School Messenger via: phone/text/email

District Facebook page

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, “Protected Classes”), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

“Unlawful harassment” is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person’s membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person’s ability to benefit from the District’s educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policies 3118 and 5202. The District’s Title IX Policy is attached to this handbook as Appendix A.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to the building secretary via email or phone call.

If a student arrives late, the student must sign in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or 18 years old.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

- the student's physical or mental illness (a physician's verification is required)
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;

Students who are more than 5 minutes late are considered tardy.

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who is absent due to illness has 1 day for each day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.

- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Cell Phone Use

High School Cell Phone Policy:

Cell phones must be kept in lockers during the school day with the exception of lunch. Cell phones are not allowed in classrooms. Students caught with cell phones in class may be subject to disciplinary action. Exceptions may include a medical need.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Students may not use cell phones or other electronic devices while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may

be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's parent to discuss the rule violation before returning the cell phone or electronic device.

Middle School Cell Phone Policy

Students may not use cell phones or other electronic devices during school hours. Cell phones or other electronic devices must be stored in the student's locker during school hours if a student chooses to bring them to school.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's parent to discuss the rule violation before returning the cell phone or electronic device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.

- Using or displaying notes, “cheat sheets,” or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children’s Protective Services Investigations

The District will cooperate with Children’s Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

school campus is a closed campus. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains "fighting words";
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

1. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.
2. Students may not drive carelessly or with excessive speed on school grounds.
3. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and noncurricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and noncurricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Food Services

Breakfast will begin being served at 7:30am, and stop being served at 7:55am. Lunch will be served according to the applicable bell schedule for the buildings. Cost is free.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within ¼ inch of the scalp or live lice may remain at school until the end of the school day. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

The student will be readmitted to school after treatment so long as the parent consents to a head examination and the examining District official does not find live lice on the student. If the District official finds nits within ¼ inch of the student's scalp, the student may return to class, but the District must inform the student's parent about the need to remove the nits.

District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Jamin Olds

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school.

A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students

identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Backpacks are not allowed on the student or classrooms during the day and must be kept in their locker. Exception is to and from Physical Education class where a change of clothing is necessary.

Lost and Found

All lost and found items are to be taken to the main office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. A fine of five cents per day per item may be charged for overdue materials. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the semester, the student must pay for the replacement cost. Students must also pay for any damage they cause to materials.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.

- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Playground/Recess Rules

Students must follow these rules during recess or while using the playground:

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix C.

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

"Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information:

- a. student names, addresses, and telephone numbers;
- b. photographs, including photographs and videos depicting a student's participation in school-related activities and classes;
- c. date and place of birth;
- d. major field of study;
- e. grade level;
- f. enrollment status (e.g., full-time or part-time);
- g. dates of attendance (e.g., 2013-2017);
- h. participation in officially recognized activities and sports;
- i. weight and height of athletic team members;
- j. degrees, honors, and awards received; and
- k. the most recent educational agency or institution attended.

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books. The District designates the following information as directory information:

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix D. This form allows the parent or eligible student to elect not to have the student's directory

information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix E before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.

10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.
15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Policies 5210 or 5805, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

Individual teachers may present awards to any student based on their own established criteria.

Alternative Education Program

Students who are not academically on pace to graduate, show continuous behavioral problems(or consequence of student code of conduct), or chronic absenteeism may be placed in Hartford Alternative Education. A plan will be put in place for that student to earn their way back to the high school if applicable.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied.

Credits and Graduation Requirements

A student must successfully complete all graduation requirements to earn a high school diploma.

Due to the many changes in graduation requirements that have occurred over the course of the past couple of years, and more specifically with the graduation requirements that are now mandated by the State of Michigan statute, we request that you review the specific graduation requirements that are set forth in our *Course Directory* book that is published each spring and given to our students.

Along with the specific graduation requirements that are found in the *Course Directory* book, additional guidelines have been adopted by the Hartford Board of Education

outlining the requirements for graduation. All students, except as outlined in this policy, are expected to meet these guidelines in order to receive a diploma:

1. Students must complete a total of twenty-six (26) credits (17 required & 9 elective for the class of 2010 and beyond). For the class of 2028 and beyond a total of 24 credits are required for graduation.
2. Students graduating in the class of 2028 and beyond that do not fail a single class and graduate with a minimum of 28 credits will receive the endorsement of Diploma of Distinction.

