# Mobile Access for Parents

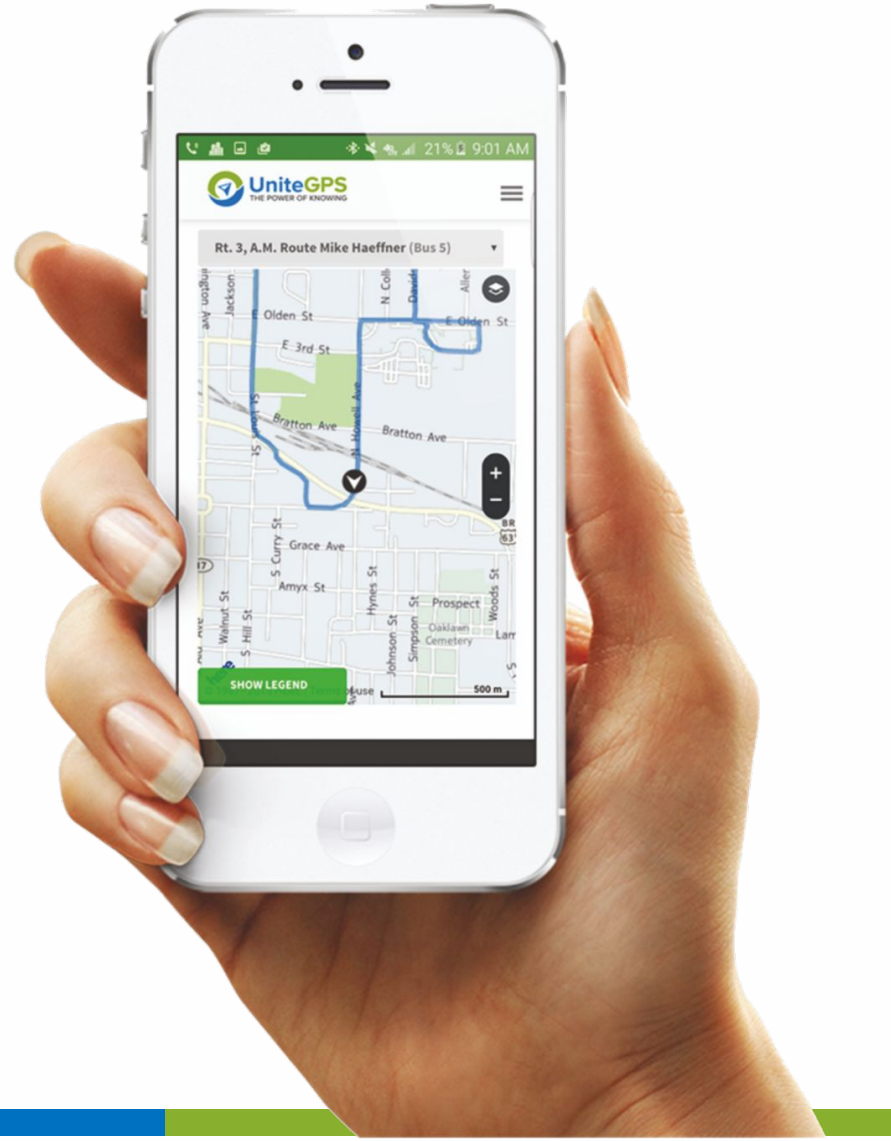

UniteGPS
THE POWER OF KNOWING

Save Time • Improve Efficiency • Enable Mobility
Free for Parents | 100% Secure & Protected

Empower families with secure mobile access that enhances communication and transforms student transportation operations.

UniteGPS
THE POWER OF KNOWING

South Portland, Maine
www.unitegps.com

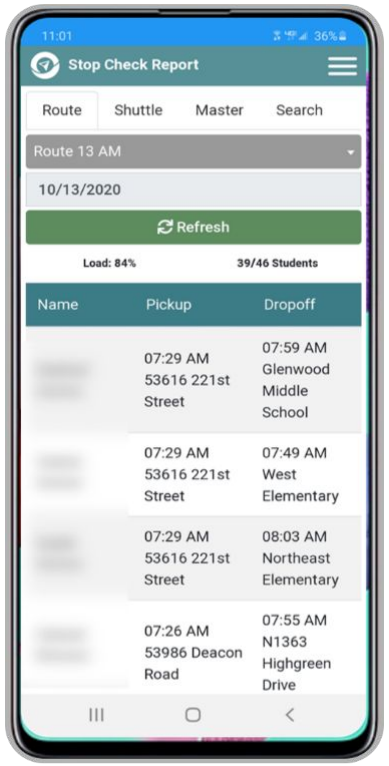

UniteGPS delivers the most advanced technology in the industry through a Software as a Service (SaaS) model. This means there's no software installation required on school computers. Everything is securely hosted in our data center.

