School officials also have the authority to detain and search any student or property in the possession of the student when he/she is on school property, on the bus, or at school functions. Parents should not hesitate to phone or visit the school in case of unsatisfactory grades on the part of any student

Special reports are made at periodic intervals to notify the parents when a student is not making satisfactory progress. Students may not drive vehicles to any school classes or activities without principal permission.

Doctor appointments must be verified either by parent/guardian or by a doctor's statement. Truant absences will not be tolerated and may be reported to the Pushmataha County Youth Services or the Pushmataha County District Attorney.

Absences will be checked and monitored by the principal's office daily.

## **LEAVING SCHOOL GROUNDS – CLOSED CAMPUS**

It is the policy of the Clayton Board of Education that the school will have a closed campus. Students will remain on campus from the time they arrive in the morning until the completion of the school day. When a student arrives at school in the morning (whether walking, riding a bus, or driving a vehicle), the school day starts for the student. Each student should plan to arrive at school before the 7:40 am bell, allowing time to get books, organize for the morning and be ready to meet the first class.

Upon arrival on campus, the student is to go to an approved area to wait for the first bell. Sitting in a vehicle is not permitted.

Students having arrived at school may not leave the school premises at any time during the day without first receiving permission from the principal's office. For special occasions at school, students will not be allowed to leave campus to dress or undress unless extenuating circumstances exist.

Married students and students 18 years of age or older and living on their own will be considered their own guardian.

Before permission can be granted for a student to leave at any time:

The principal's office must have received a note or a phone call from the student's parent/guardian stating the reason why the student needs to leave school (a note must be brought in soon enough to be verified).

The principal or office personnel must talk personally with the parent/guardian.

The student must then sign the sign-out sheet (and must sign back in if returning before school is out).

**Students are not permitted to leave campus during the lunch period unless they are being checked out for the remainder of the day.**

## **ATTENDANCE**

No single factor does more to aid a student's progress in school than regular attendance. Oklahoma school law demands that a student attend school until he/she is eighteen (18) years old or until he or she has completed high school. The taxpayers have provided excellent facilities and resources for local students. It is the responsibility of every student to make the most of the opportunities that have been provided. This can be accomplished only by regular attendance.

A student may not earn credit in any class in which the student has more than nine (9) absences in a semester. This is a total of 9 absences including excused and unexcused days missed. Absences may be excused for the following reasons:

Sickness or family emergencies or other legitimate reasons as determined by the principal.

Parents must promptly provide to the principal or designee proof of the reason for the absence for it to be designated “excused.” Failure to promptly provide such proof will result in a determination that the absence is “unexcused”.

Parents may request reconsideration of the decision that a student will not earn credit in a class by following the review process and timelines identified in the “Promotion/Retention and Failing Courses” section on page 27 of this handbook.

Absentee reports will be mailed each month for any student with 5 absences or more.

The student will have one day for every day absent to make up work missed, unless additional time is granted by the teacher.

Note: Any test announced during the student’s presence in class or which is regularly scheduled (e.g. nine weeks or semester) which is missed by the student due to an “excused” absence shall be made up on the day the student returns to class. The teacher shall administer test on that day. Should the student be absent at the time the test is announced and if it is not regularly scheduled, which would prevent the student from being aware of the scheduled test, then the test shall be administered to him/her on the day following his/her return to class. Only the principal or designee may make exceptions to the test administration rules. Students may not make up tests missed due to unexcused absence.

## **TARDIES**

Three tardies will equal one (1) absence. This will be monitored every class period. For every three (3) tardies students will serve one (1) day of ISS. The process will start over at the beginning of each month. Three (3) tardies is counted as an absence.

In elementary you will be considered tardy if you arrive after 7:40 am or you leave before 2:30.

## **MEDICATION**

If a parent or guardian wishes the school to administer any kind of medication to a student, the parent or guardian must complete and sign a form authorizing its administration. Only prescription medicine in a prescription bottle for that student may be given. The school will provide first aid for minor cuts and scratches.

Teachers should be informed of any health condition a student has so that he/she might be better prepared to handle any situation that might arise.

## **HEADLICE**

Any student with head lice will be sent home. The student must go through the office for a head check before resuming classes. All guidelines from the Oklahoma State Department of Education and Oklahoma State Department of Health will be followed.

The current childhood immunization schedule may be found at <https://www.cdc.gov/vaccines/schedules/index.html>.

- Doses administered 4 days or less before the minimum intervals or ages are counted as valid doses. This does not apply to the 28-day minimum interval between doses of live vaccines not administered on the same day.
- If a parent reports their child had varicella disease (chickenpox), the child is not required to receive varicella vaccine. Record the child's history of varicella.
- The first doses of measles, mumps, and rubella (MMR), varicella, and hepatitis A vaccines must be administered on or after the child's first birthday (or within 4 days before the birthday), or they will not count toward the immunization requirement and must be repeated.
- It is not necessary to restart the series of any vaccine if a dose was given late or if a dose is past due. Additional doses of a vaccine series that are administered after the due date do not affect final immunity.
- Children may be allowed to attend child care and school if they have received at least one dose of all required vaccines due for their age or grade, and the next doses are not yet due. They must complete the remaining doses of vaccine on schedule. These children are in the process of receiving immunizations.
- Hib and PCV vaccines are not required for students in preschool, pre-kindergarten, or kindergarten programs operated by schools, unless the facility is a licensed child care facility. Hib and PCV vaccines are required for children attending licensed child care facilities.
- ★ If the 4<sup>th</sup> dose of DTaP is administered on or after the child's 4<sup>th</sup> birthday, then the 5<sup>th</sup> dose of DTaP is not required.
- ◆ The number of doses of PCV and/or Hib may range from 1 to 4 depending on the age of the child, when the first dose was given, and type of vaccine used.
- ◀ If the 3<sup>rd</sup> dose of IPV is administered on or after the child's 4<sup>th</sup> birthday, and at least six months from the previous dose, then the 4<sup>th</sup> dose of IPV is not required.
- Students 11 through 15 years of age who have not received Hep B vaccine may receive a 2-dose series of Merck® Adult Hepatitis B vaccine to comply with this requirement. All other children (younger or older) must receive 3 doses of pediatric hepatitis B vaccine.
- The Centers for Disease Control and Prevention (CDC) recommends a dose of Tdap on or after the 10<sup>th</sup> birthday even if previously received. An inadvertent dose of DTaP on or after the 10<sup>th</sup> birthday may be accepted for the 7<sup>th</sup> grade Tdap requirement.

