What to do if school is delayed or cancelled.

At any time during the school year, it may be necessary to cancel school or delay the starting time. Schools could close or be delayed for a variety of reasons; extremely bad weather, poor road conditions, mechanical failures, or other emergency situations. While this is rare, you and your child must be prepared.

- If a **storm moves in during the day**, athletic practice cancellations are determined before dismissal. It would be extremely rare to send students home early. The normal practice is to complete the school day, but your child must know what to do and where to go in case he/she is sent home early. We never want to send children home not knowing whether or not they will be able to get inside.
- If **school is cancelled**, please refer to the district website, gischools.org, for activity information. All adult education, and community education enrichment classes are cancelled.

If school is cancelled or students must be sent home:

School Messenger

- **Notifications will be sent out through School Messenger to your email/ phone/text (based on your contact information in Parent Connect).**
