SCHOOL DAY

The Board of Education shall annually approve the times that school(s) will be in session, including the starting and ending time of a shortened day. A school day shall be in accordance with N.J.A.C. 6A:32-8.3.

The schools of the district will be in session for students on those days and times recommended by the Superintendent and annually approved by the Board

The Superintendent may close schools, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members or other good cause. A shortened school day, whether it is planned or emergent (as in the case of inclement weather), must meet certain requirements in order to count toward the one hundred eighty days requirement of N.J.S.A. 18A:7F-9.

The Superintendent shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any delayed opening or emergency school closing.

Bellmawr Public School District's school closing number is 564 and you can also refer to the district's webpage - <https://www.bellmawrschools.org/>

Bell Oaks School Hours for Students: 8:30 AM – 3:00 PM

SECURITY PROCEDURES

Bellmawr Schools is pleased to announce that we will begin using the Verkada Visitor Management System to strengthen our safety and security protocols for students and faculty. Knowing who is always in our buildings is paramount to keeping students and faculty safe.

This new system allows us to screen our school's visitors, contractors, and volunteers. Upon entering the building, all visitors will be asked to present an ID, such as a Driver's License, Passport ID card, Military ID, or Mexican Consulate Card, which can be scanned or manually entered into the system. If a parent or guardian does not have a US government-issued ID, the school staff member can use any form of identification and manually enter the person's name into the visitor management system. Once entry is approved, we will issue a badge that identifies the visitor, the date, and the purpose of his/her visit. A visitor's badge will not be necessary for those who visit our schools to drop off an item in the office or pick up paperwork.

Our highest priority is the safety of our students and staff, and our visitor management system allows us to quickly identify those that may present a danger to our students. Thank you in advance for your understanding and support in enhancing our district's safety protocols.

Students will ONLY be released to individuals who the parent has designated as appropriate. Please keep your STUDENT PICK-UP AUTHORIZATION FORM current and contact both the main office and your child's teacher in the event of any changes. You will be requested to complete an authorization form at the beginning of the school year. Anyone picking up a child will be required to show identification.

FOOD SERVICES

The school brings the return of normal meal service under the USDA National School Lunch Program, which provides nutritious meals at cost for students while also offering free & reduced eligibility programs for students based on Federal family income guidelines. The Board of Education recognizes the midday meal as an important part of each pupil's school day. The Superintendent shall ensure a wholesome, nutritious food services program in the district and one which reinforces the concepts of nutrition education as taught in the classrooms of this district. The Board shall provide food service facilities for the consumption of food on school premises. All pupils not expressly excused by the Principal shall be expected to remain at school for lunch. The operation and supervision of the food services program shall be the responsibility of the School Business Administrator/Board Secretary.

The district shall participate in the Federal Child Nutrition Program. The Food Service Program shall be operated on a nonprofit basis. All moneys derived from the operation, maintenance, or sponsorship of the food service facilities shall be deposited in the Food Service Account. The net cash resources of the food service account may not exceed three months' operating cost. A periodic review of the food service account shall be made by the School Business Administrator/Board Secretary. Any surplus funds shall be used to reduce the cost of the service to pupils or to purchase cafeteria equipment.

The Superintendent shall ensure the maintenance of sanitary, neat premises, free from fire and health hazards, for the preparation and consumption of food and the safekeeping and storage of food and food equipment in strict compliance with regulations of the New Jersey State Department of Health.

STUDENT ATTENDANCE PROCEDURE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district to attend school regularly in accordance with the laws of the State.

For the purpose of this Policy and Regulation 5200, “parent” means the natural parent(s), adoptive parent(s), legal guardian(s), resource family parent(s), or surrogate parent(s) of a student. When parents are separated or divorced, “parent” means the person or agency who has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit is a Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the principal or designee shall

immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level.

Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4. and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student’s participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with the efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

Doctor and/or parent/guardian notes explaining pupil absence/tardiness will be submitted upon return of student to school.

Students are allowed 5 unexcused truant absences or lateness. For the sixth (6th) truant absence or lateness, the student is ineligible for extra-curricular activities, athletics, and all 8th grade activities.

The following procedure is in place to prevent a student from not receiving a thorough and efficient education:

Absence Threshold	Attendance Letter	Action
--------------------------	--------------------------	---------------

5	Y	<ul style="list-style-type: none"> • Attendance letter signed by the principal and sent home by the principal's secretary. • Principal calls parent/guardian. An Attendance Action Plan is developed. Call is logged in Genesis.
10	Y	<ul style="list-style-type: none"> • Attendance letter signed by the principal or his/her designee and sent home by the principal's secretary. • A parent conference will be scheduled through the principal's office or the office of his/her designee. At this conference, the principal or his/her designee will hear the circumstances of the attendance issue from the parent and may excuse absences based on documentation/evidence provided. Meeting is logged in Genesis. • Attendance Action Plan may be revised accordingly.
15	Y	<ul style="list-style-type: none"> • A certified letter from the office of the principal or his/her designee will be sent indicating that the attendance matter will be brought to the attention of the court. • A parent conference will be scheduled through the office of the principal or his/her designee to provide an opportunity for the parent to present circumstances that have contributed to the attendance issue and to submit documentation/evidence to resolve the issue before a court hearing. • A court hearing will occur attended by our truancy officer. • The truancy officer will be provided with all documentation that demonstrates the district's efforts to resolve the attendance issue.

