

November 27, 2023

To the Board of Directors of Salvage Teens at Risk, Inc. dba North Texas Collegiate Academy

We have audited the financial statements of Salvage Teens at Risk, Inc. dba North Texas Collegiate Academy (Academy) for the year ended August 31, 2023 and have issued our report thereon dated November 27, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, Government Auditing Standards and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 22, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Auditing Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Academy are described in Note 2 to the financial statements. As described in Note 2, the Academy changed its accounting policies by adopting the Financial Accounting Standards Board (FASB) Accounting Standards Update 2016-02, Leases, during the year ended August 31, 2023. Accordingly, the accounting changes have been applied using the modified retrospective method. No other new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Academy during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

 Management's estimate of depreciation expense which is based on estimated useful life of the related assets. Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy Page 2

- Management's estimate of the allocation of the costs of providing various programs and supporting services on a functional basis is based on direct and allocated costs.
- Management's estimate of the Foundation School Payment (FSP) receivable which is based on budgeted revenue and school days.

We evaluated the methods, assumptions and data used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatement was detected as a result of audit procedures and has been corrected by management:

• To properly state the FSP receivable resulting in an increase to assets and revenue totaling \$675,494.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreement arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 27, 2023.

Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy Page 3

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Academy's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Academy's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the schedule of expenditures of federal awards accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information is presented in accordance with the requirements of the Uniform Guidance, the method of preparing it has not changed from the prior period and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the schedule of expenditures of federal awards to the underlying accounting and other records used to prepare the schedule.

With respect to the supplemental information required by the Texas Education Agency (TEA), we made certain inquires of management and evaluated the form, content and methods of preparing the information to determine that it complies with the Financial Accountability System Resource Guide published by the TEA. The methods of preparing the supplemental information has not changed from the prior period and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the schedules to underlying accounting and other records used to prepare the financial statements or to the financial statements themselves.

Independent Auditors' Report

To the Board of Directors of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy (a nonprofit organization), which comprise the statements of financial position as of August 31, 2023 and 2022, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements are presented fairly, in all material respects, the financial position of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy as of August 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of Salvaging Teens at Risk, Inc. dba North Texas
 Collegiate Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the
 aggregate, that raise substantial doubt about Salvaging Teens at Risk, Inc. dba North Texas
 Collegiate Academy's ability to continue as a going concern for a reasonable period of
 time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information listed in the accompanying table of contents is presented for purposes of additional analysis as required by the Texas Education Agency and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2023 on our consideration of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy's internal control over financial reporting and compliance.

1. Organization and Nature of Activities

Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy (Academy) provides an alternative learning environment for students. The Academy operates under an open enrollment charter granted by the State of Board of Education. This charter was issued for a period of five years starting December 11, 2000 and is subject to review and renewal periodically. The Academy is currently operating under a charter renewal until July 31, 2025. The Academy is part of the public-school system of the State of Texas and is therefore entitled to distribution from the State's available school fund. The Academy does not have the authority to impose ad valorem taxes or to charge tuition. The Academy does business as Texas Education Centers and there is not currently any additional financial activity outside of the charter school. The Academy was incorporated in 1997 and has been recognized as an organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

2. Summary of Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation

The Academy prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Net assets and revenues, expenses, gains and losses are classified based on the existence and nature or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net assets without donor restrictions - Net assets not subject to donor or grantor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the board of directors. Where applicable, net assets without donor restrictions remain subject to state accountability.

Net assets with donor restrictions - Net assets subject to donor or grantor stipulations that will be met by actions of the Academy and/or the passage of time. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Financial Instruments and Credit Risk Concentrations

Financial instruments which are potentially subject to concentrations of credit risk consist of cash, restricted cash equivalents and due from government agencies. Cash and restricted cash equivalents are placed with high credit quality financial institutions to minimize risk. The Academy maintains cash balances at financial institutions located in Texas. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At August 31, 2023, the Academy had no bank balances that were uninsured or without pledged collateral in the Academy's name. Amounts due from government agencies are unsecured and are due from the Texas Education Agency (TEA). The Academy continually evaluates the collectability of accounts receivable and maintains allowances as necessary. No provision has been made for uncollectible accounts receivable as of August 31, 2023 and 2022, given that none have been identified.

