2020 - 2021

District Provided Statement

Not available.

About the Report Card

State and federal laws require public school districts to release report cards to the public each year.

The federal Every Student Succeeds Act requires that states annually assign schools a summative designation that meaningfully differentiates school performance based on multiple performance measures. All states were offered a waiver of this requirement for school year 2020-2021 due to the impact of COVID-19. For more information about Illinois' accountability system please visit www.isbe.net/summative.

For additional information, refer to the [Public Business Rules for 2021 Report Card Metrics](#) and the [2021 Glossary of Terms](#).

How To Read The Data

Understanding COVID-19 Flags

Flag	Description
 Data unavailable due to COVID-19	Due to the suspension of in-person instruction during the 2020-21 school year, the data for this metric is unavailable for use in the School Year 2020-21 Report Card.
 Possible data impact due to COVID-19	Users of this report should note that this data may have possibly been affected by the suspension of in-person instruction during the 2020-21 school year. HOWEVER, based on the data collected and comparisons to historical data, the data collected for this collection cycle does not, in aggregate, exhibit greater variation than is normally observed from year to year.
 Possible data impact due to COVID-19	Caution should be used when reviewing this data. This data should not be considered final until all Assessment testing has been completed and the data has been finalized.
 Data delayed due to COVID-19	COVID-19 changes to assessment scheduling delayed publication of 2020-21 data. If no assessment data appears for your district, it may not appear until April of 2022.
 Data not available	Data for this metric are not available through the Report Card, however additional information can be found at https://www.isbe.net/Pages/Report-Card-Metrics.aspx . Reasons these data are not available on the SY2020-21 Illinois Report Card may include (a) substantial changes to how the metric is measured (i.e. methodology), (b) substantial changes to what the metric measures (i.e. the construct), (c) circumstances that render the data set substantially incomplete, or (d) circumstances that cause the data and its use to fall below acceptable thresholds for reliability and validity.

About the data

Academic progress data includes information regarding assessments, such as student participation rates, proficiency rates, and mean student growth percentile. Other information regarding academics may include certain touchstones, such as eighth-graders passing Algebra 1, graduation rate, and various advanced coursework information. Academic progress often is disaggregated further into demographic student groups.

IAR

 Possible data impact due to COVID-19

What is it?

This shows the percentage of students scoring at each of the Performance Levels for the Illinois Assessment of Readiness (IAR). Each Performance Level is a broad, categorical level defined by a student's overall scale score and used to report overall student performance by describing how well students met the expectations for their grade level/course. Each Performance Level is defined by a range of overall scale scores for the assessment. There are five Performance Levels for IAR assessments:

- Level 1: Did not yet meet expectations
- Level 2: Partially met expectations
- Level 3: Approached expectations
- Level 4: Met expectations
- Level 5: Exceeded expectations

Students performing at levels 4 and 5 met or exceeded expectations, have demonstrated readiness for the next grade level/course and, ultimately, are on track for college and careers. Performance Level Descriptors describe the knowledge, skills, and practices that students should know and be able to demonstrate at each Performance Level in each content area (English language arts [ELA] and mathematics) and at each grade level/course.

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

SAT

 Possible data impact due to COVID-19

What is it?

This shows the percentage and number of 11th-graders scoring at each of the performance levels for the SAT. Each Performance Level is a broad, categorical level defined by a student's score and used to report overall student performance by describing how well students met the expectations for their grade level/ course. Each Performance Level is defined by a range of overall scores for the assessment. There are four Performance Levels for the SAT:

- Level 1 - Partially Meets Standards: The student has only partially met standards and demonstrates a minimal understanding of the knowledge and skills needed relative to the Illinois Learning Standards.
- Level 2 - Approaching Standards: The student is approaching the proficiency level and demonstrates an incomplete understanding of the knowledge and skills needed relative to the Illinois Learning Standards.
- Level 3 - Meets Standards: The student has met the proficiency level and demonstrates adequate understanding of the knowledge and skills needed relative to the Illinois Learning Standards.
- Level 4 - Exceeds Standards: The student has exceeded the proficiency level and demonstrates a thorough understanding of the knowledge and skills needed relative to the Illinois Learning Standards.