Parents should call the school by 8:30 am if a child will be absent from school. Please call the main office at (856) 931-6272 to report an absence.

Immediately returning from an absence, students must submit **A NOTE FROM HOME EXPLAINING THE REASON FOR THEIR ABSENCE** to the homeroom teacher. The note should contain the date of absence, full name of child, grade and homeroom of child, specific reasons for absence, and a signature of parent or guardian. Any absence of 5 or more days requires a doctor's note.

School attendance is mandatory in the state of New Jersey. All students enrolled in public schools in New Jersey are required to attend school "all the days and hours that the public schools are in session in the school district except for absences which are excused (see below)." Failure to adhere to attendance requirements could result in retention or course completion.

The fact that a parent approves an absence and writes an excuse does not make the absence lawful or approved. **STUDENTS ARE LIMITED TO A TOTAL OF 10 ABSENCES IN A SCHOOL YEAR (THIS LIMIT INCLUDES EXCUSED, UNEXCUSED ABSENCE THAT COUNTS**

TOWARD TRUANCY AND UNEXCUSED ABSENCE THAT DOES NOT COUNT TOWARD TRUANCY).

Approved unexcused absences - for which there are no penalties, are limited to those authorized in writing by a physician, dentist, judge, or school official. MEDICAL NOTES OR OTHER OFFICIAL DOCUMENTATION WILL NOT BE ACCEPTED MORE THAN FIVE DAYS AFTER THE DATE OF THE ABSENCE. STUDENTS WITH MORE THAN 8 NON-CONSECUTIVE MEDICAL ABSENCES MAY BE REFERRED TO THE INTERVENTION & REFERRAL SERVICE OR CHILD STUDY TEAM FOR AN EVALUATION TO DETERMINE IF A CLASSIFICATION OF CHRONICALLY ILL IS WARRANTED.

1. **Approved unexcused absences** - Illnesses authorized via notes from doctors are categorized as *approved*. Illnesses covered by parental/guardian notes are only categorized as *truant unexcused*. On the eleventh (11th) truant absence, a court notification will be rendered.
2. **Unexcused cuts** - could revert to daily absences.
3. When students are absent, they may not attend an after-school and/or evening activity without administrative approval.
4. Parents/guardians of a student absent ten consecutive school days must request home instruction. The parent/guardian will notify the school nurse and submit a doctor's note indicating the consecutive school days absent. Approval will be determined by the Board of Education, based on acceptance of parent notification, medical necessity and anticipated duration of illness deemed by the doctor.
5. Exceeding more than half of the allowable absences (as explained herein) could jeopardize class trip attendance.

APPEALS (ATTENDANCE)

The Bellmawr Board of Education is cognizant of possible unforeseen factors, which may create hardships relating to the operation of the attendance policy.

Petition for Hearing - A written petition for a hearing must be presented to the school principal by the parent/guardian no later than five school days after the receipt of notification of the thirteenth day absent. Any and all material to be considered as basis for an appeal must be delivered to the principal prior to an assigned hearing date. Data should include documentation for all days absent, not just those days in excess of the policy.

STATE EXCUSED ABSENCES: The State of New Jersey recognizes the following five allowable reasons for recording as a state-excused absence:

- Religious observance (N.J.A.C. 6A:32-8.3(h))
- A college visit (up to 3 days per school year for students in grades 11 and 12)
- “Take Our Children to Work Day” or other rule issued by the Commissioner

- Participation in observance of Veterans Day (N.J.S.A. 18A: 36-13.2) or district board of election membership activities (N.J.S.A. 18A: 36-33); or 8
- The closure of a busing district that prevents a student from having transportation to the receiving school

ABSENCE DUE TO RELIGIOUS HOLIDAYS

1. Any student absent from school because of a religious holiday will not be deprived of any award or eligibility or opportunity to compete for an award because of such absence.
2. Students who miss a test or examination because of absence on a religious holiday will be given the right to take an alternate test or examination.
3. To be entitled to the privileges set forth above, the pupil must present a written excuse signed by a parent or legal guardian.
4. Any absence because of a religious holiday will be recorded in the school register or in any group or class attendance record as state excused absence.
5. Such absence will NOT be recorded on any transcript or application or employment form or on any similar form.

LATE TO SCHOOL

1. Any student who is late for school must report directly to the central office for a pass. The tardy offense will be handled accordingly.
2. Only a medical note signed by a doctor or a note from a dentist, court official, or school official will render lateness as approved. The fact that a parent approves lateness and writes an excuse does not make the lateness approved.
3. Excessive tardiness may result in suspension from school.