School transportation staff, administrators, and parents can access the platform anytime by simply logging in through the UniteGPS website. Our School Bus SaaS application provides unmatched versatility, speed, and simplicity, keeping everyone informed and connected.

Dear [redacted]

The UniteGPS team invites you to become a Crosswalk K-12 user!

In partnership with [redacted]School_District, we're excited to share with you our student mobility solution, Crosswalk K-12. When it comes to efficiently recording student bus attendance while out on the road, we're confident that our platform will streamline the entire process for both drivers and administrators.

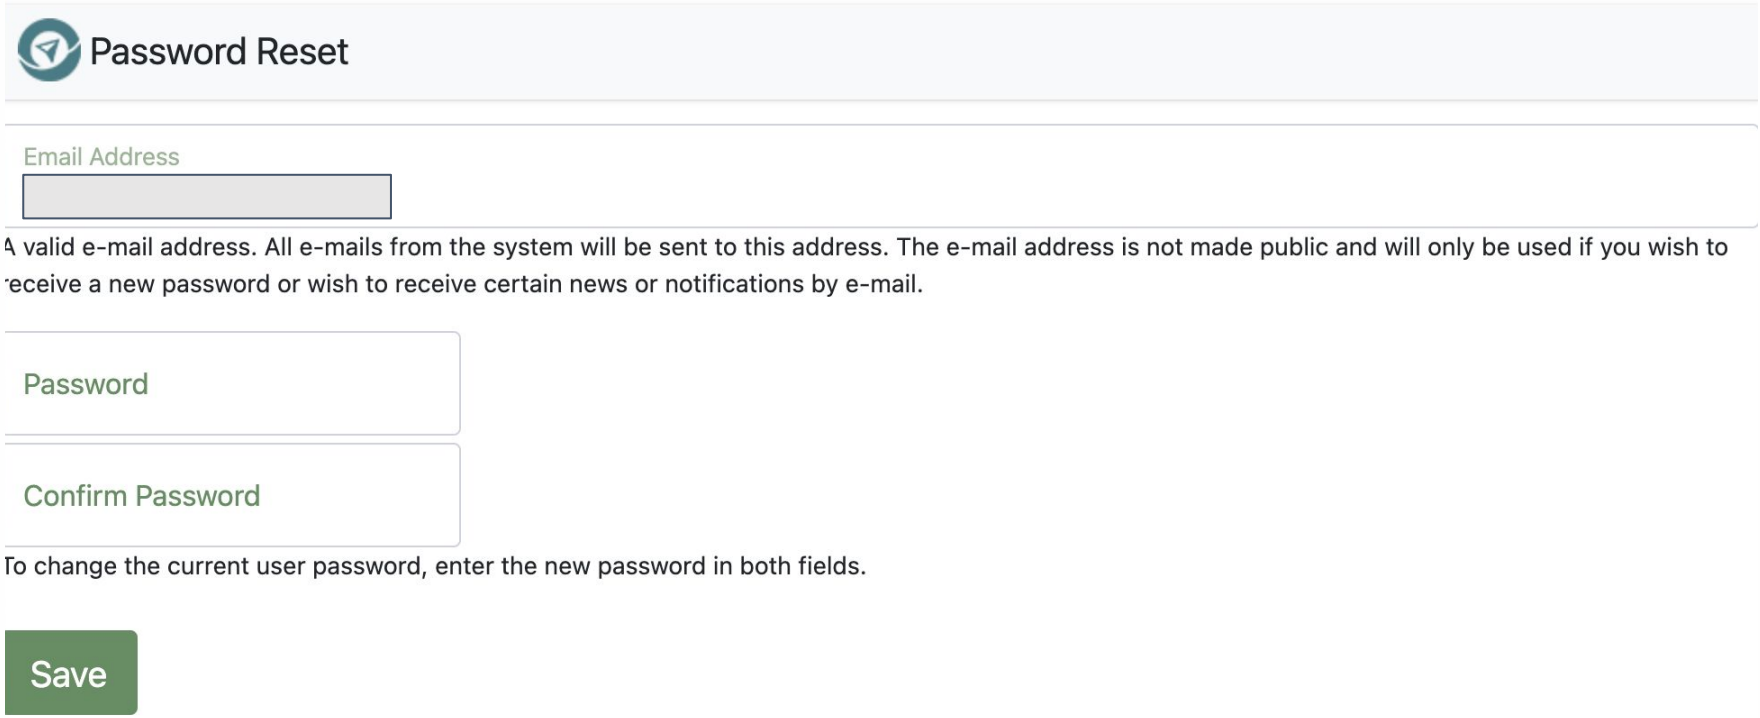

Click below on the one-time link to activate your Crosswalk K-12 account and gain access to the solution. From here you will be directed to the platform where you can customize your password in just a few clicks of a button:

https://crosswalk.unitegps.com/user/reset/[redacted]