DLM

 Possible data impact due to COVID-19

What is it?

This shows the percentage and number of students scoring at each of the performance levels for the Dynamic Learning Maps Alternative Assessment (DLM-AA) for students with cognitive disabilities. DLM-AA results are not based on raw or scale scores; all data is based on diagnostic classification modeling. Standard setting allows us to look at patterns of number of linkage levels mastered across the tested Essential Elements, to which we can apply cut points to define categories of student performance. This performance are reported using the four Performance Levels approved by the consortium:

- Level 1 – Entry: The student demonstrates emerging understanding of and ability to apply content knowledge and skills represented by the Essential Elements.
- Level 2 – Foundational: The student’s understanding of and ability to apply targeted content knowledge and skills represented by the Essential Elements is approaching the target.
- Level 3 – Satisfactory: The student’s understanding of and ability to apply content knowledge and skills represented by the Essential Elements is at target.
- Level 4 – Mastery: The student demonstrates advanced understanding of and ability to apply targeted content knowledge and skills represented by the Essential Elements.

ISA

 Possible data impact due to COVID-19

What is it?

This shows the percentage and number of students scoring at each of the Performance Levels for the Illinois Science Assessment (ISA). The ISA performance levels indicate students' understanding of the Illinois Learning Standards in science for their grade level. There are four Performance Levels for the ISA:

- Level 1 – Emerging: Work at this level shows a partial application of knowledge and skills. It is superficial (lacks depth), fragmented, or incomplete and needs considerable development. Work contains errors or omissions.
- Level 2 – Developing: Work at this level does not meet the standard. It shows basic, but inconsistent, application of knowledge and skills. Minor errors or omissions detract from the overall quality. Work needs further development.
- Level 3 – Proficient: Work at this level meets the standard. It is acceptable work that demonstrates application of essential knowledge and skills. Minor errors or omissions do not detract from the overall quality.
- Level 4 – Exemplary: Work at this level is of exceptional quality. It is both thorough and accurate. It exceeds the standard. It shows a sophisticated application of knowledge and skills.

Academic Progress

Proficiency

 Possible data impact due to COVID-19

What is it?

The federal Every Student Succeeds Act (ESSA) requires states to assess their learning standards for ELA, math, and science. Each state may also have a general assessment for the majority of its students and an alternate assessment for the 1 percent of students with the most significant cognitive disabilities. The All Test Proficiency measure is the proficiency rate for students combining all tests. A rate is calculated for ELA, math, and science.

Academic Progress

Growth Percentile – IAR

 Data not available

What is it?

This shows the growth of students relative to other students in the state with a similar scale score in the preceding school year(s). If the data is available, the Student Growth Percentile (SGP) takes up to two prior scores. The school, district, and state measure is the sum of the students' SGP divided by the number of students with an SGP. Illinois uses SGPs to calculate growth. Proficiency shows whether or not students have mastered a common, high standard; whereas, growth recognizes progress toward and beyond the standard, no matter where each student started. Data show that students of all races, income levels, languages, and disability statutes demonstrate growth across the full range. Our rigorous assessments ensure there is more than enough room to measure the growth of even Illinois' highest achievers.

Academic Progress

Participation Rate

 Possible data impact due to COVID-19

What is it?

This shows the percentage and number of students participating in standardized testing, by subject and applicable test. Some students may take the test for one subject but not another. According to Illinois School Code, all students enrolled in public schools are required to participate in the state assessment or an alternate form of the assessment. Students who participate but for various reasons do not complete the testing process (e.g., illness) are still counted as having participated.

Eighth Graders Passing Algebra I

 Possible data impact due to COVID-19

What is it?

This shows the percentage of eighth-graders passing Algebra I. They are defined as eighth-grade students who have successfully completed Algebra I (or its equivalent) by the end of Grade 8. Successful completion is measured by earning a D or above and receiving at least 1.0 credit hour.

Students

Academic Progress

9th Grade On Track

 Possible data impact due to COVID-19

What is it?

