EQUAL EDUCATIONAL OPPORTUNITIES

The Pecatonica Area School District provides equal educational opportunities for all students. Every student shall have the opportunity to learn to be self-sufficient, self-supporting, and self-confident. Therefore, our educational process shall encourage learning as a lifelong activity.

The District prohibits all forms of discrimination and harassment. No person may be denied admission to any school in the District or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational or other program or activity because of the person's sex, race, national origin, ancestry, religion, color, creed, pregnancy, marital or parental status, sexual orientation, gender identity, or physical, mental, emotional or learning disability or handicap.

Discrimination is any action, policy, or practice, including bias, stereotyping and pupil harassment, which is detrimental to a person or group of persons and differentiates or distinguishes among persons, or which limits or denies a person or group of persons opportunities, privileges, roles or rewards based, in whole or in part, on any category described above, or which perpetuates the effects of past discrimination.

Harassment is unwanted, abusive behavior of a physical, verbal, non-verbal or written nature, directed towards a student or group of students based, in whole or in part, on any category described above, which substantially interferes with a student's school performance or creates an intimidating, hostile or offensive school environment.

Sexual Harassment means conduct on the basis of sex that satisfies one or more of the following: (1) a school district employee conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct; (2) unwelcome conduct determined by a reasonable person to be severe, pervasive, and objectively offensive enough that it effectively denies a person equal access to the district's education program or activity; or (3) "sexual assault," "dating violence," "domestic violence," or "stalking," as each of those terms is defined by reference to specific federal statutes.

Children of homeless individuals and unaccompanied homeless youth (youth not in the physical custody of a parent/guardian) residing in the District shall have equal access to the same free, appropriate public education, including comparable services, as provided to other children and youth who reside in the District. Homeless children and youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

The District shall provide appropriate educational services and/or programs for students who have been identified as having a handicap or disability, regardless of the nature or severity of the handicap or disability. Students may be considered handicapped or disabled under this policy even if they are not covered under the District's special education policies and procedures.

The District shall also provide for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. Requests for accommodations shall be made in writing and approved by the building principal. Accommodations may include, but not necessarily be limited to, exclusion from participation in an activity, alternative assignments, and release time from school to participate in religious activities, and opportunities to make up work missed due to religious observances. Any accommodations granted

under this policy shall be provided to students without prejudicial effect.

The District complies with Title IX of the Educational Amendments Act of 1972, which prohibits discrimination on the basis of sex (including sexual harassment and sexual violence) in all District educational programs and

activities. The District is committed to compliance in all areas addressed by Title IX, including access to education, career education, math and science, standardized testing, athletics, education for pregnant and parenting students, learning environment, and technology, as well as preventing and addressing sexual harassment.

The District encourages all parents, students, and third parties, to promptly report incidents of discrimination or harassment to District staff, so that the District may address the conduct before it becomes severe, pervasive, or persistent. Complaints regarding the interpretation or application of this policy shall be referred and processed in accordance with established procedures. Complaints may be submitted orally or in writing.

Send to address below (district administrator)

Any student, employee, or third party who engages in harassment or discrimination, or retaliates against another person because of reporting harassment or discrimination or participating in an investigation, is subject to immediate discipline, up to and including termination, dismissal, suspension and/or expulsion, as determined by the District Administrator or his/her designee.

Notice of this policy and its accompanying complaint procedures shall be published at the beginning of each school year in the District's official newspaper and posted in each school building in the District. In addition, a student nondiscrimination statement shall be included in student and staff handbooks, course selection handbooks and other published materials distributed to the public describing school activities and opportunities.

Questions regarding this policy, including Title IX, may be directed to the District's Title IX Coordinator:

EQUAL EDUCATIONAL OPPORTUNITIES STUDENT DISCRIMINATION COMPLAINT PROCEDURES

If any person believes that the Pecatonica Area School District or any part of the school organization has inadequately applied the principles and/or regulations of Title VI, Title VII, Title IX, Section 504 or the Americans with Disabilities Act (ADA) or in some way discriminates on the basis of sex, race, color, religion, national origin, ancestry, creed, pregnancy, parental or marital status, sexual orientation, gender identity, physical, learning, mental or emotional disability, or any other factor provided for by state and federal laws and regulations, he/she may bring forward a complaint as provided in this policy. Complaints shall be processed in accordance with the following procedures:

INFORMAL PROCEDURE

The person who believes he/she has a valid basis for complaint shall discuss the concern with the principal responsible for the building in which the incident(s) giving rise to the complaint occurred, who shall in turn investigate the complaint and reply to the complainant in writing within five (5) school/business days. In the event it is necessary to extend the time for reply in order to conduct a full and complete investigation, the principal will notify the complainant that additional time to investigate is required and the principal shall provide the complainant with the date on which he/she will respond to the complainant in writing. If this reply is not acceptable to the complainant, he/she may initiate formal procedures according to the steps listed.

If the complaint involves the building principal, the complaint shall be made to the District Administrator.

FORMAL COMPLAINT PROCEDURES

- STEP 1: A written statement of the complaint shall be prepared by the complainant and signed. It shall be presented to the Principal unless the complaint involves the Principal, in which case this step shall be omitted. The Principal will further investigate the complaint and reply to the complainant in writing within thirty (30) school/ business days.
- A. All complaints must include the following information to the extent it is available: a description of the alleged violation, the identity of the individual(s) believed to have engaged in, or to be actively engaging in, conduct in violation of this policy, if any; a detailed description of the facts upon which the complaint is based; and a list of potential witnesses.
 - B. If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the investigator shall ask for such details in an oral interview. Thereafter the investigator will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the report by signing the document.
 - C. Upon receiving a complaint, the investigator will consider whether any action should be taken during the investigatory phase to protect the Complainant from further loss of educational opportunity, including but not limited to a change of

class schedule for the Complainant, tentative enrollment in a program, or other appropriate action. In making such a determination, the investigator should

consult the District Administrator prior to any action being taken. The Complainant should be notified of any proposed action prior to such action being taken.

D. As soon as appropriate in the investigation process, the investigator will inform any individual named by the Complainant in connection with an alleged violation of this policy, that a complaint has been received. The person(s) must also be provided an opportunity to respond to the complaint.

STEP 2: If the complainant wishes to appeal the decision of the Principal or the complaint involves the Principal, he/she may submit a signed statement of appeal or signed complaint to the District Administrator. Sections A - D as noted above also apply if the complaint is made directly to the District Administrator. The District Administrator shall meet with all parties involved, formulate a conclusion, and respond in writing to the complaint in thirty (30) school/business days. If the complaint involves the District Administrator, steps 1 and 2 shall be omitted.

STEP 3: If the complainant is not satisfied with the District Administrator's decision or the complaint involves the District Administrator, he/she may appeal to the School Board in writing or file a signed complaint with the School Board. Sections A - D as noted above also apply if the complaint is made directly to the School Board. In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives at the next regular Board meeting or within fifteen (15) school/business days of the receipt of such an appeal. In the alternative, the Board may cause an investigation of the complaint to be instituted by a person of its choosing prior to meeting with the concerned parties. A copy of the Board's decision on the appeal shall be sent by the Board Secretary to each concerned party within ten (10) school/business days of this meeting. The decision of the Board shall include a notice to the complainant of his/her right to appeal the determination to the State Superintendent of Public Instruction.

In the event it is necessary to extend the time for reply at any step of this process in order to conduct a full and complete investigation, the concerned parties will be notified that additional time to investigate is required and the concerned parties shall be provided with the date on which the investigation will be completed. Additional extensions may be made as necessary.

STEP 4: If, at this point, the complaint has not been satisfactorily settled, further appeal may be made within 30 Days to:

Department of Public Instruction, Equal Educational Opportunity Office
P.O. Box 7841
Madison, WI
53707

Discrimination complaints on some of the above bases (Title IX, Title VI, Section 504, ADA) may also be filed with the Office of Civil Rights, Region V, U.S. Department of Health and Human Services, Citigroup Center, 500 W. Madison Street, Chicago, IL 60661.

INVESTIGATION PROCEDURE

The investigation will include:

- A. interviews with the Complainant;
- B. interviews with any persons named in the complaint;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations, as determined by the investigator;
- D. consideration of any documentation or other evidence presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the investigator.

At the conclusion of the investigation, the investigator shall prepare and deliver a written report which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definitions in this Policy, as well as in State and Federal law as to whether the Complainant has been denied access to educational opportunities on the basis of one of the protected classifications, based on a preponderance of evidence standard. The investigator's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved.

The investigator may consult with the Board Attorney before finalizing the report.

COMPLAINT PROCEDURE-SPECIAL EDUCATION

Discrimination complaints relating to the identification , evaluation, educational placement or the provision of a free appropriate public education of a child with a disability shall be processed in accordance with established appeal procedures outlined in the district's special education handbook.

COMPLAINT PROCEDURE-FEDERAL PROGRAMS

Discrimination complaints relating to programs specifically governed by federal law or regulations shall be referred directly to the Department of Public Instruction, Equal Educational Opportunity Office.

MAINTENANCE OF COMPLAINT RECORDS

Records shall be kept of all student discrimination complaints for the purpose of documenting compliance and past practices. The records shall include information on all levels of the complaint and any appeals.

The District will make reasonable efforts to protect the privacy of any individuals involved in the investigation process. Confidentiality cannot be guaranteed, however. All Complainants proceeding through the investigation process should be advised that as a result of the investigation, allegations against individuals may become known to those individuals, including the Complainant's identity.

During the course of an investigation, the investigator will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

The records should include:

1. The name of the complainant and his/her title or status.
2. The date the complaint was filed.
3. The specific allegation made, and any corrective action requested by the complainant.
4. The name(s) of the respondents.
5. Any documentary evidence.
6. Any written documentation of actions taken by District personnel.
7. Dated written descriptions of verbal notifications to the parties.
8. The levels of processing followed, and the resolution, date and decision-making authority
at
each level.
9. A summary of facts and evidence presented by each party involved.
10. Written documentation of any interim measures offered and/or provided to complainants, including no contact orders.
11. A statement of the final resolution and the nature and date(s) of any corrective or remedial action taken.
12. Documentation of all actions taken to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy the discriminatory effects.

REVISED: April 18, 2022

BULLYING

WASB CODE: 411.1

The Pecatonica Area School District is committed to providing a safe, caring, respectful learning environment for all students and staff and strictly enforces a prohibition against bullying. Bullying is unwanted, aggressive behavior among individuals that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.

DEFINITION: “Bullying” can include, but is not limited to:

- Repeated intimidation and/or harassment such as teasing, put-downs, cruel rumors, false accusations, hazing, name-calling or making threats;
- Social alienation, exclusion and isolation such as shunning or spreading rumors;
- Extortion;
- Written notes, phone calls or electronic messages that are offensive, hurtful, slanderous, threatening, embarrassing, intimidating, insulting, degrading, or stereotyping; this includes anonymous notes, calls, emails, social media posts, etc.
- Verbal aggression or verbal assaults which are offensive, hurtful, slanderous, threatening, embarrassing, intimidating, insulting, degrading, or stereotyping;
- Nonverbal or emotional threats or intimidation;
- Any act, attempted act or threat of physical aggression such as assaults on a student or attacks on a student’s property;
- Any act which threatens or intimidates any person or group because of sex, race, religion, national origin, color, disability, sexual orientation, gender identity, age, or other protected status.

PROHIBITION: “Bullying” behavior by students, staff, and third party individuals is prohibited whether it is of the nature of student(s) to student(s), third party to student(s), staff member to staff member, staff member to student or student to staff member or third party. Bullying is prohibited at school, on school premises, during school sponsored activities, on school buses and at bus stops, or through the use of electronic, computer, and telecommunications messaging devices (cyber bullying).

COMPLAINT PROCEDURES: It is considered a responsibility of all students and staff members to watch for and report acts of bullying in any of the above-described situations to a member of the school staff or administration. Students are requested and encouraged to report acts of bullying to a school staff member, building principal, or at a minimum a parent or other adult. Reports of bullying may be made verbally or in writing and may be made confidentially.

All school district staff members are required to report acts of student bullying to their building principal or designee. If the building principal is unavailable, or if there is a perceived conflict of interest involving the building principal, or if reporting to the building principal would not be appropriate under the circumstances, the school official should contact the Superintendent or his/her designee.

All reports are to be taken seriously by the party designated by policy to receive such reports. School staff and administrators will support students and coworkers making such reports and protect against any potential retaliation

for making such a report.. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

An investigation to determine the facts will take place immediately or as soon as practicable in order to verify the validity and seriousness of the report. The District shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

Filing a report in good faith will not reflect upon the individual's status, nor will it affect his or her grades if the complainant is a student or employment status by the District if the complainant is an adult staff member.

If the investigation reveals that the reported conduct may have created an intimidating, hostile or offensive school environment, and was based on a characteristic protected by State or Federal civil rights law, the report will be forwarded for investigation under the District's student non-discrimination policy.

CONSEQUENCES: Where it is determined that students participated in bullying behavior in violation of the policy, the school may take disciplinary actions including suspension, expulsion and referral to law enforcement for legal action when deemed appropriate. Employees found to have participated in bullying behavior or having become aware that bullying was taking place and failed to take action or to report the behavior, are considered to be in violation of the prohibition expressed by the policy and, therefore, subject to disciplinary action.