## CARE OF SCHOOL PROPERTY

The building and grounds reflect pride in the school. The help of the student body to maintain the appearance of the school is encouraged. Each student should feel an individual responsibility to keep the school clean and neat. Under no condition should one mark on the walls, desks, or in any way deface school property. The destruction of school property, including buses, will merit disciplinary action.

Care of the property in a school is one of the best ways to judge a student body. Care and respect of public and private property is the responsibility of every student. It is the duty of the

school to teach this respect and responsibility and the obligation of the student body to accept this respect and responsibility. Students and faculty are very fortunate to have one of the best school facilities in southeastern Oklahoma. Through everyone's efforts we can keep our school at a high level of appearance and effectiveness. **TAKE PRIDE IN YOUR SCHOOL!** Any student damaging school property through carelessness, neglect, or mischievousness will be expected to pay for the damaged property and may be suspended out of school.

## **WITHDRAWAL FROM SCHOOL**

If withdrawal from school is planned, a parent should notify the principal. The student will receive a clearance slip to be presented to each of his/her teachers. If the student has any School District owned equipment, supplies, or library books, they must be returned. After each teacher has signed the clearance slip, it will be presented to the principal's office, and the student will receive any refund that is due. All textbooks must be returned to the classroom teacher.

## **VISITORS**

No student will be allowed to bring a visitor or children to school. Clayton Public Schools does not have liability for or authority over students from other schools. All adults visiting the buildings must report to the school office.

## **TELEPHONES**

Teachers will not give permission for students to make phone calls during class time. Students will be called to the telephone during class time for emergency calls only. **STUDENTS WHO DISPLAY RUDE TELEPHONE MANNERS WILL NOT BE PERMITTED TO USE THE PHONE!** Students will not use teacher's classroom phones.

## **ACTIVITY CALENDAR**

To eliminate conflict, an official calendar is maintained by the principal. All school activities must be scheduled on this calendar. Sponsors and student officers are urged to schedule all activities for the year as soon as possible. The principal must approve all scheduling. This calendar is located on the district website.

## **SCHOOL SPONSORED TRIPS**

Students will be expected to conduct themselves according to school policy, rules and regulations in a manner that will bring credit to Clayton Public Schools. Sponsors of special trips that require students to stay overnight shall have on file in the principal's office a set of rules appropriate to the activity and itinerary approved by the administration on the day prior to departure.

All school rules apply to extracurricular trips.

All students participating in activities that require time out of school will be required to have been in attendance at least 90% of the time. In addition, they shall not be under disciplinary action,

must be scholastically in good standing (no grade of an “F”), and not lacking any tests or make up work.

All groups who occasionally take field trips away from school are expected to adhere to these policies, rules and regulations. Each student is expected to do his or her part in working toward these events and become involved in their group activities.

Sponsors will be appointed by the school officials and shall be required to ride on the van or bus on any extra-curricular trip. Sponsors are to check the bus interior before and after each trip. They will also call roll prior to leaving school and after returning. Sponsors will turn in the list of students who fail to attend the trip to the principal’s office before leaving, if possible.

Students who need to board the bus for activities in which they do not participate, must have a signed note from the teacher and principal before they can be given permission to board the bus.

Students cannot get off the bus unless an emergency arises and then parents or guardians must be promptly notified. Upon notification, sponsors of activity will wait until the notified parent or guardian picks up the student.

## **PUBLIC DISPLAYS OF AFFECTION**

It is assumed that all students have sufficient personal pride that they observe standards of ethical behavior in school. The school halls and school grounds are public places; therefore, it is expected that students will use discretion in relationships. Public displays of affection are considered in poor taste and will not be condoned. Students who persist in such practice will be referred to the principal, and if necessary, the parents will be called in for a conference.

## **TOBACCO, VAPE OR VAPING PRODUCTS**

State law prohibits minors from possessing tobacco products of any kind. Students, regardless of age, may not possess or use tobacco products of any kind while they are under the supervision of the school. This includes normal school hours and all school sponsored activities. In today’s quickly changing society the administration reserves the right to prohibit any types of smoking, dipping, chewing products that may arise. Including but not limited to vapor type devices. Violators may be suspended from school and/or fined by local authorities.

**\*\*State law prohibits the use or possession of tobacco, vape or vaping products by students. Therefore, use and possession of tobacco, vape or vaping products and its by-products (cigarettes, vaping devices, cigars, snuff, chewing tobacco, vape or vaping products, or any form of tobacco, vape or vaping products) is prohibited. Violators may be suspended out of school, and/or fined by local authorities.**

## **RULES FOR STUDENTS REGARDING DRUGS AND ALCOHOL**

### **Illegal and Illicit Drugs and Alcohol**

Unlawful possession and use of illegal and illicit drugs and alcohol is wrong and harmful.

Students are prohibited from using, being under the influence of, possessing, furnishing, distributing, selling, conspiring to sell or possess or being in the chain of sale or distribution of alcoholic beverages or low-point beer (as defined by Oklahoma law, i.e., 3.2 beer), illegal or illicit drugs, or other mood-altering substance at school, while on school vehicles, or at any school-sponsored event.

“Illicit drugs” includes steroids and prescription and over-the-counter medications being used for an abusive purpose, i.e., when they are not used in compliance with the prescription or directions for use and are not being used to treat a current health condition of the student. “Mood-altering substances” includes pain, glue, aerosol sprays, and similar substances.

Violation of this rule will result in imposition of disciplinary measures, which may include suspension for the remainder of the current semester and the following semester. The student may also be ineligible for participation in all extracurricular activities for a period of one calendar year. Out-of-school suspension for a first offense may be reduced if: the student and family agree to screening of the offender for chemical dependency; where chemical dependency is indicated by the above screening; a full alcohol and drug evaluation is facilitated by the parent; and the parent and offender follow all evaluation recommendations.

