Parental Involvement Plan 2023-2024

During the 2023-2024 school year, Huguley Elementary School will proceed with the following Parental Involvement Plan:

- Parents are invited to attend and contribute to the Huguley PTO at the beginning of the year. Huguley PTO encourages parents to sign up and volunteer contributions or services throughout the year.
- PTO meetings are held quarterly.
- Communication with parents from Huguley Elementary will come in a variety of ways:
 1. PowerSchool(grades)
 2. ThrillShare (call outs)
 3. Social Media Accounts (School and PTO)
 4. Grade Level Newsletters
 5. Grade Level/homeroom communication apps.
- During the beginning of the school year, Huguley Elementary will send out a Google Survey for parents and guardians to complete regarding ACIP goals and or suggestions on procedures.
- Parents will be offered two parent conferences a year. (One first semester and one second semester). These conferences will allow teachers the opportunity to express concerns/praises about the progress each child at Huguley is currently making. These conferences will be in person or virtual as needed.
- Parents can sign up for volunteer opportunities throughout the school year through the PTO program.

Huguley Elementary looks forward to providing support and hearing feedback from our families throughout the school year. Please contact the administration as needed for further questions or concerns.