The following shall also apply to students graduating from Hartford High School:

1. The credits of a transfer student from another school district shall be evaluated by the counselor and administration at the time of his/her enrollment and graduation requirements established at that time or within a reasonable time period. That student's graduation requirements shall be based on the requirements of the former school in conjunction with those of Hartford High School.
2. Eight (8) semesters shall be the number required in grades nine through twelve (9-12) for graduation unless a student has secured special permission acceptable with the building administration.
3. A special education student who registers in the Hartford High School shall have graduation requirements and periods of attendance set by the building administration at the time of registration. Requirements shall be determined according to the student's record, physical condition and other factors, which the building administration shall deem necessary for consideration.
4. The High School Principal shall have the authority to approve or disapprove all courses of study beyond the scope of the regular school day subject to the authority of the Superintendent of Schools.

Dropping or Adding a Class

Dropping or adding a class will not be permitted two weeks from the start of each change in semester or school issued change in schedule unless special circumstances arise and the student is given permission by the building administrator

Dual Enrollment

Students in grades 9 and above may be eligible to dually enroll in college classes to obtain high school and college credit. Please contact your assigned counselor for information about enrollment eligibility, charges paid by the District, eligible institutions, and other matters related to dual enrollment.

Grades

Report cards will be issued at least once each quarter. Grades are calculated using the following grading scale:

High School Grades will be assigned based on the following percentages:

A+ 97%--100%	B+ 87%--89%	C+ 77%--79%	D+ 67%--69%
A 93%--96%	B 83%--86%	C 73%--76%	D 63%--66%

Middle School Grades will be assigned based on the following percentages:

A 90%--100%	C 70%--79%	
B 80%--89%	D 60%--69%	F 59% -- 0%

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Personal Curriculum

For some students, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. A parent of a student with a disability under the Individuals with Disabilities Education Act may request a personal curriculum before the student has completed grade 9. Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact High School Guidance Counselor, Nancy Alman 269-621-7117.

For additional information about the Michigan Merit Curriculum and Personal Curriculum, see Policy 5409.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodation due to a disability or suspected disability should contact Special Education Director Nancy Ely- 269-621-7144 and Section 504 Coordinator Anne Smith, 269-621-7119.

Summer School

High School Summer School will be offered in the form of online credit recovery. Students who are eligible for credit recovery will be contacted by the guidance office no later than one week after end of year report cards are issued. Summer school will have no less than two sessions per summer lasting four weeks each.

Testing Out

A student may test out of high school classes and earn credit. Students interested in testing out of a class should review Policy 5409 and make arrangements with their assigned counselor.

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct (see Appendix F) and any applicable team rules.

For more information, see Policy 5507.

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy 5510.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor. Transportation forms can be picked up in the office.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

Discipline Generally

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Snap Suspension - Suspension from Class, Subject, or Activity by Teacher

A teacher may suspend a student from any class, subject, or activity for up to 1 full school day if the teacher has good reason to believe that the student:

- intentionally disrupted the class, subject, or activity;
- jeopardized the health or safety of any of the other participants in the class, subject, or activity; or
- was insubordinate during the class, subject, or activity.

Any teacher who suspends a student from a class, subject, or activity must immediately report the suspension and its reason to the building principal or designee. If a student is suspended from a class, subject, or activity, but will otherwise remain at school, the building principal or designee must ensure that the student is appropriately supervised during the suspension and, if the student is a student with a disability, that all procedures applicable to students with disabilities are followed.

Any teacher who suspends a student from a class, subject, or activity must, as soon as possible following the suspension, request that the student's parent attend a parent/teacher conference to discuss the suspension. The building principal or designee must attend the conference if either the teacher or the parent requests the building principal's attendance. The building principal or designee must make reasonable efforts to invite a school counselor, school psychologist, or school social worker to attend the conference.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the

appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

A parent or student may appeal the Superintendent's or designee's decision to the Board. The appeal must be submitted to the Board within 3 calendar days of the decision. The Board will hear the appeal at its next regularly scheduled meeting. The Board's decision is final. The student's suspension will run while the appeal is pending.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

The District will also comply with Policy 5206 Section I for victims of an alleged sexual assault.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

STUDENT CODE of CONDUCT

All disciplinary issues will follow a student from the Middle School to the High School and to Alternative Education, and/or if a student is transferring into Hartford Public Schools from another school district. Offenses where a student gets suspended will carry over throughout the student's career in that school.

