TEMPLE SCHOOLS
2024 -- 2025 Student Handbook

FOREWORD

TOWARD A BETTER AND SAFER SCHOOL

It is the desire of the Temple School Board, administration, faculty and staff to make our school a place to experience success; a place where learning is facilitated not only by educators and staff but also by students and parents as well. In providing such an atmosphere, all must be concerned not only with academics, but also with discipline and safety.

Better and safer schools are the result of planning as well as hard work and cooperation between school personnel, students, and parents. It is not the intent of the school to interfere with the parents' right to instruct their students in their beliefs and values. Indeed, it is often this background which gives our students the character which is necessary to be successful. However, school like any society brings together large numbers of individuals from different backgrounds. Therefore, some common ground is necessary. The framework, which the school has established, is based on the following assumptions:

Students, parents, educators and staff are partners and stakeholders in the student's success.
Responsible partners want a safe school that is conducive to success.

The Temple Public Schools emphasizes positive behavior and preventive measures. It subscribes to the philosophy that students must be held accountable for actions that impede discipline or the general welfare of school activities. These actions may take place at school or off school premises, at lunch hour, or after school hours. In matters of safety and discipline the school, as a minimum, pledges the following:

To act on behalf of all partners and stakeholders to work toward a safer and better school.
To enforce rules fairly and consistently.
Not to tolerate the presence or use of weapons, illegal substances, or tobacco products.

The rules and policies that follow are a composite of local rules and State School law. Input from the partners involved has been considered in the formulation of this handbook. Its review and approval by the Temple School Board has transpired it into Temple School Board policy. Students are required to read it and comply with all of its contents. Parents are urged to become familiar with its contents so that they may be active in their role as partners and support their student's success.

While revisions are made during the summer months and changes take effect in the fall of each year, input from all partners is sought throughout the year. Suggestions should be brought to the building Principal's attention as they arise.

PARENTS RIGHT TO KNOW POLICY

Every school district receiving Title I funds must annually notify parents of each child in each school receiving funds that they have the right to request information about the qualifications of their children's teachers. The information available to parents on request must include:

- Whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether a teacher is teaching under emergency or other provisional status through which State qualifications or licensing criteria have been waived;
- What major each teacher earned his/her bachelor's degree in;
- Whether the teacher holds a graduate certification or degree and in what field or discipline, and
- Whether a child is provided services by paraprofessionals and, if so, their qualifications.

In addition, every school receiving Title I funds must provide to each parent;

- Information on the child's level of achievement on each required state assessment
- Timely notice if a child has been assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified as defined by the law.

All information provided to parents must be in an understandable and uniform format and provided in a language parents can understand to the extent practicable.

Legislation: Title I, Section 1111 (h)(6)—parents right to know.

Any person wishing to enroll a transfer student in which they are not the parent or legal guardian shall jointly fill out the school's affidavit form and all paperwork required by the school with the parent or legal guardian giving that person permission to enroll the student.

No visitors allowed in class unless the Principal approves it in advance. Do not show up in the morning with a visitor that has not been pre-approved.

A moment of silence shall be observed prior to the pledge of allegiance each day.

WORK PERMITS

Work permits for senior students may be obtained under the following conditions: A signed permission form must be obtained from the student's parents, the student's employer, and the principal. These forms shall be kept on file in the principal's office. The student must have completed requirements for graduation before such a permit shall be considered. The permit may be revoked at any time in case of misuse by student or when the student's schoolwork suffers.

STUDENTS SHALL BE ENROLLED IN CLASSES AND MUST ATTEND UNTIL THE WORK PERMIT IS APPROVED. NO REQUESTS SHALL BE HONORED AFTER THE CHANGE OF SCHEDULE PERIOD.

