Center School District Safe Snack List (Updated 6/2024)

Parties

The parent group may help arrange classroom parties. If you are interested in helping with any of the classroom parties, please notify your child's teacher. Siblings are not allowed to attend classroom parties. Classroom parties take place during the last hour of the school day. Parties should be well planned with teacher and/or parent supervision. Parent organizations & classroom teachers should follow the District Approved Snack List and be cognizant of food allergies.

Home birthday party invitations should not be handed out at school *unless* presented to all students in the class. Parents may supply a birthday snack (no more than 2 items allowed) or trinket/treat bag (edible items must be from the district approved peanut free snack list) to be distributed at the teacher's discretion. Plans need to be communicated with the teacher and the front office. Treats or snacks brought to school that are not on this list will be sent home with the student. Trinkets are welcome in place of food. Birthday parties are not allowed at school.

**** The Center School District reserves the right to add or remove products as necessary to ensure the safety of our students.****

Items on this list are approved to be shared in classrooms for birthdays, holidays, or other special occasions. Only items on this list will be allowed in the classroom. If a snack is brought in and is not on this list, it will be sent home. Food must be store bought, brand specific as identified, and in the original packaging with ingredients clearly listed. Homemade treats are not allowed. Not all items on this list are considered healthy. Please check with the school nurse regarding specific allergies in your child's classroom.

IMPORTANT: Due to continual changes in manufacturer packaging, please read the ingredient label of all snacks, including those on this list, to ensure that it does not contain any of the following: peanut/tree nuts, peanut/nut butter, peanut oil, peanut/nut flour, peanut/nut meal, or any variety of the statements, "contains peanuts," "may contain traces of peanuts/nuts," or "manufactured in a facility or on equipment that also processes peanuts (and/or other nuts)."
