

## Phone Pouch Request Form

Students who wish to be able to have their phone, smartwatch, wireless earbuds or any other cellular or bluetooth capable device at school, may only do so if the items are placed inside a pouch ordered through the school. The pouch containing these items must be kept in the students bag/backpack at all times. The pouch and the items in the pouch may not be accessed during the academic day (upon arrival to any school building until 3:15pm, or 4:15pm if staying for credit recovery/attendance makeup). Accessing the pouch or the items inside the pouch will result in disciplinary actions. If the student has a compelling reason to use their phone, they may come to the office and ask for permission to use the phone while in the office.

I, \_\_\_\_\_ would like to order a Phone Pouch. I understand  
(student name)  
that the pouch must stay in my bag/backpack. I also understand that taking the bag or the contents of the bag out during the academic day, can result in disciplinary actions.

The cost of ordering a bag is \$7.00.