This shows the percentage of 9th graders on track. They are defined as the percentage of first-time ninth-grade students who have earned at least five course credits without failing more than 0.5 course credits in their core subjects. For the purpose of this metric, core subjects include reading, math, science, and social studies.

Advanced Placement (AP) Exams

 Possible data impact due to COVID-19

What is it?

This shows the cumulative total number of Advanced Placement (AP) exams taken and the cumulative total number of AP exams receiving a score of 3.0 or more and thus earning college credit at Illinois public colleges and universities. Students may enroll in multiple AP courses during their time in high school. The number of Grade 12 AP exams taken represents the cumulative total of exams taken by those students during all four of their high school years (Grades 9, 10, 11, 12). Similarly, the number of Grade 12 AP exams resulting in a score of 3.0 or higher, and thus eligible for college credit, represents the cumulative total during the 12-th graders' four years in high school. The numbers for Grades 10 and 11 are also cumulative. The Advanced Placement information is provided by the College Board.

Early College Coursework

 Possible data impact due to COVID-19

What is it?

This shows the number of students enrolled in one or more career and technical education courses as well as the total number of students taking early college coursework in Grades 9, 10, 11, and 12 by year and type of coursework. Students may be enrolled in more than one type of early college coursework, but students are only counted once in the overall enrollment total.

Academic Progress

High School Graduation Rate

⚠ Possible data impact due to COVID-19

What is it?

This shows the percentage of graduating students who entered ninth grade for the first time four, five, or six years prior to the year being reported. Graduation Rate is calculated based on ESSA High School Graduation Rate guidance found [here](#). Students are reported at the school where students attend (home school). The cohort is based on the number of students who enter Grade 9 for the first time, adjusted by adding into the cohort any student who transfers in later during Grade 9 or during the next three years and subtracting any student from the cohort who transfers out, emigrates to another country, transfers to a prison or juvenile facility, or dies during that same period.

About the data

District environment data includes information regarding finances as well as information regarding conditions in the classroom, such as average class size and total school days.

District Environment

Early Learning

 Data not available

What is it?

This shows the percentage of entering kindergartners rated on their readiness. The Kindergarten Individual Development Survey (KIDS) was implemented statewide in Illinois in the 2017-18 school year. KIDS is an observational assessment tool designed to help teachers, administrators, families, and policymakers better understand the development of children in kindergarten. ISBE requires kindergarten teachers to collect observations beginning on the first day of in-person instruction on a minimum of 14 required measures, which are from three key developmental areas. This subset of 14 measures provides a developmental indicator for a group of students (class, school, district, state) in kindergarten.

Kindergarten Individual Developmental Survey (KIDS) Results - Overall

	% of Entering Kindergartners Rated on Required 14 Measures	% of Entering Kindergartners Demonstrating Readiness by Developmental Area						
		In 0 Developmental Areas	In 1 Developmental Area	In 2 Developmental Areas	In All 3 Developmental Areas	Social and Emotional Development	Language and Literacy Development	Math

District Environment

School Level Finances

What is it?

Average spending per student at this school, as collected through the unaudited ESSA Site-Based Expenditure Report. Districts report the actual dollars spent in the previous school year, including site-level costs (like school staff) and districtwide centralized costs allocated to each individual school (like transportation and central office staff), divided by the school's enrollment. Districts also report whether federal or state/local sources funded the spending.

	Site level Per Pupil Expenditures				District Centralized Per Pupil Expenditures			Total Per Pupil Expenditures				
	Enrollment	Federal	State/Local	Subtotal	Federal	State/Local	Subtotal	Federal	State/Local	Total	Exclusions	Total Expenditures

District Finances

What is it?

The Annual Financial Report (AFR) for a district is the final financial statement for the fiscal year of a Local Education Agency (LEA) after it has been audited by a qualified auditor. Each district is required to have an annual audit completed by a qualified and licensed auditing firm. The AFR is completed by the auditor and is submitted to Illinois State Board of Education. This displays the Revenue by Source, Expenditure by Function, Expenditure by Fund, and other financial indicators.

Revenue By Source

	Local Property Taxes	Other Local Funding	Evidence-Based Funding	Other State Funding	Federal Funding	Total Revenue

Average Class Size

What is it?