TARDY/ATTENDANCE POLICY

The Board of Education believes that in order for students to realize their fullest potential from educational efforts, they should attend all classes if possible. Realizing that some tardies/absences may be beyond the student's control, the board has adopted a policy requiring students to be in attendance a minimum of 80% each semester to receive credit for the school year. The following scale is per semester and restarts the second semester:

3 tardies= 1 absence

4 absences-note, call from admin

6 absences-note, call from admin, home visit, Student Attendance Improvement Meeting

12 absences-note, call from admin, welfare check

16 absences-note, call from admin, welfare check, call to the Cotton County District Attorney

18 absences-note, call from admin, welfare check, call to the Cotton County District Attorney, summer school/retainment

ATTENDANCE

Schoolwork takes precedence over everything else. All visiting, shopping, dental appointments and other engagements are expected to be so planned that parents shall not request or permit students to remain away from school. THE WORK OFFERED IN THE TEMPLE PUBLIC SCHOOLS IS BASED ON THE ASSUMPTION THAT THE STUDENT SHALL BE PRESENT EVERY DAY. Experience has shown that a high quality of work is not possible with irregular attendance.

Students must attend class 87% of the time in order to pass their class. Prolonged documented illness may be an exception.

Students shall be present 30 minutes of each class period or they will be counted absent.

Students who are absent more than 12 days during a semester shall not receive credit for that course in that semester. For students enrolling late, and who have not been in any school the 12 days allowable shall be converted into a percentage for the number of days in that semester. These students shall be allowed only that percentage of the time that they are on roll. (Therefore, the total days allowed shall be less than six days). Students enrolling from other schools shall be charged with absences accrued at their previous school. Failure is defined as a grade of 59 or if the student's grade is less, the lesser grade shall be entered.

Students going over the 12 absences may request an absence hearing if they have an extenuating circumstance that caused the absences. Examples of extenuating circumstances include extended hospital stay, car accident, or any severe illness that requires an extended absence from school. The situation must fit the criteria above or a hearing shall not be granted. The decision of the Absence Hearing Committee is final. The Committee shall consist of the student's teachers, counselor, and at least one administrator.

ACTION BY THE SCHOOL

The school may notify the parent of the absence of the student for any part of the school day unless the parent notifies the school of cause for the student to be absent.

If the student is absent from school for ten (10) days or parts of days within a four (4) week period without a valid excuse, the principal may report such absences to the District Attorney.

TYPES OF ABSENCES

Activity Absences:

When teachers are sponsors for a school-related activity, the absence does not count as a regular absence. In order for a student to be counted in attendance, the school activity must be under the direction and supervision of a teacher or sponsor. Students dismissed and not under the direction and supervision of a teacher cannot be considered as participating in a school activity and cannot be counted in attendance. Teachers are responsible for turning in a list of students who shall be involved in school sponsored activities. A student shall be granted an activity absence for attending Temple playoff games during the school day. The student must be eligible in all classes, checked out by a parent or guardian, and shall

report to the administration attending the playoff game. Students must be passing all classes to checkout for the purpose of attending any school function during the school day. Students are encouraged to notify their teachers of upcoming events for which they shall be absent. A student may have no more than ten (10) activity absences during a school year (unless the local board has made prior approval).

Regular Absences:

Effective 2000-2001 school year all absences are counted as just an absence and all shall be treated as excused as long as the parent notifies the school by phone or in writing. The parent/guardian must verify the absence or it shall be treated as skipping school, which shall result in zeros being posted on all classes.

The parent/guardian must call the day the student is absent or they must call or send a note the day the student returns to school or it shall be counted as an unexcused absence. Calls or notes after that time period shall not be accepted.

Checking Out of School During the Day:

If a student needs to leave school during the school day, the school must receive a phone call or the parent must checkout the student in person prior to the end of the school day, unless the student is of legal age to drive. Students shall not be allowed to leave on their own without permission. Students leaving school without permission the first time shall serve the number of days in ISS for the number of hours missed. Second offense and any offense thereafter students shall be suspended from school for the number of days equal to the number of hours missed. If the student returns to school during the same day they must check back in at the principal's office. Students eighteen or older must have a parent or guardian check them out of school unless they are living in their own household. (Must provide proof such as water deposit, etc.)