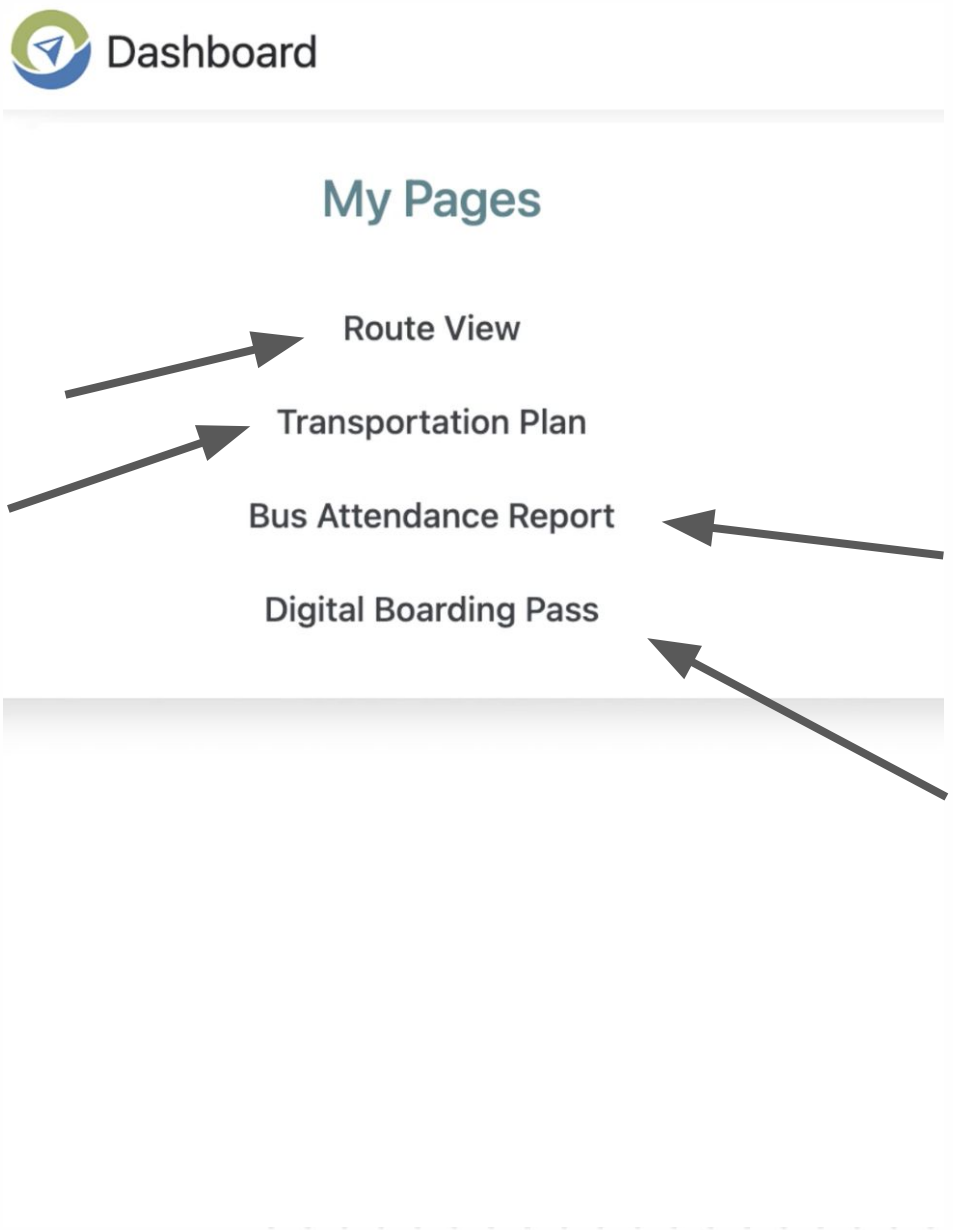

In case of any bumps along the way, please do not hesitate to contact our customer support team at [redacted] or [redacted]. Thanks for your participation and we look forward to working with you this school year!

Best regards,
Christopher Bunnell
CEO, UniteGPS

# From the UniteGPS site, create password

# Parent Dashboard on Crosswalk K-12

Watch your children's school bus journey in real-time

Review routes and bus stops for your children