BEFORE AND AFTER SCHOOL REGULATIONS

1. Students are not permitted in the halls before 8:35 am.
2. At the end of the school day, students are to leave the building as soon as possible; loitering is not permitted.

LEAVING SCHOOL EARLY

Parents who have arranged a doctor, dentist, or court appearance must write a note requesting permission for the student to be excused early. On that note they must include the (1) date, (2) full name of child, (3) grade and homeroom of child, (4) specific reason for early dismissal, (5) name and phone number of the doctor or dentist, and (6) signature of parent or **guardian-approval by school officials is required for any scheduled early dismissal. Notes are turned into the homeroom teacher when homeroom begins. On occasion, we may need to contact the student's home for confirmation of an early release request.**

Notes from home, asking permission for a student to be excused early are to be turned into the homeroom teacher as homeroom begins. A parent or guardian must sign out their child with the main office, before a student is released early from school. As stated in the School Attendance Policy, students who attend school for less than the four hours minimum school day will be considered absent a full day.

NURSING SERVICES

All students must be up to date on their immunizations required for school attendance. Entering **6th grade students** must submit proof of Tdap and Meningococcal vaccination within 30 days of their birthdate.

It is recommended that you submit one physical exam during your child's middle school years. This could be a Universal Physical Exam or a Sports Physical. If your child is interested in participating in **sports or intramurals**, a **sports physical is required** for students in 6th through 8th grade **once a year for participation**. Sports physicals must be completed on the proper document and **submitted to the school nurse 2 weeks prior to the start of the sports season** to allow for the School Physician time to review and clear the athlete or send for further evaluation if deemed necessary.

If your child is **sick**, please **keep them home and call the school nurse** or main office to record the absence.

If you are unsure if you should send your child in, err on the side of caution and call the school nurse. **Please remember to update your contact information as needed so that you may be reached in the event of an emergency.**

If your child will be taking medication during the school year, please bring the medication in with Doctor's orders in the original container.

Please visit our school website for any forms that you may need.

REPORTING A STUDENT ABSENT

Parents should call the school by 8:30 am if a child will be absent from school by dialing 856-931-6273 press 2, then leave your child's name, grade, and reason for absence.

ADMINISTRATION OF MEDICATION

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of an illness of any student. However, in order for many students with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of students. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to students in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the student's parent, a student who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine and hydrocortisone sodium succinate in an emergency pursuant to N.J.S.A. 18A:40-12.5, 12.6, 12.29, and 12.30.

Good faith shall not include willful misconduct, gross negligence, or recklessness.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction or an emergency requiring the administration of hydrocortisone sodium succinate. In addition, the parent must be informed that the school district, its employees and agents shall have no liability as a result

The parent of the student must sign a statement acknowledging their understanding the district shall have no liability as a result of any injury arising from the administration of the epinephrine via a pre-filled auto-injector mechanism or the administration of hydrocortisone sodium succinate to the student. In addition, the parent shall indemnify and hold harmless the district and its employees or agents against any claims arising out of the administration of the epinephrine via a pre-filled auto-injector mechanism or the administration of hydrocortisone sodium succinate to the student.

The permission for the emergency administration of epinephrine via a pre-filled auto-injector mechanism containing epinephrine to students for anaphylaxis and/or the emergency administration of hydrocortisone sodium succinate for adrenal insufficiency is effective for the school year it is granted and must be renewed for each subsequent school year.

Each school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with DOE regulations. Every student that is authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 or a nebulizer must have an asthma treatment plan prepared by the student's physician which shall identify, at a minimum, asthma triggers, the treatment plan, and other such elements as required by the State Board of Education.

All student medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by students. In those instances, the medication may be retained by the student with the prior knowledge of the school nurse. The school nurse may provide the principal and other teaching staff members concerned with the student's educational progress with such information about the medication and its administration as may be in the student's best educational interests. The school nurse may report to the school physician any student who appears to be affected adversely by the administration of medication and may recommend to the principal the student's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a student. Students self-administering medication shall report each incident to a teacher, coach, or other individual designated by the school nurse who is supervising the student during the school activity when the student self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the student's health file.

SECTION 504 OF THE REHABILITATION ACT

The 504 plan refers to Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, which specifies that no one with a disability can be excluded from participating in federally funded programs or activities, including elementary, secondary, or postsecondary schooling. The focus is to ensure that the educational system provides the full range of reasonable accommodations necessary for students to participate in and benefit from public education programs and activities.

Section 504 prohibits discrimination against people with disabilities as defined under the Section, including both students and staff. This applies to any entity who receives federal financial assistance.

The regulations require identification, evaluations, provision of reasonable accommodations, and procedural safeguards to students enrolled in Bellmawr Public Schools.

How is a disability defined under Section 504?

The definition of disability is a person who has a mental or physical impairment that substantially limits one or more major life activities. Examples include caring for oneself, performing manual tasks, walking, seeing, hearing, speaking breathing, learning, and working. It also defines a person of having a disability as anyone who has a record of such impairment or is regarded as having such impairment.

How is the determination for eligibility made?

