

Pie Charts with Missing Labels

Since only data applicable to the USD is charted, sometimes the labels on the pie charts don't always show up. Please follow the steps below to get the missing labels to display.

1. Go to the chart that has missing labels.
2. Double click a visible label.
The "Format Data Labels" menu should appear on the right side of the window.
3. Click on any cell outside of the chart to unselect the single label.
4. Single Click on a label that is visible
 - do not double click, just single click
 - o If only one label is selected, not all, click out of the chart in a different cell, then single click on a visible label. It may take a couple of tries to get them all selected as shown below.
 - Notice the missing label box (circled in red in the screenshot below) is empty.

5. On the Format Data Labels menu, uncheck "Value From Cells", "Value" and "Show Leader Lines", then re-check "Value From Cells", "Value" and "Show Leader Lines". The screenshot below shows what should be checked before moving onto the next step.

6. On the Format Data Labels menu, click on "Reset Label Text" button.
 - All labels should be visible now.

Tip: You may click and drag around the labels where you want them so they are not overlapping and are legible when printed.

School districts are authorized by law to self insure rather than purchase insurance for the following categories: Worker's Comp, Health Insurance, Life Insurance, Property and Casualty (Risk Management) and Disability Income Insurance. Monies are placed in the Self Insured Fund to pay for claims which may arise from the categories listed above.