For the years ended August 31, 2023 and 2022, the Academy received 99% of its total revenue and support from the TEA and the federal government. Any unforeseen loss of the charter agreement with TEA or changes in legislative funding could have a material effect on the ability of the Academy to continue to provide the current level of services to its students.

Cash and Cash Equivalents

The Academy considers all highly liquid investments, with original maturities of three months or less from date of purchase, to be cash equivalents.

Property and Equipment

Property and equipment purchased by the Academy are recorded at cost. Donated assets are reported at the fair market value. Capital assets are defined by the Academy as assets with an individual cost of more than \$5,000 and a useful life longer than one year. Depreciation is calculated on the straight-line method based upon the estimated useful lives of 3 to 39 years. Expenditures for maintenance and repairs are expensed when incurred; significant renewals and betterments are capitalized. Property and equipment acquired with public funds received for the operation of the Academy constitute public property pursuant to Chapter 12 of the Texas Education Code.

For depreciable property and equipment, or resources to be used to acquire depreciable property and equipment, the donor or grantor restriction expires over the assets' useful life, as required by the TEA.

Impairment of Long Lived Assets

The Academy reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment included current operating results, trends and prospects and the effects of obsolescence, demand completion and other economic factors. There were no indications of asset impairment during the years ended August 31, 2023 and 2022.

Revenues and Support

Revenues from the State's available school fund are earned based on reported attendance.

A portion of the Academy's revenue is derived from cost-reimbursement contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts are recognized as revenue when the Academy has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statements of financial position. The Academy was awarded cost-reimbursable grants totaling \$978,937 that have not been received or recognized at August 31, 2023 because qualifying expenditures have not been incurred.

Government grant contracts that are entered into by the Academy are recognized as revenue when services are rendered or when expenses in connection with those services are incurred.

All contributions are considered to be available for purposes without restriction unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as support that increases net assets with donor restrictions.

Contributed Goods and Services

During the years ended August 31, 2023 and 2022, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. However, a substantial number of individuals have donated significant amounts of their time in the Academy's programs and supporting services. Donations of property and equipment are recorded at the estimated fair value as of the date the contribution is received. During the years ended August 31, 2023 and 2022, the Academy received no donations of property and equipment.

Personal Leave

All employees of the Academy earn five days of personal leave per year. There is no material liability for unpaid accumulated sick leave since the Academy does not have a policy to pay any amount when the employees separate from service.

Federal Income Taxes

The Academy is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code) and has not been classified as a private foundation as defined in the Code. Income generated from activities unrelated to the Academy's exempt purposes is subject to tax under Code Section 511. The Academy had no unrelated business income for the years ended August 31, 2023 and 2022. Accordingly, no provision has been made for federal income tax in the accompanying financial statements.

GAAP requires the evaluation of tax positions taken in the course of preparing the Academy's tax returns and recognition of a tax liability (or asset) if the Academy has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Academy, and has concluded that as of August 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates included in the Academy's financial statements are related to the Academy's estimate of revenue and receivable for the Foundation School Program, depreciation expense and the functional allocation of expenses.

Accounting Pronouncement Adopted

The Academy adopted ASU 2016-02, *Leases*, (Topic 842). The guidance in the ASU supersedes the current leasing guidance. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. The ASU also required expanded disclosures related to the amount, timing and uncertainty of cash flows arising from leases. The Organization has analyzed their leases and determined that the new standard does not have a material effect on the financial statements as a whole. As such, no changes were required to net assets as of September 1, 2022.

Reclassifications

Certain reclassifications have been made to the August 31, 2022 financial statements to reclassify federal program revenue - noncash commodities from other federal revenue to conform to the August 31, 2023 presentation.

3. Property and Equipment

Property and equipment consist of the following at August 31:

	 2023	 2022
Buildings and improvements	\$ 9,952,456	\$ 9,767,577
Land	1,842,930	1,842,930
Furniture and equipment	388,459	388,459
Vehicles	57,200	57,200
Library books and media	44,040	 44,040
Total property and equipment	12,285,085	12,100,206
Less accumulated depreciation	 (3,268,061)	 (2,974,264)
Property and equipment, net	\$ 9,017,024	\$ 9,125,942

Depreciation expense totaled \$293,797 and \$290,744 for the years ended August 31, 2023 and 2022, respectively.