An evaluation is conducted to gather information on how the disability is substantially impacting on a major life function. This can be accomplished in a variety of ways, but it must come from various sources including, but not limited to the school nurse, classroom teacher(s), guidance counselors, and outside persons with relevant information.

Evaluation procedures may include review of records, assessment information, interviews with persons knowledgeable about the child's functioning, observations, individualized assessments.

The 504 Team, a group of people knowledgeable about the student, collaboratively develops the 504 Plan, if appropriate. The purpose of the group is to examine the information regarding the person, and determine if reasonable accommodations are necessary, and subsequently what those accommodations will be if the person is considered eligible.

The term substantial is not defined within the law. Therefore, the 504 Team considers the impact of the impairment on the major life function specific to the individual. The 504 Team is directed to determine if the student is afforded an equal opportunity to participate and/or benefit from education when compared to non-disabled, age-appropriate peers. A frame of reference for their responsibility is to use the average student in the general population for the purposes of comparison.

Periodic reevaluation is required by Section 504. Reevaluation of the 504 Plan is recommended once per school year or upon significant change in school placement or program.

504 PROCEDURES

1. Request in writing forwarded to the Guidance Office.
2. Guidance Office Administrative Assistant contacts parent to arrange a meeting date with Building Principal, Guidance Counselor, Teacher, and Nurse (If needed).
3. Guidance Office Administrative Assistant sends home 504 Meeting Notice, Parent Input for 504 form, and Parent Rights packet.
4. Guidance Office Administrative Assistant notifies parties of meeting via email and sends the 504 Referral Form and Teacher Input 504 Form to be completed by the classroom teacher. (Both Forms must be completed prior to meeting)
5. Notice of 504 Accommodation Plan meeting results is completed by Guidance Counselor at the meeting. If ineligible, parent signature is required, and paperwork filed under Inactive.
6. If Eligible, Section 504 Accommodation Plan is completed at meeting using Tracker document.
7. Copies of 504 plans are given to building principal and teacher. Original kept in the Guidance Office.
8. Case Manager gives information for Guidance Office Administrative Assistant to create folder and put information into Genesis.

GRADING SYSTEM PROCEDURE & GRADING SCALE

Preparation for Grading

- Each pupil must be informed of the behavior and achievements expected of him/her at the outset of each course of study or unit of study.
- Each pupil must be kept informed of his/her progress during the course of a unit of study. Pupils who so request are entitled to see the grades resulting from their performance during the grading period.
- Each method of grading shall be appropriate to the course of study and the maturity and abilities of the pupils.
- Pupils should be encouraged to evaluate their own achievements.
- The process of review and revision will involve teaching staff members, parent(s) or legal guardian(s), and, as appropriate, pupils.

Grading Periods

- Grades will be awarded at the end of four marking periods in each school year.
- Pupils will be given notice of their mid-term progress at the mid-point of each marking period.
- Pupils will be given a final grade in each subject at the end of the school year.
- Grades will be recorded on report cards for parent(s) or legal guardian(s) notification in accordance with Policy No. 5420 and Regulation No. 5420.

Meaning of Grades

- The following grades will be given in each academic subject at the end of each marking period:
- A grade of A indicates superior performance. It may be given to a pupil whose achievement is significantly above grade level; whose work achieves a quality and quantity that consistently excels; and who demonstrates a high degree of initiative, application, and purpose.
- A grade of B indicates above average performance. It should be given to a pupil whose achievement is above grade level; whose work frequently excels; and who generally demonstrates strength in the subject.
- A grade of C indicates average performance. It should be given to a pupil whose achievements in most areas of the subject are average; whose work is acceptable; and who demonstrates a satisfactory degree of proficiency.
- A grade of D indicates below average performance. It should be given to a pupil whose achievement in the subject is barely passing; whose work is the minimum acceptable for credit; and who demonstrates only weak proficiencies in the subject.
- A grade of F indicates failing performance and that no credit can be given for the subject. It should be given to a pupil who has not met the minimum requirements of the course; who has demonstrated an inability or unwillingness to master the basic elements of the

course; or who has failed to meet the minimum attendance standards necessary to pass a course of study.

HOMEWORK POLICY

At the elementary level, assignment of homework is planned for and with pupils in terms of their needs for independent or reinforcement of work. All homework assignments should be in terms of sound educational purposes. Unless the homework is assigned according to ability grouping, the minutes per night of the assignment should be based on the length of time in which an average child could complete the work. A recommended schedule for homework is as follows:

Grade 5

Homework assignments at this grade level usually may be given four nights per week. It is suggested that assignments not exceed thirty minutes per night per subject. However, when in the opinion of the teacher, more homework is necessary, an assignment over the weekend will be given.

Grade 6

Homework assignments at this grade level may be given five nights per week. It is suggested that assignments not exceed thirty minutes per night per subject.

Grades 7 and 8

Homework assignments at these grade levels may be given five nights per week. It is suggested that assignments not exceed sixty minutes per night.