Student violation of this rule which also constitutes illegal conduct will be reported to law enforcement authorities.

### **Necessary Medications**

Students may not retain possession of and self-administer any medication at school except as permitted by the School District’s policy on the Administration of Medicine to Students.

Students who have a legitimate health need for over-the-counter or prescription medication at school shall deliver such medications to the school nurse or principal with a parental authorization, in compliance with Oklahoma law and school policy.

Violations of this rule will be reported to the student’s parents by the principal, and may result in discipline which can include out-of-school suspension.

### **Distribution of Information**

Information for students and their parents about drug and alcohol counseling and rehabilitation and reentry programs in this geographic area is available from the principal at each student’s school.

Copies of these Rules shall be provided to all students and their parents at the beginning of each school year.

### **MEDICAL MARIJUANA**

The district will not regulate or take any adverse action against an employee for holding a medical marijuana license. The school district may take action against an employee who possesses a medical marijuana license if the employee uses or possesses marijuana while at school or during the hours of employment as per 63 O.S. § 425.

Students whose medical condition requires the use of medical marijuana are allowed to access and utilize marijuana in accordance with state law. School personnel are not legally permitted to administer medical marijuana to students. The district will provide a private location for a caregiver to administer medical marijuana to students at school. Oklahoma law limits who may act as a caregiver and any caregiver will have a medical marijuana license designating them to act on behalf of a student. The caregiver is responsible for bringing the medical marijuana to the qualifying student and promptly removing the medical marijuana from the premises after consumption or use.

Upon arriving at school, the caregiver will follow district protocol with regard to check in and departure.

There will be no smoking on school premises of any substance 24/7 in accordance with the state's no smoking act. At no time will marijuana be grown or stored on school premises.

School employees will not under any circumstances

- a. Assist students in obtaining or using medical marijuana;
- b. Store medical marijuana for students;
- c. Take and/or use a student's medical marijuana;
- d. Serve as a student's designated caregiver, unless the student is the child or in the legal custody of the employee.

The district reserves the right to discipline employees or students who fail to adhere to Oklahoma law and/or the requirements of this policy. Such disciplinary action will be addressed in accordance with the student discipline code and/or the standards of conduct for employees. Employees may be subject to termination or non-reemployment.

If a student has specific procedures regarding medical marijuana that are written into the student's Individualized Education Program (IEP) and such procedures are consistent with state and federal law, those provisions will take precedent over this policy.

## **DANGEROUS WEAPONS**

The Board of Education prohibits possession by any student of a dangerous weapon or a replica or facsimile of a dangerous weapon on school property, at school-sponsored activities and on school vehicles. This includes but is not limited to any pistol, revolver, dagger, knife, bowie knife, spring-type knife, sword cane, knife with a blade which opens automatically by hand pressure applied to a button, spring, or other device in the handle of the knife, blackjack, loaded cane, billy, hand chain, metal knuckles or glass container. ### **OTHER ELECTRONIC AND/OR CELLULAR DEVICE INFORMATION**

Any and all electronic devices, including but not limited to cell phones, smart phones, tablets, laptops, smart watches, or any other type of electronic device, have a reduced expectation of privacy once they enter any school zone and may be subject to confiscation and/or search should a school violation be suspected. Additionally, police will be contacted if an administrator has reason to believe that a photo or video might be a violation of law. Possession and/or use of any personal electronic device is a privilege, not a right, that is extended to the student, which, at the direction of the school, may be revoked should circumstances warrant.

1. The school district and its employees are not responsible for lost, stolen and/or damaged communication devices or other personal property of a student. Neither Clayton Public School or its employees liable financially for damages or lost/stolen items. It is the student's responsibility to care for his/her device.

4. School personnel shall have the authority to detain and search any student on school premises or while in transit to or from school on a school vehicle, or while attending any function sponsored or authorized by the school, upon reasonable suspicion that the student is using a cellular device, according to established policy concerning student searches.

### **UNACCEPTABLE USE OF PERSONAL ELECTRONIC DEVICES**

1. Use of a cellular or other personal device in a manner that inhibits, disrupts or interferes in a classroom and/or school activity.
2. Attempt to "cheat" or otherwise share information regarding coursework or testing.
3. Use of a cellular or other personal device in violation of any of the guidelines of the district **Student Acceptable Use Policy**.

## **PRIVACY**

Network and internet access are provided as a tool for the students' education. The school district reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network, email and internet and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school district and no user shall have any expectation of privacy regarding such materials. All internet sites visited will be logged and reviewed for suitability of internet use to assure compliance with the Acceptable Use policy and State law. Under the Family Educational and Privacy Act (FERPA), federal law protects student privacy. Confiscated cell phones or devices that have the capacity to take photographs or videos may have photos reviewed in the presence of the student and/or parent/guardian to ensure that no photos or videos were taken during the school day that violate FERPA laws or school rules. Students will be required to delete school-related photos or videos that were not taken at an event open to the public.

## **FAILURE TO FOLLOW POLICY**

Use of Clayton Public School computers, networks and the Internet are a privilege, not a right. Individuals who refuse to sign and submit the required acceptable use agreement or who violate the district policy shall be subject to loss or restriction of privilege of using equipment, software, the Internet or other technological resources. Loss of privileges may continue for the remainder of the school year and/or other disciplinary actions may be enforced as per the discipline policy. Violations of local, state or federal law may subject students to prosecution by appropriate law enforcement authorities.

## **RESPONSIBILITY FOR DAMAGES**

Individuals shall reimburse the district for repair or replacement of district property lost, stolen, damaged or vandalized while under their care due to gross negligence or intentional misuse.

## **BUS RIDING RULES AND REGULATIONS**

Riding the school bus is a privilege not a right. Students involved in school activities will ride in school-provided or school-approved transportation. At the conclusion of the activity, students may be released to their parent/guardian only with sponsor approval.

