

Did you know?

There is a SC state budget proviso in the 2024-2025 budget requiring school districts to prohibit personal electronic communication devices by students during the school day in order to receive state funding.

A proviso in a state budget is a budget instruction that limits how state funds can be spent for a specific purpose.

The state legislature sometimes uses provisos to put a measure in place while legislators look for a long-term solution through new laws.
