location as determined by PMTs' service records (commonly known as "nomadic" use).

Customer acknowledges that PMT has advised that the Voice Service does not support traditional wireline 911 or E-911 in these instances. Customer agrees to advise all individuals of this limitation who may have occasion to place calls using the Voice Service.

You should also be aware that:

- 911 calls may not connect to the 911 call center serving your current location or may improperly ring to the administrative line of the 911 call center, which may not be staffed after hours or by trained 911 operators.
- 911 calls may correctly connect to the 911 call center but not automatically transmit the caller's phone number and/or location information.

(B) PMT offers 911 Services subject to the limitations herein. The 911 Services are the static implementation of PMTs' E-911 Direct portfolio of services. Customer shall ensure that DID/DOD's are not used in a location different than the primary address as submitted on the Customer Service Order. It is the Customer's responsibility to notify PMT of changes in end user location by submitting a new Customer Service Order to PMT to update service records. If the Customer's registered physical location changes the Customer must contact PMT immediately by calling 1-208-434-1847.

\*911/E-911 calling is not supported when the Voice Service is utilized at any location other than the user's fixed, primary service location.

### Managed Firewall & Web Filter – Provided by ATC Communications

#### Terms And Conditions

- 1. Service Level** - This sets forth the provisions and commitments relating to the Service quality between ATC Communications and Subscriber. The provisions of this state Subscriber's sole and exclusive remedies for Service interruptions or Service deficiencies as defined in this agreement. This applies only to the Managed Firewall Service and does not modify or affect any other SLAs provided by ATC Communications or Project Mutual Telephone Cooperative (if any) for telecommunications or information services purchased by Subscriber pursuant to other service exhibits or agreements. This does not apply to MPLS, Internet, Wireless, Voice, SD-WAN or any other services that are supplied in conjunction with or exclusive of the ATC Managed Firewall Service.
  - a. Service Availability** - The availability of the Service ("Service Availability") is measured by "Service Downtime" or "Service Outage" which exists when Subscriber's equipment is unable to transmit and receive data due to an ATC outage. Service Downtime is measured from the time a trouble ticket is opened by ATC Communications or Subscriber to the time the Affected Service is again able to transmit and receive data. The service shall be available to Subscriber free of Service Outages for 99% of the time each month. If the Service availability guarantee is not met in a calendar month, Subscriber will receive a credit equal to one thirtieth (1/30th) of the affected Service's monthly recurring charge ("MRC") for each full hour of outage in excess of the 99% guaranteed under this SLA, at a maximum of 1 such credit accrued per day. Two or more interruptions during any one 24-hour period shall be considered as one interruption. In order to qualify for the credit, Subscriber is responsible for reporting any suspected service availability problems to ATC Communications within twenty- four hours from the time Subscriber became aware of the problem through the opening of a Trouble Ticket. ATC will issue the Eligible Subscriber a Service Credit provided that the Subscriber submits in writing, addressed to ATC, with all necessary supporting documentation within fifteen (15) business days of the Service Outage.
  - b. Trouble Reporting** - ATC Communications includes 24x7x365 Trouble Ticketing Support and shall respond to trouble tickets within four (4) hours of Subscriber creation of ticket.
  - c. Firewall Policy Changes and Security Review** - ATC Communications will initially configure Firewall using standard settings or settings previously agreed-upon or as required by a Subscriber's RFP. Subscriber can make up to four (4) firewall related requests per month for free but may be charged up to \$150 for each additional firewall request after the initial installation and setup (or for the first 60 days). These requests can be utilized to make firewall policy changes (during ATC Communications normal business hours) or for reviewing a Subscriber's security profile for a potential breach.
  - d. Hardware Failure** - In the event of an on-premise Hardware failure, ATC Communications will ship replacement Hardware based on the following schedule:
    - i. Before 12pm PST** – replacement is shipped Next day for Two-day delivery\*

ii. After 12pm PST – replacement is shipped Next Day for Three-day delivery\*

\* Time based on when Hardware failure is confirmed by the ATC NOC

2. **Monitoring and Reports** – The Managed Firewall Service is monitored by ATC and alarmed for outages or performance degradation. Reports can be generated by the Subscriber or by ATC upon request.
3. **Ownership** – ATC is the sole owner of all Firewall hardware and software associated with providing Managed Firewall Service. Subscriber is responsible for all costs associated with Subscriber-caused damages including, but not limited to, theft, loss, casualty, or water damage. All Hardware must be returned in working condition at the end of the Service Agreement.
4. **Limitation of Liability.** ATC will not be liable to Subscriber or any third party for any of the following arising out of this agreement and/or the services: any special, indirect, incidental, punitive or consequential damages, whether based upon breach of warranty, breach of contract, negligence, strict tort or any other legal theory, and whether or not ATC is advised of the possibility of such damages, including, but not limited to, damages for any loss of profits, loss of data, equipment downtime, or loss of goodwill. Subscriber acknowledges and agrees that ATC's aggregate liability to Subscriber for any damages, losses, fees, charges, expenses and/or liabilities arising out of with this agreement and/or the services shall not exceed the fees paid by Subscriber pursuant to this agreement for the twelve (12) month period immediately prior to the first occurrence of the applicable damages, losses, fees, charges, expenses and/or liabilities.