4. Note Payable

In February 2021, the Academy entered into a \$2,393,828 loan agreement with a bank bearing interest at 3.25%, until 2026 when a variable interest rate applies. Payments of principal and interest totaling \$17,159 are due monthly until maturity in 2036.

The future maturities of long-term debt are as follows for the years ending August 31:

2024	\$ 136,557
2025	141,343
2026	146,297
2027	151,425
2028	156,733
Thereafter	1,339,039
Total	\$ 2,071,394

5. Net Assets With Donor Restrictions

Net assets with donor restrictions represent resources received from the state to be used under management's discretion for educational purposes.

6. Contributions of Nonfinancial assets

The Academy received \$69,299 and \$30,755 of commodities during the years ended August 31, 2023 and 2022, respectively. Contributed commodities are reported at fair market value. These contributed nonfinancial assets were utilized for program services. There were no donor restrictions on these contributions.

7. Defined Benefit Pension Plan

Plan Description

The Academy contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing, multiple-employer defined benefit pension plan with one exception; all risks and costs are not shared by the charter school, but are the liability of the State. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government code, Title 8, Chapters 803 and 805, respectively. The State legislature has the authority to establish and amend benefit provisions of the pension plan and may, under certain circumstances, grant special authority to the TRS Board of Trustees. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit plan. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701 or by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS Internet website, www.trs.state.tx.us, under the TRS Publications Heading.

Funding Policy

Plan members contributed 8% of their annual covered salary in 2023. The Academy contributes 8% for new members of the first 90 days of employment, and the State contributes 8%. Additionally, the Academy makes a 1.8% non-OASDI payment for all TRS eligible employees. The Academy contributions do not represent more than 5% of the TRS' total contributions. For the years ended August 31, 2023 and 2022, the Academy contributed \$358,147 and \$349,827 to the TRS.

The risks of participating in a multi-employer, defined benefit plan are different from single-employer plans because (a) amounts contributed to a multi-employer plan by one employer may be used to provide benefits to employees of other participating employers and (b) if an employer stops contributing to TRS, unfunded obligations of TRS may be required to be borne by the remaining employers. There is no withdrawal penalty for leaving TRS.

Total TRS plan assets as of August 31, 2022 and 2021 totaled approximately \$208 billion and \$223 billion, respectively. Accumulated benefit obligation as of August 31, 2022 and 2021 totaled approximately \$244 billion and \$227 billion, respectively. The plan was 75.62% and 88.79% funded as of August 31, 2022 and 2021, respectively.

8. Health Care Coverage

During the years ended August 31, 2023 and 2022, eligible employees of the Academy were covered by a health insurance plan (Plan). The Academy contributed \$500 per month per employee to the Plan for employees who have completed five or more years of service and \$250 per month for employees with fewer than five years of service for the years ended August 31, 2023 and 2022. Participants, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. All premiums were paid to licensed insurers.

9. Contingencies

The Academy receives funds through state and federal programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to TEA and is subject to audit and adjustment.

Expenses charged to federal programs are subject to audit and adjustment by the grantor agency. The programs administered by the Academy have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, charter school funds may be subject to refund if so determined by the TEA or the grantor agency.

10. Liquidity and Availability of Resources

The Academy's financial assets available to meet cash needs for general expenditures within one year are as follows at August 31:

	2023	2022
Cash and cash equivalents Due from government agencies Other receivables	\$ 10,587,356 1,142,831 4,850	\$ 7,703,571 1,249,168
Total financial assets available for general expenditure	\$ 11,735,037	\$8,952,739

The Academy relies on state aid and federal grants to meet general expenditures related to operations. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Academy considers all expenditures related to its ongoing activities of education, as well as the conduct of services undertaken to support those activities, to be general expenditures.

As part of the Academy's liquidity management, it structures its financial assets to be available as its general expenditures and liabilities become due or as additional funding opportunities are presented by maintaining a significant portion of its assets in cash.

11. Leases

The Academy has a non-cancelable operating lease agreement for copiers that expire in February 2025. The following is a schedule of future minimum lease payments under the operating lease agreement for the years ending August 31:

2024	\$ 24,228
2025	12,114

Lease expense totaled \$38,308 and \$11,701 for the years ended August 31, 2023 and 2022, respectively.