Students checking out for activities shall not check out if they are failing.

ADMISSION AFTER ABSENCES

When the student returns to school, they must go to the office to receive an admit slip **before** going to their first class. Each teacher signs this slip and the student at that time arranges for make-up work. It is the responsibility of the student to make sure they get the admit slip back from each teacher as well as getting their make-up work from each teacher.

Students shall be given one day for every day missed to finish make-up work. The student must ask the teacher the day they return what work they have to make-up. This also includes school activities. All work assigned before a school activity must be turned in prior to the student leaving for the activity. The one exception would be taking a test (which had a deadline that fell while the student was gone on a school activity), which shall be taken the day the student returns.

Being absent the previous period does not eliminate the obligation for the current day's work. Any work or tests missed are to be made up at a time and place chosen at the discretion of the teacher. Unless arrangements are made with the teacher, students who are absent or on school trips for only part of the day shall hand in work previously assigned either before they leave or upon the day of their return. This does not include what was assigned on the day they were gone. Students may also be expected to complete tests when time permits. Once again make-up work is the responsibility of the student.

EXCUSES FROM CLASS DURING THE DAY

A student may not be excused from classes by a teacher of another class at any time. If the situation warrants, permission to miss a class may be obtained from the principal. The student is required to personally present it to the teacher. Under no circumstances should a student expect a teacher to accept a verbal excuse.

TARDY

Students who are not in their classroom as the last bell stops ringing shall be tardy. Individual teacher's classroom rules shall supersede this rule. Students who must be sent from class because of their own negligence (examples: dress code violations, lack of books, or parking violations) shall be considered an unexcused tardy and require a tardy slip to be readmitted.

All students who are tardy must obtain a tardy slip from the high school office in order to be admitted or readmitted to class. All tardies shall be considered unexcused unless classified otherwise by the high school office. Excused tardies shall be limited to circumstances beyond the student's control (examples: doctor or dentist's appointments).

LOCKERS

Lockers shall be assigned after house sorting is completed. It is recommended that a student place a lock on his/her locker as the school assumes no responsibility for books and articles missing from lockers. Students should not exchange lockers. Lockers should be kept neat and clean at all times and doors closed quietly. Food will not be allowed in lockers at any time.

FIRE, LOCKDOWN AND TORNADO WARNING PROCEDURES

The signal for fire drills shall be a series of short rings or the fire alarm system warning. The signal for tornado drills shall be a series of short and long bell rings. There will be two lockdown drills per year, one in the morning and one in the evening.

Fire Drills

- a. Rooms 9 & 11-16 shall exit their students, single file, through the north door. Teachers shall take their students away from the building on the north end of the school.
- b. Rooms 1-6 & 8 shall exit their students, single file, through the south door. Teachers shall take their students to the football field.
- c. Gym, Home Ec, Band and Ag. Buildings take their students to the football field.
- d. Students shall stay in line, and walk, not run, to their assembly area.
- e. Teachers shall be the last to leave the room. Teachers shall turn off the lights, close the door, and take their grade book and take roll in the assembly area.

Tornado Warning

The high school stadium shall be used as a storm shelter with each teacher acting as supervisor over the group he/she had in class when the storm warning was given. Teachers shall be the last to leave the room. Teachers shall take their grade book and take roll in the assembly area.

SCHOOL LUNCH PROGRAM

School lunches for all students at Temple Public Schools are free under our current lunch program.

It is the policy of Temple I.S.D. 101 of Cotton County, that when a student's lunch and breakfast charges reach \$25.00 they shall be encouraged to fill out an application for free and reduced-price meals. If the family does not qualify after completing the application, or they do not wish to complete the application then the following shall be put in effect. Temple Schools shall notify the parent/guardian in writing that failure to pay promptly shall result in the district not allowing their student (s) to charge meals until payment is made. (11-13-97)

STUDENT INSURANCE

It shall be the policy of the Board of Education to select a reputable company through which patrons may purchase accident insurance for their children at a minimal cost. The purchase of the insurance shall not be compulsory but entirely at the discretion of the parents. At no time can the Temple Public School system be responsible for the cost of any injury to students.

