

Healthy Roster important information: <https://www.healthyroster.com/>

### **What is Healthy Roster?**

Healthy Roster is a HIPAA compliant Electronic Medical Record (EMR) system that our Athletic Trainer has been utilizing to document injuries. It provides a space to keep track of all injuries, treatments, and documentation as well as secure storage for clearance and participation notes from an athlete's physicians or other healthcare professionals.

### **What else is it used for?**

- All school REQUIRED consent forms will be on Healthy Roster ready for signatures prior to sport participation.
- Upload MSHSAA Medical Eligibility form.
- Healthy Roster will allow parents/guardians access to seeing all injuries documented by the Athletic Trainer. You will stay up to date on their injury and return process and will also be able to message the Athletic Trainers directly through the app/website should you have any questions regarding an injury or treatment. Additionally, if your athlete sees a physician for an injury, and we ask you to provide a clearance note, you may scan it directly into the web app yourself!

### **How to create an account?**

Before the Fall season starts, the Athletic Trainer will send out invites via an emailed link to create your Healthy Roster account for the SMA HS Organization.

### **What to do if parent/guardian has multiple Student Athletes?**

As long as you use the same email address you have through FACTS when signing up for Healthy Roster access for each child, you will be able to see all of your children within that one log-in.

### **Who can see information?**

The Athletic Trainer and Athletic Director will have access to reporting and documentation. Your athlete's coaches will have limited access to Healthy Roster which includes viewing their current injury, their participation status, and emergency contact information only.

### **If you already have a Healthy Roster account for the following school years:**

All you need to do is log in and upload a signed and dated physical form if expired, and sign the required school's documents and MSHSAA consent forms. They will be found under documents.