DATE

EDUCATION OF HOMELESS CHILDREN AND YOUTH

Homeless children and youths residing in the Pecatonica Area School District shall have equal access to the same free, appropriate public education as provided to other children and youths who reside in the District. They shall be provided the services and have access to the programs and activities that are offered to other children attending District schools, including transportation services, educational services for which the children/youths meet eligibility criteria (e.g., special education, Title I programming, programs and services for English Learners), gifted and talented programming, career and technical education programs, and school nutrition programs.

A homeless child or youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

“Homeless children and youths” are defined as individuals who lack a fixed, regular, and adequate nighttime residence. The term includes, but is not limited to:

- children and unaccompanied youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
- living in motels, hotels, or campgrounds due to lack of alternative adequate accommodations;
- living in emergency or transitional shelters;
- living in cars, parks, public spaces, abandoned buildings, substandard housing, bus stations, or similar settings.

DEFINITION

The McKinney-Vento Act states that children and youth who lack “a fixed, regular, and adequate nighttime residence” will be considered homeless [42 U.S.C. §11434A(2)(A)]. The Act does not define those terms. However, the following definitions may provide guidance:

(1) Fixed: Securely placed or fastened; not subject to change or fluctuation. A fixed residence is one that is stationary, permanent, and not subject to change.

(2) Regular: Normal, standard; constituted, conducted, or done in conformity with established or prescribed usages, rules, or discipline; recurring, attending, or functioning at fixed or uniform intervals. Consistent. A regular residence is one which is used on a regular (i.e., nightly) basis.

(3) Adequate: Sufficient for a specific requirement; lawfully and reasonably sufficient. Fully sufficient; equal to what is required; lawfully and reasonably sufficient. An adequate residence is one that is sufficient for meeting both the physical and psychological needs typically met in home environments.

The term “unaccompanied youth” includes a youth not in the physical custody of a parent or guardian.

TRANSPORTATION

At the request of a homeless child’s parent/guardian or the homeless liaison in the cases of unaccompanied youth, transportation to the school of origin will be provided to homeless children and youth, following best interest provisions (outlined in the McKinney-Vento Homeless Assistance Act under Local Education Agency Requirements).

1. In order for transportation to be set up, the homeless liaison will determine with the family the best means of transportation.
2. The homeless liaison will arrange for transportation.

3. When a student obtains permanent housing, transportation to the school of origin must be provided until the end of the academic year, if it is in the student's best interest to remain in that school. At this point, parents/guardians can choose to enroll the child in the school in the attendance area in which they live. When the child, youth or unaccompanied homeless student's temporary residence and school of origin are two different school districts, the districts will collaborate on the method and cost of transportation. The districts will share the cost of transportation.

Refugee students who are not independently housed may be considered homeless unless families choose to not be considered so. The homeless liaison/interpreters will discuss McKinney-Vento with families to determine if they are homeless. It will be determined based on where the student resides and where the program is for the refugee students if transportation is necessary. If it is deemed unsafe or too far for a non-English speaking homeless student to walk or arrange for their own transportation, then they will be transported the same as other homeless students. The guidelines listed above will be followed in those situations as well.

IMMEDIATE ENROLLMENT

The terms 'enroll' and 'enrollment' are defined to mean attending school and participating fully in school activities. The school selected shall immediately enroll the child/youth, even if the child or youth lacks records normally required for enrollment. Records will immediately be requested from the previous school. Homeless students who do not live with their parents or guardians may enroll themselves in school.

PROCEDURE

The District Administrator has primary administrative-level oversight of the Pecatonica Area School District's services for homeless children and youths. He/she shall be responsible for

- (1) designating a staff member who shall serve as the District's liaison for homeless children and youths,
- (2) providing any required assurances to applicable state and federal agencies that the District is complying with applicable state and federal requirements related to the education of homeless children and youths; and
- (3) reasonably monitoring compliance with such assurances.

The District's liaison for homeless children and youths will work with administrators and other District personnel to periodically review existing policies, procedures, practices, and data to identify and develop proposals to remedy and remove barriers that homeless children and youths may face in the school enrollment and admission processes, in regularly attending school, in accessing applicable support services (such as guidance counselors), in accessing academic programs, academic activities, or extracurricular activities, or in receiving appropriate credit for prior academic work.

The District's liaison for homeless children and youths will also ensure that:

- (1) Homeless children and youths residing in the District are identified by school personnel through outreach and coordination activities with other entities and agencies. Special attention will be given to the enrollment and attendance of homeless children and youths who are not currently attending school.
- (2) Homeless children and youths are enrolled in and have a full and equal opportunity to succeed in schools in the District.
- (3) Homeless families and homeless children and youths have access to and receive educational services for which they are eligible, including services through Head Start, early intervention services under laws applicable to students with disabilities, and other preschool programs.
- (4) Homeless families and homeless children and youths receive referrals to other appropriate services (e.g., health care services, dental health services, mental health and substance abuse services, housing services).
- (5) The parent or guardian of a homeless child and any unaccompanied homeless youth are informed of the educational and related opportunities available to them and are provided with meaningful opportunities to participate in the education of the child/youth.
- (6) Public notice of the educational rights of homeless children and youths is disseminated in locations frequented by parents and guardians of such children and youths, and unaccompanied youths, such as the schools, public libraries and family shelters. The notice shall be disseminated in a manner and form understandable to the parents and guardians of homeless children and youths, and unaccompanied youths.
- (7) Enrollment disputes are mediated in accordance with legal requirements.
- (8) The parent or guardian of a homeless child and any unaccompanied homeless youth are fully informed of transportation services that may be available to them under the law and they are assisted in accessing such transportation services.
- (9) School personnel providing services to homeless children and youths receive professional development and other support. The liaison for homeless children and youths will also receive and participate in professional development and other support activities as required by the Department of Public Instruction, the District and federal law.
- (10) Unaccompanied homeless youths are:
 - a) enrolled in school,
 - b) have opportunities to meet the same challenging academic standards as the District establishes for other children and youths, including receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school, and,
 - c) are informed of their status as independent students under section 480 of the Higher Education Act of 1965 (20 U.S.C. 1087vy) and that they may obtain assistance from the District's liaison for homeless children and youths to receive verification of such status for purposes of the Free Application for Federal Student Aid described in section 483 of such Act.
- (11) Appropriate school personnel assist homeless children and youths with their educational transitions
- (12) The District's Title I plan describes the services the District will provide homeless children and youths to support the enrollment, attendance and success of homeless children and youths.
- (13) Reliable, valid, and comprehensive data needed to meet the established legal

requirements related to homeless children and youths is collected, reported to the public, and provided to the State Coordinator for the Education of Homeless Children and Youths.

- (14) School personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and youths are informed about the liaison's duties.

Unaccompanied and Homeless Youth will be:

- Immediately enrolled even without being able to produce records needed for enrollment
- Provided Transportation to and from the school of origin for the remainder of the academic year even if student finds permanent housing during this time.
- Provided services to students experiencing homelessness, such as free lunch
- Provided their educational rights of homeless children and youth

DISPUTE RESOLUTION:

A homeless child or youth has the right to remain at his or her school of origin (public school that the child attended when permanently housed, or the public school in which the child was last enrolled) or to attend any public school that other students who live in the attendance area are eligible to attend. If the student is eligible to attend more than one school, parents/caregivers or unaccompanied youth will have the option of choosing the school they wish to attend. When a dispute arises over school placement, the Homeless Coordinator or parent/caregiver or unaccompanied youth will complete a statement outlining their dispute (name/birth date of child(ren), school of origin and school of placement) and submit it to the School Psychologist for determination. After a determination is made, a copy of the completed report on the dispute will be provided to the individual. If the matter has not been satisfactorily addressed, the individual may submit a written request for a conference with the Superintendent.

Following the conference, the Superintendent will respond, in writing to the individual. If the matter has not been satisfactorily addressed, the individual may submit a written request to the Board to address the matter. After reviewing all material related to the matter, the Board will grant a hearing. The individual will be advised, in writing, of the Board's decision within five business days following the next regular Board meeting. The student has the right to attend the school of choice (school of origin or school of residence) until the dispute is resolved. The parents/caregivers or unaccompanied youth can contact the State Coordinator for Homeless Education (608) 267-7338 for additional information.

FULL-TIME STUDENTS

WASB: 412

Children attending school in the Pecatonica Area School District will be considered full-time students upon meeting the following criteria at the appropriate grade level.

1. Elementary students must be scheduled for attendance a full day.
2. Secondary students must be scheduled to carry at least six courses that meet daily unless the student is enrolled in Youth Options, a School-to-Work Program, an alternative education program, or other program or curricular modifications approved by the Board (e.g., children at risk programs, school age parent program, gifted and talented programming, homebound instruction).
3. This includes resident students attending a nonresident public school district on a full-time basis under the open enrollment law or a tuition waiver in accordance with state law.
4. Students with disabilities may be scheduled less than the minimum program if so prescribed by an individual education plan (IEP) team.

Title IX of the Education Amendments of 1972 and its implementing regulations in 34 C.F.R. Part 106 (collectively “Title IX”), and Wis. Stat. §118.13 and Wisconsin Administrative Code Ch. PI 9 (collectively “State Law”), prohibit discrimination, including harassment, on the basis of sex against students in an education program or activity. The Pecatonica Area School District (“District”) does not discriminate on the basis of sex in its education programs or activities, and it is required by Title IX not to discriminate in such a manner. The requirement not to discriminate in the District’s education programs and activities extends to admission and employment. Inquiries about the application of Title IX may be referred to the Title IX Coordinator or the Assistant Secretary for Civil Rights of the United States Department of Education, or both. Contact information for the Title IX Coordinator is provided below.

This policy is only intended to address sexual harassment against students and other applicable individuals, other than employees, under Title IX. All other forms of discrimination and harassment (including sexual harassment under State Law) against students or other applicable individuals, other than employees, based on sex, race, religion, national origin (including persons whose primary language is not English), ancestry, creed, pregnancy, marital or parental status, sexual orientation, gender expression, gender identity, gender non-conformity, physical, mental, emotional or learning disability are addressed in Policy 411.

Sexual harassment against employees under Title IX is addressed in Chapter 513.

I. Definition of Sexual Harassment under Title IX

Sexual harassment under Title IX means conduct on the basis of sex that satisfies one or more of the following:

- (1) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct;
- (2) Unwelcome conduct that is ~~so~~ severe, pervasive, and objectively offensive enough that it effectively denies a person equal access to the District’s education program or activity; or
- (3) Sexual assault, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), dating violence, as defined in 34 U.S.C. § 12291(a)(10), domestic violence, as defined in 34 U.S.C. § 12291(a)(8), or stalking, as defined in 34 U.S.C. § 12291(a)(30).

II. Notice of Sexual Harassment under Title IX

When the District has actual knowledge of sexual harassment under Title IX in an education program or activity of the District against an individual, including a student, in the United States, the District shall respond promptly in a manner that is not deliberately indifferent.

“Actual knowledge” means notice of sexual harassment or allegations of sexual harassment under Title IX to (1) the District’s Title IX Coordinator; (2) any official of the District who has authority to institute corrective measures on behalf of the District; or (3) any employee of the District.

“Education program or activity” includes locations, events, or circumstances over which the recipient exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX and the context in which the sexual harassment occurred.

III. Identification of Title IX Coordinators

The District Administrator is designated as the “Title IX Coordinator” and authorized by the District to coordinate its efforts to comply with Title IX and this Policy. The contact information for the Title IX Coordinator is as follows:

Dr. Dani Scott
Pecatonica Area School District
704 Cross Street
Blanchardville, WI 53516
Phone:(608) 523-4248
Email: dscott@pecatonica.k12.wi.us

IV. Reporting Sexual Harassment under Title IX

Any employee or any official of the District who has authority to institute corrective measures with actual knowledge of sexual harassment under Title IX must immediately report sexual harassment to the Title IX Coordinator. In the event that the sexual harassment involves conduct by the Title IX Coordinator against a student, such employees or officials must report the alleged conduct to the District Administrator.

Any person (including a person not alleged to be the victim of sexual harassment) may report sexual harassment at any time, including during non-business hours, to the Title IX Coordinator by mail, by telephone, by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report.

V. Response to Report of Sexual Harassment under Title IX

When the District has actual knowledge of sexual harassment under Title IX, a complainant and respondent may be identified (collectively “parties”). A complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.

The Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without filing a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party, while protecting the safety of all parties and the District’s educational environment; and deterring sexual harassment.

Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures.

VI. Emergency Removal/Administrative Leave

The District may remove a respondent from the education program or activity on an emergency basis. Before any emergency removal is permitted, the District shall (1) undertake an individualized safety and risk analysis, (2) determine that an immediate threat to the health or safety of students or other individual justifies removal, and (3) provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. The District may place a non-student employee respondent on administrative leave, including during the pendency of a grievance process. The District shall also comply with any applicable requirements under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and the Individuals with Disabilities Education Act when removing a respondent from the education program or activity or placing a respondent on administrative leave.

VII. Formal Complaint

A formal complaint is a document filed by a complainant, or filed by a parent or guardian on behalf of a complainant, or signed by the Title IX Coordinator, alleging sexual harassment against a respondent and requesting the District investigate the allegation of sexual harassment. At the time a formal complaint is filed (either by the complainant, parent or guardian, or the Title IX Coordinator), the named complainant must be participating in or attempting to participate in the education program or activity of the District.