USE OF TELEPHONE

The office telephone was installed primarily to aid in carrying on of official school business. It is available for the use of students only in emergencies deemed justifiable by the principal. All calls made by students should be brief and good manners and courtesy should be practiced.

CELL PHONE POLICY

All phones will be put into a container in each teacher's classroom at the beginning of each hour. Phones that are not put in the appropriate place will be considered a violation. Violations will be handled according to the outline below. Students will be allowed to have their cell phones and utilize them before school, during class change, after school, and at lunch. This is a privilege that has been extended to the students and can be taken away at any time the administration feels it is interrupting the educational process.

1st Violation-Teacher will confiscate the phone and take it to the Office at the end of the current hour and the parent/guardian may pick it up.

2nd Violation-Student must turn their phone into the office each morning where it will be placed in a magnetic locking pouch and the student will not be able to use their phone until the end of the school day for the remainder of the semester.

Teachers will have a designated area for cell phones to be placed during class time. Due to the fact that every student has a Chromebook, there is no need for cell phones to ever be in use during class time.

ARTICLES PROHIBITED AT SCHOOL

Some articles interfere with the educational process. These articles shall not be brought to school unless permission is given to do so. A partial list may include but is not limited to Bluetooth earphones including AirPods, radios, mp3 players, video cameras, tape recorders, electronic games, or any equipment with headphones that is not provided by the school. The principal shall have the authority to ban or confiscate any of these types of equipment and require the parent or guardian to pick the items up at the principal's office.

LOST AND FOUND

Most articles are lost or misplaced because of carelessness. When these are found, they should be turned in to the office. Safeguard your property by seeing that it is properly identified with your name. The school is in no way responsible for the theft of money or personal property. Never leave valuables where they can be stolen. Keep your gym locker locked at all times!

WITHDRAWAL FROM SCHOOL

In order to insure proper handling of school records and facilitate entrance into another school, a student wishing to withdraw from school should:

- a. Have parent/guardian come to the principal's office to explain the reason for withdrawal.
- b. Obtain a withdrawal notice from the principal's office as early as possible on the day he/she intends to check out of school.
- c. The withdrawal notice should be properly endorsed by all subject teachers, the librarian, coaches and lunch account person. To accomplish this, the student must turn in all books and sports equipment and pay all fines and charges.
- d. Final clearance shall be given by the principal's office.

ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

1. Any student with a class average below 60 will be considered ineligible for participation in any extracurricular activities including but not limited to sports, FFA, FCA and any clubs or other activities deemed by the administration.
2. Eligibility runs from Monday to Monday.

MEDICATION

A designated school official shall dispense medication to individual students provided the student brings a note signed by the parent or guardian. Students may keep emergency type medication on their person. Any emergency type medication must be accompanied with a doctor's statement and written parental consent to be turned into the office. All students should keep school officials aware of new and existing medical problems.

Self-Administration of Inhaled Asthma Medication: In compliance with state law, Temple Public Schools permits the self-administration of inhaled asthma medication by a student for the treatment of asthma.

The parent or guardian of the student must provide the district with written authorization for the student to self-administer the medication. The parent or guardian must also provide a written statement from the physician treating the student that the student has asthma and is capable of, and has been instructed in the proper method of, self-administration of medication. Additionally:

1. The parent or guardian must provide the school with an emergency supply of the student's medication to be administered by state law.
2. The school district shall inform the parent or guardian of the student, in writing, and the parent or guardian shall sign a statement acknowledging that the school district and its employees and agents shall incur no liability as a result of any injury arising from the self-administration of medication by the student.
3. Permission for the self-administration of asthma medication is effective for the school year for which it is granted and shall be renewed each subsequent school year upon fulfillment of the above requirements.
4. A student who is permitted to self-administer asthma medication shall be permitted to possess and use a prescribed inhaler at all times.
5. Definitions:
 - a. Medication means a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms prescribed by a physician and having an individual label.
 - b. Self-administration means a student's use of medication pursuant to prescription or written direction from a physician.