3115A Definitions for 3115 Series

- I. The following definitions apply to policies 3115-3115H, 4101, 4102, and 5202, which address non-discrimination, anti-harassment, and non-retaliation:
 1. “Appeals Officer” means a person who is designated to hear a determination appeal, a dismissal appeal, or a challenge to a Supportive Measures decision. The Appeals Officer must be a District employee and may not be the same person as the Coordinator, Decisionmaker, Investigator, or Informal Resolution Facilitator.
 2. “Complainant” means: (1) a student or employee who is alleged to have been subjected to conduct that could constitute Unlawful Discrimination; or (2) a person other than a student or employee who is alleged to have been subjected to conduct that could constitute Unlawful Discrimination and who was participating or attempting to participate in the District’s education program or activity at the time of the alleged Unlawful Discrimination.
 3. “Complaint” means an oral or written request to the District that objectively can be understood as a request for the District to investigate and make a determination about alleged Unlawful Discrimination.
 4. “Consent” means a voluntary agreement to engage in sexual activity by a person legally capable of consenting. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent. Sexual conduct or romantic relationships between students and District employees, volunteers, or contractors, regardless of age or consent, are prohibited.
 5. “Coordinator” means the person(s) designated by the District to coordinate the District’s compliance with state and federal non-discrimination laws. The Coordinator may be the same person as the Investigator and Decisionmaker.
 6. “Day” means a day that the District’s central office is open for business, unless otherwise indicated.
 7. “Decisionmaker” means the person designated to issue a determination as to whether Unlawful Discrimination occurred. The Decisionmaker may be the same person as the Coordinator and Investigator.
 8. “Disciplinary Sanctions” means consequences imposed on a Respondent following a determination that the Respondent engaged in Unlawful Discrimination.
 9. “Grievance Procedure” means the process outlined in Policy 3115E.

10. “Informal Resolution Facilitator” means the person designated to facilitate an informal resolution process. The Informal Resolution Facilitator may not be the same person as the Investigator or the Decisionmaker.
11. “Investigator” means the person designated to investigate a complaint of Unlawful Discrimination. The Investigator may be the same person as the Coordinator and Decisionmaker.
12. “Key Role” means Coordinator, Investigator, Decisionmaker, Informal Resolution Facilitator, or Appeals Officer.
13. “Party” means a Complainant or Respondent.
14. “Relevant” means related to the allegations of Unlawful Discrimination under investigation as part of the Grievance Procedure. Questions are relevant when they seek evidence that may aid in showing whether the alleged Unlawful Discrimination occurred, and evidence is relevant when it may aid a Decisionmaker in determining whether the alleged Unlawful Discrimination occurred.
15. “Remedies” means measures provided, as appropriate, to a Complainant or any other person the District identifies as having had their equal access to the District’s education program or activity limited or denied by Unlawful Discrimination. These measures are provided to restore or preserve that person’s access to the District’s education program or activity after the District determines that Unlawful Discrimination occurred.
16. “Respondent” means a person who is alleged to have violated the District’s prohibition on Unlawful Discrimination.
17. “Retaliation” means intimidation, threats, coercion, or discrimination against any person by the District, a student, or an employee or other person authorized by the District to provide aid, benefit, or service under the District’s education program or activity, for the purpose of interfering with any right or privilege secured by the 3115 Policy Series, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under the 3115 Policy Series. Retaliation does not include a requirement that a District employee participate in a Grievance Procedure.
18. “Supportive Measures” means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a Complainant or Respondent, not for punitive or disciplinary reasons, and without fee or charge to the Complainant or Respondent to:
 - a. Restore or preserve that Party’s access to the District’s education program or activity, including measures that are designed to protect the safety of the Parties or the District’s educational environment; or

- b. Provide support during the District's Grievance Procedure or during an informal resolution process.
19. "Unlawful Discrimination" means to treat a person differently or less favorably due to the person's race, color, national origin, ethnicity, religion, sex (including gender identity or expression, sexual orientation, pregnancy, childbirth, or a related condition), age, height, weight, familial status, marital status, military service, veteran status, genetic information, disability, or any other legally protected basis or any other legally protected class, and includes unlawful harassment and retaliation based on a person's membership in a protected classification.