All assignments should take into consideration

- The individual differences of pupils,
- The need for pupils to carry on independent work,
- The need to help pupils develop effective home study habits,
- The need for children to build meaningful concepts,
- The need for pupils to become resourceful in the application skills and subject matter
- The need to develop interrelatedness between home and school activities.

Any homework assignments made should be clearly understood by the pupil so that they can be accomplished independently after instruction has been given at school. When children do independent work of any type outside of school, the teacher should see that the results are promptly checked, shared with the class, or put to use.

Some types of activities which may be planned with pupils in terms of needs are:

- Individual practice in basic skills already introduced,
- Making up work that is missed due to illness,
- Recreational and research reading,
- Special-day projects,
- Preparation of collections or exhibits,
- Experimentation in a field of science already demonstrated at school to note further findings,
- Interviewing appropriate persons,
- Continuing listening to activities such as recordings, radio, or TV broadcasts,
- Continuing creative art experiences,

- Playing games that build interest in arithmetic, reading, spelling, social studies, etc., and
- Participating in family trips to places of interest related to special interests.

The parent(s) or legal guardian(s) is a partner and co-worker by participating with the child in locating materials, sharing his/her knowledge, experimenting with the child in an art of science media, listening to or viewing the child's schoolwork in process and assisting in its application to part of school life. Parent-teacher conferences are times to plan the child's all-around progress and growth. It is essential that parent(s) or legal guardian(s) provide a good atmosphere for work at home. Parent(s) or legal guardian(s) should observe pupils at work and be available to provide guidance if the need arises, but self-direction is one of the major goals of homework.

PBIS – POSTIVE BEHAVIOR INTERVENTIONS & SUPPORTS

Positive Behavioral Interventions and Supports (PBIS) is an evidence based, tiered framework for supporting *students'* behavioral, academic, social, emotional, and mental health. When implemented with fidelity, PBIS improves social emotional competence, academic success, and school climate. It also improves teacher health and wellbeing. It is a way to create positive, predictable, equitable and safe learning environments where everyone thrives.

The program entails the use of the following:

- A continuum of evidence-based practices to support student needs.
- Engage students, families, and community members to co-create culturally responsive practices that focus on rewarding and highlighting positive behaviors. Our Bell Oaks Bucks, School Store, and marking period reward days are just some of the ways we continue to recognize positive behaviors.
- A committee approach to analyzing data and implementing best practices.
- Develop content expertise through coaching and on-going professional development.

SPECIAL EDUCATION

The Bellmawr School District has a full time Child Study Team (CST) who provide consultative, evaluative, and prescriptive services to teachers and parents regarding students who are experiencing school related difficulties. The CST also provides services for families of children who may be experiencing developmental delays as they approach school age under Child Find. The members of the Child Study Team as determined by the New Jersey Department of Education are a school psychologist, a learning disabilities teacher consultant, and a school social worker. Also, at times, the speech language pathologist therapist may act as a member of the Child Study Team.

SPECIAL EDUCATION PROGRAMS

A wide variety of special education programs are available for students between the ages of 3 and 21 who require specialized instruction and/or related services such as speech/language services, occupational and physical therapy, and behavioral consultation, to meet their educational needs. Educational program options include instruction in a regular class with all the necessary and appropriate supports, supplemental instruction, resource center programs, special class programs within the school district, special education programs in out-of-district public or private schools, and individual instruction at home or in other appropriate approved state facilities.

TECHNOLOGY

The entire student body will utilize Chromebook devices and the Google Classroom Platform. Each student will possess an email address that can be used for school purposes only. At the outset of the school year parents/guardians will be asked to sign the student loaner agreement as well as the internet access form. These documents can be found in Parent Portal and on our website. In our district the students and staff have access to the latest updates in technology, such as infrastructure and access to online curriculum and programming. Staff members utilize online tools for most of their academic requirements.

COUNSELING SERVICES

The Middle School comprehensive counseling program focuses on solving problems and navigating obstacles so that students can reach their full potential. Numerous services are provided to enhance students' academic, social/emotional, and career development. They include:

- * Individual Counseling
- * Small Group Counseling
- * Walk-in service (any student can come to my office anytime for assistance)
- * Classroom SEL and Career Exploration Lessons

All students in grades 6-8 will have guidance check-ins periodically throughout the year. The objectives of these short appointments will be to:

- introduce the counselor and services offered
- discuss academic/social/personal goals
- connect students to school resources options
- answer any questions/ assist with any immediate issues
- assist with High School planning for grade 8

If you would like to enroll your child in individual counseling sessions to address a specific issue such as anxiety, motivation, family change, bereavement, organizational/time management, or other areas that may impede academic success and personal and social/emotional health, please contact the Guidance Department at the Bell Oaks Middle School.

SOCIAL AND EMOTIONAL LEARNING

Bellmawr School District is committed to the development of the whole child by incorporating social and emotional learning. All stakeholders will work hard each day to support each child as a whole and to promote academic, social, and emotional growth because we believe children have

the potential to be successful both in and out of the classroom. Please join us as we embark on this new journey for our school district.

