

District 739 Transportation Policy: Open Enrolled Students

Transportation services will be provided for open enrollment students provided the following conditions are met:

1. The students meet a bus, at or inside of the district line, on a regularly - scheduled route.
2. If students are picked up and/or delivered at their residence, the school district may establish a fee structure for that service. As a general guide, a \$150 annual fee would be assessed for this pick up.
3. Multiple families at a common location would be 'no charge'. Families are asked to call the bus company for the nearest pick up location.
4. The school district shall make final decisions whenever there is a request for this service, based on distance and will be reviewed annually.
5. Occasional riding may be considered by the district and bus company on an individual request basis.