12. Functional Allocation of Expenses

Expenses are reported by their functional classification as program services or support services. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the Academy exists. Fundraising activities include the solicitation of contributions of money, securities, material, facilities, other assets and time. Management and general activities are not directly identifiable with specific program or fundraising activities.

Expenses that are attributable to one or more program or supporting activities are allocated among the activities benefited. Salaries and related costs are charged directly either to program services or support services based on actual time worked in each area. Information technology costs, depreciation, interest expense and occupancy costs are allocated based on whether the costs are associated with instructional (program services) or administrative (support services) purposes.

The Academy's expenses by natural classification and function are as follows for the year ended August 31, 2023:

	Payroll Costs	Professional & Contracted Services	Supplies & Materials	Other Operating Costs	Debt	Total
Program Services: Instructional and instructional related services Instructional and school leadership Support services - student Support services - nonstudent based Interest on debt	\$ 3,616,011 311,545 333,210 56,642	\$ 310,414 230,829 481,214	\$ 332,394 33,818 312,598 107,609	\$ 8,306 10,640 8,656 390,490	\$ - - - 72,561	\$ 4,267,125 356,003 885,293 1,035,955 72,561
Total program services	4,317,408	1,022,457	786,419	418,092	72,561	6,616,937
Support Services: Support services - nonstudent based	248,130	62,652_	5,496_	99,740		416,018
Total support services	248,130	62,652	5,496	99,740	<u> </u>	416,018
Total expenses	\$ 4,565,538	\$ 1,085,109	\$ 791,915	\$ 517,832	\$ 72,561	\$ 7,032,955

The Academy's expenses by natural classification and function are as follows for the year ended August 31, 2022:

	Payroll Costs	Professional & Contracted Services	Supplies & Materials	Other Operating Costs	Debt	Total
Program Services: Instructional and instructional related services Instructional and school leadership	\$ 3,390,325 352,020	\$ 392,720	\$ 297,235	\$ 4,930 10,491	\$ -	\$ 4,085,210 362,511 726,278
Support services - student Support services - nonstudent based Interest on debt	199,849 74,830 	218,105 351,171	300,698 42,202 	7,626 343,685 	- 	811,888
Total program services	4,017,024	961,996	640,135	366,732	78,922	6,064,809
Support Services: Support services - nonstudent based	282,100	26,475	24,280	77,547		410,402
Total support services Total expenses	\$ 4,299,124	\$ 988,471	\$ 664,415	\$ 444,279	\$ 78,922	\$ 6,475,211

13. Subsequent Events

On September 19, 2023, the Academy entered into a loan agreement for \$3,500,000 for the construction of a new facility. The loan has an initial interest rate of 5.5% that will adjust on September 19, 2030, and every year thereafter. The loan is collateralized by certain real property. The Academy is required to make monthly interest only payments beginning on October 19, 2023 through September 19, 2025. The Academy is required to make principal payments of \$24,076 beginning on October 19, 2025 through maturity on September 19, 2040. All outstanding, unpaid principal and accrued interest will be due upon maturity.

The Academy has evaluated subsequent events through November 27, 2023, the date the financial statements were available to be issued, and concluded that no additional disclosures are required.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy (Academy), which comprise the statements of financial position as of August 31, 2023, and the related statements of activities and cash flows for the year then ended and the related notes to the financial statements and have issued our report thereon dated November 27, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported *under Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Directors of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy's (Academy) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the Academy's major federal programs for the year ended August 31, 2023. The Academy's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Academy complied in all material respects, with the types of compliance requirements referred to above that could have a direct and material effects on each of its major federal programs for the year ended August 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Academy and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Academy's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Academy's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Academy's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities of the Audit of Compliance Section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of Salvaging Teens at Risk, Inc. dba North Texas Collegiate Academy (Academy). The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Academy, it is not intended to and does not present the financial position, changes in net assets or cash flows of the Academy.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Academy has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance and continues to use the allowable indirect costs for each award as determined by the awarding agency.

2. Food Commodities

Food commodities are recognized as federal expenditures when distributed. Distributed food is reported in the Schedule under the National School Lunch Program and is valued based on amounts reported to the Academy by the Texas Department of Agriculture. These amounts are considered to be non-cash assistance to the Academy.

The Academy received non-cash assistance in the form of food commodities totaling \$69,299 for the year ended August 31, 2023.