A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, by using the contact information for the Title IX Coordinator, or by any additional method designated by the District. A document filed by a complainant means a document or electronic submission that contains the complainant's physical or digital signature or otherwise indicates that the complainant, or a parent or guardian acting on behalf of a complainant, is the person filing the formal complaint. If the District receives a formal complaint, the District must follow the grievance process below.

VIII. Grievance Process

The District's grievance process shall include all the basic requirements under Title IX. Any individual designated by the District as a Title IX Coordinator, investigator, decision-maker, appeal-decision maker, or facilitator of an informal resolution shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

In addition, there shall be a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

A. Written Notice

Upon receiving a formal complaint, the District shall provide a written notice to the parties who are known. The written notice shall be provided to the parties within forty-five (45) days of receipt of the formal complaint.

The written notice shall include:

1. Notice of the District's grievance process, including any informal resolution process;
2. Notice of the allegations potentially constituting sexual harassment, including sufficient details known at the time of the notice (identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident);
3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
4. A statement that the parties may request to inspect and review evidence that is directly related to the

allegations raised in the formal complaint;

5. A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney; and
6. Notice to the parties of any provision in the District's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

The notice described above shall be provided to the parties with sufficient time to prepare a response before any initial interview. If, during an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the notice, the District shall provide notice of the additional allegations to the parties whose identities are known.

B. Dismissal of Formal Complaint

If the conduct alleged in a formal complaint: (1) would not constitute sexual harassment as defined under Title IX even if proved; (2) did not occur within the District's program or activity; or (3) did not occur against a person in the United States, the District **must** dismiss the formal complaint with regard to that conduct. If dismissal is required, the District must promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties. Dismissal of a formal complaint does not preclude action under the District's code of conduct.

The District **may** dismiss a formal complaint if, at any time during the investigation, any of the following occurs: (1) the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint; (2) the respondent is no longer enrolled in or employed by the District; or (3) specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint.

If such dismissal occurs, the District must promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties. If dismissed, the District will review whether the complaint should be investigated under other applicable policies.

C. Consolidation

The District may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

D. Informal Resolution

Following the filing of a formal complaint, and at any time prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, including mediation, which does not involve a full investigation and adjudication. An informal resolution process is not available to resolve allegations that an employee sexually harassed a student, and the District shall not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment under Title IX. The District shall not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed.

Before conducting any informal resolution process, the District will provide to the parties a written notice

disclosing: (1) the allegations; (2) the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, if any; (3) that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the formal complaint process; and, (4) any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared and whether the facilitator of the informal resolution process may be a witness in any subsequent formal complaint process. The District will obtain the parties' voluntary written consent to the informal resolution process. Any such informal resolution process shall be resolved within thirty (30) days of the written notice described in this paragraph, unless additional time is needed as determined by the District.

E. Investigation of Formal Complaint

The District shall designate an investigator to investigate the allegations in a formal complaint and ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties. The investigation process instituted by the District shall treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent and by following a grievance process

that complies with Title IX before imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

During the investigation, the District shall:

1. Not restrict the ability of either party to gather and present relevant evidence, or to discuss the allegations under investigation;
2. Provide equal opportunity for the parties to present witnesses and other inculpatory and exculpatory evidence;
3. Provide the parties with the same opportunities to have others present during any complaint proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. However, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
4. Provide to the party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
5. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, as well as inculpatory and exculpatory evidence, whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation;
6. Prior to completion of the investigative report, send to each party and the party's advisor, if any, the evidence subject to inspection and review, in an electronic format or a hard copy, and the parties shall have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report;

7. Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or hard copy, for their review and written response; and,
8. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

F. Determination Regarding Responsibility

The District shall identify a decision-maker (other than the Title IX Coordinator, investigator, and facilitator of an informal resolution) who will issue a written determination regarding responsibility on the formal complaint. To reach this determination, the decision-maker will apply the preponderance of the evidence standard.

After receipt of the investigative report and before reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such evidence about the complainant's prior sexual behavior is offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concerns specific incidents of the complainant's prior sexual behavior with respect to the respondent and is offered to prove consent. The decision-maker must explain to the party proposing the questions any decision to exclude questions as not relevant.

The decision-maker must make an objective evaluation of all relevant evidence (both inculpatory and exculpatory) and must not make credibility determinations based on a person's status as a complainant, respondent, or witness.

G. Decision-maker's Written Determination

The decision-maker will apply a preponderance of the evidence standard in issuing a written determination. The written determination shall include all of the following:

1. Identification of the allegation(s) potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District imposes on the respondent, and whether remedies designed to restore or preserve access to the District's education program or activity will be provided by the District to the complainant; and,
6. The District's procedures and permissible bases for the complainant and respondent to appeal, including

notice of the right of a student complainant to appeal a final determination to the state superintendent of public instruction and procedures for making that appeal.

The District will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

H. Possible Sanctions and Remedies

The District may implement a range of possible sanctions and remedies following a determination of responsibility. The range of remedies include counseling, no-contact orders, or other appropriate remedies. The range of sanctions include suspension, expulsion, or other disciplinary sanctions.

I. Supportive Measures

The District may provide a range of supportive measures available to complainants and respondents. The range of supportive measures include those identified above.

J. Appeal

The District shall identify an individual to serve as a decision-maker on the appeal (other than the Title IX Coordinator, investigator, decision-maker, and facilitator of an informal resolution).

The District shall offer both parties an appeal from a determination regarding responsibility or from a dismissal of a formal complaint. An appeal must be filed within ten (10) days of issuance of the written determination on responsibility or dismissal of a formal complaint and may be based upon any of the following:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility was made, that could affect the outcome of the matter; and,
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally, or the individual complainant or respondent, that affected the outcome of the matter.

As to all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
2. Ensure that the appeal decision-maker is not the same person as any investigator(s), decision-maker(s) that reached the determination of responsibility or dismissal, the Title IX Coordinator, or the facilitator of an informal resolution;
3. Ensure that the appeal decision-maker complies with the standards set forth in 34 C.F.R. § 106.45(b)(1)(iii);
4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;

5. Issue a written decision describing the result of the appeal and the rationale for the result, which shall be issued within thirty (30) days of the filing of the appeal, unless the appeal decision-maker needs additional time; and,
6. Provide the written decision on appeal simultaneously to both parties.

K. Timeframe for Determination

The conclusion of the grievance process, including any appeal, shall be done in a reasonably prompt timeframe, but no more than ninety (90) days from the date the complaint is received. The parties may agree to an extension of the 90-day timeframe to complete the grievance process or extend this timeline for good cause, as permissible by law.

IX. Retaliation Prohibited

Neither the District nor any person may intimidate, threaten, coerce or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this Policy, or because the individual has made a report or complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding or hearing under this Policy.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Complaints alleging retaliation may be filed according to the complaint procedures for sexual harassment under this Policy.

X. Confidentiality

The District shall keep confidential the identity of any person who has made a report or complaint of sexual harassment under Title IX, any complainant, any individual who has been reported to be the perpetrator of sexual harassment, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (“FERPA”), as required by law, or to carry out the purposes of this Policy or Title IX, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

The District may not access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains the voluntary written consent of the party or the party’s parent or guardian.

XI. Recordkeeping

The District shall maintain for a period of seven years, records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve access to the District’s education program or activity;

2. Any appeal and the result therefrom;
3. Informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process with regard to sexual harassment.

The District shall create and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

With respect to each response, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it took measures designed to restore or preserve access to the District's educational program or activity. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

XII. Training

The District shall ensure that the Title IX Coordinators, investigators, decision-makers, appeal decision-makers and facilitators of informal resolution processes, receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including appeals and informal resolution processes, if applicable, for the purpose of protecting the safety of students, ensuring due process protections for all parties, and promoting accountability.

The District shall ensure decision-makers receive training on issues of relevance of questions and evidence, including questions and evidence about a complainant's prior sexual behavior. The District shall also ensure investigators receive training on how to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and facilitators of informal resolutions may not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

XIII. Pupil Harassment under State Law

Under state law, pupil harassment includes behavior towards pupils based, in whole or in part, on sex, which substantially interferes with a pupil's school performance or creates an intimidating, hostile, or offensive school environment. Any such pupil harassment may be reported to the Title IX Coordinator. The Title IX Coordinator shall be responsible for addressing such allegations, including conducting an investigation, if appropriate,

pursuant to this Policy and Policy 411.

If a student, or parent or guardian acting on behalf of the student, files a complaint alleging harassment on the basis of sex only under state law, the Title IX Coordinator shall consider any appropriate action, including requiring the student to follow any general student harassment procedure adopted to comply with state law prohibiting harassment based on sex. However, the Title IX Coordinator may determine that it is appropriate to proceed with the complaint under this Title IX Sexual Harassment policy, including resolution of the allegations under the grievance process.

Title IX regulations, 34 C.F.R. Part 106
Wis. Stat. §118.13
Wisconsin Administrative Code PI 9

ADOPTED: August 17, 2020

REVISED: July 19, 2021
April 18, 2022

SCHOOL ADMISSIONS

All school age children residing in the Pecatonica Area School District shall be admitted and not discriminated against. Students seeking admission in the district shall meet the state entrance age requirements and shall reside within established district boundaries, except as otherwise provided by law and/or board policy. Verification of a parent's residence shall be required at the time the child registers in a District school. Verification of residence may also be required at any other time at the discretion of the District Administrator.

Students transferring into the district from other schools or educational programs shall provide a transcript of academic accomplishments at the previous school, or the address from which this data may be secured. If sufficient academic information is not available, students may be required to take appropriate academic tests to assist in making a placement.

Students admitted to the district shall present immunization records as required by law. A child may be exempt from the required health examination and/or immunization upon written request of the parent of such child stating the objection to examination and/or immunization on religious grounds, personal conviction, or for medical reasons certified by a competent medical authority. Students entering kindergarten in the district may also be requested to provide evidence that their eyes have been examined by an optometrist or evaluation by a physician.

The District shall not discriminate in admissions to any school, class, program or activity or facility usage on the basis of sex, race, color, national origin, ancestry, creed, pregnancy, marital or parental status, religion, sexual orientation, gender identity, physical, mental, emotional or learning disability/handicap, or homelessness status. This policy does not, however, prohibit the District from placing a student in a school, class, program or activity based on objective standards of individual performance or need. Discrimination complaints shall be processed in accordance with established complaint procedures.

Nothing in this policy shall prevent the District from denying the admission of a student during the term of his/her expulsion from this or another public school district in Wisconsin.

Nothing in this policy shall prevent the District from denying the admission of a student when the student is enrolled in another school except as required by law.

ENTRANCE AGE

The Board of Education shall establish student entrance age requirements which are consistent with Wisconsin Law and sound educational practice and which ensure equitable treatment.

A. Kindergarten

1. A child is eligible for entrance into four (4) year old kindergarten if s/he attains the age of four (4) on or before September 1st of the year in which s/he applies for entrance and meets the residency requirements.
2. A child is eligible for five (5) year old kindergarten when s/he attains the age of five (5) on or before September 1st of the year in which s/he applies for entrance and meets the residency requirements. The child may not be placed in an alternative program without the permission of the parent.

B. First Grade

A child must be six (6) years of age on or before September 1st in the year in which s/he enrolls. A student must have completed a kindergarten program or must receive a waiver of this requirement.

C. Early Entrance

Students entering four-year-old kindergarten will not be considered for early admission.

Early admission to five-year-old kindergarten or first grade may be granted in exceptional cases in accordance with procedures developed by the administration. The District Administrator has the final authority for deciding whether or not a child is to be admitted early to five- year-old kindergarten or first grade.

CROSS REF.: 420 - School Admissions
421-Rule- Procedures for Early and Delayed Admissions to Kindergarten
421.1 - First Grade Admission

APPROVED: December 22, 2010

REVISED: May 16, 2022
May 15, 2023

PROCEDURES FOR EARLY ADMISSIONS TO KINDERGARTEN

Parents/guardians seeking to enroll their child in 5K early, need to comply with the following procedure. By doing so, it will ensure that the district will have time to include the student in the screening process, enabling district personnel to obtain information regarding the child's abilities relating to school readiness. This process will allow for discussion of testing results, options and determination of final recommendation about student's delayed entrance request.

Because it is this district's policy to recommend ONLY those students who demonstrate a potential for success in Kindergarten and for adjusting/coping with the school environment, this specific information is essential.

Early Entrance Request Procedures:

Step 1: Parent/Guardian must apply in writing to district office prior to February 1. Delayed or early entrance Requests for students who move into the district after February 1st filing date will be handled on an individual basis.

Step 2: After the application has been received the family will be invited for an interview with the school psychologist, the director of special education and pupil services, and the elementary building principal.

Step 3: Based upon the outcome of the interview the school psychologist will conduct an evaluation, which may include assessments, screeners and observations, in order to determine the child's potential for success in, and ability to cope with, the school environment. The evaluation will occur in a reasonable amount of time (usually within one month). The school psychologist will be looking for indicators to help determine the child's potential benefit from early admittance.

A. Early Entrance: The child needs to demonstrate skills above a 5 year old level on tests and/or score 1.75 standard deviations above the mean on a standardized assessment.

