

Veterans Initiative Information

Salisbury High School NHS and STUCO are sponsoring a Veterans Initiative to create banners featuring our area veterans. These banners will work with the existing brackets which are already installed on Main Street. Once we fill all 18 of the existing brackets we hope to expand the banners through the rest of the town.

The Salisbury High School STUCO and NHS will handle the coordination of fundraising, getting the information about the veterans, and getting the banners made including additional brackets which need to be purchased. The City of Salisbury will handle installing new brackets, putting up and taking down the banners, and storage of the banners. However, we need your help.

Any member of the community, business, or family can sponsor a veteran banner. The cost to sponsor a banner is \$75. This will cover the cost of the banner and create a fund to help with the purchase and installation of future brackets as the banners expand beyond downtown. This will also cover the cost of banners for veterans who aren't specifically sponsored.

If you would like to sponsor a specific veteran, please complete the appropriate information on the form below. If you would like to make a general donation to this initiative, please complete that part of the form.

We appreciate your support of this STUCO/NHS community service project, and we also thank you for your support of our Salisbury area veterans!

Veteran Sponsorship Form

Name of Veteran _____

Years of Service _____

Branch of the Military _____

Please send or attach a photo of the veteran for use on the banner. The photo will be returned to you.

General Donation Form

_____ would like to make a donation of \$_____ toward the Salisbury Veteran Initiative.

If you would like to pay with a check, please make it to Salisbury R-IV. Thank you!