**NOTE TO PARENTS:** Please review the following information with students riding Clayton Public Schools buses. If there is a change in the student's transportation, please send a note to his/her teacher.

1. Be at the bus stop on time. It is recommended that students be at the stop five (5) minutes early. Stay back from the roadway.
2. Look both ways before crossing the road. Cross only in front of the bus, not behind it.
3. Watch your step getting on or off the bus. Do not shove or push.
4. Respect and listen to the driver. He/she is in charge of the vehicle and passengers, just as teachers are in charge of the classrooms.

5. Remain seated while the bus is in motion. Horseplay is not permitted.
6. Cost of repair for damage to the bus done by students will be considered the responsibility of the student who caused the damage.
7. Food, drinks, loud talking and shouting will not be permitted on the bus.
8. Students found smoking, using drugs, fighting, or damaging the bus will be suspended from riding any bus in the school system.
9. Never run beside or hang onto the bus. Never throw anything at or from the bus.
10. The driver is not permitted to carry students not living on the route nor are they permitted to let students off at other than the regular stop unless authorized by the principal.
11. Go directly home or to school after getting off the bus.
12. Students who continue to not follow the rules on the bus or who commit serious or dangerous acts may be suspended from riding any bus in the school system. Bus transportation is a service, not a mandate. Please do not lose this privilege.
13. The above rules and regulations will also apply to any extra-curricular trip sponsored by Clayton Public Schools.

## **LOCKERS**

Each student is assigned a locker for the storage of books and equipment. It is the student's responsibility to see that the locker is kept in order at all times. Lockers are property of school and can be legally searched at any time. Please do not place inappropriate material in lockers that are not school related.

## **HEALTH SERVICES**

In case of serious illness or injury to students while at school, we first attempt to contact parents or relative. If we are unable to locate the parents, we take the child to the clinic, where he/she will wait until the parents have been contacted. Therefore, it is imperative we have an emergency phone number where parents or a responsible party can be reached.

In addition, Oklahoma law requires immunization verification on file prior to class attendance. Also, state law does not permit the dispensing of medication by any employees to any student without proper forms on file. Forms may be picked up at the school office.

## **CAFETERIA**

All lunches will be eaten in the cafeteria. Students will be responsible for taking their trays and trash to the proper disposal area. If lunch is brought from home, please send a drink other than a soft drink. No outside drinks allowed in the cafeteria other than water.

A grade "A" hot lunch program will be made available to all students. Unless special arrangements are made students are required to stay on the school grounds at lunch time. No food or drinks will be taken from the cafeteria.

**ELIGIBILITY - ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES**

A student must have received a passing grade in all subjects counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen (15) or more days. Students must be in attendance 90% to be eligible under OSSAA rules.

A student who fails to meet the minimum scholastic standard will be ineligible for the first six weeks of the next semester. A student may regain eligibility by passing all classes at the end of the six-week period.

Scholastic eligibility for students will be in line with the OSSAA eligibility rules.

If a student fails to meet the minimum scholastic standard at the end of a week he/she will be placed on probation for the next one-week period. If a student fails to meet the minimum scholastic standard at the end of the probationary one-week period, the student will be ineligible to participate during the next one-week period. The ineligibility periods will begin Monday and end on Sunday.

A student who has lost eligibility under this provision must achieve the minimum scholastic standard in order to re-gain eligibility. A student regains eligibility under OSSAA Rule 3 with the first class of the new one-week period. (Monday through Sunday)

A 12<sup>th</sup> grade student who is concurrently enrolled in high school and college must pass all subjects to maintain eligibility.

Students enrolling in a school for the first time must meet the OSSAA's scholastic requirements in Rule 3, Section 1-a. A student who is not eligible in one Oklahoma school will not be eligible at another Oklahoma school for a minimum period of three (3) weeks (fifteen (15) school days) he/she attends if he/she moves or transfers. A student may regain his/her eligibility by achieving the scholastic standard in Rule 3, Section 1-a at the end of a three-week period.

Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make an exception to this provision (OSSAA Rule 3, section 3-c) if the grade was caused by an unavoidable hardship. (Examples of such hardships would be illness, injury, death in family, and natural disaster).

One summer school credit earned in an Oklahoma State Department of Education-accredited program may be used to meet the requirements of OSSAA Rule 3, section 1-a for the end of the spring semester. A credit in summer school under this provision must be for the subject failed during the spring semester.

Schools may choose to run eligibility checks on any day of the week. The period of ineligibility will always begin the Monday following the day eligibility is checked.

**STOCK SHOWS, ETC.**

Youth who have been declared ineligible to participate in extra-curricular activities by their local school administration will be declared ineligible to participate in the show.

Youth who are eligible on the first day of the show will be considered eligible through the duration of the show. Similarly, youth who are ineligible on the first day of the show will be considered ineligible through the duration of the show.

If an exhibitor is ineligible to participate in the show for any reason, including rules of the Oklahoma Secondary School Activities Association, the animals owned by the exhibitor are also ineligible for the show.

Ineligible youth who participate in the show will forfeit all show and/or sale premiums and awards and will be subject to disciplinary action as provided by school policy, rules and regulations. Guard your eligibility in order to participate in school competition activities and extra-curricular activities. You are **NOT** eligible if:

1. You are 19 years of age before September 1<sup>st</sup>.
2. You have not attended classes 90% of the time for the current semester.
3. You have an "F" in any class as stated by the OSSAA regulations.
4. You have been disqualified from a contest for unsportsmanlike conduct or a flagrant foul, or are under school discipline. (Principal may reinstate a student following a conference and after a written report of details and action taken has been filed with the Oklahoma Secondary School Activities Association).
5. You have participated in a contest where professionalism is being practiced, or cash or merchandise prizes were offered, given, or paid to individuals or to the team.
6. You have attended school more than eight semesters in grades 9 through 12.
7. Your parents are not bona fide residents of the high school district where you are attending.
8. You do not file in the principal's office physician and parent certificates for the present year. (This applies to athletics only.)

The grade rule eligibility will not be cumulative from school year to school year.

