### Information About Snow Days From Mr. Ridder

Click on this [link](#) to read a letter from Mr. Ridder about snow days.

### Hygiene Closet in Need of Supplies

The hygiene closet is in desperate need of deodorant, hair ties, tampons and maxi pads. This service benefits all students. Please consider donating to this worthy cause.

### Radon Testing

Next week, Monday, January 29, 2024 through Friday, February 2, 2024, the district will be doing radon testing in each classroom. The regulations that govern school facilities require schools to do radon testing every five years. Next week your students may see small testing kits hung from the ceiling in each classroom. At the end of the week trained school personnel will remove the kits and submit them for testing.

It is important to know that the school has done radon testing in the past and has never had any indication of radon present in the buildings. Providing a safe environment for your students remains a priority of the district. If you are interested or have any questions you can read more about the regulations [here](#) or feel free to contact the school.