J. Examples of Unlawful Harassment

Unlawful harassment may include, but is not limited to:

1. **Race, Color, or National Origin Harassment**, which is prohibited by Title VI and Title VII of the Civil Rights Act of 1964 and the Michigan Elliott-Larsen Civil Rights Act. Race, color, or national origin harassment is unwelcome conduct based on a person's actual or perceived race, color, or national origin that creates a hostile environment or becomes a condition of continued employment. Race includes traits historically associated with race, including, but not limited to, hair texture and protective hairstyles. Race, color, or national origin harassment may take many forms, including slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct.

Under this Policy, harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics, will be considered race, color, or national origin harassment.

2. **Disability Harassment**, which is prohibited by the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and the Michigan Persons with Disabilities Civil Rights Act. Disability harassment is unwelcome conduct based on a person's actual or perceived disability that creates a hostile environment or becomes a condition of continued employment. Disability harassment may take many forms, including slurs, taunts, stereotypes, or name-calling, as well as disability motivated physical threats, attacks, or other hateful conduct.
3. **Sex-Based Harassment**, which is prohibited by Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Michigan Elliott-Larsen Civil Rights Act, and includes harassment based on sex, sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

- a. Quid Pro Quo Harassment

An employee, agent, or other person authorized by the District to provide an aid, benefit, or service under the District's education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

b. *Hostile Environment Harassment*

Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the District's education program or activity (*i.e.*, creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- i. The degree to which the conduct affected the Complainant's ability to access the District's education program or activity;
- ii. The type, frequency, and duration of the conduct;
- iii. The Parties' ages, roles within the District's education program or activity, previous interactions, and other factors about each Party that may be relevant to evaluating the effects of the conduct;
- iv. The location of the conduct and the context in which the conduct occurred; and
- v. Other sex-based harassment in the District's education program or activity; or

c. *Specific Offenses*

- i. "Sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- ii. "Dating violence" means violence committed by a person: (i) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (ii) where the existence of such a relationship shall be determined based on a consideration of the following factors: (1) the length of the relationship; (2) the type of relationship; and (3) the frequency of interaction between the persons involved in the relationship.
- iii. "Domestic violence" means felony or misdemeanor crimes committed by a person who: (i) is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of the District, or a person similarly situated to a spouse of the victim; (ii) is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner; (iii) shares a child in common with the victim; or (iv)

commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction.

- iv. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (i) fear for the person's safety or the safety of others; or (ii) suffer substantial emotional distress.

A Complaint against one of the Coordinators listed above may be made to the Superintendent or Board President. A Complaint against the Superintendent may be made to the Board President. A Complaint against the Board President may be made to the Board Vice President.

3115C Supportive Measures

A. Supportive Measures

The District will offer and coordinate Supportive Measures, as appropriate, for Complainants, Respondents, and others whose access to the District's education program and activity was impacted by alleged Unlawful Discrimination. Supportive Measures are designed to restore or preserve a person's access to the District's education program or activity or provide support during the District's Grievance Procedure and informal resolution process. Supportive Measures are available at any time, including before, during, and after the Grievance Procedure or Informal Resolution Process.

Supportive Measures must not unreasonably burden any Party.

1. Examples of Supportive Measures

Supportive Measures may include, but are not limited to:

- a. District-provided counseling;
- b. Course-related adjustments, such as deadline extensions;
- c. Modifications to class, extracurricular, or work schedules;
- d. Provision of an escort to ensure that the Complainant and Respondent can safely attend classes and school activities;
- e. Training and education programs; and
- f. Mutual no-contact orders.

Any Party may seek modification or termination of a supportive measure applicable to them if circumstances materially change.

The District must not disclose information about any Supportive Measures to persons other than the person to whom they apply, unless necessary to provide the Supportive Measure or to restore or preserve a party's access to the education program or activity, or as otherwise authorized by law.

B. Challenging Supportive Measures

For allegations of Title IX Sex Discrimination, any Party may seek modification or reversal of a decision to provide, deny, modify, or terminate Supportive Measures applicable to them. To request a modification to Supportive Measures, the Party must submit a written request to the Title IX Coordinator. The Title IX Coordinator will designate an impartial employee as an Appeals Officer to review the challenge. The Appeals Officer must be an employee, must not be the person who made the challenged decision, and must have the authority to modify or reverse Supportive Measures. The Appeals Officer will only modify or reverse a decision about Supportive Measures if the Appeals Officer determines that the initial decision to provide, deny, modify, or terminate the supportive measure is inconsistent with the definition of Supportive Measures in this Policy.