DISCIPLINE

The purpose of discipline is to maintain good order in the Temple School system. It begins with the student initiating self-discipline, that is, following the rules and regulations of the school and in the various classrooms that he or she attends. Discipline by a teacher or by an administrator becomes necessary only when a student fails to cultivate self-discipline. In the event that a student is in need of discipline by the principal, it shall be administered in a progressive manner, depending upon the seriousness of the offense committed by the student. Corporal punishment may be used at the discretion of the building principal unless the parent/guardian has expressed a preference for suspension. Specific behavior may be listed under specific headings: Public Display of Affection (PDA), Dress Code, etc. Students with discipline pending will not be allowed to participate in extracurricular acts, until punishment has been served.

The Discipline Point System used by Temple HS/MS will be as follows:

- 1) All infractions will fall under either minor or major offenses. Minor offenses will accumulate 1 point and major offenses 3 points.
- 2) All 1 point offenses will result in lunch detention. An accumulation of 5 points will result in ISS. After the 5th minor offense, all subsequent minor offenses will be considered a major offense.
- 3) All 3 point offenses will result in ISS for the first major offense. A second major offense will result in 3 days ISS. A third major offense will result in 5 days ISS. Any subsequent major offenses will result in suspension, the length of which is at the discretion of the administration.

- 4) Points will be cumulative for the semester and will start over for each student at the beginning of the following semester.
- 5) All discipline situations differ and as such the type and severity of the punishment administered could vary at the discretion of the administration.

The following offenses would be considered as minor offenses (this is not an exhaustive list and any offense not listed could fall in this category depending on the severity of the incident): Insubordination, disrespect, inappropriate behavior, failure to follow class rules, cheating, cell phone violations, inappropriate use of technology, PDA, dress code violations, bus passenger offenses, or driving permit violations.

The following offenses would be considered as major offenses (this is not an exhaustive list and any offense not listed could fall in this category depending on the severity of the incident): Fighting, bullying (verbal, physical, electronic, or otherwise), abusive language, theft, tobacco, alcohol, or drug violations, vandalism or destruction of school property, possession of dangerous weapon, or threat of physical harm.

Any offense can be relocated from minor to major at the discretion of the administration and discipline can be modified depending on the severity and frequency of the offense at the administration's discretion.

Tardies will not be included in the point system but consequences for excessive tardies will start after the 2nd warning. Continuance of tardies will arise in a more severe consequence. Consequences will restart each semester.

3rd Offense: 1 Day Lunch Detention

4th Offense: Lunch Detention AND After School Detention (30 minutes)

5th Offense: Lunch Detention, After School Detention (1 hour)

After 5 tardies: Lunch Detention, After School Detention (1 hour, 30 minutes)

CONDUCT WITHIN BUILDING AND ON THE CAMPUS

Students are expected to conduct themselves within the building in such a manner that they do not interfere with the rights and privileges of others that occupy the building at the same time. Students should always keep to the right in the halls and leave a room before incoming students enter. The auditorium doors are not to be used by students unless a teacher or the principal has granted permission. All Junior High students are to use the north entrance at all times and all Senior High students are to use the south entrance except at the discretion of the principal.

Thus, it is the privilege and obligation of any one student body to appreciate fully, use carefully, preserve faithfully, and pass to future generations, the building, its grounds and its equipment, without blemish.

Anyone who damages or defaces any school property shall replace or pay for the property damaged in order that only desirable records of being a student in Temple High School may be in evidence for each person who enrolls in the school.

STUDENT ACCOUNTABILITY

The courts have held that a student may also be held accountable for their conduct off school premises and during after school hours. Misconduct that has a direct and immediate effect on the discipline and general welfare of the school shall result in disciplinary action. (Actions which shall be considered as having this effect shall include but not be limited to: attacks on the person, family, animals or property of school officials, acts of violence or intimidation directed against other students.)