Step 4: Following the evaluation, an Educational Team will reconvene with the parents to share results of the evaluation and to make a placement recommendation. The team may include any of the following: grade appropriate teaching staff, School Psychologist, Elementary Principal. This conference should take place prior to the May School Board meeting unless referral is received after May in which case the conference will occur as soon after evaluation as scheduling allows and prior to the August Board meeting.

Step 5: Based on above conference, recommendation to the Board of Education will be made by the District Administrator prior to the May School Board meeting. The Board of Education will make the final decision. Parents will be notified in writing prior to May 30th or prior to the start of the school year if requests are received after May.

FIRST GRADE ADMISSION

In order to be admitted to first grade in the District, a child must be at least six (6) years of age by September 1st of the year he/she proposes to enter first grade and have successfully completed five-year-old kindergarten or applied for and been granted an exemption.

Admission to first grade under the age of six (6) may be permitted if: (1) the child has successfully completed a five-year-old kindergarten program or its equivalent, or (2) the child demonstrates the academic and developmental readiness skills expected for successful participation in first grade. Evidence must exist that the child's educational welfare would best be served by placement in the first grade.

A child who is six years of age on or before September 1st of the year he/she proposes to enter first grade but has not completed five-year-old kindergarten may be admitted to the first grade if the child meets any of the following requirements:

1. The child has successfully completed an educational program for five-year-old children in a private school or licensed day care center that the District deems equivalent to public school five-year-old kindergarten. Documentation of program completion shall be required.
2. The child demonstrates academic and developmental readiness skills expected for successful participation in the first grade. Evidence must exist that the child's educational welfare would best be served by placement in the first grade.
3. Before either commencing or completing first grade, the child moved into Wisconsin from a state, country or territory in which the completion of five-year-old kindergarten is not a prerequisite to entering the first grade.
4. Before either commencing or completing first grade, the child moved into Wisconsin from a state, country or territory in which the completion of five-year-old kindergarten is a prerequisite to entering the first grade and the child was exempted from the requirement to complete five-year-old kindergarten in the state, country or territory.

The decision to grant admission to first grade before the legal entrance age and/or without completion of five-year-old kindergarten shall be made by the building principal. The building principal may consult with other school staff as appropriate when making this decision.

If first grade admission is denied under this policy, the child's parent or guardian may appeal the principal's decision to the District Administrator. The District Administrator shall meet with the child's parent or guardian to discuss the first grade admission request, review relevant student data related to the request, and then make a decision regarding the child's first grade admission. The District Administrator's decision regarding the request shall be final.

A child who is of compulsory attendance age (six years old), who has not completed five-year-old kindergarten, and who has not been granted an exemption to the mandatory kindergarten completion requirement shall be placed in five-year-old kindergarten in the District or be expected to meet compulsory attendance requirements through other means authorized by state law.

ADMISSION OF NONRESIDENT STUDENTS

Administration and the Board will evaluate requests for admittance to the Pecatonica Schools. The Pecatonica Area Schools are tuition free to all students of school age who reside in the District and those nonresident students who are eligible under legal requirements, this policy, tuition waivers, and the public school open enrollment policy. Other nonresident students may be admitted to a District school with the approval of the administration and Board, and payment of tuition in accordance with legal requirements. Determination of optional tuition waivers shall be made by the Superintendent/designee, when authorized by law, after consideration of classroom space and potential overcrowding, family circumstances, personal, social, and emotional history, academic standing, past history, etc. Transportation will not be provided by the District.

Non-resident pupils, after admittance to the District, shall have all the rights and privileges of resident pupils and shall be subject to the same rules, regulations, and fees as resident pupils.

Nonresident students, in addition to public school open enrollment students, shall be admitted to schools in the District on a tuition-free basis under the following conditions:

1. Any student who attained senior status while a resident of the District but who no longer resides in the District shall be allowed to continue to attend school in the District without payment of tuition.
2. The District shall consider those students who are homeless or in foster placement to be residents unless residency is determined to be in another district.
3. If a parent (or adult student) presents information to the District certifying that the parent (or adult student), his/her child, or a member of the parent's household is a participant in the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice, the Board shall use the address designated by the Department of Justice to serve as the student's address for enrollment purposes. The District shall place a copy of any certification provided by the parent in the enrollment files.
4. Foreign students participating in a bona fide foreign-exchange program may be admitted consistent with Federal law.
5. Students whose parents do not reside within the District, but who present evidence that they will move into the District within a short period of time, may enroll in the schools of this District as tuition students for the time not in residence. Tuition will be refunded in accordance with State law.
6. Nonresident students may be accepted into the District's program under either the Part-Time or Full-Time Open Enrollment Program. Nonresident students accepted into the District's Part-Time Open Enrollment Program may attend no more than two (2) courses at any time.

The School Board is not required to enroll a student during the term of his/her expulsion from another school district.

Public School Open Enrollment

This policy shall be administered in accordance with the state public school open enrollment law. The Board authorizes the Superintendent and/or his/her designee to act on applications for the open enrollment program subject to any policies and criteria adopted by the Board.

Non-Resident Open Enrollment Students (Open Enrollment “In”)

A non-resident student may apply for full-time enrollment in a district school or program under the open enrollment program in accordance with state law. The district shall consider the following criteria when accepting or rejecting a non-resident student’s application for full-time enrollment:

1. The availability of space in the schools, programs, classes or grades with the District. When determining space availability, consideration shall be given to such factors as class size limits, student-teacher ratios, the number of students currently attending District schools whose tuition is paid by another school district, and enrollment projections. The District shall give preference in accepting full-time open enrollment applications to any nonresident students already attending school in the District and their siblings. If the District receives more nonresident student applications for full-time enrollment than there are spaces available, the District shall determine which students to accept (including students on a waiting list) on a random basis.
2. Whether the special education program or related services described in the students’ individualized education program (IEP) are available in the District and whether there is space available in the special education program identified in the student’s IEP. If a nonresident student’s IEP changes after the student begins attending school in the District and the special education program or services required by that IEP are not available in the District or there is no space available in the special education program identified in the IEP, the District may deny the student’s continued enrollment in the District. The District cannot deny an open enrollment request for a student with disabilities because it may place an undue financial burden on the District to grant such a request.
3. Whether the student has been reported or identified as having a possible disability, but not yet evaluated by an IEP team in the resident district.
4. Whether the District has determined that the student was habitually truant from the District during any semester of attendance at the District in the current or previous school year. If this determination has been made, the District may prohibit the student from attending school in the District under the full-time public school open enrollment program in the succeeding semester or school year.

The District shall not accept any student for full-time enrollment who has been expelled by any school district during the current school year or preceding two school years for specific conduct or who has disciplinary proceedings pending on such conduct. This policy provision applies to the following student conduct: endangering the health, safety or property of others, conveying or causing to be conveyed a “bomb” threat involving school property; possessing a dangerous weapon while at school or under the supervision of a school authority; or, engaging in conduct while not at school or while not under the supervision of a school authority that endangered the health, safety or property of others at school or under the supervision of a school authority or any employee of the school district or member of the school board. If any of these disciplinary actions occur after the student has been accepted for enrollment and prior to the beginning of the school year in which the nonresident student first enrolls in the District, the student’s enrollment is denied. The District may also deny the enrollment of any student

who has been expelled from another Wisconsin public school district, no matter what the reason for the expulsion, during the term of the student's expulsion.

Full-time open enrollment students attending elementary school in the District shall be required to reapply for enrollment prior to admission to middle school.

A nonresident public high school student may apply for enrollment in a specific course(s) in the District in accordance with state law and established procedures. The District shall use the same criteria for accepting and rejecting course applications for nonresident students as resident students, except that the District shall give preference in attendance in a course to resident students.

Except as otherwise provided, student transportation shall be the responsibility of the nonresident student's parent(s)/guardian(s) or the student, if an adult.

- The District shall provide transportation for nonresident students with disabilities if it is required in the student's IEP.
- The District may provide student transportation to or from a location within the boundaries of the student's resident district with approval of the student's resident school board.

Nonresident open enrollment students attending school or classes in the District shall have all the rights and privileges of resident students and shall be subject to the same rules and regulations as resident students.

Resident Open Enrollment Students (Open Enrollment "Out") Resident students may apply for full-time open enrollment in another public school district in accordance with state law:

District high school students may apply for enrollment in individual courses at other public school districts in accordance with state law.

- Students may enroll in no more than two courses at any time in other public school districts. The District may reject a student's application to attend a course in another public high school if the cost of the course would impose an undue financial burden on the District.
- The District shall reject a student's application to attend a course in another public school district if the course conflicts with the student's IEP.
- The High School Principal shall determine whether a course to be taken at another public high school satisfies District graduation requirements and shall inform the resident student if it does not meet such requirements prior to beginning the course.

The parent(s)/guardian(s) of a resident open enrollment student shall be responsible for providing student transportation. Requests from other school districts to enter the boundaries of the District for the purpose of providing optional transportation to resident open enrollment students shall be denied.

Alternative Application Procedures

The parent of a nonresident student who wishes to attend district schools may submit an application under this section no earlier than July 1 and no later than the last day of the school year during which the pupil will first attend. A form provided by the Department of Instruction is to be used to apply. At least one of the criteria described in Paragraph A, below shall be applicable.

A. Criteria for Alternative Application Procedures

The parent of the nonresident student may apply under this section only if the student meets one of the following criteria, and shall describe the criteria that the student meets in the application. The parent shall answer all applicable questions on the application completely and accurately. Missing information as required on the form may be requested to process the application.

1. The resident board determines that the student has been the victim of a violent criminal offense, as defined by the Department by rule. An application made on the basis of this criteria is not valid unless the nonresident board receives the application within 30 days after the determination of the resident board.
2. The student is or has been a homeless student in the current or immediately preceding school year. In this subdivision, "homeless student" means an individual who is included in the category of homeless children and youths, as defined in 42 USC 11434a (2).
3. The student has been the victim of repeated bullying or harassment and all of the following apply:
 - a. The student's parent has reported the bullying or harassment to the resident school board; and
 - b. Despite action taken, the repeated bullying and harassment continues
1. The place of residence of the student's parent or guardian and of the student has changed as a result of military orders. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after the date on which the military orders changing the place of residence were issued.
2. The student moved into this state. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after moving into this state.
3. The place of residence of the student has changed as a result of a court order or custody agreement or because the student was placed in a foster home or with a person other than the student's parent, or removed from a foster home or from the home of a person other than the student's parent. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after the student's change in residence.
4. The District will review information and rationale provided by the parent/guardian on an alternative open enrollment application which relies upon the "best interests of the student" criteria, and make a determination as to whether the District agrees that attending school in the nonresident district is in the student's best interest. The application must explain the reasons for requesting this exception and why attendance at the nonresident school district is in the best interests of the student. If the District determines that attendance would not be in the student's best interests, the application shall be denied on that basis.

B. Nonresident Applications

If the District receives a nonresident student's application under this section, the District shall immediately forward a copy of the application to the resident board, and shall notify the applicant, in writing, whether it has accepted the application no later than 20 days after receiving the application. The District will determine whether the applicant meets the criteria for alternative application procedures in this section, and consider the criteria for nonresident applications described in previous sections of this policy. If the Board has taken action in January to limit the number of spaces that will be available for applications that are submitted under the regular

application period for the following school year, then the District shall not approve any alternative applications in the schools, grades, programs or services with limited spaces that are submitted for the current school year after the date of the January school board meeting. Further, the District shall deny any alternative applications for a particular school, grade, program or service for the current school year that are received on or before the date of the Board meeting in January where space availability for open enrollment is again considered if, due to space considerations, the District did not approve all otherwise-eligible regular-period application(s) for that particular grade or program for the same school year. If the District has accepted the application, the District shall identify the specific school or program that the student may attend.

If the District accepts a nonresident application under this section, the student may immediately begin attending a school or program in the District, and shall begin attending the school or program no later than the 15th day following receipt by the parent of the student of the notice of acceptance. If the student has not enrolled in or attended school in the District by the day specified in this paragraph, the District may notify the student's parent, in writing, that the student is no longer authorized to attend the school or program in the district.

C. Resident Applications

If the District receives a resident student's application under this section, the District may notify an applicant that he/she may not attend a school or program in the nonresident school district, if the District determines that the criteria relied on by the applicant does not apply to the student.

There is no provision in the statutes for parents to appeal a nonresident school district's open enrollment alternative application decision.

A resident school district's decision to deny an open enrollment alternative application may be appealed to the Department of Public Instruction within 30 days of receiving the notice of denial.