C. Students with Disabilities

If a Party is a student with a disability, the applicable Coordinator or designee must consult with one or more members, as appropriate, of the student's Section 504 or Individualized Education Program Team (as applicable), to ensure compliance with Section 504 or the IDEA in the implementation of Supportive Measures.

3115D Informal Resolution

In lieu of resolving a Complaint through the Grievance Procedure, and if offered by the District, the Parties may instead elect to participate in an informal resolution process. This process is not available to resolve a Complaint that includes allegations that an employee engaged in sex-based harassment of a student, or when such a process would conflict with Federal, State, or local law.

Informal resolution does not require a full investigation and may encompass a broad range of conflict resolution strategies, including, but not limited to, arbitration, mediation, or restorative justice.

3115E Grievance Procedure and Remedies

A. Grievance Procedure

1. Generally

The District has adopted the following Grievance Procedure that provides for the prompt and equitable resolution of Unlawful Discrimination, including harassment and retaliation, Complaints. This Grievance Procedure will be used to investigate and resolve Complaints of Unlawful Discrimination, including harassment and retaliation, between and among students, employees, volunteers, contractors, and Board members.

The District will treat Complainants and Respondents equitably.

The District requires that any individual serving in a Key Role not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. Individuals serving in a Key Role for a Title IX Sex Discrimination Complaint must meet the additional training requirements in Policy 3115H.

The District presumes that the Respondent is not responsible for the alleged Unlawful Discrimination until a determination is made at the conclusion of the Grievance Procedure.

a. **Grievance Procedure Stages and Timeframes:** The District has established the following stages and, where applicable, timeframes for the Grievance Procedure:

i. Evaluation

Upon receipt of a Complaint, the Coordinator will determine whether to proceed with an investigation or dismiss the Complaint consistent with Policy 3115F. For Title IX Sex Discrimination Complaints, this determination will occur within 5 days.

ii. Investigation

If the Complaint proceeds to the Investigation phase, the Coordinator will appoint an Investigator to conduct the investigation and provide notice of the allegations. The Coordinator may serve as the Investigator. For Title IX Sex Discrimination Complaints, the notice of allegations will be provided within 5 days. For Title IX Sex Discrimination Complaints, the Investigator will endeavor to complete the investigation within 60 days.

iii. Evidence Access (Title IX Sex Discrimination Complaints Only)

For Title IX Sex Discrimination Complaints only, upon completion of the Investigation phase, the Parties will have 5 days to access and respond to the evidence as further explained below.

iv. Decision

Upon completion of the Investigation, the Decisionmaker will endeavor to promptly issue a decision as to whether Unlawful Discrimination occurred. For Title IX Sex Discrimination Complaints, the decision will be issued within 10 days.

Unless otherwise determined by the applicable Coordinator based on unique circumstances, the Investigator will also serve as the Decisionmaker.

v. Appeal Decision

If an appeal is permitted under Policy 3115F, that appeal must be submitted within 5 days from a Party's receipt of the determination.

At any point, the Coordinator, Investigator, Decisionmaker, or Appeals Officer may reasonably extend timelines on a case-by-case basis for good cause. If good cause exists, the Coordinator, Investigator, Decisionmaker, or Appeals Officer will notify each Party in writing within 5 days of the decision to extend the timelines. Such notice will include the reason and length of the extension. Good cause may include absence of a Party or witness; concurrent law enforcement activity; complexity of the underlying allegations; or the need for accommodations (e.g., language assistance or accommodation of disabilities).

2. Confidentiality

The District will take reasonable steps to protect the privacy of the Parties and witnesses during its Grievance Procedure. These steps will not restrict the ability of the Parties to obtain and present evidence, including consulting with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the Grievance Procedure. The Parties may not engage in retaliation, including against witnesses.

3. Evidence Considerations

The Decisionmaker will objectively evaluate all evidence that is Relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness. For Title IX Sex Discrimination Complaints, the Decisionmaker must attempt to independently question and evaluate the credibility of Parties and witnesses if credibility is in dispute and Relevant.

4. Complaint Consolidation

The District may consolidate Complaints when the allegations arise out of the same facts or circumstances.