(70-24-105)

DRESS CODE

In an attempt to establish conditions that are favorable to the growth and progress of each individual student, it is felt by the school administrators and the Temple Board of Education that the Dress Code be revised. Although it is agreed the revised code should be general and flexible, it also should have some specific limitations. These are to give security to those required to follow the regulations and stability to those who enforce them. All rules apply to male and female students.

The Dress Code is:

1. Dresses, skirts and shorts must not reveal any pelvic or gluteus maximus regions. They must extend past the fingertips with the arms in a naturally relaxed position. Yoga pants, leggings, and other similar attire must have a shirt that meets dress code and extends to a point past the fingertips with the arms in a naturally relaxed position.

The aforementioned students will then have one calendar week to turn in their driving permit.

PUBLIC DISPLAY OF AFFECTION (PDA)

1. The display of affection is not appropriate at school, (e.g., around school, on school, (e.g., around school, on school grounds, in school buildings, in the parking lot, on bus to and from school activities, etc.) Examples: Kissing, leaning against each other, hands in each other's clothing, hands in each other's pockets, arms around each other in an affectionate manner.
2. All students are asked to refrain from Public Display of Affection at school.
3. Students not honoring this request shall be referred to the Principal for counseling/discipline.

THE TEMPLE SCHOOLS IN-SCHOOL ALTERNATIVE PLACEMENT (ISS)

The Temple Schools In-School Alternative Placement is an alternative to suspension. It should not be considered suspension. However, it is a form of punishment. The program is an opportunity for the student who has committed a non-violent discipline infraction to remain in school and continue his/her education. If the student makes satisfactory progress, he/she may receive credit.

The program shall take commitment on the part of the student and his/her parent. The program shall present a challenge to most students. It is designed that way. The Temple Schools In-School Alternative Placement is intended for the student who has made a mistake and desired the chance to improve his/her situation by obeying school rules and concentrating his/her efforts on academics. Privileges, such as transportation (busing) and extra-curricular activities shall not be part of the student's program.

Participation in the Temple Schools In-School Alternative Placement Program is optional. The parent and student must agree to abide by the rules of the program. For those wishing to refuse this option, home-based placement shall be available. Under this no credit program, the student shall be placed on home-based suspension with an individual education program with the parent as the responsible facilitator. The school's responsibility shall be limited to providing work from teachers and monitoring progress. Credit shall not be granted.

The nature of both programs makes it impossible for the curriculums to be identical to that which the student in the traditional placement receives. When practical every effort to duplicate information and

experiences shall be made. However, many times substitution experiences and assignments shall have to be made.

Students may not voluntarily drop from the Temple Schools In-School Alternative Placement, be placed on home-based suspension, and then return to the Temple Schools In-School Alternative Placement Program. (Examples: refuse to participate in a drug test, have placement changed and attempt to return after the requirement has passed.)

Any student sent to alternative school for disciplinary reasons shall not be able to participate in any extracurricular activities. Students must spend the entire day at alternative school and may only come back on campus for athletics if they were not sent to alternative school for disciplinary reasons.

SPECIAL PROBLEMS

- Students refusing punishment (a) teacher administered (b) principal administered shall be taken to the principal's office. Students shall then be counseled and Parents shall be called. Student shall accept judgment of principal or leave school until he/she is willing to accept punishment. This does not constitute suspension because the student may return at any time he/she is ready to receive punishment from the teacher or principal depending upon whether the teacher or principal is the punishing agent. Work missed shall not be allowed to be finished late. Parents shall be made aware of this rule during the conference.
- Student should be restrained physically only: (a) if a teacher finds it necessary to defend self or others, (b) if a student must be restrained from physical action to harm self or other's property.
- Student is under the discipline regulations of the school during all of the school and at any school-sponsored event, whether after school or on a holiday or while on a school trip, whether they are a participant or a spectator.