OPEN ENROLLMENT

Public School Open Enrollment Procedures

A. Nonresident Student Open Enrollment Application (Open Enrolled “In”)

1. Full-Time Enrollment

1. The parent(s)/guardian(s) of a nonresident student who wishes to attend school in the Pecatonica Area School District shall submit the required application. The application shall be submitted during the open enrollment period as authorized by Wisconsin State Statute, in the school year immediately preceding the school year in which the student wishes to attend. The District shall send a copy of the application to the student’s resident school board and to the Department of Public Instruction (DPI) within the period authorized by the DPI.
- b. Applications may be submitted to no more than 3 nonresident schools boards for any pupil in any school year.
- c. Upon receipt of the application, it will be forwarded to the District Administrator or his/her designee for review and recommendation. All applications shall be reviewed using the acceptance or rejection criteria outlined in Board policy. No action shall be taken on any application until the Monday following the closure of the application period as authorized by the DPI. District decisions on full-time open enrollment applications will be made no earlier than May 1st and no later than the first Friday following the first Monday in June, unless otherwise provided by the DPI. The District will make decisions regarding applications submitted under the Alternative Application Procedures of Policy 423 pursuant to the timelines specified in that section.
- d. On or before the first Friday following the first Monday in June following receipt of the application, the applicant shall be notified in writing, whether the application has been accepted. This determination shall be made in consultation with other appropriate staff and in accordance with established District policies and procedures. If accepted, the specific school or program that the applicant may attend in the following school year will be identified. If the application is rejected, the notice shall include the reason(s) for the rejection and whether the applicant has been placed on a waiting list.
- e. If the application has been accepted by the District, and not rejected by the student(s) resident school board, the District Administrator or his/her designee will determine which school or program the nonresident student may attend in the following year. This determination shall be made in consultation with other appropriate staff and in accordance with established District policies and procedures. Within two weeks from the closure of the application period, the

applicant shall be notified, in writing, of the specific school or program that the student may attend in the following school year.

- f. On or before the last Friday in June following receipt of the notice of acceptance or no later than 10 calendar days following receipt of notice of acceptance from a waiting list, The nonresident student's parent(s)/guardian(s) shall notify the Board of the student's intent to attend school in the District in the following school year. If the parent does not make timely notification, the nonresident district may determine that the pupil will not attend and may offer the space to the next pupil on the waiting list.
- g. Annually by June 30, the resident district school boards shall be notified of the names of the students from the resident district who will be attending school in the District the following year.

Waiting List:

Unless the open enrollment applicant meets the criteria for rejection established in Board Policy 423, the District will conduct a random drawing should it receive more applications than there are spaces available. Once all available spaces have been filled on a random basis as described below, the District will then establish a waiting list of the nonresident applicants.

Each open enrollment application will be assigned a number. All numbers from the applications will be placed into a container. In the presence of at least two other staff members, a blind drawing of the numbers will be conducted with each number written down on a list in the order they are drawn. The drawing will continue until all numbers have been drawn. A student with a disability will be included in any random selection held before the District considers the availability of and the space within the special education program that is required by the student's IEP. If at any time during the selection process, one student application from a family is chosen and the student is eligible for acceptance under all applicable criteria, the District shall give immediate consideration to the applications for the remaining siblings of the family who applied for open enrollment at the same time, and amidst such otherwise eligible siblings for whom there is space available at that point in the process. Students not approved due to space constraints will hold their position on the list until the time that an opening in the needed grade and programming occurs.

Parents/guardians will be notified in writing if a space becomes available, including notification of the school or program to which the student has been assigned. If the District notifies a parent/guardian of acceptance on or after 10 days prior to the last Friday in June, the parent/guardian shall have 10 calendar days to respond to the placement offer; otherwise the parent/guardian must respond to the notice no later than the last Friday in June. The notice to the parent shall include the following:

- 1. Notice that the student has been accepted from the waiting list and a written notice of the school or program to which the student will be assigned; and
- 2. The date by which the parent must notify the nonresident school board whether the student will attend the nonresident school district and the procedures the parent must follow to do so.

If the parent/guardian does not respond in the allotted time, the space will be offered to the next student on the waiting list.

The District may accept students from a waiting list created under this section until the 3rd Thursday in September but only if the student will be in attendance at the school or program in the nonresident school district on the 3rd Friday in September.

1. Part-Time Enrollment

- a. The parent(s)/guardian(s) of the nonresident public high school student who wishes to take course(s) in the District shall submit the required application. The application shall specify the course that the student wishes to attend and may specify the school(s) at which the student wishes to attend the course. The application shall be submitted no later than six weeks prior to the date the course is scheduled to commence. The District shall send a copy of the application to the student's resident board.
- b. Upon receipt of the application, it will be forwarded to the District Administrator or his/her designee for review and actions. All applications shall be reviewed and acted upon using the acceptance/rejection criteria outlined in related Board policies and procedures. No later than one week prior to the date the course is scheduled to commence, the District Administrator or his/her designee shall notify the applicant and the resident school board, in writing, of whether the application has been accepted and the school at which the student may attend the course. If the application is rejected, the notice shall include the reason for the rejection. If accepted, the acceptance applies only for the following semester, school year or other session in which the course is offered.
- c. The parent(s)/guardian(s) of the nonresident student accepted for enrollment shall notify the District of the student's intent to attend a course in the District prior to the date the course is scheduled to commence.

B. Resident Student Open Enrollment Applications

1. Full-Time Enrollment

- a) Upon receipt of a copy of the resident student's application to attend a school or program in another public school district, school office staff shall forward it to the District Administrator or his/her designee for review and recommendation.
- b) All applications shall be reviewed using the criteria outlined in Board policy. The District Administrator or his/her designee shall submit recommendations regarding acceptance or rejection of applications to the Board for action. If the application is rejected, the applicant and the nonresident school board shall be notified, in writing, that the application has been rejected. This notification shall be made on or before the first Friday following the first Monday in April June. This notice shall include the reason(s) for the rejection.
- c) Special Procedure for Resident Not Enrolled in the District – Students who reside in the District but have been enrolled in a private school or home-based private educational program and students who did not reside in the Pecatonica Area School District at the time of applying for full-time open enrollment in another school district must formally enroll in the District prior to attending in another public school district under the full- time open enrollment program.

1. Part-Time Enrollment

- a) Upon receipt of a copy of the resident high school student's application to attend a course(s) in another public school district, school staff shall forward it to the District Administrator or his/her designee for review and action.

- b) All applications shall be reviewed using the criteria outlined in Board policy. If the application is rejected, the applicant and the nonresident school board shall be notified, in writing, that the application has been rejected. This notification shall be made no later than one week prior to the date the course is scheduled to commence. This notice shall include the reason(s) for rejection.

C. Appeal of Rejection

- 1. If an application for open enrollment is rejected as outlined above, the student's parent(s)/guardian(s) may appeal the decision to the Department of Public Instruction within 30 days after the decision.

STUDENT ATTENDANCE

The Pecatonica Area School Board believes that truancy and excessive excused absences affect a student's education and increase the chance of failure. Therefore, it is of the utmost importance for students to attend school regularly. In accordance with state law, all children between the ages of six and 18 must attend school full-time until the end of the term, quarter or semester in which they become 18 years of age, unless they:

- 1) are excused temporarily from school attendance for personal illness or other reason defined in state law and/or the District's administrative procedures implementing this policy;
- 2) have been authorized to attend an alternative educational program, or participate in another program or curriculum modification, leading to high school graduation or a high school equivalency; or
- 3) have graduated from high school.

Five-year-old kindergarten students shall also be expected to attend school regularly during the full period and hours that kindergarten is in session during the school year.

Procedures shall be developed by the administration to enhance the full attendance requirement and to determine appropriate action to serve as a deterrent to truancy. These procedures shall be in accordance with Iowa and Lafayette County ordinances and state law requirements. The District shall not deny student credit in a course or subject solely because of a student's unexcused absences.

STUDENT ATTENDANCE/TRUANCY PROCEDURES

A. Student Attendance Officer

1. The building principal or designee shall serve as the attendance officer for his/her assigned school in the District and deal with all matters relating to school attendance and truancy.
2. Each school shall determine daily which students enrolled in the school are absent from school and whether that absence is excused in accordance established codes of conduct, board policies and procedures, state law, conduct/behavior as outlined by the student handbook and as stated in rules established by building principals for each school.
3. The school attendance officer or designee shall notify the parent/guardian of a student who has been truant of the student's truancy and direct the parent/guardian to return the student to school no later than the next day on which school is in session or to provide an excuse. "Truancy" means any absence of part or all of one or more school days during which the school attendance officer or teacher has not been notified of the legal cause of such absence by the parent/guardian of the absent student. The notice under this paragraph must be given before the end of the second school day after receiving a report of an unexcused absence and may be made by personal service, mail, email, or telephone call on which a written record is kept.
4. The school attendance officer shall notify the parent/guardian of a student who initially meets the criteria of a habitual truant by registered or certified mail in accordance with state law and outlined procedures. "Habitual truant" means a student who is absent from school without an acceptable excuse for part or all of five days on which school is held during a school semester. The habitual truancy notice shall include the following:
 - a. A statement of the parent's/guardian's responsibility under state law to cause the student to attend school regularly.
 - b. A request that the parent(s)/guardian (s) meet with appropriate school personnel to discuss the student's truancy. The notice must include the name of the person with whom the parent(s)/guardian(s) should meet; a date, time and place for the meeting; and the name, address and phone number of a person to contact to arrange a different date, time or place if the original date is inconvenient. The date for the meeting must be within five school days after the date the habitual truancy notice has been sent to the student's parent(s)/guardian(s). With the consent of the student's parent(s)/guardian(s), however, the date of the meeting may be extended for an additional five school days.
 - c. "Under state law, the following penalties may be imposed on parents or guardians for contribution to truancy: 1. For the first offense, by a fine of not

more than \$500 or imprisonment for not more than 30 days or both; 2. For a second or subsequent offense, by fine of not more than \$1,000 or Imprisonment for not more than 90 days or both. The court may require a person who is subject to penalties to perform community service work for a public agency or a nonprofit charitable organization in lieu of the penalties specified. The court may order any person who violates this section to participate in counseling at the person's own expense or attend school with his/her child or both. (Section 118.15(5)(a) and (am), Wis.Stats)"

5. The school attendance officer shall furnish student attendance information to appropriate agencies for purposes authorized by state law and in accordance with the District's student records policy and procedures.
6. The school attendance officer may contact home-based private educational programs to attempt to discover whether such programs meet the program criteria established by law. All such contacts shall be documented.

B. Student Absences and Excuses

1. The responsibility for regular school attendance rests with the student, and the student's parent(s)/guardian(s).
2. Prior Parent Excused Absences
 - a. Any student excused in writing by his/her parent(s)/guardian(s) prior to an absence is excused from school attendance. A student may be excused by the parent(s)/guardian(s) under this provision for not more than ten (10) days in the school year. Students so excused are responsible for making up work missed during the absence. Examples of prior parent-excused absences are family trips/vacations, medical, dental or other professional appointments, and court appearances/legal proceedings known in advance.
3. Other District-Excused Absences
 - a. All excused absences require parent(s)/guardian(s) verification which is to be submitted to the school attendance officer or designee in advance of the absence. Eighteen (18) year-old students may submit their own verification. However, if the school attendance officer finds that there is a pattern of excessive absences, the student may be asked to provide other supporting evidence on the reasons for the absences.

- b. Student is not in proper physical or mental condition to attend school or educational program. In the case of long-term absences, the District may request the parent(s)/guardian(s) to obtain a written statement from a physician or licensed practitioner as proof of the physical or mental condition of the student. The excuse shall be in writing, state the period of time for which it is valid and shall not exceed 30 days. The school may verify any excuse of this nature.
- c. Illness in the immediate family or family emergencies which may require the student to assume family responsibilities for a short term.
- d. Death in the immediate family or funerals for close relatives or family friends.
- e. Religious holiday observances.
- f. A quarantine as imposed by a public health officer or school official
- g. Serving as an Election Official – Students may be excused to serve as an election official provided, they have at least a 3.0 grade point average or the equivalent and have the permission of their parent(s)/guardian(s) and the building principal.
- h. Sounding Taps – A student in grades 6 – 12 may be excused for the purpose of sounding “Taps” during military honors funeral for a deceased veteran.
- j. Attendance at special events of educational value, school activities and other special circumstances that show good cause approved by the school attendance officer.
- k. Absence from school during a period of suspension will also be treated as an excused absence for the purposes of these procedures.
- l. Impassable roads due to inclement weather.
- m. Other times, where in the judgment of the principal, it is in the best interest of the student to be absent from school. Such absences will be judged on the merits of each individual case. Such considerations will only be made after the parent 10 excused days is exhausted.

All students with excused absences shall be given the opportunity to make up work missed in accordance with the following procedures;

- a. The student will be responsible to make up work missed by contacting his/her teachers of the classes missed.
- b. Teachers will be asked to grant to students the number of days missed plus one for make-up time. This provision applies to all work assigned during absences.
- c. Examinations missed during an excused absence shall be permitted to be taken at a time mutually agreed upon by the student and the teacher.
- d. Because of the individual nature of instruction at the elementary level, students are not always able to make up their work prior to an absence from school. Parents/guardians shall contact their child’s teacher to discuss what options might be available.

4. Unexcused Absences

Students with unexcused absences will be given the opportunity to make up class work missed during their truancy. All students with unexcused absences will be permitted to make up examinations missed during the unexcused period, at a time established by the teacher.

5. Tardiness

A pattern of tardiness on the part of any student will be brought to the attention of the student's parent(s)/guardian(s). Habitual tardiness will be handled according to the same procedure as habitual truancy. The "habitual truancy" definition in state law will be interpreted to apply to tardiness as well as truancy.

