

Dear Students and Parents/Guardians of LHS:

As the winter season is now upon us, we need to review eLearning for **weather-related cancellations**.

To review, the state limits us to only three asynchronous days (Place assignments on Schoology, and students complete them on their own time- **NOT live lessons**- Like our Professional Learning Days).

Weather-related, they must be synchronous (live Lessons via Google Meet at home for teachers and students) with a period-by-period schedule. Synchronous days prevent us from making up days at the end of the school year.

We have a 10-minute "passing" period to prepare for the next Google Meet, lunch built-in for a break, etc. We start on a two-hour delay schedule as these are often last-minute weather cancellations, giving us some time to prepare.

Questions and Answers:

- How much of the period will be a live lesson?
Each period is 28 minutes. A minimum expectation would be 10-15 minutes of live instruction plus time for questions and the rest for homework/independent practice/brief quiz.
- When will homework be due?
As on a regular school day, the next day is acceptable. That said, on cancellations, high school students often take on the role of the parent in helping siblings with their schoolwork. So, teachers are mindful of that and will not overdo it.
- How will teachers take attendance?
Attendance will be taken based on who is on Google Meet during the live lesson.
- What about students who do not have Internet access at home?
An emergency plan should be downloaded to the student's computer. Especially during winter, students should take home computers daily.
- What if I am too sick to participate in the Google Meet?
Please have the parent/guardian call the Attendance Office at 753-0441 extension 20509 and leave a message or email madsonc@lcsc.k12.in.us.
