Discussion and recommendation for the Middle School Math Teaching Position was held. Mr. Hostetler stated that Mrs. Hepner comes highly recommended. It was stated that she was currently at Southern Local and by all accounts a great teacher. The board agreed and has also heard good things about her and her teaching ability.

Mrs. Doyle moved, seconded by Mrs. Rinto to approve Kristin Hepner at Step 6 with a Masters for the middle school 8th grade math teaching position. Roll call, all voted yes, the meeting adjourned.

Mrs. Doyle stated that she received a phone call from Mike Ellyson in regards to the Gridiron Club. Mrs. Rinto stated that she had received a letter to donate for the signs. Mr. Hostetler stated that he and Mr. Ogilvie had a discussion with Mr. Phillis and it was stated that Mr. Hostetler would have to speak with legal and the board before decisions are made. The Gridiron Club has called and apologized for overstepping.

Mrs. Rinto asked what the difference is between an outside group or inside group. Mr. Hostetler

stated that if the funds are run through the district it is an inside group other groups are outside who do not run funds through the district. Outside groups may still donate.

Mrs. Rinto asked if the Gridiron club could rent buses. It was stated no. However, the football team could fill out a transportation form to go and support the band at their show.

Mrs. Mercer asked if the Gridiron club supports the football team financially will the boosters be able to spend more on other sports? Mr. Medure stated that he is hopeful that this will happen.

The district athletic director only pays for the basic HUDL plan. Higher plans have to be paid by fundraising funds and not the athletic funds.

The Board wants to have a discussion on what is an outside group or inside group and get it defined.

The gym floor does not have asbestos in the middle school. It will have to bid it out or offer it at auction. Mr. Hostetler will ask for legal advice on doing this. He is going to ask Hammond to write something up as a description.

Mrs. Rinto asked if before the demolition of the current building if community members could walk through the building one last time. The board said yes that would be fine. A date needs to be set soon. It was discussed that maybe a good time would be around holidays or the alternative spring break. Students should not be in the building when this occurs.

The board wants to discuss the special education program for next year on Friday. Mrs. Rhodes also asked Mr. Hostetler to bring the results of the climate survey so that they could go over them on Friday.

BOARD AGENDA REVIEW/WORK SESSION

The Treasurer went over her portion of the consent agenda. She stated that the reporting requirements were there to read for the AOS Commercial Paper Reporting Requirement for FY24. Mrs. Baker spoke on the school bus purchasing program and the fact that we haven't been able to get a bus due to lack of inventory. So the bus that was approved last year is still waiting to come in.

She told the board that a Martha Holden Jennings Foundation Grant was received in the amount of \$21,000. It will be used for professional development. Adult lunch prices will go up to \$4.00.

The board had questions about the CEP. The Treasurer stated the following. Our district currently does not qualify for Community Eligibility Provision (CEP). The CEP allows schools to offer free lunches to all students without requiring individual applications, provided that at least 25% of the students are directly certified for free meals through programs such as SNAP (Supplemental Nutrition Assistance Program) Ohio Works First (OWF) or Medicaid (Free).

Some other categories can be found on the CEP-Fact Sheet located on the [Education.Ohio.Gov](https://www.education.ohio.gov) website. The district is currently at 19% direct certification.

Each month, we carefully monitor our district's percentage of directly certified students. Unfortunately, our current percentage falls below the 25% threshold required to participate in the CEP program. As a result, we cannot provide free lunches to all students at this time.

I hope this explanation clarifies the situation and helps you better understand the factors involved in qualifying for the CEP program.

Superintendent

The Superintendent went over his portion of the agenda. A volunteer coordinator still needs to be approved.

It was brought up that building use forms for outside groups need to be utilized. Mrs. Rinto stated that she appreciated the GridIron club bringing up these questions that the board needs to address. Our policies need to be looked at and possibly adjusted. Mr. Hostetler stated that the more detailed a policy the more pigeon holed you become.

Community Member, Mike Ellyson, stated that he was asked by Mike Proscio to apologize to the board for over stepping on a new fundraising idea that they had. Mr. Hostetler stated that the field should not be turned into one big advertisement. Mrs. Rhodes stated that her concern was over injuries if someone tripped over the A-Frame advertisement. Mrs. Mercer stated that no one is against giving more money to students. Mike Phillis had come in to see Mr. Hostetler and he told him he needed to check with legal and the board for the new fundraising idea. It was inadvertently sent out and now they are canceling this fundraiser. The fence signs should only be used during the football season. Mr. Ellyson stated that they have already spent around \$20,000 on students so far. The GridIron Club will look at the calendar for scheduling. It was also discussed that a scholarship may be given called Friday Night Lights. This could be for a cheerleader or a band student. It could be for both depending on the fundraising. They will purchase equipment, tshirts, sweatshirts, camps etc for kids. A speed camp is going to be offered for all students to participate. Mrs. Rhodes stated that building use forms have to be filled out. Mr. Ellyson stated that Bill Proscio will take care of those online.

Mr. Hostetler stated that he and the treasurer will speak with the attorney about a policy change. Mrs. Doyle and Mrs. Rhodes will also be a part of this policy committee.

Mr. Medure stated that it would be nice to have notice of what the changes in the student handbooks are each year.