C. School Attendance Enforcement

1. Parent(s)/Guardian(s) Responsibility

- a. Parent(s)/guardian(s) of students are requested to telephone the school attendance office no later than 8:30 a.m. on the day of absence to report student absence or tardiness. Failure to contact the school may result in a telephone call to the home or place of employment. Failure to contact the school may result in the absence being recorded as unexcused.
- b. Parent(s) guardian(s) may be required to provide a written explanation of the reason or cause of the absence at the time the student returns to school or in the case of a pre-arranged absence, prior to the absence.
- c. Parent(s)/guardian(s) are to understand that the administration may not excuse absences that are not approved as excused in accordance with District policy and procedures.

2. Student Responsibility

- a. Students are required to attend all their scheduled classes and study halls on a daily basis unless they have obtained parental permission and a pass approved by the school attendance officer or designee to leave school for a valid reason
- b. A student who has been absent or is anticipating being absent shall provide a written explanation of the absence signed by his/her parent(s)/guardian(s).
- c. Students shall always check in to the school building office when they leave and return to school.
- d. Students should make up work missed during an absence in accordance with established procedures.

3. Teacher Responsibility

- 1) Teachers are required to emphasize the importance and necessity of good attendance.
- 2) Teachers shall record student attendance throughout each school day as determined by the building principal.

4. Principal Responsibility
 - a. Principals shall carry out the responsibilities of the school attendance officer as outlined above.
 - b. Principals shall maintain office records for all excused and unexcused absences that occur in their school building.

5. School District Responsibility
 - a. The District has a responsibility to stress, on a routing basis, the importance of regular school attendance to students, parents/guardians, employers and the community.
 - b. The District shall promote activities within the school that enhances attendance. This will be done by:
 - 1) Recognizing students for good attendance.
 - 2) Reviewing the truancy plan and procedures during faculty in-service and student assemblies or home rooms.
 - 3) Publishing the attendance policy in the Student Handbook.
 - c. The District shall promote activities that increase the community awareness of school attendance issues and regulations. This will be done by:
 - 1) Encouraging employers to establish work schedules which reduce interference with school attendance and scheduled events.
 - d. The District shall promote home-school cooperation in the implementation of the District's attendance policy and procedures. This will be done by:
 - 1) Providing information relative to the attendance policy and procedures, along with the rationale, to parents/guardians and students.

D. Return of a Truant Student to School

1. When a truant student returns or is returned to school, school personnel shall immediately welcome him/her back. All truants, whether occasional or habitual, need attention. The degree of attention may vary, however, depending upon the age of the student and the pattern of truancy.
2. Additional responses to be made by school personnel regarding truant students returning to school may include, but not necessarily limited to the following:
 - a. Assessment of factors contributing to truancy;
 - b. Discussion of alternative educational options and limitations;
 - c. Referral considerations;
 - d. Development of a plan for consequences to truancy;
 - e. Counseling guided re-entry to classes;
 - f. Structured work experienced programs;
 - g. Discussion of student's commitment and responsibility to assist in returning to regular programming;
 - h. Follow-up on obligations of students and parents/guardians regarding attendance (commitment to joint cooperation).

ASSIGNMENT OF ELEMENTARY STUDENTS TO CLASSES

Each spring tentative elementary class sections will be established for the ensuing school year. It is the intent of the Board of Education and administration, where feasible, to limit class size. The following class size ranges are recommended:

4K – 3: 15 – 25
4 – 6: 18 – 30
7 – 12: 15 – 30

The building principal in consultation with the teaching staff will restructure the class sections using the following basic criteria:

1. Class sections shall represent a heterogeneous mixture related to academic achievement.
2. Class sections shall have a balance of boys and girls.
3. Students identified by their teachers as having special academic or behavior needs will be assigned to class sections based on the recommendation of the resource team: principal, current classroom teacher, teacher for the next grade level, school counselor, and special education staff as needed.
4. Class sections shall be mixed to the greatest degree possible from year to year to allow for all students to build relationships with all of their classmates.
5. Parent requests may be considered by the principal if received four (4) weeks before the beginning of the school year.

Parents will be notified of their children's placement once all staffing assignments have been made and the principal determines that class lists are no longer tentative.

RELEASE TIME FOR STUDENTS

All students who are required by state law to be in school attendance shall be expected to be in full time attendance and carry at least the minimum class load as defined by the Board of Education. Students with disabilities may be scheduled less than the minimum program if so prescribed by an individual education plan (IEP) team.

Students may be released during the school day to participate in Board-Approved activities in accordance with established procedures.

No student shall be released from school prior to the end of the school day, or into any person's custody, without the direct approval and knowledge of the principal, or his/her designee. Parent or guardian permission and/or notification shall be required in accordance with established guidelines.

STUDENT REPRESENTATIVE(S) ON SCHOOL BOARD

The Board acknowledges the important contributions students can make to the governance of the schools. The goal of the student representative is to provide insight from a student lens and to support and enhance the Board's understanding of student issues and how students experience their education. The Board, therefore, welcomes student representatives to the Board.

Beginning with the September School Board Meeting and continuing during the school year, up to two student representatives shall be selected by a process established by the high school administration. One additional successive term may be served by the same student.

The representative(s):

- a) Shall be a member of the junior or senior class.
- b) If possible, be able to attend every monthly School Board Meeting.
- c) Shall represent the interests of Pecatonica scholars on the School Board.
- d) Cannot officially vote on matters that come before the Board but may cast an advisory vote in meetings in which they are not prohibited from attending.
- e) Shall not be expected, required or encouraged to participate in committees not relating to interests of scholars.
- f) Will receive all information normally sent to Board members, except items dealing with the personnel matters or items of a highly confidential nature.
- g) Will not participate in closed sessions of the Board.

STUDENT CONDUCT

Students are expected to abide by any and all established codes of conduct, board policies, state law, conduct/behavior as outlined by the student handbook and as stated in rules established by building principals for each school. Students violating such conduct standards may be disciplined in accordance with such codes, board policies and state laws.

The Pecatonica Area School District shall not discriminate in standards and rules of behavior, including student harassment, on the basis of sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, gender identity, physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be handled in accordance with established procedures.

WASB CODE: 443 - RULE

CODE OF CLASSROOM CONDUCT

The Pecatonica Area School District is committed to maintaining a favorable academic atmosphere. Teachers are expected to create a positive learning climate for students in their classrooms and to maintaining proper order. Students are expected to behave in the classroom and to participate in classroom learning activities in such a manner that allows teachers to effectively carry out their lesson plans. Students are also expected to abide by all rules of behavior established by the Board, administration, and their classroom teachers.

Student behavior that is dangerous, disruptive or unruly or that interferes with the teacher's ability to teach effectively will not be tolerated. Any student who engages in such behavior may be subject to removal from class and placement as outlined below. Students are expected to abide by any and all established codes of conduct, board policies, state law, conduct/behavior as outlined by the student handbook and as stated in rules established by building principals for each school. Students violating such conduct standards may be disciplined in accordance with such codes, board policies and state laws.

TEMPORARY REMOVAL OF STUDENTS FROM CLASS OR SCHOOL FUNCTION

A teacher employed by the District may temporarily remove a pupil from the teacher's class or school function if the pupil violates the terms of this Code of Classroom Conduct. Removal from class under this Code does not prohibit the District from pursuing or implementing other disciplinary measures, including, but not limited to detention, suspension, or expulsion for the conduct in which the student was removed.

1. STUDENT REMOVAL FROM CLASS

A teacher may temporarily remove a student from class for the following reasons:

- a. Dangerous disruptive or unruly behavior or behavior that interferes with the ability of the teacher to teach effectively. This type of behavior includes, but is not limited to, the following:
 - Possession or use of a weapon or other items such as fireworks or explosive paraphernalia that might cause bodily harm to persons in the classroom
 - Possession or being under the influence of alcoholic beverages or other controlled substances, or otherwise in violation of District student alcohol and other drug policies.
 - Behavior that interferes with a person's work or school performance or creates an intimidating, hostile or offensive classroom environment
 - Fighting or scuffling
 - Taunting, baiting, inciting and/or encouraging a fight or disruption
 - Disruption and intimidation caused by group symbols or gestures, or group posturing to provoke altercations or confrontations
 - Pushing or striking a student or staff member
 - Obstruction of classroom activities or other intentional action taken to attempt to prevent the teacher from exercising his/her assigned duties
 - Interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means
 - Dressing or grooming in a manner that presents a danger to the health or safety of others, causes interference with work or creates classroom disorder, including wearing hats, caps, jackets, or articles of clothing

obscene or questionable printing on them.

Removal is a serious measure, and should not be imposed in an arbitrary, casual, or inconsistent manner. It is neither possible nor necessary to specify every type of improper behavior, or every inappropriate circumstance that would justify removal under this Code. A teacher's primary responsibility is to maintain an appropriate educational environment for the class as a whole. The teacher should exercise his or her best judgment and use building practices and policies when deciding whether it is appropriate to remove a student temporarily from class.

A student with a disability may be removed from class and placed in an alternative educational setting only to the extent authorized by state and federal laws and regulations.

STUDENT CONDUCT ON SCHOOL BUSES

School bus transportation is a privilege and that, for the safety of all, misbehavior of any kind will not be tolerated. Students who misbehave on the bus shall be subject to disciplinary action in accordance with established codes of conduct, conduct and behavior as outlined by the student handbook, school rules, board policies and procedures. Repeated or serious misconduct may result in suspension or revocation of bus riding privileges.

Students shall ride on assigned buses. Parents must request in writing any exception to this rule. Requests shall be made to the building principal for approval.

Students shall ride on assigned buses, and board and leave buses only at designated stops. Parents/guardians may request exceptions to these requirements or request accommodations for special transportation needs in accordance with established district policies and procedures. The bus driver must be presented such written request signed by the building principal or his/her designee.

The driver is responsible for maintaining order among bus riders and shall promptly report any misconduct to the building principal. The principal shall provide proper notification and due process to parents/guardians consistent with legal requirements.

Rules and regulations pertaining to regular bus routes shall be applicable to extra-curricular trips. The coach, activity advisor, or designee will serve as a chaperone on the bus provided for participants.

All other regulations regarding student conduct on school buses is outlined in the Student Handbook.

TOBACCO & NICOTINE USE BY STUDENTS

The use of tobacco and tobacco products, including e-cigarette and nicotine oil products, by students on school premises, in school owned vehicles and at school sponsored events is strictly prohibited. Students violating this policy shall be subject to disciplinary action in accordance with legal requirements and established district policies and procedures as outlined in the student handbook and athletic code of conduct. This policy also includes students who are 18 years of age or older who can legally purchase said products.

STUDENT ALCOHOL AND DRUG USE

No student shall possess, use, distribute, sell, manufacture, or be under the influence of alcohol or other drugs not medically prescribed while on school property, at school sponsored events, or in a school-owned vehicle. In addition, the following are prohibited also: sale or distribution of look-alike substances, use or possession of drug paraphernalia, and inappropriate use of inhalant substances.

Students are prohibited from participating in conduct that promotes the use of illegal drugs.

Students who violate this policy shall be subject to disciplinary action in accordance with established codes of conduct, board policies, conduct/behavior as outlined by the student handbook and as stated in rules established by building principals for each school, up to and including suspension or expulsion. Any discipline shall be reasonable and appropriate to the nature of the offenses and shall be administered in a fair and consistent manner. Students may also be referred to law enforcement for prosecution under applicable laws.

A student may be required to submit to a breath test to determine the presence of alcohol if a designated school official or law enforcement officer has reasonable suspicion that the student is under the influence of alcohol in violation of this policy. The test shall be administered by a law enforcement officer or trained school official and shall meet state law requirements. A student may be disciplined for refusing to submit to a breath test.

Staff, students and parents/guardians shall be notified of this policy through student and staff handbooks and other appropriate means.

445 STUDENT INTERVIEWS AND INTERROGATIONS WITH LAW ENFORCEMENT OFFICIALS

The District recognizes that cooperation with law enforcement agencies is necessary for the education and protection of students, for maintaining a safe environment in the District schools and for safeguarding all school property. At the same time, the District recognizes its responsibility to protect the educational process and to provide for the concerns of parents/guardians regarding the welfare of their children.

Law enforcement officials may be called to the school when laws may have been violated and in situations which threaten the safety of students and/or employees. In these situations, students may be interviewed by law enforcement officials in accordance with established procedures.

All student interviews with law enforcement officials conducted on school premises shall receive prior approval of the building principal or designee. If a request for a student interview is denied, the building principal or designee shall state the reason for such denial. Law enforcement officials may appeal decisions made by the building principal or designee to the District Administrator.

School officials shall make an attempt to notify parents/guardians of a student interview with law enforcement officials if possible. A school representative may be present during the interview.

CORPORAL PUNISHMENT/USE OF PHYSICAL FORCE BY STAFF

Corporal punishment means intentionally inflicting, or causing to be inflicted, physical pain for the purpose of punishment or as a disciplinary action. Corporal punishment is prohibited in all Pecatonica Area Schools.

Any official, employee or agent of the school board, however, is allowed to use reasonable and necessary force for the following purposes:

1. To quell a disturbance or prevent an act that threatens physical injury to any person;
2. To obtain possession of a weapon or other dangerous object within a student's control;
3. For the purpose of self-defense or the defense of others;
4. For the protection of property;
5. To remove a disruptive student from school premises, motor vehicle or school sponsored activities;
6. To prevent a student from inflicting harm on him/herself;
7. To protect the safety of others.