5. Notice of Allegations

Upon receiving a Complaint, the applicable Coordinator will notify the Parties of the following:

- a. The Grievance Procedure and any informal resolution process;
- b. Sufficient information available at the time to allow the Parties to respond to the allegations, including the identities of the Parties involved in the incident(s), the conduct alleged to constitute Unlawful Discrimination, and the date(s) and location(s) of the alleged incident(s);
- c. Retaliation is prohibited; and
- d. For Title IX Sex Discrimination Complaints, the Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence or an accurate description of the evidence. If the District provides a description of the evidence, the Parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence upon request.

If, during an investigation, the District decides to investigate additional allegations of Unlawful Discrimination by the Respondent toward the Complainant that are not included in the notice provided or that are included in a Complaint that is consolidated, the District will notify the Parties of the additional allegations.

6. Investigation

The District will provide for adequate, reliable, and impartial investigation of Complaints. The burden is on the District — not on the Parties — to conduct an investigation that gathers sufficient evidence to determine whether Unlawful Discrimination occurred.

The Parties will be provided an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible. The Investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.

Throughout the investigation, the Investigator must determine, what, if any, facts remain in dispute. If dispositive facts are not reasonably in dispute (e.g., based on Party admissions, irrefutable evidence), further investigation is not required.

7. Title IX Sex Discrimination Specific Evidence Rules

- a. Access to Evidence: For allegations of Title IX Sex Discrimination, the District will provide each party with an equal opportunity to access the evidence that is relevant to the allegations of Title IX Sex Discrimination and not otherwise impermissible, in the following manner:
 - i. The Investigator will provide an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the Investigator provides a description of the evidence, the Investigator will provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
 - ii. The Investigator will provide a reasonable opportunity to respond to the evidence or the accurate description of the evidence; and
 - iii. The District will take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the Grievance Procedure. Disclosure of such information and evidence for purposes of administrative proceedings or litigation related to the Title IX Sex Discrimination Complaint is authorized.
- b. Impermissible Evidence: The following types of evidence, and questions seeking that evidence, are impermissible regardless of whether they are relevant:
 - i. Evidence that is protected under a privilege recognized by Federal or State law, unless the person to whom the privilege is owed has voluntarily waived the privilege or confidentiality;

- ii. A Party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the Party or witness, unless the District obtains that Party's or witness's voluntary, written consent for use in the Grievance Procedure; and
- iii. Evidence that relates to the Complainant's sexual interests or prior sexual conduct, unless evidence about the Complainant's prior sexual conduct is offered to prove that someone other than the Respondent committed the alleged conduct or is evidence about specific incidents of the Complainant's prior sexual conduct with the Respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the Complainant and Respondent does not by itself demonstrate or imply the Complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Impermissible evidence will not be accessed or considered, except by the District to determine whether one of the above exceptions applies. Impermissible evidence will not be disclosed or otherwise used in the investigation.

8. Determination

Following the investigation and evaluation of all relevant and not otherwise impermissible evidence, the Decisionmaker will:

- a. Use the preponderance of the evidence standard to determine whether Unlawful Discrimination occurred. The Decisionmaker must evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the Decisionmaker is not persuaded by a preponderance of the evidence that Unlawful Discrimination occurred, whatever the quantity of the evidence, the Decisionmaker will not determine that Unlawful Discrimination occurred.
- b. Notify the Parties in writing of the determination whether Unlawful Discrimination occurred, including the rationale for such determination and the procedures and permissible bases for the Complainant and Respondent to appeal, if applicable.
- c. Not discipline a Respondent for Unlawful Discrimination unless there is a determination at the conclusion of the Grievance Procedure that the Respondent engaged in unlawful discrimination.
- d. Comply with this Grievance Procedure before imposing any disciplinary sanctions against a Respondent.

9. Remedies

If there is a determination that Unlawful Discrimination occurred, the applicable Coordinator will, as appropriate:

- a. Coordinate the provision and implementation of remedies to a Complainant and other people the District identifies as having had equal access to the District's education program or activity limited or denied by Unlawful Discrimination;
- b. Coordinate the imposition of any Disciplinary Sanctions against a Respondent. For a Title IX Sex Discrimination Complaint, notify the Complainant of any such Disciplinary Sanctions; and
- c. Take other appropriate prompt and effective steps to ensure that Unlawful Discrimination does not continue or recur within the District's education program or activity.

10. False Statements

A person who knowingly files a false Complaint or makes a materially false statement is subject to discipline, including discharge from employment or expulsion.