This shows the average number of students in each class at this school. Class size refers to the number of students in a classroom, specifically either the number of students being taught by individual teachers in a classroom or the average number of students being taught by teachers in a school, district, or education system

	PK	K	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8	Grade 9	Grade 10	Grade 11	Grade 12	Grade HS	Overall

District Environment

Total School Days

 Possible data impact due to COVID-19

What is it?

This shows the total number of days in which the school provided at least five hours of instruction during the school year. The minimum length for an Illinois public school's year is 176 days. The number of actual calendar days varies from district to district.

Total School Days	
District	176
State	177

Health and Wellness

 Possible data impact due to COVID-19

What is it?

Days PE per week: This shows the average number of days of physical education per week per student.

Truant Minor Count: The table below reports the count of the number of truant minors in the district in the previous school year.

Truant Minors are defined as chronic truants to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school and community.

About the data

Student data includes information regarding the student population, including enrollment and attendance data, as well as information regarding specific student groups, such as gifted students and English Learner students. Student data often is disaggregated further into demographic student groups.

911

Student Enrollment

45.1%

Chronic Absenteeism

Student Enrollment

What is it?

This shows the total percentage and number of students enrolled in this school as of October 1 of the current school year. District-level enrollment includes students attending a school in the district and students placed in private schools by the district and funded by the district. The student enrollment excludes the following:

- Students given vouchers to attend private schools
- Students placed by their parents in private schools whose tuition is paid for by their parents, but who receive special education services from their home district

Advanced Academic Programs

What is it?

Advanced Academic Programs are courses of study to which students are assigned based on advanced cognitive ability or advanced academic achievement compared to local age peers and in which the curriculum is substantially differentiated from the general curriculum to provide appropriate challenge and pace.

Students With IEPs

What is it?

This shows the percentage of students who receive special education and related services in accordance with their Individualized Education Programs (IEPs). Each student who is found eligible for special education and related services receives an IEP that specifies supplemental services, accommodations, modifications, and supports to enable the student to be involved in, and make progress in, the general education curriculum. The state collects demographic information on all students, including racial and ethnic diversity. There are 14 disability areas, ranging from autism to visual impairment. Schools follow a process mandated by law in identifying students' disabilities and then developing IEPs.

Educational Environments for Students with IEPs

What is it?

This shows the percentage of students with IEPs and the classification of their educational environment. Special education law requires that students with IEPs be placed to the maximum extent appropriate with children who are not disabled. This means including students with IEPs in general classrooms, the least restrictive environment, as much as possible. The IEP team, which includes parents, bases placement decisions on the best ways to meet the identified needs of a student. The percentage of time spent in general classrooms will vary according to the needs of individual students, who may require supplemental services to achieve their learning goals. The percentage of students with IEPs whose educational environment was classified into one of four settings for students age 6 to 21 is as follows:

- 80 percent or more of time in a general classroom with their non-disabled peers
- Less than 40 percent of time in a general classroom
- 40-79 percent of time in a general classroom
- In a separate facility

Early Childhood (EC) Educational Environments (ages 3-5)

What is it?

This shows the percentage of students with IEPs and the classification of their educational environment. Special education law requires that students with IEPs be placed to the maximum extent appropriate with children who are not disabled. This means including students with IEPs in general classrooms, the least restrictive environment, as much as possible. The IEP team, which includes parents, bases placement decisions on the best ways to meet the identified needs of a student. The percentage of time spent in general classrooms will vary according to the needs of individual students, who may require supplemental services to achieve their learning goals. For pre-school students age 3-5 with IEPs, educational environments are classified in five ways:

- Receives the majority of special education services inside an early childhood program
- Enrolled in a regular early childhood program but the majority of special education services outside the early childhood program
- Enrolled in special education class or facility
- At home
- In the care of a service provider

State Performance Plan Indicators For Students With IEPs

What is it?