Social and emotional learning (SEL) involves the process through which children and adults acquire and apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. Our Social Emotional Learning model empowers teachers and students with a framework to cultivate Self-Awareness, Self-Regulation, Social Awareness, Relationship Skills and Responsible Decision Making. This will be achieved through intentional practice in a safe, structured environment so that the balance between Self-Efficacy and Social Harmony can be obtained.

Prior to beginning the school year, all of our teachers received specific training in trauma-informed teaching strategies and social-emotional learning (SEL). This focused training supports student social and emotional health both in the classroom and in a distance learning context. Teachers are currently embedding supportive strategies into their daily lessons to develop student social and emotional strengths. As they monitor their students, they are keeping an eye out for those who may need greater support.

We will be asking for your child's feedback through an online Social and Emotional Survey in order to learn more about student experiences in our district for students in grades 3 through 8. The feedback received from the online survey will provide invaluable insights into student experiences and how to improve and adapt our district to your child's needs.

The survey will be given online, and students will complete the survey at school or remotely. It will take 20 to 30 minutes for students to complete, and our teachers will guide them through the process. All survey responses about classrooms are kept confidential. The results for this survey are only collected as summary data and will be shared by the Superintendent.

The questionnaire will focus on the following topics and be administered during instructional time.

- **School Belonging:** How much students feel that they are valued members of the school community. Example Question: How connected do you feel to the adults at your school?
- **Mindset:** Behavioral: Students' perceptions of whether they have the potential to change certain behavioral factors that affect their performance in class. Example Question: In (subject), how possible is it for you to change... Behaving well in class?
- **Grit:** Perceptions of how well students are able to persevere through setbacks to achieve important long-term goals. Example Question: If you fail to reach an important goal, how likely are you to try again?
- **Teacher/Student Relationship:** How strong the social connection is between teachers and students within and beyond the classroom. This scale is available from both a student's and teacher's points of view. Example Question: How excited would you be to have this teacher again?

- **Engagement:** How attentive and invested students are in class. Example Question: When you are not in class, how often do you talk about ideas from class?
- **Emotion Regulation:** Students’ ability to react with composure in situations that typically produce negative emotions. Example Question: When you are feeling pressured, how easily can you stay in control?

SEL Surveys - The Bellmawr School District has partnered with Renaissance Fundamentals (formerly PASS) to develop a researched-based screener that identifies hidden non-academic barriers to student learning and success. The survey provides a standardized measure for nine factors: 1) feelings about school, 2) perceived learning capability, 3) self-regard as a learner, 4) preparedness for learning, 5) attitudes towards teachers, 6) general work ethic, 7) confidence in learning, 8) attitudes towards attendance, and 9) response to curriculum demands.

Students in grades K-8 will take the screener during school in the fall and spring. The feedback received from the survey will provide our district with invaluable insights into student experiences, enabling general school improvement and informed MTSS intervention support. All survey responses are kept confidential and will only be shared with parents and school personnel. For more information, visit <https://www.renaissance.com/products/renaissance-fundamentals/>.

Thank you for allowing us to improve your child’s experience. If you have any questions, please reach out to our school counselors or classroom teacher.

HARASSMENT, INTIMIDATION, AND BULLYING

Policy Statement

A. Prohibiting Harassment, Intimidation, or Bullying

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); resource family parent(s); or parent surrogate(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Definition of Harassment, Intimidation, or Bullying

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic.
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3.
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. All strategies should be administered in the least restrictive manner possible. In all cases, administration will keep the age and/or developmental level of each student in mind when administering consequences.

or emotional harm to their person or damage to their property; or

- b. Has the effect of insulting or demeaning any student or group of students; or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The Board recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Recognizing "a real or perceived power imbalance" may assist school officials in identifying harassment, intimidation, or bullying within the context and relative positions of the alleged aggressor and target.

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or remotely activating paging device (N.J.A.C. 6A:16-1.3).

In accordance with the Board of Education's Code of Student Conduct and this Policy, all acts of harassment, intimidation, or bullying that occur off school grounds, such as "cyber-bullying" (e.g., the use of electronic means to harass, intimidate, or bully) is addressed in this Policy.

C. Student Behavior

The Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers, and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities for helping students learn to assume and accept

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, or ~~and~~ bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority).
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship.
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, school employees, volunteers, students, and community representatives, in the development of this Policy.

Pursuant to N.J.A.C. 6A:16-7.1, the Board developed guidelines for student conduct, taking into consideration the nature of the behavior; the nature of the student's disability, if any and to the extent relevant; the developmental ages of students; severity of the offenses and students' histories of inappropriate behaviors; and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent shall annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. The school district will support students who:

1. Walk away from acts of harassment, intimidation, and/or bullying when they see them.
2. Constructively attempt to stop acts of harassment, intimidation, or bullying.

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. All strategies should be administered in the least restrictive manner possible. In all cases, administration will keep the age and/or developmental level of each student in mind when administering consequences.

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, or bullying to the designated school staff member.