Review student ridership data**

Use smartphone to board bus**

The transportation department will be responsible for assigning routes and bus stops

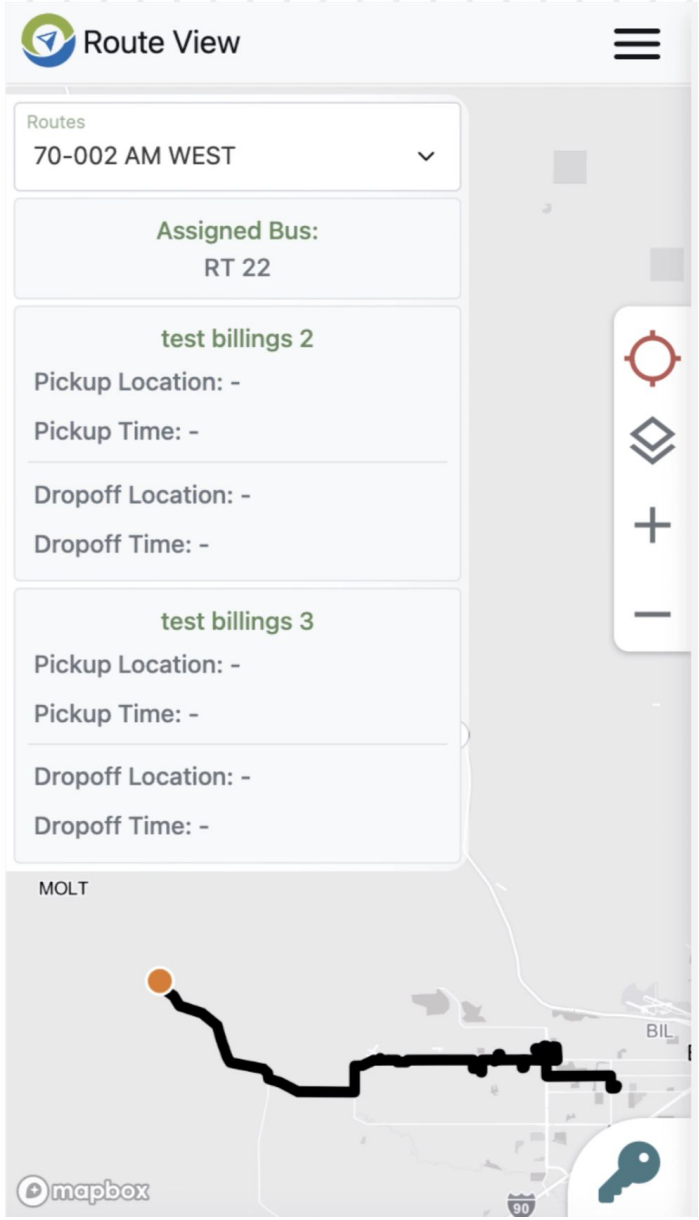

**only applies to districts with onboard ridership tracking

# Route View

Parents can track their child's bus journey in real-time on a map

Click on the top dropdown to pull up a student's route

View precise pickup location, pickup time, drop off location, and drop off time for today's bus routes.

