2023-2024 John P. Powell Middle School

John P. Powell Middle School

Vision

John P Powell STEAM Magnet school will promote the integration among science, technology, engineering, mathematics, and the arts in order to provide deep and collaborative learning among students through curricular integration in K-12 science education.

Mission

John P Powell Magnet School teachers, administrators, parents, and the community will work together to develop students who will become academically and socially prepared to be successful in their educational journey.

Beliefs

We believe students and staff will develop strong positive connections and relationships.

We believe in a culture that promotes respect between all individuals.

We believe students should gain essential knowledge through active problem solving and producing quality work.

We believe in collaboration.

Engagement through STEAM	Academic Expectations	Parental Involvement	Technology Integration