D. Consequences and Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

In every incident found to be harassment, intimidation, or bullying, the school Principal, in consultation with appropriate school staff, may apply disciplinary consequences and/or remedial actions, such as the provision of counseling, behavioral interventions, or other measures.

Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses; consider the developmental ages of the student offenders; the nature of the student's disability, if any and to the extent relevant; and the students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

E. Reporting Harassment, Intimidation, or Bullying

The Board of Education requires the principal at each school to be responsible for receiving all complaints alleging harassment, intimidation, or bullying committed by an adult or youth against a student. All Board members, school employees, and volunteers and contracted service providers who have contact with students, are required to verbally report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and contracted service providers who have contact with students, also shall submit a New Jersey Department of Education-approved HIB 338 Form to the Principal within two school days of the verbal report. Failure to make the required report(s) may result in disciplinary action.

The HIB 338 Form shall be kept on file at the school but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The district may not fail to initiate an investigation of harassment, intimidation, or bullying solely because written documentation was not provided. Failing to conduct a harassment, intimidation, or bullying investigation solely because a parent or student did not submit written documentation violates the Anti-Bullying Bill of Rights Act and this Policy. If a parent makes a verbal allegation of harassment, intimidation, or bullying to a district staff member, but does not complete and submit the HIB 338 Form, the staff member or a designee must complete and submit the HIB 338 Form.

The principal or designee is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. Students, parents, and visitors are encouraged to report alleged acts of harassment, intimidation, or bullying to the principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. The school district shall provide a person with an online means to complete the HIB 338 Form to anonymously report an act of harassment, intimidation, or bullying. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal shall promptly submit a copy of each completed HIB 338 Form to the Superintendent

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, in addition to making the HIB 338 Form available online, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, or ~~and~~ bullying or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action. G. Investigating Allegations of Harassment, Intimidation, or Bullying

Investigate All Reports

The Board of Education requires a thorough and complete investigation to be conducted for each report of an alleged incident of harassment, intimidation, or bullying. All details of an alleged incident must be populated into the HIB 338 Form. However, completing the form shall not delay beginning the investigation in accordance with the law.

The HIB 338 Form shall be kept on file at the school and will only be added to a student record if the alleged incident is founded, disciplinary action is imposed or is otherwise required to be contained in a student's record under State or Federal law.

The investigation shall be initiated by the Principal or designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school anti-bullying specialist appointed by the Principal. The Principal may appoint additional personnel who are not school anti-bullying specialists to assist the school anti-bullying specialist in the investigation. Investigations of complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation. The anti-bullying specialist may not participate in an investigation regarding their supervisor or staff at a higher administrative level.

The investigation shall be completed, and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the alleged incident of harassment, intimidation, or bullying or from the date of the written notification from the Superintendent to the Principal to initiate an investigation. The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and provide intervention services; order counseling; establish training programs to reduce harassment, intimidation, or bullying and enhance school climate; or take or recommend other appropriate action, including seeking further information as necessary.

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. All strategies should be administered in the least restrictive manner possible. In all cases, administration will keep the age and/or developmental level of each student in mind when administering consequences.

The Superintendent shall report the results of each investigation to the Board no later than the date of the regularly scheduled Board meeting following the completion of the investigation. The Superintendent's report also shall include information on any consequences imposed under the Code of Student Conduct; intervention services provided; counseling ordered; training established; or other action taken or recommended by the Superintendent.

Parents of students who are parties to the investigation shall be provided with information about the investigation, in accordance with Federal and State law and regulations. The information to be provided to parents includes the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether consequences were imposed, or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board. The district may not divulge personally identifying information or any information that could result in the identification of any student other than the child of the parents being notified.

18A:37-15b(6)(d), must be filed with the Board Secretary no later than sixty calendar days after the written information is received by the parents. The hearing shall be held within ten business days of the request. Prior to the hearing, the Superintendent shall confidentially share a redacted copy of the HIB 338 Form that removes all student identification information with the Board. The Board shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4.1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school anti-bullying specialist and others, as appropriate, regarding the alleged incident; the findings from the investigation of the alleged incident; recommendations for consequences or services; and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board meeting following its receipt of the report or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, no later than ninety days after the issuance of the Board's decision.

The investigation will be conducted by the Board's anti-bullying specialist in consultation with the approved private school for students with disabilities.]

H. Responding to Harassment, Intimidation, or Bullying

The Board of Education authorizes the Principal of each school to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, or bullying, according to the parameters described below and in this Policy. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring that the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions.

In considering whether a response beyond the individual is appropriate, school officials shall consider the nature and circumstances of the act; the degree of harm; the nature and severity of the behavior; past incidences or past or continuing patterns of behavior; and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

This Policy and the Code of Student Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds.