All incidents involving a physical encounter shall be reported to the building principal as soon as practicable. Any official, employee or agent of the school board, is allowed to use incidental, minor, or reasonable physical contact designed to maintain order and control.

STUDENT SUSPENSIONS AND EXPULSIONS

The Pecatonica Area School Board of Education recognizes the importance of maintaining proper order and discipline in the schools and holding students accountable for their actions and compliance with Board policies and school rules. The Board also recognizes and actively supports the primary mission of public schools to help ensure all students receive a proper education and graduate from high school.

With that in mind, the Board directs the District Administrator and building principals to utilize disciplinary strategies that keep students in school while maintaining a safe and positive school environment for student learning. These disciplinary strategies may include, but are not necessarily limited to, positive behavioral interventions and supports, after-school detentions and in-school suspensions.

Out-of-school suspension is a serious consequence which should be reserved for situations where the student's behavior is disruptive to the school environment, poses a safety or health danger to the student or others, is damaging to school property or the property of others, or shows complete and repeated defiance or refusal to comply with school rules or policies. The building principal may administer an out-of-school suspension under these circumstances when it is reasonably justified and is carried out in accordance with state law requirements. A student shall also be suspended from school when required by law (e.g., possessing a firearm in violation of state law and Board policy).

Except when required by law, student expulsion from school should be considered the last resort after other disciplinary alternatives have been considered. A student may be referred to the District Administrator for possible expulsion when conduct seriously endangers the property, health or safety of the school, students, and others at school or under the supervision of school authority, or District employees or Board members. The District Administrator will review the circumstances and refer the matter to the Board for expulsion consideration if the circumstances involved warrant. All legal requirements regarding student expulsion hearings and expulsions shall be followed.

The Board shall expel a student from school only if the interest of the school demands the student's expulsion or in cases where expulsion is required by law (e.g., possessing a firearm in violation of state law and Board policy). When determining whether to expel a student and the length of expulsion, the following factors may be considered in each individual case:

1. The degree of danger the student poses to others or property, including consideration of past conduct;
2. The age of the student;
3. The effect a term of expulsion will have on the student's education;
4. The desire of the student to make good use of the educational services provided;
5. Whether the student has made good use of educational services in the past;
6. The degree of responsibility and remorse the student feels regarding his/her offending conduct;
7. The support of the student's parent(s) or guardian in reforming the student's offending conduct and preventing the recurrence of such conduct.

If the Board determines that the interest of the school demands the student's expulsion, the student shall be expelled from school.

The Board may specify conditions in a student's expulsion order that would allow the student to be reinstated to school early before the end of the term of his/her expulsion. The early reinstatement condition(s) shall be related to the reason(s) for the expulsion and shall be enforced in accordance with state law requirements.

All student expulsions, including those involving students with disabilities, shall be in accordance with state and federal laws, and established District policies and procedures.

EMERGENCY NURSING SERVICES

The Pecatonica Area School District shall provide for emergency nursing services in accordance with state law. The emergency nursing service program shall be under the direction of the District Administrator. The Pecatonica Area School District employs nurses currently licensed in the State of Wisconsin for the purpose of directing and providing emergency nursing services. Emergency nursing services shall be available during the regular school day under the direction of a registered nurse or by delegation to the identified health designee.

A qualified physician shall be appointed by the District Administrator to serve as Medical Advisor for the District. The Medical Advisor, in conjunction with a professional nurse, other school district personnel, and representatives from community health agencies, as designed by the Board, shall assist in annual review of policies and procedures and first aid standing orders pertaining to the emergency nursing services program.

WASB CODE: 453.1 – RULE

EMERGENCY NURSING SERVICES PROCEDURES

1. Definitions:
 - a. Emergencies are those conditions which require prompt intervening action to maintain physical, mental and emotional health of pupils, and which require only first aid by school personnel.
 - b. Emergency nursing services means nursing assessment and may include intervening action by the registered nurse, or designated others under his/her direction, of conditions which require prompt or immediate action.
2. The emergency nursing service shall be under the direction of the district's medical advisor, county health departments, the staff nurse who services the Pecatonica Area School District, building principals, and school health personnel.
3. All "designated" persons shall be trained in first aid procedures through an acceptable first aid course. The Nursing Agency shall coordinate or conduct additional in-service training regarding emergency care as deemed necessary by the Nursing Agency. The School may allow "designated" persons adequate time to attend the necessary in-service. Faculty or other school personnel trained in first aid shall be "designated" by name to serve at specific times during school hours and extracurricular functions as renderers of first response care if an emergency situation arises. This list shall be posted in the school office. It is the responsibility of everyone working in the school to be aware of the designated person in his/her area of the building. Emergency Care Chart will be referenced for First Aid Procedures. A book of protocols is available in every building for emergency situations.
4. The nurse in the school and the supervising nurse in the Agency will annually review, with the building principal and other administration, the plans and implementation of the emergency nursing service, including facilities, supplies, adequacy of training of designated assistants, policies and procedures.

5. A health room shall be open to students and staff during the school day. It should be near the office so office staff can oversee the health room. The health room shall be maintained by a "designated person" under the supervision of the nurse. This room shall be available for the nurse to use when in the school.
6. A personal data health record for accident or illness shall be on file for each student and school employee and shall be updated annually. This is the responsibility of the school secretary but shall be assisted by the Nursing Agency. The Agency shall provide a form for collecting health data from parents and shall assist in getting this data on the emergency cards. This will be done at the beginning of each school year. This personal data health record shall be available to the nurse in the school.
7. A log of emergency nursing services provided shall be maintained by the school nurse or the building secretary or others "designated" to provide service. All services provided in the health room shall be entered in the log by the person providing service. A report on services shall be made annually to the District Administrator by the nurse with recommendations for improvement.
8. Once it has been determined by the Principal's office that a student should be returned to his home for health reasons, the parents shall be asked to pick up the child. If the parent or other responsible relative cannot do so, the Principal or authorized adult may transport the child home. In no case will a child be sent to an unsupervised home without parental permission.
9. For emergency and life threatening situations, the "designated" person shall be brought to the scene and stay with the injured. Simultaneously the principal's office should be notified, and the emergency plan should go into action. The closest hospital should be used as the emergency facility, except when parent designates otherwise. The Rescue Squad closest to the school will be called when necessary. This number is to be posted in the school office.
10. The district administrator office shall be notified as soon as practicable in the case of injury on school property that requires major first aid. All cases of major and/or minor first aid shall be logged in the health room. All cases, major and minor, shall have an accident report completed for Health Room file.
11. Prescription drugs will be made available by school district personnel with written parental and medical permission. Prescription medication must be clearly labeled as to content and dosage and side effect. The nurse serving the school should be made aware of all drugs administered in the school setting. The nurse shall be responsible for medicine and drug management. Staff may administer any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and that staff member voluntarily agrees to deliver the medication. No staff member, other than a health care professional, shall be required to administer medications that are administered by means other than oral ingestion. The nurse shall provide teachers with information about the drug and its side effects. The nurse shall keep a log of students requiring medication management. Dosage shall be scheduled whenever possible so that medication need not be sent to school. A parent cannot override the written instructions from the child's practitioner.

Nonprescription medications may be administered to any student during school hours only with

a medication consent form signed by the parent. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written consent of a practitioner along with parent signature. Only those nonprescription drugs that are provided by the parent or guardian in the original manufacturer's package, which lists the ingredients and dosage in a legible format may be administered.

No student is allowed to provide or sell any type of medication to another student. Staff members are not allowed to give medication to a student without a signed medication consent form. All prescription medication shall be kept in a locked storage case in the school office or other designated area. Narcotics (i.e. Vicodin, Oxycodone, etc.) will not be administered at School.

Students who may require administration of a medication on an emergency basis (i.e. inhaler, epipen, glucagon, etc.) may have the medication in their possession with written authorization of their medical provider and parent.

12. It is recommended that when a student is taking prescription medication at home, the school should be notified by the parent. Parents shall be informed of this on the Health Data Sheet sent home with each child.
13. Provisions should be made by the school for liability insurance to cover all personnel who provide emergency first aid service. Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for his/her acts or omissions in rendering such emergency care.
14. We recommended that the nursing program and established school safety regulations be reviewed annually by the district administrator, the building principals and the nurse in the school. Financial coverage of emergencies should be previously planned for i.e., transportation (vehicle), insurance, medical treatment and costs. Parents/Guardians will be expected to assume cost for an emergency care of their child.

STUDENT IMMUNIZATIONS

The Board of Education requires that all students be properly immunized pursuant to the Wisconsin Statutes and regulations of the Wisconsin Department of Health Services (DHS).

All students shall be required to provide written evidence establishing that they have completed the first immunization for each vaccine required for the student's grade and are on schedule for the remainder of the basic and recall (booster) immunizations, pursuant to the DHS immunization requirements, or submit a written waiver of those requirements not later than the 30th school day from the beginning of the school year or initial enrollment in the District, for students transferring into the District. All students shall be required to provide written evidence establishing that they have received the second dose of each vaccine required for that student's age or grade, or submit a written waiver of those requirements, not later than the 90th school day from the beginning of the school year or initial enrollment in the District, for students transferring in the District. Within thirty (30) school days after having been admitted to the District for the following school year, each student who has not submitted a waiver form shall provide written evidence of having completed all other required doses and/or vaccines, pursuant to the DHS immunization requirements.

The parent of any student for whom record of proper immunization or a written waiver is not on file, shall be given written notification of this requirement by the 15th school day and the 25th school day following enrollment. The notice shall:

- A. state the immunization requirements, including a list of missing immunization(s);
- B. state that Court action and civil forfeiture penalty can result due to noncompliance;
- C. explain the reasons for the immunization program and provide information on how and where to obtain immunizations;
- D. inform the parent of the right to request a waiver of the immunization requirement based on reasons of health, religion, or personal conviction.

Waivers of the immunization requirements shall be granted only for medical, religious, or personal convictions.

The District may exclude any student who fails to satisfy the requirement to provide written evidence within thirty (30) school days after the date on which the student is admitted of having completed the first immunization for each vaccine required for the student's grade and being on schedule for the remainder of the basic and recall immunizations, pursuant to the DHS immunization requirements, or fails to submit a written waiver. In addition, if DHS determines that the District's compliance level from the previous school year is less than ninety-nine percent (99%), the District shall exclude any student enrolled in grades kindergarten (five (5) years old to six (6) through Grade 5) who fail to satisfy this requirement.

No student may be excluded for more than ten (10) consecutive school days unless, prior to the 11th consecutive school day of exclusion, the Board provides the student and the student's parent, guardian or legal custodian with an additional notice, a hearing and the opportunity to appeal the exclusion, as provided under Wis. Stats. 120.13(1)(c)3.

COMMUNICABLE DISEASES

The Pecatonica Area School District assists other state and county agencies in the setting of appropriate health standards, in promoting the good health of students and their families and in educating students and staff in disease prevention and good health practices. The Board recognizes its responsibility to inform appropriate staff and to outline responsibilities of various professionals when dealing with communicable diseases.

School district personnel (principals, teachers, counselors, psychologist, and other support staff) are responsible for reporting communicable diseases to the local health officer (County Health Department). Students who are suspected of having those communicable diseases specified by the Department of Health of Lafayette, Iowa, Green, or Dane Counties may be sent home by any teacher or principal. The parents will be notified as soon as practicable of any student who is suspected of having a communicable disease.

Employees and students are subject to temporary exclusion from the school environment if they are diagnosed as or suspected of having a communicable disease, such as, but not limited to, those listed in the guidelines.

Records and information collected on students and staff with suspected or confirmed communicable disease are confidential and handled in accordance with state and federal laws and board policy.

The District Administrator will develop administrative guidelines including an appeal process for handling and implementation of this policy.

MEDICATION ADMINISTRATION TO STUDENTS

Medications are given to students in the school setting to continue or maintain a medical therapy which promotes health, prevents disease, and relieves symptoms of illness or aids in diagnosis.

The Pecatonica Area School District shall administer medication in accordance with Wisconsin State Statutes 118.29, 118.291, and Wisconsin Administrative Code PI 8.01 (2) (g). The School District may administer any prescription medication to a student in compliance with the written instruction of a practitioner and written consent from the student's parent or guardian as defined by Wisconsin Statute Ch. 118.29. Administration of nonprescription medication requires the written instruction and consent of the student's parent or guardian. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written instruction of a practitioner and written consent from the parent or guardian. Students with asthma may possess and self-administer a metered dose or dry powder inhaler with the written approval of the student's physician and parent or guardian. Narcotics (i.e. Vicodin, Oxycodone, etc.) will not be administered at School.

Medication administration may be delegated by the school nurse to any school employee with proper training, supervision, and evaluation as defined in Wisconsin Administrative Code N. 6.01 and DPI training guidance. Determining such individuals will be the joint responsibility of the building administrator and the school nurse. The school employee who is authorized to administer medication is immune to civil liability for his or her acts or omission in administering medication to a student unless the act or omission constitutes a high degree of negligence. School nurses, as District employees, are regulated by the Wisconsin Nurse Practice Act; therefore, they are not necessarily immune from civil liability for the aforementioned acts or omissions. The Pecatonica Area School District administrator or principal who authorizes an employee or volunteer to administer a drug or prescription drug to a student will be immune from civil liability for the action authorized, unless a court determines that the action constitutes a high degree of negligence.

