

## ECESC Learning Journeys Task Force

**Purpose:** ECESC seeks innovative educators to assist in the creation of learning journeys for the Forge Your Future Sunnyside Experience. This experience will allow students in East Central Indiana to explore their strengths, interests, and values through the lens of the RIASEC framework, and to make connections to future career opportunities.

**RIASEC Background:** Additional information about the RIASEC framework can be found [here](#). RIASEC codes represent six personality types and assist with linking personal strengths, interests, and values to career options. RIASEC is an acronym for the six types: Realistic, Investigative, Artistic, Social, Enterprising, and Conventional. ECESC has developed six classrooms at Sunnyside Education Center, each representing one of the six RIASEC types.

**Timeline:** Task force work will be completed April 30, 2024, through June 21, 2024.

**Compensation:** ECESC will compensate each task force participant up to \$1800. Once materials are submitted and approved, ECESC will provide an invoice form for participants to request payment. Participants will sign a consultant agreement with ECESC, and must also submit a W-9 form to receive payment—see samples below. Payment schedule will be determined by ECESC.

### Activities:

**RIASEC Professional Development:** Some participants may not yet be familiar with the RIASEC. A brief training will be provided for participants to help familiarize them with the types and the purpose of the Sunnyside Experience.

**RIASEC Learning Journeys:** Participants will work in pairs to complete one student learning journey that will guide students through each letter of the RIASEC. A learning journey will consist of six different activities (15 minutes each) that allow students to explore an industry sector through the lens of each RIASEC theme. Each activity in a learning journey will require a lesson plan that includes set up instructions, supply list teacher/facilitator instructions, student

instructions, and specific career-connected content. All six activities in a learning journey should align to tell a story about the industry sector. ECESC will determine the industry sectors highlighted in the learning journeys and will provide a list of assets such as equipment, VR experiences, and learning activities that will be incorporated into the learning journeys.

Meetings/Collaboration: Participants are expected to be in attendance for the following:

- Up to 2 in-person meetings at Sunnyside Education Center  
2601 S. 14th St. New Castle, IN 47362
  - **Kickoff meeting April 30, 2024, 3:30 p.m. - 5:00 p.m.**
  - RIASEC training TBD
- Up to 4 virtual check-in meetings (30 minutes)  
Biweekly throughout project  
Dates: TBD
- Additional collaboration and work time with task partner as needed; meeting times determined by partners
- Optional additional visits to Sunnyside Education Center

**Application:** To apply for the Learning Journeys Task Force, please complete this brief [application form](#).