Special Education for this school year will be the responsibility of each principal. We will use district representatives to aid them. The representatives have to have knowledge and experience in special education. They have to have the ability to make decisions and they don't need an administrator license. The ETR's will be done by the school psychologist. Mrs. Sigler will identify kids in the elementary school. Mrs. Doyle asked how this will benefit the principals as compared to one designated person? Mr. Hostetler stated that he feels principals need experience in special education programming. Kate Davidson will be a district representative and will be mentored by Mrs. Sigler and another administrator in another county as well. Career pass will be transferred to someone else to help with this program since Mrs. Davidson will be doing other duties. Next year the district may need to hire a specific special education administrator after seeing how this works for the students and staff. Mrs. Rhodes stated that change is hard so the district needs to make sure these staff members are given the support they need to be successful.

Mr. Hostetler went over the Learning Inspired PD group. It is a student based learning professional development for staff. It requires more student engagement. Most items are covered by a grant, but the district will incur a \$4500 cost. One of the things we are looking at is student shadowing.

The climate survey was gone over with the board. Communication seems to be a concern for staff. The Middle School had the best numbers. It was on the survey that staff didn't feel that administration was aware of what was going on in classrooms. Mr. Hostetler suggested more walkthroughs.

Mrs. Mercer asked about looking into a policy for AI.

August 20 is the board walk through of the new building. August 26 is the staff tour at noon.

Kindergarten enrollment is at 70.

Mrs. Rinto asked about having a memorial walk of the old building on May 30th between 4 and 7. This will be a last walk through for the community before demolition of the old building occurs.

United graduation will be held May 27, 2025 at 6:30 pm.

**R.C. 3313.845 Agreement between the Educational Service Center of Eastern Ohio and
United Local Schools
*****AMENDED*******

Pursuant to the Ohio Revised Code Sections 3313.845, the Governing Board of the Educational Service Center of Eastern Ohio (“ESC”) and the Board of Education of the **United Local School District** (“District”), agree this 30th day of **July, 2024**, to the following amended contractual terms.

Section 1 Services

Pursuant to R.C. 3313.845, the ESC will provide additional services (“Services”) to the District as specified herein below, such Services having not been provided for by the Parties under their separate Agreement entered pursuant to R.C. 3313.843. The Services to be provided by the ESC to the District under this Agreement shall be those Services set forth in Schedule A attached hereto for the **2024-2025 school year, which are being amended to include one hundred ninety-six (196) days of School Psychology Services and eighty (80) days of Level 3 Social Work Services.** The Services provided by the ESC to the District as specified herein are in addition to those services provided by the ESC to the District pursuant to the authority of the parties under R.C. 3313.843, and, as such, will not amend or modify the R.C. 3313.843 Agreement in any way. The services set forth in this Contract reflect the needs of the District at the time the Contract is entered into. These services were established in collaboration with ESC and District personnel. However, during a school or contract year, a District may request new or an increase in the service(s) provided by the ESC pursuant to this Contract. If any additional services, not already set forth in this Contract are requested by the District, those additional services will be reflected in the Monthly Utilization Report provided to the district and will be discussed at the mid-year review. Any additional services set forth in the Monthly Utilization Report will be considered an addendum to the Contract, unless the District informs the ESC within ten (10) workdays of receiving the report that the new or additional services were not requested. Any services provided will still be paid by the District for the time that the services were provided unless the cost is waived by the ESC. No action will need to be taken by the ESC or the District Board to approve the change in the services provided by this Contract.

Section 2 Payments and Fees

The foregoing specified Services to be provided by the ESC to the District shall be paid for by the District in the amounts set forth in Schedule A attached hereto. Schedule A may be amended as needed by mutual agreement of the ESC and District. An annual true-up will be completed at the end of the fiscal year and invoices or credits will be issued to the District as applicable. A five percent (5%) administrative fee will be added to all invoices.

Section 3 Filing of Agreement

A copy of this Agreement along with the ODE Office of Budget and School Funding Contract Amount **FY25** shall be filed by the ESC with the Ohio Department of Education and Workforce on or before the first day of the school year for which the Agreement is in effect. The annual amount indicated will be deducted from State Foundation payments to the school district and paid

to the ESC on a semi-monthly basis throughout the fiscal year. The State Foundation deduction amount may be amended as needed by mutual agreement of the ESC and District.

Section 4 Responsibilities of the ESC

The ESC shall comply with the requirements of 45 CFR 164.504 (e)-(1), for safeguarding and limiting access to information concerning beneficiaries; allow the representatives of the U.S. Department of Human Services, ODM, ODEW or their respective designee access to the books, documents, and records pertaining to these services; and asserts that all providers have the proper licenses and certifications and none are not suspended or debarred.

WHEREFORE, the duly authorized representatives of the ESC and the District have signed this Agreement as of the date indicated with their signatures.

Drug or alcohol abuse in the workplace is dangerous and can lead to harm not only for the person abusing drugs or alcohol but also for fellow employees and the public. It is especially important that employees not use drugs or alcohol in their workplace. A violation of this prohibition by employees of United Local can be harmful and erode the public confidence. For these reasons, United Local is committed to maintaining a drug-free workplace, and will enforce a policy requiring all employees to refrain from the manufacture, distribution, use, sale, purchase, possession, or being under the influence of drugs or alcohol at the workplace. Workplace means on the job, on premises during working hours. Employees who fail to comply with this policy will be subject to disciplinary procedures which may include termination from employment. Any employee convicted of an offense under a criminal drug statute for an offense occurring within the workplace must report his/her conviction to the employer no later than five (5) working 24 days after the conviction. Failure to do so may result in disciplinary actions which could include termination. The fact that an employee may or does suffer from addiction issues will not excuse the employee from complying with the Drug-Free Workplace rules.