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. All strategies should be administered in the least restrictive manner possible. In all cases, administration will keep the age and/or developmental level of each student in mind when administering consequences.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, expulsion, law enforcement report or other legal action).
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, parent programs and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.
4. District-wide responses can include community involvement in policy review and development; professional development programs; adoption of curricular and school-wide programs, coordination with community-based organizations—(e.g., mental health, health services, health facilities, law enforcement officials, faith-based organizations); and disseminating information on the core ethical values adopted by the Board’s Code of Student Conduct, per N.J.A.C. 6A:16-7.1(a)2

In providing support for victims of harassment, intimidation, or bullying, the district should identify a range of strategies and resources, which may include, but is not limited to, the following actions for individual victims:

- Counseling.
- Teacher Aides.
- Hallway and playground monitors.
- Schedule changes.
- Before and after school supervision.
- School transportation supervision.

The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

Bell Oaks Middle School Code of Conduct

Intent

This handbook will serve as a general guide for our tiered system of support and intervention based on conduct infractions. Infractions, consequences, and restorative practices will be outlined to provide general guidance and transparency for staff, students, families, and administration. While the infractions listed in this guidance account for most situations full discretion falls on the building administrator when developing a prescriptive plan for handling issues of student misconduct. It is our intention that this manual will provide all stakeholders a clear understanding of the school rules that have been established, the consequences that accompany infractions, and methods that will be used to help support students as they examine the impact of their actions.

Philosophy

The staff, faculty and administration of the Bell Oaks Middle School are dedicated to providing a learning environment that fosters student growth. In an effort to help each child learn from all situations we have developed a plan for providing learning opportunities from conduct infractions. As with any environment, rules and structure help everyone stay safe and secure. It is our goal with the support and cooperation of all stakeholders to provide clear and consistent rules and policies that support the growth and development of all students. In this guide you will find a logical sequence of consequences and restorative practices that build student character through examine how behaviors impact those around them. While consequences will be tied to infractions our goal is to provide support, strategies, and thinking frames to help students become better problem solvers and better able to manage their emotions and self-regulate. It is our intent that by providing a clear explanation of infractions all learning community members will maintain consistent and developmentally appropriate actions and interactions that serve to support our students. The school administration and/or Board of Education have the right to administer discipline for any other offense that is in violation of the law of school district policy or procedures, or in violation of acceptable standards of conduct for our students.

Second Step Program

Bell Oaks Middle School students and staff partake in weekly *Second Step* program lessons which combine social-emotional learning and character development in unique and engaging ways. Each lesson helps students develop relationships and improve discussion skills to build a stronger and more positive middle school culture.

Expectations for Parent Involvement

The code of conduct is designed to support and ensure a safe learning environment for all students. The elements within the code of conduct take most meaning and works best when there is a relationship of trust and support between school and home. When a valued relationship is present the collaboration, open lines of communication and transparency build a mutually respected and supportive relationship centered on supporting the needs of the students.

Parent Involvement

Code of Conduct is designed to be a general guide for staff, students, and parents. There are certain circumstances that may require alternate actions that are not listed in the guidelines. Administration upholds the rights to make decisions/administer consequences based on the infraction(s) that is developmentally appropriate. We ask that parents/families:

- Review and discuss the Code of Conduct with your child
- Become familiar with the Code of Conduct as a parent and direct any questions to the building principal.
- Understand and support the need for appropriate rules and regulations regarding safety and conduct to maintain a positive and supportive learning environment
- Understand that all students are expected to adhere to the *Code of Conduct* and that interventions will reflect student's age, maturity level, and behavioral history/background.
- Participate in or support your child as he/she participates in restorative practices as requested by teacher(s) and/or administration

Staff Statement of Responsibility

All Staff will work toward establishing an environment that values and teaches respect for all; an environment that is culturally sensitive and models positive behavioral interactions that clearly show that no tolerance exists for certain types of behaviors including, but not limited to, bullying, harassment, and discrimination. Teachers have the responsibility to maintain a climate of mutual respect and dignity for all students, and to make every effort to treat each instance with fair and impartial judgment reflecting the age, maturity level and behavioral history/background of their students. Rules of confidentiality must be followed in all circumstances. We expect staff will:

- Know school policies and rules, and enforce them in a fair and consistent manner
- Conferencing with parents and/or principal. It is essential that parents are made aware of the problem in a timely fashion and are asked for their help in eliminating the problem

All action steps/consequences listed through do not include an exhaustive list of strategies. The items in each step also are not listed in chronological/progressive. All strategies should be administered in the least restrictive manner possible. In all cases, administration will keep the age and/or developmental level of each student in mind when administering consequences.

- Model positive behavior patterns that student can emulate including positive praise statements
- Provide learning opportunities through modeling, role playing, and scenario breakdown to help students learn and follow the Code of Conduct
- Support the school initiative by acknowledging and rewarding positive behaviors
- Uphold the actions set forth in the Code of Conduct as it applies to consequences and restorative practices that are aligned with developmentally and culturally responsive and appropriate actions.

TIER I & II INFRACTIONS COVERED IN THE STEP PLAN

Restorative Practices: Bell Oaks Middle School staff will be using a restorative practice model when student conflicts occur to provide a more supportive and inclusive school culture through practices such as conferencing, mediation, and goal setting. Our restorative practices will take a social and emotional approach to student trauma and avoid less effective discipline measures, such out-of-school suspensions, whenever possible.