**SCHOOL DANCES**

School dances are for currently enrolled students of Clayton High School. Dances will be closed to students not enrolled in the District unless pre-approved by the administration. School dances may not be attended by any student who is ineligible (academics or attendance) or who has any debts or outstanding obligations to the school. Pre-approval must be given by administrator(s) prior to attending.

**CLASS SPONSORED ACTIVITIES AND TRIPS**

Any students involved in school activities, meetings, trips, etc., are to be accompanied by their sponsors.

There is a limit of ten (10) days that a student will be allowed to attend school activities that will keep them from attending class. Sponsors will turn in a complete list of students attending well in advance of the day of the trip to the building principals.

Students that will require more than ten (10) days' absence for school activities must have the approval of the Ten-Day Activity Committee.

## **TEN-DAY ACTIVITY RULE POLICY**

IN ACCORDANCE WITH THE POLICY OF THE OKLAHOMA STATE DEPARTMENT OF EDUCATION, THE FOLLOWING SHALL GOVERN STUDENT ATTENDANCE FOR ELEMENTARY, JR. HIGH AND SR. HIGH SCHOOL:

1. School Activity: These are extra-curricular activities, whether sponsored by the school or outside agency, which removes the student from class for more than half of a class period.
2. The total number of student activity absences allowed from any one class period, without permission from the Internal Activity Review Committee, shall be ten.
3. Once a student has had ten activity absences from any one class period, the student must be reported to the principal's office and referred to the Internal Activity Review Committee.

The Internal Activity Review Committee and Attendance Committee consist of the following people: **Principal, Classroom Teacher, Counselor and Parent/Guardian**

The criteria for continuing beyond the ten-day absence limit shall be as follows:

- A. A student must have a letter grade of "C" or better in the subject he/she is wanting to miss.
- B. Before a student is given permission to be absent beyond the ten-day limit, even though he or she has a "C" or better, the student's record must show that his or her grade was not adversely affected by the previous ten days of absence and he or she has turned in all required work missed on previous days out.

The policy of the Board of Education does not set a maximum number of activity absences to be allowed per student. However, an unreasonable request upon the committee for exceptions will not be considered.

Activities excluded from the ten-day rule are:

Class meetings, assemblies and field trips involving the class period only and others such as State and National levels of school-sponsored contests.

Students will be under teacher supervision; however, it is not possible to constantly monitor individual students and what they are accessing. Students and other users will refrain from intentionally accessing and downloading any text, picture, or on-line conferencing that includes material which is considered to be obscene, libelous, indecent, vulgar, profane, or lewd; advertises any product or service to minors prohibited by law; presents a clear and present danger, or will cause the commission of lawful acts or the violation of school policies, rules or regulations. Users will not solicit or receive any information of service which could result in unauthorized expense to the District.

Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy hardware, data of another user, internet, or any other agencies or other networks which may be accessed.

A student will not be allowed to access the internet, electronic mail or web-message boards until the student and his or her parent indicate their intent to abide by the terms of the District's Internet/Computer Network Acceptable Use Policy by signing a Student Internet Access Agreement. Violators will be subject to appropriate disciplinary action. Since access and use of the school's computer network system and the internet is a privilege, not a right, violator's privileges will be withdrawn if abused and during the period of any pending investigation.

Students are not to be on any social media sites

## **FIRE AND TORNADO INSTRUCTION**

The FIRE SIGNAL is a continuous blast of the fire alarm bell. Students are to leave the classroom at a fast walk with the teacher. It is imperative that each room follow the assigned route to their designated area away from the building to insure orderliness of movement, speed in evacuating the building and student safety.

The TORNADO SIGNAL is consecutive short rings of the bell.

Principals and teachers will go over specific fire and tornado drill instructions with students.

## **SECURITY/LOCKDOWN DRILLS**

Security/Lockdown drills are conducted as a response to active shooters, dangerous intruders, or incidents presenting a potential danger to the school community.

Security drills will be performed at least four (4) times a year.

## **HOME SCHOOL STUDENTS**

Students who have been receiving home school instruction and wish to return to public school will be required to take achievement proficiency testing for placement.

## NON-DISCRIMINATION

The Clayton Public Schools does not discriminate on the basis of race, color, religion, sex, age, national origin, disability or veteran status. Students and their parents can obtain a copy of the Grievance Procedures from their school principal or the superintendent. Contact the persons listed above for further information about the Grievance Procedures.

## PROMOTION/RETENTION AND FAILING COURSES

The School District determines promotion and retention through an evaluation of the total growth of the individual child, rather than his or her rate of academic achievement alone. The names of students who do not complete satisfactory work during the school term will be submitted to a retention committee. The retention committee will determine whether it is in the student's and the school's best interest for the student to repeat a grade. After receiving a committee decision to retain a student or upon receipt of the student's report card showing a failing grade in a course, any parent may request reconsideration of a retention decision or a decision to not pass a student in a course by requesting review of the initial decision by letter to the building principal. If no request is received within five (5) days of the parent's receipt of written notification of the committee's initial decision to retain or, in the case of failing a course, within five (5) days of the student or parent's receipt of the report card, the decision will be final and non-appealable. The principal's decision may be appealed to the superintendent and Board of Education. Consult the building principal for further information concerning the appeal process or for a copy of the School District's policy.

**SEXUAL HARASSMENT**

All students, employees and board members are strictly prohibited from engaging in any form of sexual harassment of any student or employee of the Clayton Public Schools. In the case of a student of the School District, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors and other unwelcome verbal or physical conduct of a sexual nature by any person towards a student. Any student engaging in sexual harassment is subject to any and all disciplinary action which may be imposed under the School District's code of student conduct.

**Reporting Sexual Harassment**

Any student who is or has been subjected to sexual harassment or knows of any student who is or has been subjected to sexual harassment should report those incidents to his or her principal, counselor or teacher, or to a board member, the superintendent or one of the School District's compliance coordinators. If a report of sexual harassment needs to be made after normal school hours, then the student or his or her parent may contact the superintendent, principal or any board member at home.

It is preferred that all such reports be made in person or in writing signed by the reporting party. However, in order to encourage full and complete reporting of such prohibited activities any person may report such incidents in writing and anonymously by providing such reports to the personal attention of any of the above-designated persons.

