Student Chromebook Use & Care

High School Edition

Champaign 4 UNIT SCHOOL DISTRICT

A Chromebook For Every Student

- Our District is committed to ensuring that students have the resources required to support their learning needs.
- We are fully 1:1 with each student having ONE assigned Chromebook.

Replacement Costs

- If your device is misplaced, retrace your steps, talk to teachers, and explore classrooms ASAP. You may have left it in a charging station.
- If you do not find it after your initial search of all possible areas, report a lost Chromebook immediately to a teacher or in the Chrome Depot.
- The sooner we know, the easier it will be to track down with our Tech Wizardry! We recover roughly 8 out of every 10 chromebooks reported in the first 24 hours, preventing most students needing a replacement device.

Replacement	COST
3180	$100
3100	$150
3100 2-in-1	$200
3110	$250
3110 2-in-1	$350
Loaner	$150

Champaign 4 UNIT SCHOOL DISTRICT

Problems With Your Chromebook?

Students should immediately report any technical issues with their Chromebook to their teacher or the Chrome Depot Technician.

Champaign 4 UNIT SCHOOL DISTRICT

Repair Costs

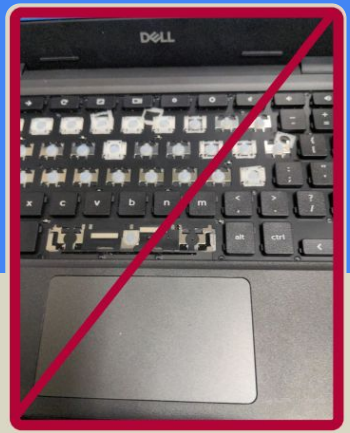

- If your device is damaged or not working, please bring it to Chrome Depot.
- A classroom loaner is available if repairs are not immediate
- Classroom loaners work at school only. Please report lost devices instead of using loaners long-term. We don't have enough loaners to support more than 1-2 days of use as a replacement during repair or a forgotten device.
- Repair costs are not collected immediately and are not collected at the Depot. Talk to Student Services if you have a fee question.

Repair COST	
Screen Only	$30
Keyboard	$20
Palmrest	$90
Trackpad	$20
Charger	$20

CARE & HANDLING TIPS

Here are some helpful tips to maintain your Chromebook and keep your device safe:

- Make sure there is nothing on the keyboard before closing the lid (pens, pencils or disks).
- No food or drinks should be placed next to Chromebooks.
- Avoid extreme **HEAT** or **COLD** such as leaving your Chromebook in a car during a hot or cold day.
- Keep your Chromebook SECURE. Stay with your device at all times in public spaces.
- Lift your Chromebook with two hands underneath the base and avoid grabbing with one hand by the screen.
- Avoid placing heavy objects on top of the Chromebook.
- Use a waterproof bag to carry your device home.

Champaign 4 UNIT SCHOOL DISTRICT

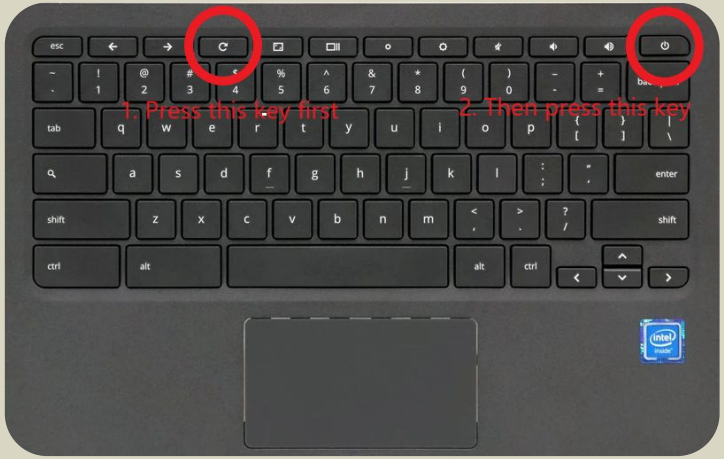

Other Helpful Tips

- Charge your computer in a location next to where you charge other devices (personal computers, tablets, phones, etc.)

- If your Chromebook suddenly turns off, it went into shipping mode. To get out of it,

    1. Plug in your device
    2. Press the refresh button and power button together just once.
    3. Wait for the screen to turn on!