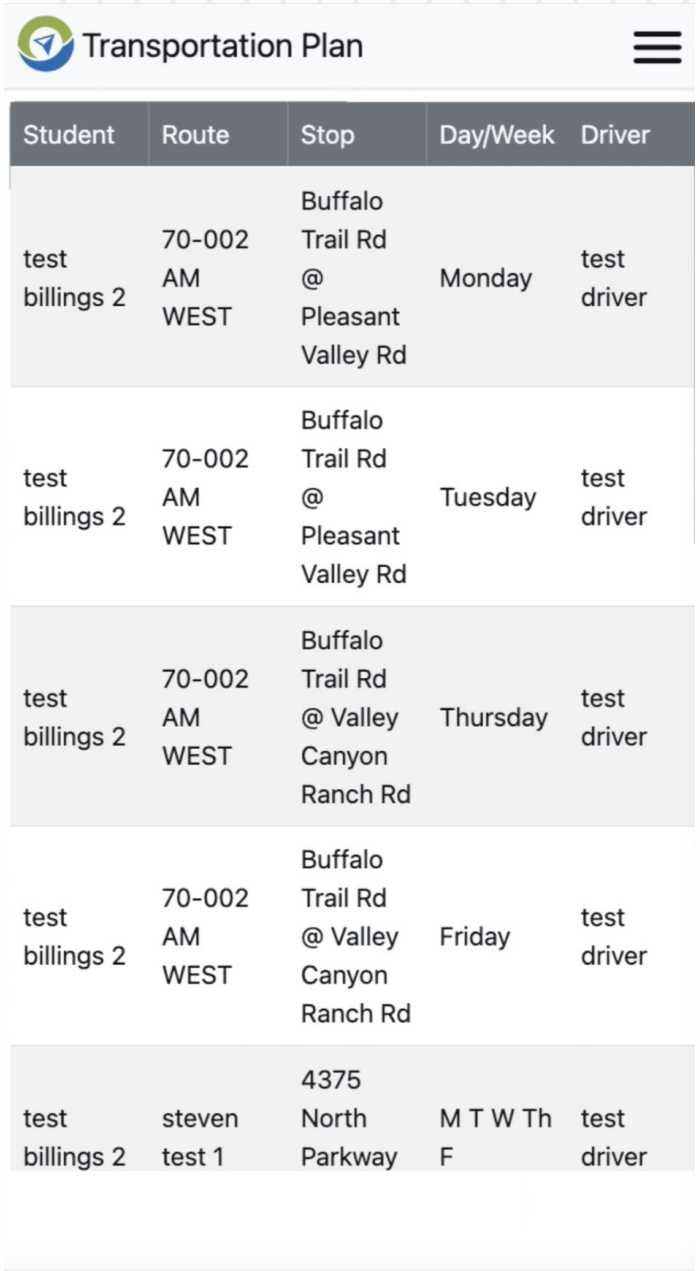

UniteGPS
THE POWER OF KNOWING

# Transportation Plan

View your children's assigned routes and bus stops

Each line on the list is an individual student route assignment

For each assignment, available information includes student name, route, stop, ETA, days on which the student is assigned to the route, and the assigned driver

