

PARENT PARTICIPATION IN THE SCHOOL DISTRICT

The Temple Board of Education, in consultation with parents, teachers, and administrators, has developed and adopted this policy to promote and encourage the involvement of parents and guardians of children within the school district.

1. Parent participation in the schools is encouraged to improve parent and teacher cooperation in such areas as homework, attendance, and discipline. At the beginning of each school year, each teacher shall provide parents with contact information so that a parent has the opportunity to contact the teacher of administration to address concerns related to homework, attendance, and discipline.
2. Parents may request additional information from the administration to learn about the course of study for their children and review learning materials, including the source of any supplemental educational materials.
3. Parents who object to any learning material or activity on the basis that it is harmful, may withdraw their children from the activity or from the class or program in which the material is used. Objections to a learning material or activity on the basis that it is harmful include objection to a material or activity because it questions beliefs or practices in sex, morality, or religion. Parents are hereby informed that the withdrawal of a child from any state-mandated courses could prevent their child from being eligible to receive a high school diploma.
4. If the school district offers any sex education curricula under Section 11-105.1 of Title 70 of the Oklahoma Statutes or any rules adopted by the State Board of Education, parents may opt their child out of sex education instruction if the child's parent provides written objection to the child's participation in the sex education curricula.
5. Parents are hereby notified and allowed to withdraw their children from any instruction or presentations regarding sexuality in courses other than formal sex education curricula under Section 11-105.1 of Title 70 of the Oklahoma Statutes.
6. Parents may learn about the nature and purpose of clubs and activities that are part of the school curriculum, as well as extracurricular clubs and activities that have been approved by the school. A list of school clubs that have been approved by the board of education is available from the administration upon request.
