ASSUMPTIONS

In the preparation of any salary schedule, certain assumptions must be made, implicitly or explicitly. It is the opinion of the Board that maximum benefit will accrue when these assumptions are made explicit. The assumptions under which this salary schedule was prepared are as follows:

1. That any new employees would begin employment under the salary guidelines contained in this schedule,
2. That an employee who begins working after the beginning of the contract year will be paid at a prorated amount based on contract days' work and daily rate of pay,
3. That certain current employees are "grandfathered" at existing rates of pay or salary schedules until retirement, termination, or job change,
4. That salary increases or raises will be made in accordance with mandates of the State Legislature and/or guidelines established by the Superintendent and Board,
5. That wages should be increased in a step fashion based upon experience and/or certification up to a predetermined maximum to reflect an employee's increasing competence over the tenure of employment,
6. That all employees should be duly certified for their respective positions,
7. That all employees will be paid in twelve equal monthly installments.
8. That employees share in responsibility to review their placement on the salary schedule and to seek clarification or correction when hired,
9. That in the event an error is made in the calculation and/or payment of an employee's salary, the Board has the legal authority and right to make the proper adjustments and corrections during the current year.

The Effect of the Fair Labor Standards Act

The case of *Garcia v. San Antonio* reapplied the provisions of the Fair Labor Standards Act (FLSA) of 1938 and its amendments to certain employees in education, in particular the provision dealing with additional compensation for overtime work. The Superintendent or his designee must give prior approval for all overtime worked. Routinely, employees will be given time off within the work week (Tuesday through Monday) so as not to exceed 40 hours. Additional compensation for hours worked over 40 is provided by giving the employee compensatory time or pay for overtime hours worked at the rate of 1.5 to 1. Should an employee accumulate more than 40 hours of compensatory time, the employee shall be paid for overtime worked at the rate of 1.5 to 1.

In accordance with Title 29, Part 541 of **The Code of Federal Regulations**, Revised June 1983, most positions listed in this proposal are subject to the provisions of the FLSA, i.e., are "nonexempt." "Exempt" positions are not entitled to overtime pay or compensatory time. As outlined in the Code, exempt employees are those that meet one or more of the following criteria:

1. Executive, administrative, and professional (certified) employees (including teachers and academic administrative positions; e.g., "director," "supervisor").
2. Noncertified employees (a) whose primary duties consist of the management of the enterprise in which they are employed, (b) who customarily direct the work of two or more employees, (c) who have the authority to hire or fire or whose suggestions and recommendations as to the hiring, firing, or other change of status decisions for other employees will be given particular weight, and (d) who customarily and regularly exercise discretionary powers.

Employees not meeting one of the above criteria are subject to the provisions of the FLSA and are eligible for additional compensation for work performed in excess of forty hours per week.

Years of Experience

Experience is defined as the number of years of service in a full-time employment in a particular position, job, or classification within the Shelby County School System, not the total years of service. All employees may be eligible for up to four years' experience for active, full-time military service.

For employment outside the System that is substantially analogous in required work skills, knowledge, etc., to a position within the System, some credit for experience may be given.

The Shelby County School System, through the Superintendent, Assistant Superintendent of Human Resources, and immediate supervisor, shall have the responsibility for determination of exactly what skills are analogous and the amount of experience to be credited.

Teacher placement on the salary schedule shall be determined by the number of years teaching experience in public education including public post-secondary institutions or at accredited private schools.

Level of Certification

Professional employees shall be paid at the level of the highest degree earned, in keeping with ALSDE policies and procedures. Should an employee earn an advanced degree after his/her initial employment, the employee will be paid for the advanced degree as soon as the degree is recognized by the State Department of Education. It is the employee's responsibility to notify the Human Resources Department upon meeting the qualifications for an advanced degree.

Each teacher who holds valid certification from the National Board for Professional Teaching Standards will be given an annual lump sum of \$5,000.00 upon receipt of funds from the Alabama State Department of Education. It is the employee's responsibility to notify the Human Resources Department of initial National Board certification.

Employee Benefits

Each full-time employee receives a monthly allocation which may be applied toward the cost of any of the health care plans listed below. The amount of the allocation will vary from year to year based on funding by the Legislature and the Retirement System. The premium cost will also vary based on the adjusted rates each year. Eligible Shelby County Schools' employees may select basic hospital/medical coverage through the following Public Education Employees' Health Insurance Plan (PEEHIP) options:

- Blue Cross and Blue Shield
- VIVA

Optional supplemental coverage is available through PEEHIP: Cancer, Dental, Hospital Indemnity, and Vision. Single or Family Coverage actual cost is \$38.00 per month per policy, except in the dental plan, which offers single coverage for \$38.00 and family coverage for \$50.00 per month.

