- Musical—"The Addams Family"
@ 7 pm

November 12th

- Musical—"The Addams Family"
@ 2 pm

November 14th

- Blood Drive—12-6 pm in Auditorium

November 22nd – November 24th

- No School

Reminder... Every Friday school will begin at 9:30 so staff may attend professional development.

Superintendent Notes

Dear Parents and Guardians,

Last week our school hosted our annual Homecoming Week. From all indications it was a very enjoyable week for all students, parents, and teachers. In reality, school personnel are very nervous during a typical Homecoming Week with the extra activities, the pep rally, and the Homecoming Dance. I believe it says a lot about our students and parents that everything went as planned and there were no issues. It was amazing to see the students and staff dress up for all of the various theme days. We do have a great group of students here at Lo-Ma, and a great group of parents raising their children the right way.

Building Project

The top question that I have fielded over the past year is, "When will we put the shovel in the ground on our building project?" It is a very good question and one that is not easy to answer. A couple of months ago we switched to another construction manager company. The company we are going with, Genesis Construction, is more familiar with what we are looking for with our construction project. We are meeting weekly with Genesis and Incite, our architect company, to finalize our plans so we can go out to bid soon.

Nobody is as anxious as I am to get the construction phase going and I want to thank you for your patience as we work through the final details of the project plan.

A Message from Mrs. Kiger K-6 Elementary Principal

It has been a great start to the year. Last week we had so much fun dressing up, participating in our first Fun Run and outdoor family night. Thank you for all of your contributions and participation.

Picture retakes are Friday, October 20, starting in the morning.

October brings the end of Quarter One and the first round of conferences. Please note that we will be using an online scheduling system again this year. Beginning October 6th, families will be able to log into JMC and sign up for conference times. Conferences will be held October 23 & 24 from 3:00-7:00 pm. We'll dismiss at 2:30 those two days.

Thanks for being diligent with calling when your child is sick/absent and for calling before 2:00 with changes in dismissal plans.

FAST testing is wrapping up. Currently 71% of our students are meeting the benchmark for literacy and 90% of our students are meeting the benchmark for math. Hopefully your children are talking about the new things they are learning in literacy this year with our new curriculum CKLA and Amplify.

October 31st, we also have an opportunity to participate in our first classroom party of the year. The school will provide a snack and drink for each child. Our costume parade will start around 2:45. The parade route will be determined by the weather. Students in grades Pk-4 can dress up. (We'll schedule a special parade for the morning preschool class.)

Upcoming dates to know

Oct. 9 No school

Oct. 12 Fire safety trailer here

Oct. 20 End of quarter 1

Oct. 27 No school

Nov. 22, 23 & 24 No school

Dec. 22 End of quarter 2

School resumes January 8, 2024

Logan-Magnolia Community School District

JR. SR. HIGH SCHOOL PRINCIPAL - JACOB HEDGER

As September comes to a close and we move into the fall months of the school year it is important to look back on the great start to the school year. The student body continues to impress me every week with their dedication to prove #PantherPride is more than just a neat trademark. The start of the school year has been extremely busy and enjoyable. Each and every day brings a new adventure and exciting opportunities to learn and challenge ourselves. We strive to prioritize academic excellence and provide students with the tools and resources they need to be successful. Teachers have been working hard to engage students in their learning while at the same time giving them authentic, practical learning opportunities. Each staff member works to provide each student with the best possible education.

Additionally, there is no shortage of extracurricular activities for our students to participate in. Whether your student participates in a sport, fine arts, other extracurriculars or just enjoys being a fan it is important for them to be involved. Data shows that students who are actively involved in the school community not only do better in their academics, but also consistently enjoy school more. So, please encourage your students to participate in the school community and get involved.

The start of the school year also brings Homecoming, or as the students call it "HOC023". Though I do not understand all the slang term students use I do understand how fun homecoming week was. Rather it be the great lip sync performances, fantastic dress up outfits, your extreme generosity at the Booster Club Jersey Auction, or a big win by the football team this past week was a success. The Student Council and sponsors put together a week to remember.

The start of the school year also brings about some new staff members. This year our students will be learning from two new teachers. Mr. Killpack has taken over the position of high school science teacher in charge of Biological Sciences. Mrs. Martindale returns to the district this year in a new role. She will be teaching classes on the use of various forms of media. She also has taken the role of our social media coordinator and publicist. Our district also added new paraeducators. Danyel Vana and Sierra Jacobson are both providing students with great support in their learning endeavors. Lastly, Bill Thompson has been hired as our academic interventionist and is providing students with extra academic guidance when needed. We are excited to have each of these staff members as part of the secondary school for the 2023-2024 school year.

Just around the corner are Parent Teacher Conferences. This year conferences will be held on October 23rd and 24th from 3:00-7:00. Again this year parents will be asked to sign up for meeting times with teachers prior to the date of conferences. Please be on the lookout for more information via JMC. However, please do not hesitate to attend conferences even if you do not get signed up for conferences ahead of time. We look forward to having you in our building and growing the partnership between home and school to best serve our students.

In addition to providing great educational and extracurricular opportunities for our students, we consistently strive to provide a safe and secure school environment. As such, we hold monthly school safety meetings to ensure our practices are meeting best practice and improving. We also hold monthly school safety drills to ensure our students and staff are well prepared for any adverse event that may occur. If you have any questions about our school safety plan please feel free to contact me or another member of the school safety team.

I would also like to take this opportunity to thank you for your continued support of Logan Magnolia! The community has been extremely supportive through donations to the Booster Club jersey auction, allowing students to paint downtown windows, volunteers to run the concession stands, kind words, donations to the "Fun Run", patience, and countless other ways. The school is blessed to have so many great community members and parents come alongside the school to ensure our students have the best possible experience. Please continue to be generous towards the school when appropriate, but more importantly please continue to let our teachers and staff know how much you care about and appreciate them.

Lastly, I would like to recall the challenge I put before the students, parents, and community prior to the start of the school year. I challenged us to BE MORE. The challenge was to push ourselves out of our comfort zones and help our school and community achieve greater success than ever before. The challenge is being met. Each day students, parents, staff, and others are choosing to BE MORE. I look forward to seeing us continue to do the same over the remainder of the school year. Together we can achieve more!!!

As always, please feel free to contact me, via phone (712.644.2250) or email (jhedger@lomaschools.org) with any questions you may have.