The Individuals with Disabilities Education Act (IDEA 2004) requires states to develop and submit a State Performance Plan (SPP) to the Office of Special Education Programs at the U.S. Department of Education. The SPP is designed to evaluate the state's efforts to implement the requirements and purposes of IDEA and describe how the state will improve its implementation. The plan consists of several priority areas with specific indicators defined for each area. Measurable and rigorous targets are defined for each indicator to show progress throughout the life of the SPP. States are required to publicly report on SPP Indicators 1-14. A link to Part B of the Illinois State Performance Plan can be found at <https://www.isbe.net/Pages/State-Performance-Plan-Data-and-Accountability.aspx>

SPP Indicator	Indicator Description	2020-21 District Data	2020-21 State Target	District Met Target
1	Graduation Percent for students with IEPs (Data lag one year)	90.91	82.6	Yes
2	Dropout Percent for students with IEPs (Data lag one year)	0.00	13.7	Yes
3a1	Reading assessment participation rate for students with IEPs	*	*	*
3a2	Math assessment participation rate for students with IEPs	*	*	*
3b1	Reading assessment proficiency rate for students with IEPs against grade level academic achievement standards	*	*	*
3b2	Math assessment proficiency rate for students with IEPs against grade level academic achievement standards	*	*	*

State	89.6%	91.9%	89.4%

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

Student Mobility Rate

 Possible data impact due to COVID-19

What is it?

A school's student mobility rate is the percentage of students who experienced at least one transfer in or out of the school between the first school day of October and the last school day of the year. Graduates are not included.

Student Mobility

	All	Male	Female	White	Black	Hispanic	Asian	Native Hawaiian/ Pacific Islander	American Indian	Two or More Races	Students with Disabilities
District	9.4%	10.7%	8.1%	9.0%	0.0%	2.3%	*	*	*	31.3%	4.6%

State	6.0%	6.2%	7.7%

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

Chronic Absenteeism Rate

 Possible data impact due to COVID-19

What is it?

This shows the percentage of students who miss 10 percent or more of school days per year either with or without a valid excuse. Illinois law defines "chronic absentee" as a student who misses 10 percent of school days within an academic year with or without a valid excuse. That's 18 days of an average 180-day school year. Excused absences include illness, suspension, need to care for a family member, etc. Students need daily instruction in order to succeed. Chronic absentees are at risk of academic and social problems.

Chronic Absenteeism

	All	Male	Female	White	Black	Hispanic	Asian	Native Hawaiian/ Pacific Islander	American Indian	Two or More Races	Students with Disabilities

District	39.3%	*	56.3%
State	30.0%	23.8%	31.7%

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

Dropout Rate

 Possible data impact due to COVID-19

What is it?

This shows the percentage of students who are removed from the local enrollment roster before the end of a school term. Dropouts include students in Grades 9-12 whose names have been removed for any reason, including moved not known to be continuing, transfer to GED-program, and aged out. The percentage does not include death, extended illness, graduation/completion of a program of studies, transfer to another public/private/home school, or expulsion.

By Subgroups

	All	Male	Female	White	Black	Hispanic	Asian	Native Hawaiian/ Pacific Islander	American Indian	Two or More Races	Students with Disabilities

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

About the data

Summative designations are ratings that help families and communities understand how well schools are serving all students. Illinois has five summative designations: Exemplary School, Commendable School, Targeted School, Comprehensive School, and Intensive School. Targeted Schools and Comprehensive Schools receive additional funding and supports to build local capacity and improve student outcomes. Multiple measures of school performance and growth determine a school's annual* summative designation.

* Federal waivers issued in 2020 and 2021 impacted accountability. For more information, see www.isbe.net/summative.

About the data

Teacher data includes information regarding teachers, including salary, retention, and education, as well as information comparing the ratio of teachers to students.

Teacher Information

⚠ Possible data impact due to COVID-19

What is it?

This shows information pertaining to teachers, including experience, education, attendance, and evaluation.

	All Schools	All Schools	All Schools	Attendance Rate	Evaluation Rate
District	13	72.6%	27.4%	83.2%	*
State	*	39.8%	59.5%	85.7%	98.8%

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

Student-To-Teacher Ratios

What is it?

