

AGWSR KDG/Pre-KDG/Pre-School Forms Requirements Checklist:

This completed check-list with forms turned in will ensure your student has all the required health forms to attend school. This is for your reference only. All forms can be found at Agwsr.org Parents//Registration Forms.

KDG. Requirements:

- **Physical:** AGWSR schools require at minimum one physical record turned in upon enrollment to school. *Any physical after age 4 qualifies.* The form is available on the school website. *A note from the provider stating your child is ok to participate in school does **not** satisfy this requirement.*
- **Immunization Certificate:** Fully completed and up-to-date immunizations are required for continuous enrollment and attendance. Your health provider can provide you with a copy of your child's immunization record. Religious or Medical Exemption forms will also be accepted. One of these records is required to enroll in Kindergarten pursuant to Iowa Dept. of Public Health 641, Chap 7.
- **Dental Exam: (Must use the official State of Iowa Form)** Exams should be done no earlier than 1 year prior to enrollment pursuant to IDPH 641 Chap 51. Can be performed by a dentist OR primary care provider. The form is available on the school website.
- **Lead Screening:** All children enrolling Kindergarten are *required* to have at least one lead test to be in compliance with IAC 641 Chapter 67. Your health provider can indicate this testing completion on the physical form. Any lead testing done in your child's life-time counts towards this. There is no specific form.
- **Vision Exam:** May be completed by an eye doctor OR Primary Care Provider. Exams must be performed no earlier than one year before enrollment or no later than 6 months after enrollment to be in compliance with IAC 641 Chapter 52. No additional form is needed if this is on the current Physical Form. If not indicated on the physical, you can find a form on the school website.
