## **Parent Equipment Use Agreement**

Strother Public Schools is excited to provide the opportunity for our students to take home a digital device for learning. Please understand that prior to taking the learning device home, students will be instructed and evaluated on proper use and care. This form must be completed and signed in order for students to use the device. In the box below you will see the outline of the cost if the device is damaged, stolen, or lost.

## **Student Code of Conduct**

1. Electronic files, sent, received, viewed or stored anywhere in the computer system are available for review by any authorized Strother staff for any purpose.
2. Modifying or changing device settings and/or external configurations without appropriate permissions are prohibited.
3. Personal information such as, but not limited to, last name, home address, phone numbers, email addresses, or birth dates must not be placed on a device or shared online.
4. Using obscene, threatening or disrespectful language in any electronic communications tool is prohibited.
5. Disclaimer. While Strother uses technology protection measures to limit access to material considered harmful or inappropriate to students, it may not be possible for the district to absolutely prevent such access. Despite our best efforts and beyond the limits of filtering technology, a student may run across some material that is objectionable. Strother has a 3-layer approach when students are using the Internet. The device is automatically routed through the schools filter for appropriate content which provides the first layer. The second layer is the monitoring of an adult, and the third layer is where the student should use their digital responsibility skills when using a device.

## **Responsible Use and Care**

1. The device is to be treated as a valuable object. It should not be thrown, purposely dropped, or abused. It will never be placed on the roof or hood of a car, on the sidewalk or street, or imperiled in any way that may cause it to be crushed or thrown to the ground.
2. The device will never be left unattended on the bus, in the cafeteria, in the gym or any other public places.
3. The device will not be used in or near proximity of water, household chemicals, or other liquids that could damage its electronic components.
4. The device will be protected from the environment to prevent rain, snow, ice, excessive heat, and/or cold.

5. Pencils, pen tips, and other pointed objects will never be used on the screen.
6. The device will be kept away from siblings and pets at all times.
7. Parents and students agree to return the device and all components to the school in the same condition the device was issued to the student.