This shows the average number of students per teacher. Teachers classified as special education teachers are not included. Research indicates that children in lower grades show the potential for higher achievement scores when they are in smaller classes. Many factors contribute to student achievement, and class size is only one part of this bigger picture. Special education classes are not included in this calculation.

	Student-Teacher Ratio - Elementary	Student-Teacher Ratio - Secondary

State	\$114,141

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

About the data

The Civil Rights Data Collection (CRDC) is a biennial (i.e., every other school year) survey of public schools that has been required by the U.S. Department of Education Office for Civil Rights since 1968. The CRDC collects data on leading civil rights indicators related to access and barriers to educational opportunity from early childhood through Grade 12. The CRDC collects data from public Local Educational Agencies and schools, including juvenile facilities, charter schools, alternative schools, and schools serving only students with disabilities.

Student Environment

What is it?

Data from the Civil Rights Data Collection (CRDC) comes directly from the U.S. Department of Education (ED). ED collects the data directly from ISBE and school districts and releases the information on a two- to three-year delay. ISBE also collects some of these data elements from districts and reports the results in the year it was collected. Current year data for in-school suspensions, out-of-school suspensions, and expulsions is reported by ISBE in a separate report on www.isbe.net. Current year data for chronic absenteeism can be found in the Students section of the Report Card. Please note data may not match due to differences in data collection methods.

	In School Suspensions	Out Of School Suspensions	Expulsions	School Related Arrests	Referral to Law Enforcement	Chronic Absenteeism
District	2.7%	4.1%	0.0%	0.0%	0.1%	9.8%
State	5.1%	3.5%	0.1%	0.1%	0.7%	16.3%

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

Civil Rights Data Collection

(2017-18)

Student Environment (cont)

	Rate of Incidents of Violence	Number of Schools with Incidents of Violence	
		Firearm	Homicide
District	0.1%	0	0
State	2.2%	153	5

Academic Environment

What is it?

Data from the Civil Rights Data Collection comes directly from ED, which collects the data directly from ISBE and school districts and releases the information on a two- to three-year delay. ISBE also collects some of these data elements from districts and reports the results in the year it was collected. Current year data for accelerated coursework can be found in the Academic Performance section of the Report Card. Please note data may not match due to differences in data collection methods.

	Enrolled in PreSchool	Advanced Placement (AP) Course Work	Advanced Placement Course Work	
			International Baccalaureate (IB) Course Work	Dual Credit Course Work
District	4.3% 42	1.1% 11	0.0% 0	3.8% 37
State	3.9% 78,272	7.2% 143,753	0.3% 5,004	3.3% 65,736

* indicates non-reported data. ‡ indicates suppressed data due to privacy concerns. Student counts reported are counts out of groups 10 or greater.

About the data

The National Assessment of Educational Progress (NAEP), also known as "The Nation's Report Card," is the only nationally representative and continuing assessment that has been conducted periodically in reading, mathematics, science, writing, U.S. history, civics, geography, and the arts. NAEP does not provide scores for individual students or schools; instead, it offers results regarding subject-matter achievement, instructional experiences, and school environment for populations of students (e.g., fourth-graders) and subgroups of those populations (e.g., female students, Hispanic students). NAEP results are based on a sample of student populations of interest. National NAEP reports information for the nation and specific geographic regions of the country. It includes students drawn from both public and nonpublic schools and reports results for student achievement at Grades 4, 8, and 12.

Inclusion Rate and Standard Error in NAEP

What is it?

The National Assessment of Educational Progress (NAEP), also known as "The Nation's Report Card," is the only nationally representative and continuing assessment that has been conducted periodically in reading, mathematics, science, writing, U.S. history, civics, geography, and the arts. For more information, please see [The Nation's Report Card](#).

Percentage of students identified With Disabilities and English Learners - Reading

Jurisdiction	Grade 4				Grade 8			
	Identified as students with disabilities		English Language Learners		Identified as students with disabilities		English Language Learners	
	Inclusion Rate	Standard Error	Inclusion Rate	Standard Error	Inclusion Rate	Standard Error	Inclusion Rate	Standard Error
Illinois	91	2.1	96	1	95	1.4	94	1.6

Percentage of students identified With Disabilities and English Learners - Mathematics