All reports of sexual harassment should state the name of the student or employee involved, the nature, context and extent of the prohibited activity, the date of the prohibited activity and any other information necessary to a full report and investigation of the matter.

## **IDEA/504/ADA HARASSMENT**

The Clayton Public Schools prohibits disability harassment under Section 504 and Title II of the Americans with Disabilities Act. Disability harassment includes intimidation or abusive behavior toward a student based on disability that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services or opportunities in the school's program. Harassing conduct may include verbal acts and name-calling, nonverbal behavior such as graphic and written statement, or conduct that is physically threatening, harmful or humiliating.

The following are examples of harassment:

1. Students continually remark out loud to other students during class that a student with a disability does not belong in the class; as a result, the harassed student has difficulty doing work in class and her grades decline.
2. A student repeatedly places classroom furniture or other objects in the path of classmates who use wheelchairs, impeding the classmates' ability to enter the classroom.
3. A teacher subjects a student to inappropriate physical restraint because of conduct related to his disability, with the result that the student tries to avoid school through increased absences.
4. A school administrator repeatedly denies a student with a disability access to lunch, field trips, assemblies and extracurricular activities as punishment for taking time off from school for required services related to the student's disability.
5. A teacher repeatedly belittles and criticizes a student with a disability for using accommodations in class, with the result that the student is so discouraged that she has great difficulty performing in class and learning.
6. Students continually taunt or belittle a student with disability by mocking and intimidating him so he does not participate in class.

Contact the School District's Section 504/ADA Coordinator (Diane Erwin, Special Education Director, P.O. Box 190, Clayton, OK 74536, telephone 918-569-4492 fax 918-569-4680, e-mail [derwin@clayton.k12.ok.us](mailto:derwin@clayton.k12.ok.us)) for further information concerning disability harassment or to initiate a complaint under the School District's Grievance Procedures for Filing, Processing and Resolving Alleged Discrimination Complaints. Students and their parents can obtain a copy of the Grievance Procedures from their school principal or the superintendent.

## **THE SCHOOL BULLYING PREVENTION ACT**

The Oklahoma Legislature established the School Bullying Prevention Act with the express intent of prohibiting peer student harassment, intimidation, and bullying. These terms include, but are not limited to any gesture, written or verbal expression, or physical act that a reasonable person should recognize will:

1. harm another student;
2. damage another student's property;
3. place another student in reasonable fear of harm of the student's person or damage to the student's property; or
4. insult or demean any student or group of students in such a way as to disrupt or interfere with the school district's education mission of the student or other students.
5. threatening behavior, harassment, intimidation and bullying by electronic communication, whether or not the communication originated at school.

The Board of Education has also adopted a policy prohibiting harassment, intimidation, and bullying, which defines and explains this conduct and the Clayton School District's response to this legislative mandate. Students and their parents can obtain a copy of the policy from their school principal or the superintendent.

Students should report acts of intimidation, harassment or bullying toward them or other students to school personnel.

Parents should:

- Encourage their children to report incidents when they occur by notifying school personnel;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

The School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The School District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. **CLAYTON SCHOOL DISTRICT POLICY ON PARKING PERMITS AND EXTRACURRICULAR ACTIVITIES STUDENT ALCOHOL AND DRUG TESTING**

The Board of Education of the Clayton School District (the "School District"), in order to protect the health and safety of students parking on School District property or participating in extracurricular activities and to educate and direct students parking on School District property or participating in extracurricular activities away from drug and alcohol use and abuse, thereby setting an example for all other students of the School District, adopts the following Policy for testing of students who apply for and are granted a parking permit to park on School District property or who are participating in extracurricular activities for the use of illegal drugs, alcohol and performance enhancing drugs.

**STATEMENT OF PURPOSE AND INTENT**

1. It is the desire of the Board of Education, administration and staff that every student in the School District refrain from using or possessing alcohol and illegal or performance enhancing drugs. Notwithstanding this desire, the administration and board of education realize that their power to restrict the possession or use of alcohol and illegal or performance enhancing drugs is limited. Therefore, except as provided below, the sanctions of this Policy relate solely to limiting the opportunity of any student determined to be in violation of this Policy to park on School District property or participate in extracurricular activities. This Policy is intended to supplement and complement all other policies, rules and regulations of the School District regarding possession or use of alcohol and illegal or performance enhancing drugs
2. Participation in school-sponsored extracurricular activities at the School District is a privilege, not a right. Students who participate in these activities are respected by the student body and are expected to conduct themselves as good examples of behavior, sportsmanship and training. Accordingly, students who participate in extracurricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible example of conduct, which includes avoiding the use or possession of alcohol and illegal or performance enhancing drugs.
3. Parking on the property of the School District is a privilege, not a right. Students who park on School District property operate vehicles in close proximity of other students and faculty and may also have passengers in their vehicles. Because of this, the potential harm from misjudgment or impaired judgment due to alcohol or illegal drugs is great. Accordingly, students who park on School District property carry a responsibility to themselves, their fellow students and members of the public to operate their vehicles in a safe and reasonable manner which includes avoiding the use or possession of alcohol or illegal drugs. The use of alcohol and illegal drugs impairs the ability of a student to meet this responsibility.
4. The purpose of this Policy is to prevent alcohol and illegal or performance enhancing drug use, to educate students who participate in extracurricular activities or park on School District property as to the serious physical, mental and emotional harm caused by alcohol and illegal or performance enhancing drug use, to alert students participating in extracurricular activities or who park on School District property who have possible substance abuse problems to the potential harms of use, to prevent injury, illness and harm as a result of alcohol and illegal or performance enhancing drug use, and to strive within the School District for an environment free of alcohol and illegal or performance enhancing drug possession and use. This Policy is not intended to be disciplinary or punitive in nature. The sanctions of this Policy relate solely to limiting the opportunity of

any student who participates in extracurricular activities or parks on School District property and who is found to be in violation of the Policy to participate in extracurricular activities or park on School District property. There will be no academic sanction solely for a violation of this Policy. **Notwithstanding the foregoing, a student may be disciplined, including suspended out of school, if a violation of this policy also results in a violation of the School District's Student Behavior Policy.**

## **PARTICIPATION AND PROCEDURES**

1. Alcohol and illegal or performance enhancing drug possession or use is incompatible with participation in extracurricular activities on behalf of the School District or parking on School District property. For the safety, health and well being of the student participants of the School District, the School District has adopted this Policy for use by all participating students at the 6<sup>th</sup>-12<sup>th</sup> grade level. Any student found to be in possession of, or having used alcohol or illegal or performance enhancing drugs, either by observation or drug or alcohol use test, will be considered to have violated this Policy.

