## The 2018 Winter Olympic Games

By: Landry Layton

The roar of the crowd is deafening....and suddenly, it stops as all eyes fall on Yuna Kim as the world renowned Olympic torch is lit. The 2018 Olympic Winter Games have begun. The 2018 Winter Olympic Games are being held in Pyeongchang from February 9 - February 25. The sports included in the 2018 Winter Games are: Alpine Skiing, Biathlon, Bobsleigh, Cross-country skiing, Curling, Figure Skating, Freestyle Skiing, Ice Hockey, Luge, Nordic combined, Short track Speed Skating, Skeleton, Ski Jumping, Snowboarding and Speed Skating. However, the long awaited medals have only been awarded in some of these events. On February 19, the medals in Figure Skating Ice Dance, were awarded. The Gold medal team was from Canada, Tessa Virtue and Scott Moir, the Silver medal team from France consisted of Gabriella Papadakis and Guillaume Cizeron, and the Bronze medal team was from the United States of America! Twenty-three year old Maia Shibutani and her twenty-six year old brother and Ice Dance partner, Alex Shibutani had the honors of bringing home the Bronze medal, finishing in 3rd place out of 24 Ice Dance teams! Flashback to February 11th, when 17 year old, Red Gerard, brought home the Gold in men's Snowboarding.

After 15 years of hard work, Red Gerard of the U.S. Snowboarding team, finally placed the Gold medal around his neck. In the women's Giant Slalom, Mikaela Shiffrin of the United States, was proud to call the Gold medal her own. She is the reigning World Cup overall champion and is one of the only U.S. women to win the biggest annual prize in ski racing. Shaun White slides into the first place spot, earning his 3rd Olympic Gold medal! Not to forget that Shaun is one of the most decorated men's Snowboarders of all time. In women's Halfpipe, Chloe Kim, at age 17, won her first ever Gold medal at the Olympics! And of course, everyone's favorite Figure Skater, the love and pride of the United States of America, Adam Rippon! Even though 28 year old Adam Rippon didn't come home with an Olympic Gold medal...he came home with the hearts of many fans around the world. Adam Rippon trains with the other very well know U.S. Figure Skater, 18 year old Nathan Chen! Nathan Chen is the first and only skater competing with five different types of quadruple jumps—the toe loop, Salchow, loop, flip and Lutz. As of the standings right now, the United States has five Gold medals, 3 Silver and 4 Bronze. Tune in on NBC to watch the latest coverage on the Olympics to keep up with the newly awarded medals!

## Welch Community Theatre's Singin' in the Rain Auditions

By: Aubrey Layton

Have you ever been interested in being a part of a theatrical performance - onstage or off? Well, your time has come! It is with great excitement that Welch Community Theatre presents their summer musical Singin' in the Rain, which will be presented June 22-23 at the Welch Civic Center. Known as "The Greatest Movie Musical of All Time", Singin' in the Rain JR. has all the makings of a tabloid headline – the starlet, the leading man and a new movie that could change lives and make or break careers! It's 1927, and silent movies are a hot item. Within the silent movies, Don Lockwood and Lina Lamont are also a hot item, but behind the scenes, things aren't always as they appear on the big screen. Things begin to change for Don, Lina, and Don's best friend, Cosmo, as the first "talking picture" is produced at a rival movie studio. Determined to keep up with the times, Don and Lina's studio attempts to create its own talking (and singing) picture: The Dueling Cavalier. However, Lina's squeaky voice might be the end of her career in "talking pictures" without the help of a talented young actress to do the talking and singing for her. **A U D I T I O N !** Any student interested in auditioning must be between the ages of 9-18.