SUSPENSION

A legislative act relating to schools provides authority to the principal to suspend a child from school. A student violating any of the articles below may be suspended from school. The question of the seriousness of the violation shall be determined by the principal. The principal shall have the authority to order the suspension, but the period of suspension shall not be extended beyond the current term and the succeeding term, except that possession of a firearm may result in a one calendar year suspension.

1. Violation of the rules and/or regulations of the school.
2. Defiance of the school administrator's authority.
3. Disobedience of a schoolteacher or administrator.
4. Creating a classroom disturbance.
5. Use of language detrimental to the educational environment.

7. Assault and battery upon another person.
8. Damage to school property
9. Possession or consumption of any alcoholic beverage, narcotic drugs, stimulant,

barbiturate or prescription drug without a specific doctor's prescription.

Students who are with others who are participating in such activities are also in violation of school rules and are subject to suspension.

10. Participation in any acts which disrupt the educational process.
11. Engaging in acts of immorality.
12. Possession and/or use of arson agents (lighters, matches, etc.) (Also see Tobacco Policy)

Students who are over in some classes but not others may be allowed to remain in school if they commit to attending all classes. They may not selectively attend.
19. NOR SHALL A STUDENT ENCOURAGE ANY OF THE ABOVE ACTS.
20. Students caught or proven to be involved in fights or disruptive behavior on or off campus during lunch shall be subject to suspension or loss of open campus privileges for a period of time to be determined by the principal. A conference shall be required with the parent or guardian before punishment is final.
21. Students identified or proven to be at the scene of any altercation just as a spectator shall be subject to the loss of open campus privileges for a period of time to be determined by the principal.

Any suspension and/or search of said student shall be subject to any applicable school policy, state law or student handbook regulation. A student shall be subject to the above while the student is in attendance at Temple or in transit to or from school, or under public school supervision to or from school or when present on any property which belongs to or is under the control of the Temple Public School District.

When the principal has determined that a pupil is guilty, he may suspend said pupil from school for a period not to exceed that allowable by law. A principal may suspend for repeated violations. Such suspension shall not extend beyond the current school year.

Out of school suspension of five (5) days or less shall result in zeros being posted in all classes. An educational plan with a maximum of 70% credit shall be provided for any suspension over five (5) days. Students suspended for five (5) days or less may still obtain their work for their own benefit but no credit shall be given.

Any student who is suspended shall not take part in any school-sponsored activity or function at home or away. Suspended students are not allowed on school property for any reason. Discipline problems that result in suspension or any other action by the administration do not rule out punishment deemed necessary by the sponsor in charge of the student at that time.

A student who is suspended out of school shall take all semester tests for that particular semester.

If a student is suspended they shall not be eligible for the citizenship award. Students suspended shall not be eligible to participate in Student Council, and if they are already a member, they shall be removed. These penalties shall apply during the current school year or the following if suspension extends into the next year.

Such pupil suspended shall have the right to appeal from the decision of such principal to the school's suspension committee. Parent of such pupil shall give notice in writing to the building principal within the ten days of his appeal to the school's suspension committee. The parent may appeal the committee's decision to the Board of Education. The superintendent shall notify the Board of Education immediately which shall as soon as possible conduct a full investigation of the matter and determine the guilt or innocence of the pupil. The decision of the Board of Education shall be final.

BULLYING POLICY

HARASSMENT, INTIMIDATION, AND BULLYING POLICY Temple School Board of Education

It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Threatening behavior, harassment, intimidation, and bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

Harassment is intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes but is not limited to harassment on the basis of race, sex, creed, color, national origin, religion, marital status, or disability. As used in the School Bullying Prevention Act, "harassment, intimidation, and bullying" means any gesture, written or verbal expression, electronic communication, or physical act that a reasonable person should know will harm another student, damage another student's

property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

Harassment, intimidation, and bullying include, but are not limited to, a gesture or gestures, or written, verbal, or physical acts, or electronic communications. Such behavior is specifically prohibited.