No school employee, except a health care professional, may be required to administer medication to a student by means other than oral ingestion. Procedures for obtaining and filing written instructions and consents for medication administration, and the protocols for storage, administration, and documentation are delineated in this policy and policy rule 453.1 - Emergency Nursing Services Procedures.

REPORTING CHILD ABUSE/NEGLECT

As a social resource the school is second only to the family unit in its potential for sustained, thorough involvement in a child's life. Because of this sustained contact, school personnel are in an excellent position to identify abused or neglected children and to refer them for treatment and protection.

To combat the child abuse and neglect problem and in compliance with state law, any district teacher, counselor, nurse, social worker, administrator, or other mandated reporter having reasonable cause to suspect that a child seen in the course of professional duties has been abused or neglected, or having reason to believe that a child has been threatened with abuse or neglect and that abuse, or neglect will occur, shall make a report in accordance with legal requirements and district procedures. Reports shall be made to the county social services and shall include information about the facts and circumstances that led to the filing of the report. If the reporter has reason to suspect that a child's, or an unborn child's health or safety is in immediate danger, the reporter may request an immediate investigation by the sheriff or police department.

It is not the responsibility of school personnel to prove that the child has been abused or neglected, nor to determine whether the child is in need of protection. School personnel shall not contact the child's family or any other person to determine the cause of any suspected abuse or neglect. District staff may request consultation from other staff members, such as pupil service staff, on the reporting process and the necessary follow-up.

State law requires that threatened or suspected abuse or neglect be reported. No District employee shall be discharged from employment for making such a report. In addition, state law guarantees immunity from any civil or criminal liability that may result from making a report on child abuse or neglect. Information about a child abuse or neglect report, including the identity of the reporter, shall be kept confidential and only shared with persons authorized under state law to have the information. Any staff member who releases confidential information to unauthorized persons and any mandated reporter who fails to make a report shall be subject to disciplinary action by the District and may be liable for criminal penalties under state law.

The District Administrator shall establish any necessary procedures to implement this policy and to comply with state law.

SUICIDE PREVENTION AND INTERVENTION

The Pecatonica Area School District recognizes its responsibility for the health, welfare, and safety of the students who attend our schools. The role of the schools is prevention and intervention through education. The school does not provide treatment for students but may refer to appropriate agencies. The District further recognizes that awareness and community coordination are necessary in the successful implementation of the suicide prevention, intervention and postvention program. In those cases where a student dies, the school's role is to assist students at the school in the grieving process.

Prevention and Intervention

The District's suicide prevention, intervention, postvention program shall be designed with the following components in mind:

1. Prevention: Suicide prevention programming for students will facilitate positive emotional development and problem-solving skills and promote awareness in students and staff of the warning signs of suicide, and how to respond to potential suicide situations.
2. Intervention: The school responds to a potentially suicidal student to ensure effective assessment and referral to the appropriate agency.

Tragic Death Postvention

1. Each student's death must be responded to based on the individual circumstances.
2. Postvention: A uniform plan of response will communicate the facts and accommodate the grieving process within the daily activity of the school.

SUICIDE PREVENTION AND INTERVENTION

Suicide Intervention

When any person employed by the Pecatonica Area School District has reason to believe, either by virtue of direct knowledge or a report by another person, that a student is in danger of harming him/herself through attempted suicide, or has attempted suicide, that person is to report the situation immediately to the building principal. The procedure to report this situation is as follows:

1. During School Hours:
 - a. Staff will notify the building principal, Counselor, or Psychologist of a possible suicide threat.
 - b. The building principal, counselor, or psychologist will determine whether further intervention is necessary and will consult with at least one other member and assess the degree of potential suicide risk. A building principal shall be kept informed of the situation.
 - c. In those cases where the threat is imminent, the counselor or designee may contact law enforcement for immediate assistance.
 - d. The parent or guardian will be contacted and informed about the potential threat of suicide. The counselor or designee will assist the parent or guardian and student in pursuing the most appropriate course of action.
 - e. A follow-up with the parent and with the student as appropriate by the counselor will occur for the purpose of providing information regarding support services.
 - f. Staff members involved with the student will be informed as appropriate.
2. After School Hours:

If a student should call a staff member after school hours, or if a staff member becomes aware of a student threatening suicide after school hours, the staff member should contact:

 - a. The local police and the appropriate County Human Services
 - b. A building principal or district administrator
 - c. A parent or guardian, if possible

Suicide or Other Tragic Death Postintervention

Postintervention is the process of responding when a student commits suicide or dies through any other circumstances. It is important to emphasize that help is available, and will be provided for students and staff. School will remain in session. All efforts will be made to maintain as normal a school day as possible.

Guidelines to be followed in the event of suicide or other tragic death are;

1. All inquiries from the media and the general public will be directed to the building principal or his /her designee.
2. The building principal or his /her designee will contact the family and offer support.
3. The District Administrator will be alerted by the building principal for the purpose of coordinating the efforts of district counselors, assisting counselors, and the school psychologist. Siblings and affected others in the District will be provided with immediate

- crisis intervention counseling and follow-up support services.
4. Information will be disseminated to the staff by the building principal or designee using one or more of the following:
 - a. Utilization of phone tree
 - b. Carefully worded memo in mailboxes
 - c. Staff meeting before and/or after school
 5. Factual information will be disseminated to the student body using one or more of the following:
 - a. Announcement to be read by staff member
 - b. Public address announcement
 6. School personnel will not encourage a general student body attendance at a service if held during school hours. Only those students who have parental request for excused absences to attend a service will be excused. The building principal may attend as appropriate.
 7. The opportunity will be provided for faculty/staff to meet in order to process thoughts and feelings related to the tragedy. The individual circumstances surrounding the student's death will determine the course of action taken. Staff will plan together to provide necessary information and support.

SCHOOL WELLNESS

The Pecatonica School District believes that it is important to make an important contribution to the general well being, mental and physical capacity and learning ability of each student and provide an opportunity to fully participate in the education process. The Pecatonica School District promotes a healthy school by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. The District supports a healthy environment where children learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, our school contributes to the basic health status of children. Improved health optimizes student performance potential and ensures that no child is left behind.

Healthy eating and physical wellness are largely linked to reduced risk for mortality and development of many chronic diseases as adults. To ensure the health and well being of all students, it is the policy of the Pecatonica Board of Education to:

1. Ensure that all children have access to adequate and healthy food choices on scheduled school days at reasonable prices.
2. Ensure that food sales/parties for students are held during hours that will not conflict with the lunch program. The Pecatonica School District operates under the National School Lunch program regulations.
3. Support and promote proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school- sponsored activities during the instructional day shall meet or exceed the district nutrition guidelines. Emphasis shall be placed on foods that are nutrient dense per calorie. Foods shall be served with consideration toward variety, appeal, taste, safety and packaging to ensure high quality meals. We encourage all staff to focus on the Dietary Guidelines for Americans.
4. Provide a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school goals to positively influence a student's understanding, beliefs, and habits as they relate to good nutrition and regular physical activity. A healthy school environment should not be dependent on revenue from high-fat, low nutrient foods to support school programs.
5. Coordinate school food service with the school wellness policy to reinforce messages about healthy eating and to ensure that foods offered promote good nutrition and contribute to the development of lifelong, healthy eating habits.
6. Provide school staff involved in nutrition education and in supporting a healthy school environment, with adequate pre-service and ongoing in-service training that focuses on strategies for behavioral change.
7. Involve family members and the community in supporting and reinforcing nutrition education and the promotion of healthy eating and lifestyles.
8. Regularly evaluate the effectiveness of the school wellness policy in promoting healthy eating and change the policy as appropriate to increase its effectiveness.

FOOD SERVICE NUTRITIONAL GUIDELINES

The following guidelines apply to all students in grades ECH-12

Water Consumption

Encourage increased consumption of water throughout the day. Staff members should be particularly sensitive to student needs for water during periods of hot weather. Students are allowed to carry water bottles during the school day. Even during periods of moderate temperature, staff members should remind students of the value of consuming water. Water sales should be a significant option through school vending and concession services. Water should be available during mealtimes, at least through water fountains.

Water Bottle Policy

Each classroom teacher shall determine when students may bring water bottles for use during school time and establish a policy for whether or not bottles may be refilled during class time.

- Water bottles must be clear and have secure caps
- Student may not share water bottles
- Students misusing water bottles will be subject to disciplinary action.
- Teachers have discretion in determining classroom use
- Water bottles may not be used in computer and science labs.

Fat Content

Foods from reimbursable meals shall, over the course of five days, derive no more than 30% of their total calories from fat and less than 10% of total calories from saturated fats. These recommendations are consistent with federal mandates.

Content from Added Sugars

No individual item served by food service as part of a traditional meal, as an a la carte item or as a snack item may contain more than one third of its weight from added sugar. An exception may be made periodically for a traditional meal treat.

Milk Products

Milk will be promoted during all meals. Milk will be available to students bringing sack lunches. Both white and chocolate milk will be available during the school lunch program. No products will be served which derive more than one-third of their weight from added sugars. Nonfat (skim) milk will be featured in single-serving sizes whenever possible.

Soda (Carbonated Drink Products)

Soda will not be sold through the food service program.

GUIDELINES FOR FOOD AND BEVERAGES OFFERED TO STUDENTS AT SCHOOL FUNCTIONS

The Pecatonica School District encourages the use of nutrient dense foods for all school functions and activities. Nutrient dense foods are those foods that provide students with calories rich in the nutrient content needed to be healthy. At any school function (parties, celebrations, feasts, sporting events, etc.) healthy food choice options should be available.

Some suggested foods are listed below:

- Raw vegetable sticks/slices with low-fat dressing or yogurt dip
- Fresh fruit and 100% fruit juice
- Frozen fruit juice pops

- Low-fat ice creams, frozen yogurts, sherbets
- Low-fat and skim milk products

Fundraising Activities and Concessions

Any fundraising requires administrative approval. To create a school environment that supports the promotion of healthy food and beverage choices for children, it is important to consider all venues where food and beverages are consumed or sold. The following recommendation is made to promote healthy choices for children related to fundraising activities supported by the school:

Whenever food and beverages are sold that raise funds for the school, at least some healthy food choices should be included.

Organizations operating concessions at school functions shall include at least some healthy food choices in their offerings.

Learning incentives

The use of foods of minimal nutritional value as learning incentives should be kept to a minimum, and healthy food choices or nonfood items should be substituted.

PHYSICAL ACTIVITY GUIDELINES

The Pecatonica School District will provide organized health and physical education curricula and related programs. The physical education curriculum teaches children the importance of physical exercise and exposes students to a wide range of physical activities so that students develop the knowledge and skills to be physically active for life. The district has adopted a curriculum that is aligned to the Wisconsin State Standards for physical education that include an emphasis on physical fitness and lifetime activities. State licensed physical education teachers teach physical education at all levels.

High school students are required to have 1.5 credits in physical education for graduation. The health curriculum will educate students to develop the knowledge, attitudes, and skills for healthy behavior including, but not limited to life long healthy eating habits and physical activity. The district has adopted a curriculum that is aligned to the Wisconsin State Standards for health education that include an emphasis on good nutrition, disease prevention and healthy lifestyles. Healthy lifestyle topics are taught at each grade level, preschool through grade eight. High school students are required to have 0.5 credit of health for graduation.

Elementary students (kindergarten through grade 5) will be provided with an average of at least 45 minutes of physical activity daily.

The district and community provide additional opportunities for physical development and fitness through co-curricular and after-school activities, swimming lessons and the use of the facilities throughout the summer for fitness activities and athletic camps.

STUDENT AWARDS AND SCHOLARSHIPS

All students are eligible to apply for scholarships. All scholarships will be awarded based on established criteria.

The District shall not discriminate in the acceptance and administration of gifts, bequests, scholarships and other aids, benefits or services to students from private agencies, organizations or persons on the basis of sex, race, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, gender identity or physical, mental, emotional, or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.

ACADEMIC EXCELLENCE SCHOLARSHIP

In order to be considered eligible for any of the scholarships offered through Pecatonica High School's Scholarship program a student must have successfully completed at least three semesters of work as a fulltime student at Pecatonica High School and be enrolled during the semester in which the final class rank is determined.

Academic Excellence Scholarship

The Pecatonica High School Academic Excellence Scholarship recipients shall be determined by:

1. Students must have been enrolled at Pecatonica High School for at least three consecutive semesters before determination of Academic Excellence Scholar is made.
2. College plans: Student must be planning to attend a college in Wisconsin. The Academic Excellence Scholar will notify the counselor of their intent to attend a Wisconsin institution of higher learning by February 25 of the senior year.
3. Grade Point Average after seven semesters.

IN CASE OF A TIE

4. The student with the highest composite score from the American College Test (ACT) on file with the Pecatonica Area School District by February 25 of the student's senior year.
5. If a tie exists, the student with the highest total composite score from the 10th grade Language Arts, Math, Reading, Science, and Social Studies WSAS assessment.

The District shall not discriminate on the basis of sex, age, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, gender identity, physical, mental, emotional, or learning disability or handicap in the methods, practices, and materials used for evaluating students. This does not, however, prohibit the use of special testing or counseling materials or techniques to meet the individual needs of students.