# Bus Attendance Report

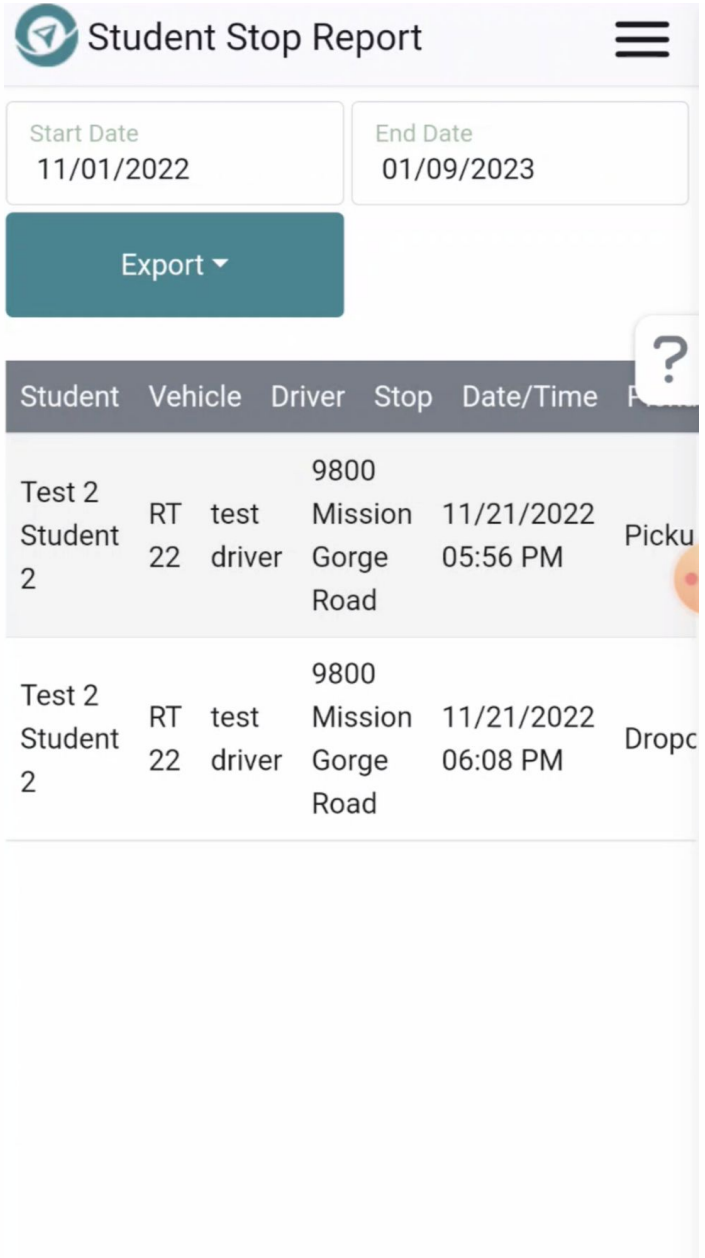

Here is where parents can access their children's ridership data

Parents can set the Start Date and End Date to load information

Each line of data is one ride occurring within the selected date range

Data fields include the student name, ride event date & time, vehicle number, route name, stop name, and an indication of whether it's a pick up or drop off