2. Each student participant shall be provided with a copy of this Policy and the "Student Participant Alcohol and Illegal or Performance Enhancing Drugs Contract (the "Contract") which shall be read, signed and dated by the student, parent or custodial guardian and a coach/sponsor/principal before such student shall be eligible to practice or participate in any extracurricular activity or park on School District property. No student shall be allowed to practice or participate in any extracurricular activity or park on School District property unless the student has returned the properly signed Contract.

3. The principal or, in the case of student athletes only, the athletic director and applicable coach, shall be responsible for determining whether a violation of this Policy has occurred when an observation of possession or use of alcohol or illegal drug by a student participant has been reported. If a violation of the Policy is determined to have occurred by a student participant other than a student athlete, the principal will contact the student, the sponsor, in any, and the parent or custodial guardian of the student and schedule a conference. If a violation of the Policy is determined to have occurred by a student athlete, the athletic director will contact the student, the sponsor or head coach, the applicable principal, and the parent or custodial guardian of the student and schedule a conference. At the conference, the violation of the Policy will be described and the restrictions explained.

4. The Contract for alcohol and illegal or performance enhancing drug and/or alcohol use testing shall be to provide a urine sample: a) for student athletes, as part of the annual physical examination, and for all other student participants, either (i) prior to the start of the season for the extracurricular activity in which a student participant competes, or (ii) if the extracurricular activity has no established season, within one week after the first day of classes at the beginning of the school year or (iii) for those who park on School District property within one week after the start of classes; b) as chosen by the random selection basis; and c) at any time a student participant is requested by the principal or athletic director or by the sponsor or coach, based on reasonable suspicion, to be tested for alcohol and illegal or performance enhancing drugs.

5. All student participants shall be required to provide a urine sample for drug use testing for illegal drugs as part of the annual physical examination for student athletes and either (i) prior to the start of the season for the extracurricular activity in which a student extracurricular activities participant competes, or (ii) if the extracurricular activity has no established season, within one week after the first day of classes at the beginning of the school year or (iii) for those who park on School District property within one week after the start of classes. Student athletes who have physical examinations performed by their personal physicians must nonetheless sign the Contract and comply with all Policy requirements.

6. Drug and/or alcohol use testing for student participants will also be chosen on a random selection basis every nine (9) weeks from a list of all in-season student participants.

The School District will draw ten (10) student names every nine (9) weeks at random to provide a urine sample for drug and/or alcohol use testing for alcohol and/or illegal or performance enhancing drugs.

7. In addition to the drug and alcohol use tests required by paragraphs 4, 5 and 6, any student participant may be required to submit to a drug and/or alcohol use test for alcohol or illegal or performance enhancing drugs or the metabolites thereof at any time upon reasonable suspicion.

8. Any alcohol or drug use test required by the School District under the terms of this Policy will be administered by or at the direction of a professional laboratory chosen by the School District using scientifically validated toxicological methods. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the specimens, proper laboratory control and scientific testing.

9. All aspects of the alcohol or drug use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of the student participants to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility behind a closed stall. The principal or athletic director shall designate a sponsor or coach or other adult person of the same sex as the student to accompany the student to a restroom or other private facility behind a closed stall. The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal or athletic director who will then determine if a new sample should be obtained. If a student is determined to have tampered with any specimen or otherwise engaged in any conduct that disrupts the testing process of any student, then the student will be deemed to have committed a second offense under this Policy and the sanctions for a second offense will be imposed. The monitor shall give each student a form on which the student may list any medications he/she has taken or any other legitimate reasons for having been in contact with illegal drugs or performance enhancing drugs in the preceding thirty (30) days. The medication list may be submitted to the lab in a sealed and confidential envelope.

10. If an initial drug use test is positive, the initial test result will be subject to confirmation by a second and different test of the same specimen. The second test will use the gas chromatography/mass spectroscopy technique. A specimen shall not be reported positive unless the second test utilizing the gas chromatography/mass spectrometry procedure is positive for the presence of an illegal drug or performance enhancing drug or the metabolites thereof. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second test using any scientifically accepted method. The unused portion, if any, of a specimen that tested positive for alcohol or illegal or performance enhancing drugs shall be preserved by the laboratory for a period of six (6) months.

11. If the alcohol or drug use test for any student participant has a positive result, the laboratory will contact the principal or the athletic director with the results. In the case of student participants who are not athletes, the principal will contact the student, the sponsor, if any, and the parent or custodial guardian of the student and schedule a conference. In the case of student athletes, the athletic director will contact the student, the sponsor or head coach, the applicable principal, and the parent or custodial guardian of the student and schedule a conference. At the conference, the principal or the athletic director will solicit any explanation for the positive result and ask for doctor prescriptions of any drugs that the student was taking that might have affected the outcome of the alcohol or drug use test. If the student and his/her parent or custodial guardian desires another test of the remaining portion, if any, of the specimen, the principal or athletic director will arrange for another test at the same laboratory or

at another laboratory agreeable to the principal or athletic director. Any such re-test shall be at the expense of the student and his/her parent or custodial guardian.

12. If the student participant asserts that the positive test results are caused by other than consumption of alcohol or an illegal or performance enhancing drug by the student, then the student will be given an opportunity to present evidence of such to the principal or to the athletic director. The School District will rely on the opinion of the original laboratory that performed the test in determining whether the positive test result was produced by other than consumption of alcohol or an illegal or performance enhancing drug.