Reporting Procedures

Should a student or faculty member feel the need to report an incident, that person can report to a school official or turn in an incident report to the bully boxes located in the offices of the elementary and the MS/HS. This process can be made anonymously. The form is provided below and is downloadable.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure. In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-School suspension
4. Detention
5. Referral to counselor
6. Behavioral contract

None pose a hazard to any student or employee and they are being maintained in a manner which shall insure that they do not become a hazard in the future. Staff members have been trained in the appropriate maintenance of the materials in order to assure the safety of all who use this facility.

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

They are:

- (1) The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal shall make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student’s education records that the parent of eligible student believes are inaccurate.

Parents or eligible students may ask the district to amend a record that they believe is inaccurate. They should write the school principal or appropriate school official, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the school decides not to amend the record as requested by the parent or eligible student, the school shall notify the parent or eligible student of the decision and advise them of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures shall be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosures without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board – a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official is a person employed by the school.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The district shall not further notify parents or eligible students prior to such transfer or records transferred under this provision.

TEMPLE PUBLIC SCHOOL INTERNET ACCEPTABLE USE POLICY

Internet access is available to students and teachers in the Temple Public school district. This document contains information about the uses of the Internet that are allowed and prohibited by school district policy

Students and their parent or guardian must sign a Student Account Agreement to be granted Internet access. A parent can withdraw approval at any time.

The goal of Temple Public Schools is to provide this service to teachers and students to promote educational excellence in Temple Schools by facilitating resource sharing, innovation and communication. With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting, offering persons with illegal or unethical purposes avenues for reaching students, teachers and others, including parents. Temple Public Schools restrict access to inappropriate materials. However, on a global network it is impossible to control all material and an industrious user may discover inappropriate information. The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. To that end, we have established the following guidelines. The term “user” shall include all authorized users of Temple Public schools network and the Internet. These users shall include students, staff and guests.

1. ACCEPTABLE USE OF INTERNET:

- C. Any information downloaded from the Internet must be pre-approved. Upon approval, downloaded information shall be kept in an Internet folder on the network. The system administrators and teachers shall track the information. The district may deny any student access to the Internet.

2. Privilege:

The use of the Internet is a privilege, not a right, and inappropriate use shall result in a series of punishments including cancellation of Internet privileges. The system administrators and teacher shall deem what is inappropriate use and their decision is final. The district may deny access to the Internet.

Do not use another individual's account without written permission from that individual. Attempts to access the Internet as a system administrator shall result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

APPENDIX

THE AMERICAN CREED

“I believe in the United States of America as a government of the people, by the people, whose just powers are derived from sovereign nation of many sovereign states; a perfect union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots scarified their lives and fortunes.”

THE PLEDGE OF ALLEGIANCE

“I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all.”

THE STAR SPANGLED BANNER

O say, can you see, by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous flight
O'er the ramparts we watch'd, were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
O say, does that star Spangled Banner yet wave
O'er the land of the free and the home of the brave?

SCHOOL COLORS – Cardinal Red and White

SCHOOL EMBLEM – Tigers

SCHOOL SPIRIT SONG – ONWARD TIGERS

(Tune of on Wisconsin)

**Onward Tigers, Onward Tigers,
Fight right through that line.
You can do, go and do it,
Show those.....how to fight, fight,
On to victory with our red and white.
Go, dear old Temple High School.
Win this game.**

ALMA MATER

Far above old Temple High School
Waves a banner true.
We will ever sing your praises,
Hail, all hail to you.
Temple High School, Temple High School
Ever be your name.
In our hearts your name deeply graven;
Hail, all hail your fame.

Morning sun meets many banners
On its westward flight.
Dear to use above others
Waves the red and white.
Red and white flag we love waves
For e'er o'er Temple High
May our sons be loyal
To thy memory.

BEAUTIFUL, BEAUTIFUL TEMPLE

(Tune: Beautiful, Beautiful Temple)

Beautiful, Beautiful Temple
The place where the sunflowers grow
We are proud of our forefathers, who built the B&O.

You can live on THE plains or the highways
Or down where ole Cache Creek flows.
But you're still in Beautiful Temple, the most
Beautiful place that we know.
