Call to Order – 7:01am

- I. Coops – discussion on options for future football coop. Look at adjusted numbers in late August and see where they fall within the division alignment. Contact other area schools if a coop would even be a possibility.
Discussed interest from Montpelier to form a coop for BB, VB, CC and Track. Possibility but committee would like to exam current condition, participation of each activity first before making a recommendation.
Baseball – look at possibility of a by-law change to exemptions, contact other area schools if a coop would even be a possibility.
- II. Fall Sports Season – elementary football: most all go to Valley City for Thunder football. Schedules discussed and mostly set.
- III. Coaches – What happens with our boy's basketball season if we don't find coaches?? People need to understand the situation and need for someone to step forward. Mr Schaffer will contact VCSU and Jamestown and check on people taking coaching classes for interest.
Track and Field – both coaches will not be coming back next season, will need to post and hope to fill.
Elementary Boys – open position with no applicants. Season starts mid- October and is done mid-November.

Adjournment – 8:39am