**only applies to districts with onboard ridership tracking

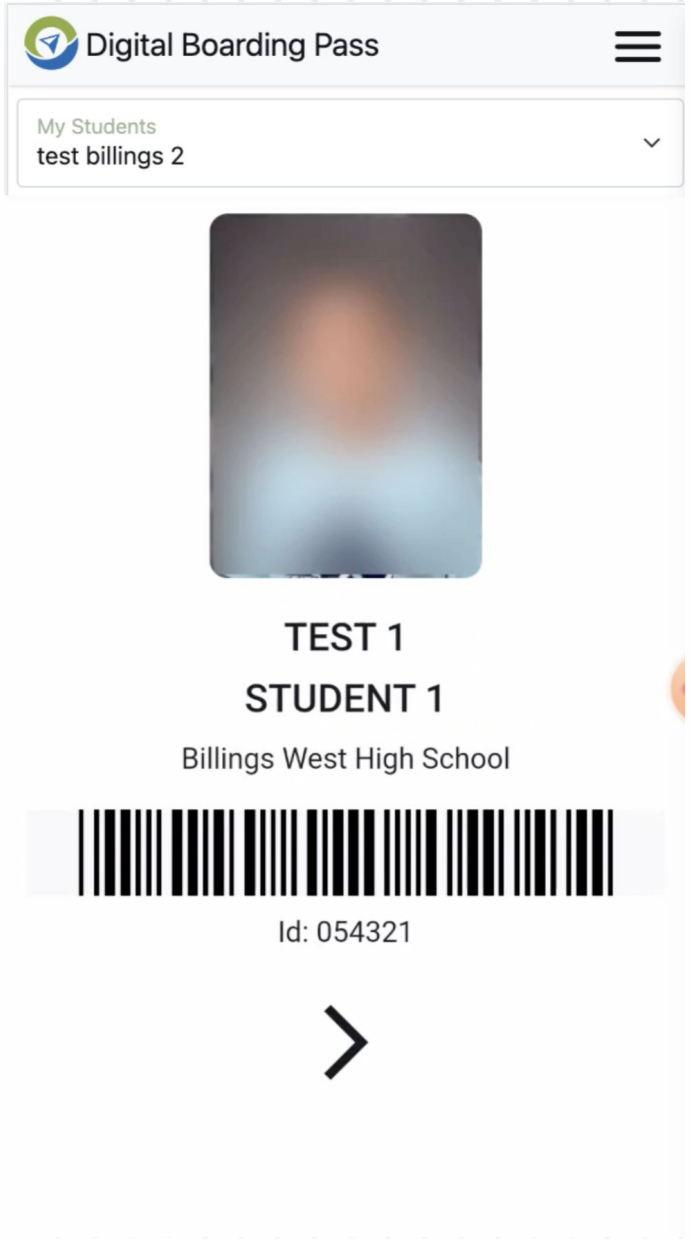

# Digital Boarding Pass

Allows students to board the bus via mobile phones

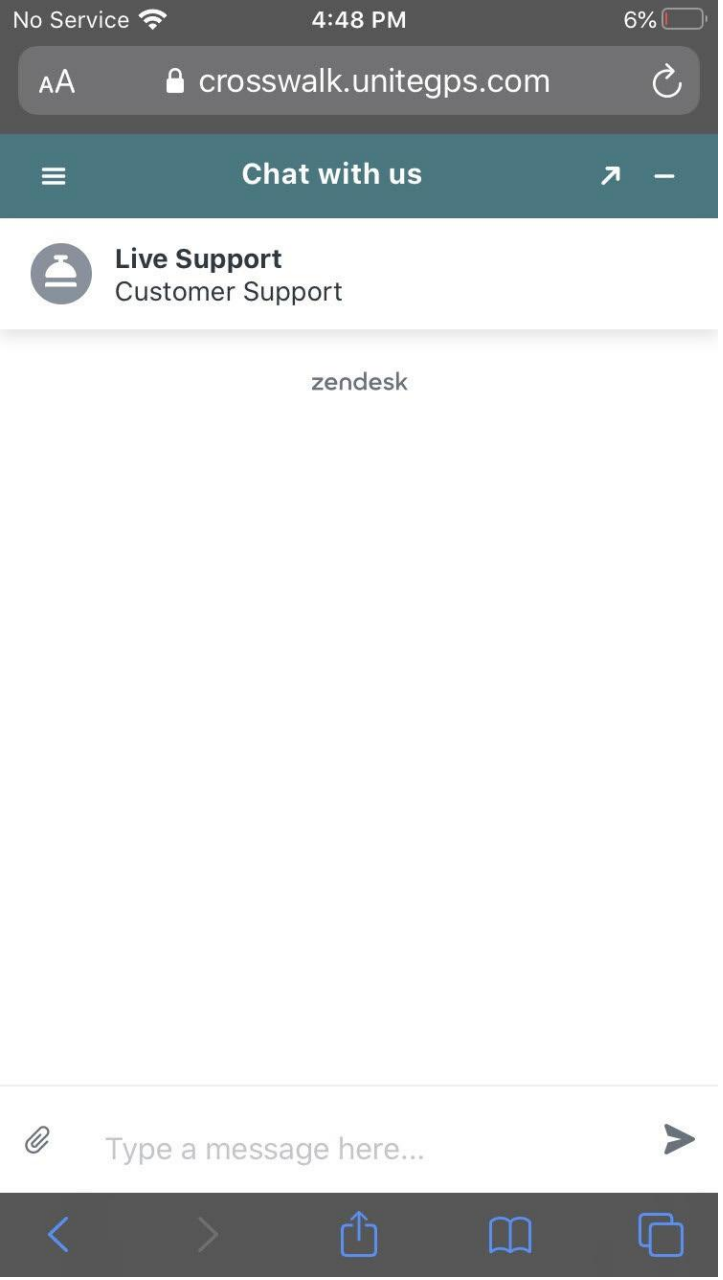

Parents with multiple children can switch between student passes by clicking on the My Students dropdown

Parents can screenshot & share this pass with students to have a digital backup in case they do not have their physical student ID card.

**only applies to districts with onboard ridership tracking
