Workplace Violence Prevention Policy

Delaware Academy Central School District at Delhi is committed to the safety and security of our employees. The goal of this policy is to promote the safety and well-being of all people in our workplace. Workplace Violence is defined as any physical assault or act of aggressive behavior occurring where a public employee performs any work-related duty in the course of his or her employment including but not limited to an attempt or threat, whether verbal or physical, to inflict physical injury upon an employee; any intentional display of force which would give an employee reason to fear or expect bodily harm, intentional and wrongful physical contact with a person without his or her consent that entails some injury; or stalking an employee with the intent of causing fear of material harm to the physical safety and health of such employee when such stalking has arisen through and in the course of employment.

Acts of violence against District employees where any work-related duty is performed will be investigated and appropriate action will be taken, including summoning criminal justice authorities when warranted. All employees are responsible for helping to create an environment of mutual respect for each other as well as clients, following all policies, procedures and practices, and for assisting in maintaining a safe and secure work environment.

This policy meets the requirements of NYS Labor Law 27b and 12 NYCRR 800.6 and highlights some of the elements that are found within the District's Workplace Violence Prevention Plan. The process involved in complying with this law included a workplace evaluation that was designed to identify the risks of workplace violence to which our employees could be exposed.

Authorized Employee Representative(s) will, at a minimum, be involved in:

- evaluating the physical environment;
- developing the Workplace Violence Prevention Plan and;
- reviewing workplace violence incident reports at least annually to identify trends in the types of incidents reported, if any, and reviewing the effectiveness of the mitigating actions taken.

All employees will participate in annual Workplace Violence Prevention Training. All incidents of violence or threatening behavior will be responded to immediately upon notification. All employees are responsible for notifying administration, Superintendent, or Assistant Superintendent, who will serve as the designated Workplace Violence Administrators, of any violent incidents, threatening behavior, including threats they have witnessed, received, or have been told that another person has witnessed or received by calling (607) 746-1300 and following the prompts to the appropriate administrator, or through district email.
