Child Nutrition Program

Local Wellness Policy: Triennial Assessment Report

This tool is intended to be a guide based on current regulations. It is the responsibility of the LEA to stay abreast of any updates and changes to the regulations and to implement any changes in local policies.

Background Information

To be compliant with the USDA final rule, at least once every three years, the district will assess the Local Wellness Policy. However, Local Education Agencies (LEAs) may assess their policy more frequently if they wish.

Purpose

The district should designate a representative to lead the wellness policy assessment. This representative must publicly invite members from the community, schools, and the district to participate. Members of the district wellness committee who are completing the assessment of the Local Wellness Policy may use this template. Section 3 of this template should be copied and completed for each school.

This template contains the three required components of the triennial assessment:

1. the extent to which the wellness policy compares to model wellness policies
2. progress made in attaining the goals of the wellness policy
3. the extent to which schools under the jurisdiction of the districts are complying with the district Wellness Policy

Results

A copy of the assessment must be made available to the public. How the assessment is made available is the decision of the LEA. (i.e., district website, local newspaper, etc.). The triennial assessment summary and the assessment details (e.g., WellSAT 3.0 report) must be shared.

Recordkeeping for the Child Nutrition Program Administrative Review:

- a copy of the most recent triennial assessment, along with supporting documentation
- a copy of the current and previous board approval of the policy
- documentation demonstrating the policy has been made available to the public
- documentation of efforts to review and update the policy, including who was involved and how the district made stakeholders aware of their ability to participate (i.e., meeting agendas and sign-in sheets)

Local Wellness Policy: Triennial Assessment Summary

General Information

LEA: Limestone County BOE

Month and year of current assessment: February 2024

Date of last Local Wellness Policy revision: _____

Section 1. Comparison to Model School Wellness Policies

Complete a Triennial Assessment Tool ([WellSAT3.0 assessment tool](#), or other customized assessment tool) and keep a copy of the results on file for at least three full school years plus the current year. It will be reviewed during the next administrative review of your Child Nutrition program.

Indicate which model wellness policy language was used for comparison:

Alliance for a Healthier Generation Model Policy

WellSAT 3.0 example policy language (Print the WellSat report and include with your assessment)

Other (please specify): WellSAT-1

Describe how your wellness policy compares to the model wellness policy. (May use a bullet format to list comparisons)

We meet the standards and requirements set forth in the model wellness policies. We promote a healthy lifestyle and habits throughout our district.

Section 2. Progress towards Goals

*NOTE: Required components are listed in blue.

<p>Nutrition standards for all foods and beverages for sale on the school campus (i.e., school meals and Smart Snacks)</p> <p>To be compliant with the USDA final rule and ALSDE:</p> <ul style="list-style-type: none"> • All foods and beverages available on the school campus during the school day as part of the school meal program meets or exceeds the <u>USDA regulations for the National School Lunch and School Breakfast programs</u> • All foods and beverages outside of the school meal program are not sold within the timeframe of 1 hour before or after school meals per Alabama Implementation of USDA Smart Snacks in School and <u>Fundraising Activity Smart Snack and Fundraiser Guidance and Implementation</u>. • Provides an assurance that guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by USDA. <p>If applicable, list additional school goals below:</p>	<p>Describe progress and next steps:</p> <p>Meet standards and will continue with USDA standards and guidelines.</p>
---	---
