

## February 2024

## Presenting at BE: February 27, 2024

# BMX SCHOOL ASSEMBLY

Formerly known as Forward Motion, Forward is a BMX Show that was conceived by professional riders who wanted to make a bigger impact on our community. Utilizing years of experience performing for crowds across the country, we seek to raise the level of professionalism and create an attention to detail rarely seen in stunt shows. Constant advancement, or "forward motion" is key to success in this life. We choose to rise to the occasion; perfecting our message, improving the delivery, and striving to touch the hearts of our youth. ---- Forward BMX Show - Atlanta, GA © 2024 Inspired Life School Assemblies

Kindergarten (and the whole school!) celebrated the 100th Day School on Thursday, February 1, 2024! Once again, the Kindergarten students and their families worked together using 100 of something to create awesome, interesting, and unique projects. It is always amazing to see the creativity of these projects as they come into school in the days leading up to the 100th Day. A huge shout out and thank you to all the Kindergarten students and their families for all the excitement, hard work, and creativity that is very evident in the projects. And thank you to the families for helping to make the 100th Day so awesome! These projects are on display in the "T" area of the school.