Additional information is available on the web at

https://www.rsa-al.gov/uploads/files/2021_PEEHIP_Member_Handbook.pdf

Any changes in hospital/medical or supplemental insurance coverage must be approved by the State before any changes can be made in the Payroll Department.

Teacher Retirement

All full-time employees are **required** to participate in the Alabama **Teachers' Retirement System**. Once enrolled, members must continue participation until employment is terminated.

Tier 1 members are those who had creditable service prior to January 1, 2013. The contribution rate for Tier 1 members is 7.50% of their earnable compensation. New employees hired on or after January 1, 2013 with no previous creditable service will participate in Tier 2, a new defined benefit plan which was adopted by the Alabama Legislature in 2012. Tier 2 members will contribute 6.2% of their earnable compensation.

Supplemental Retirement Savings Plan

All new Tier 2 employees are automatically enrolled in the Shelby County Supplemental Retirement Savings Plan with Lincoln Financial Group. The default enrollment withholds 1.5% of your salary each payday which is invested in target-date funds.

If you wish to decline participation in the plan, you must complete a decline form, sign and submit it to the Shelby County payroll supervisor. If you would like to make changes to this plan or save more than 1.5% of your compensation, please visit Lincoln Financial Services <http://www.LFG.com>

Leave Days and Vacation

Each employee will accrue sick leave at the rate of one day per scheduled work month (the twelve-month employee will earn twelve sick leave days per year, the nine-month employee will earn nine days, etc.). The sick leave days may be accumulated to an unlimited maximum. Accumulated sick leave days may be converted for retirement credit for tier 1 employees. Sick leave days are earned by payroll periods, not calendar months.

Employee Benefits (Continued)

Each employee (professional and classified) will accrue five personal leave days per year that are non-cumulative from year to year. Two days will cost the employee the current in-system pay rate for a non-professional certified substitute teacher. All unused personal leave days will be converted to sick leave on July 1 unless written authorization is received by the payroll department for reimbursement of any unused portion of the three funded personal leave days. Reimbursement will be \$66 per day, unless the employee's daily rate of pay is less. In such cases the employee will be paid his/her regular daily rate.

The Board shall allow all twelve-month professional/classified employees vacation days per year (July 1 - June 30) as follows:

- A. *Eligible Employees* – Twelve-month full-time employees are eligible for paid vacation.
- B. *Vacation Benefits* – Eligible employees will earn one vacation leave day per month for each month in which the employee works a minimum of half the applicable work days of said month.
- C. *Accrual and Accumulation* – Vacation leave shall be earned monthly and must be earned before it can be used. Vacation leave days may not be bought, sold, or donated. Up to fifteen (15) days of vacation may be accumulated. Accumulated unused vacation leave will be paid at the employee's daily rate of pay upon resignation, retirement, or death. Accumulated vacation days in excess of 15 must be used by the end of the contract year (June 30) or they will be forfeited.
- D. *Scheduling* – Vacation leave must be scheduled with the knowledge and approval of employee's supervisor or department head.

Other Benefits Provided by System

Mileage reimbursement for employees traveling on authorized school system business.

SUPPLEMENTAL SCHEDULES

EFFECTIVE:

September 1, 2024 - SEPTEMBER 30, 2025

ASSUMPTIONS

The Board has established supplements for certain personnel who assume special duties. These supplements shall be considered separate and apart from the regular salary schedule.*

Compensation in the form of supplements may be paid for non-instructional supplemental duties in accordance with rates specified or established for such duties in the Board's official salary schedule. Such duties include coaching and sponsorship of athletic support organizations (e.g., cheerleaders, flag teams, and drill teams) as well as scholastic support activities (e.g., yearbook, services clubs, and academic honoraria). Such supplemental duties are considered additional nonteaching contract or appointment, and no tenure, continuing service status, non-probationary status or contractual right to continued employment or compensation for such supplemental assignment will be recognized or implied in the absence of a separate written contract of employment providing for such rights.

Booster Clubs may also choose to pay supplements for professional school personnel. All such supplements must be approved in advance of the season and paid through the Board of Education with reimbursement from the Booster Clubs.