13. A student who has been determined by the principal or the athletic director to be in violation of this Policy shall have the right to appeal the decision to the superintendent or his/her designee(s). Such appeal must be lodged within five (5) business days of notice of the initial report of the offense, during which time the student will remain ineligible to participate in any extracurricular activities or park on School District property. The superintendent or his/her designee(s) shall then determine whether the original finding was justified. There is no further appeal right from the superintendent's decision and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this Policy shall be the sole and exclusive judgment and discretion of the superintendent which shall be final and non-appealable.

14. Before a student participant who has tested positive in an alcohol or drug use test may rejoin his/her extracurricular activity or park on School District property after a first or second offense, such student may be required to undergo one or more additional alcohol or drug use tests to determine whether the student is no longer using alcohol or illegal or performance enhancing drugs. The student participant may be required to have a negative test prior to rejoining his/her extracurricular activity or parking on School District property. The School District will rely on the opinion of the laboratory which performed or analyzed the additional alcohol or drug use test in determining whether a positive result in the additional alcohol or drug use test was produced by alcohol or illegal or performance enhancing drugs used by the student before the offense or by more recent use.

15. All documents created pursuant to this Policy with regard to any student will be kept in a confidential folder and will never be made a part of the student's cumulative folder nor be considered a "disciplinary" record.

## **VIOLATION**

1. Any student who is determined by observation or by alcohol or drug use tests to have violated this Policy shall be subject to the loss of the privilege to participate in extracurricular activities or parking on School District property and offered educational and support assistance to stop using.

2. **For the First Offense:** Suspension from participation in all scheduled extracurricular activities (including all meetings, practices, performances and games/competitions) or parking on School District property for thirty (30) school days which may be reduced by fifteen (15) school days (five (5) school days reduced for professional drug/alcohol evaluation/assessment and ten (10) school days reduced for participating in and successfully completing at least four (4) hours of substance abuse education/counseling provided by the School District or an outside agency). A student participant other than one just parking on School District property must miss a minimum of two (2) games/competitions. If the student is not competing in an extracurricular activity during any suspension period due to injury, academic ineligibility or the games or competitions for that sport or activity are finished or have not begun for that school year and, therefore, does not miss a minimum of two games/competitions during the suspension period, then the student will be required to miss the next two games/competitions after he or she returns from the injury, becomes eligible or the games or competitions resume in the following school year or begin later in the same school year. These restrictions and requirements shall begin immediately following the determination of an observed violation or the reporting of the results of a positive alcohol or drug use test.

Such suspension will extend into a succeeding competition season if necessary to fulfill the suspension.

**3. For the Second or Subsequent Offense (in the same school year):**

Complete suspension from participation in all extracurricular activities including all meetings, practices, performances and competition or parking on School District property for eighteen (18) continuous and successive school weeks from the date of the determination of a violation or the reporting of the results of a positive alcohol or drug use test under this Policy. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension. Offenses shall not accumulate from school year to school year; the eighteen (18) week suspension from participation in all extracurricular activities or parking on School District property shall come into play only when two (2) or more offenses are committed in the same school year.

**4. Self-Referral:** As an option to the consequences for a first offense only, a student may self-refer to the principal or athletic director or to a coach or sponsor before being notified of a Policy violation or prior to being asked or required to submit to an alcohol or drug use test. A student who self-refers will be allowed to remain active in all extracurricular activities and be allowed to park on School District property after the following conditions have been fulfilled: a conference has been held with the student, the principal or athletic director, the sponsor or coach, if any, and the parent or custodial guardian of the student to discuss the Policy violation; an alcohol or drug use test is provided by the student that is not positive, and a participation commitment by the student and parent for four (4) hours of substance abuse education/counseling provided by the school or an outside agency. Documentation of successful completion of this commitment must be provided to the principal or athletic director by the student or parent. A student who self-refers will, however, be considered to have committed his/her first offense under this Policy. A self-referral may be used only once in a student's time in the School District.

### **REFUSAL TO SUBMIT TO ALCOHOL OR DRUG USE TEST**

If, after signing the Contract, a student participant refuses to submit to an alcohol or drug use test authorized under this Policy, such student shall not be eligible to participate in any extracurricular activities including all meetings, practice, performances and competition or park on School District property for eighteen (18) continuous and successive school weeks. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension.

**Clayton School District Student Participant Alcohol

## Clayton School District Student Parking Permit Application and Alcohol and Illegal Drugs Contract

**Statement of Purpose and Intent:**

Parking on the property of the Clayton School District is a privilege and not a right. Such privilege is governed by the attached Clayton School District Policy on Parking Permits and Extracurricular Activities Student Alcohol and Drug Testing (the "Policy"). Alcohol and illegal drug use of any kind is incompatible with the privilege of parking on the property of the Clayton School District. Students who park on School District property operate vehicles in close proximity of other students. Because of this, the potential harm from misjudgment or impaired judgment of a student is great. Students who park on School District property carry a responsibility to themselves, their fellow students and members of the public to operate their vehicles in a safe and reasonable manner, which includes avoiding the use or possession of alcohol or illegal drugs.

### Parking Permits:

For the safety, health and well-being of the students of the Clayton School District, the Clayton School District has adopted the attached Policy and this Parking Permit Application and Alcohol and Illegal Drugs Contract (the "Contract") which shall be read, signed and dated by the student, parent or custodial guardian before such student shall be eligible to apply for a parking permit. No application for a parking permit will be considered until the student has returned the properly signed Contract.

Student's Last Name	First Name	Middle Initial	Student ID Number
---------------------	------------	----------------	-------------------

I understand after having read the Policy and this Contract that, out of care for my safety and health, the Clayton School District enforces the rules applying to the consumption or possession of alcohol and illegal drugs. As a driver, I realize that the personal decision that I make daily in regard to the consumption or possession of alcohol and illegal drugs may affect my health and well-being as well as the possible endangerment of those around me. If I choose to violate the Policy regarding the use or possession of alcohol and illegal drugs any time during the school year, I understand upon determination of that violation I will be subject to the restrictions of any parking permit issued to me as outlined in the Policy.

**THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.