The District will not discipline a Party, witness, or others participating in a Title IX Sex Discrimination Complaint Grievance Procedure for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

3115F Complaint Dismissal and Appeals

A. Complaint Dismissal

The District may dismiss a Complaint if:

1. The District is unable to identify the Respondent after taking reasonable steps to do so;
2. The Respondent is not participating in the District's education program or activity and is not employed by the District;
3. The Complainant voluntarily withdraws any or all of the allegations in the Complaint, the applicable Coordinator declines to initiate a Complaint, and the District determines that, without the Complainant's withdrawn allegations, the conduct that remains alleged in the Complaint, if any, would not constitute Unlawful Discrimination even if proven; or
4. The District determines the conduct alleged in the Complaint, even if proven, would not constitute Unlawful Discrimination. Before dismissing the Complaint and if necessary, the District will make reasonable efforts to clarify the allegations with the Complainant.

Upon dismissal, the District will promptly notify the Complainant of the basis for the dismissal. If the dismissal occurs after the Respondent has been notified of the allegations, the District will also notify the Respondent of the dismissal and the basis for the dismissal promptly following notification to the Complainant, or simultaneously if notification is in writing.

Upon dismissal, the District will take prompt and effective steps, as appropriate, through the applicable Coordinator, to ensure that Unlawful Discrimination does not continue or recur within the District's education program or activity. The District will offer Supportive Measures to the Complainant as appropriate. The District will also offer Supportive Measures to the Respondent as appropriate if the Respondent has been notified of the Complaint allegations.

The District will notify a Complainant alleging Title IX Sex Discrimination that a dismissal may be appealed and will provide the Complainant with an opportunity to appeal the dismissal of a Complaint. If the dismissal occurs after the Respondent has been notified of the allegations, then the District will also notify the Respondent that the dismissal may be appealed.

B. *Complaint Dismissal Appeal – Title IX Sex Discrimination Only*

1. Complaint dismissals may be appealed within 5 days of receipt on the following bases:
 - a. Procedural irregularity that would change the outcome;
 - b. New evidence that would change the outcome and that was not reasonably available when the dismissal was made; and
 - c. The Title IX Coordinator, Investigator, or Decisionmaker had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that would change the outcome.
2. If the dismissal is appealed, the District will:
 - a. Notify the Parties of any appeal, including notice of the allegations, if notice was not previously provided to the Respondent;
 - b. Implement appeal procedures equally for the Parties;
 - c. Ensure that the Appeals Officer did not take part in an investigation of the allegations or dismissal of the Complaint;
 - d. Ensure that the Appeals Officer has been trained consistent with the applicable federal regulations;
 - e. Provide the Parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and

- f. Notify the Parties of the result of the appeal and the rationale for the result.

The Appeals Officer will affirm the dismissal if it met any of the above-listed standards for dismissal, unless the Appeals Officer determines that dismissal will result in unremedied Unlawful Discrimination.

C. *Determination Appeal Procedure – Title IX Sex Discrimination Complaints Only*

Any use of District technology resources that violates federal or state law is expressly prohibited.

A. Children’s Internet Protection Act

The Board complies with the Children’s Internet Protection Act (“CIPA”) and directs its administration to:

1. Monitor minors’ online activities and use technology protection measures on the District’s computers with internet access to block minors’ access to visual depictions that are obscene, constitute child pornography, or are harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:

a. taken as a whole and as to minors, appeals to a prurient interest in nudity, sex, or excretion;

b. depicts, describes, or represents, in a patently offensive way as to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and

c. taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

2. Use technology protection measures on the District’s computers with internet access to block all access to visual depictions that are obscene or that constitute child pornography. The technology protection measures may be disabled by authorized personnel during adult use to enable access to bona fide research or for other lawful purposes. The Superintendent or designee will determine which District personnel are authorized to disable the protection measures.

3. Educate minors about appropriate online behavior, including interacting with other people on social networking websites and chat rooms, as well as cyberbullying awareness and response.

8. Encourage the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communication.

The Superintendent or designee will take steps necessary to implement this Policy and to otherwise comply with CIPA.

B. Acceptable Use Agreement

The Superintendent or designee will develop, review, and revise as necessary an acceptable use agreement that must be signed before a user is provided access to the District's technology resources. At a minimum, the Superintendent or designee will develop an acceptable use agreement to be signed by each of the following groups:

- adult users, including employees, volunteers, and Board members;

0. A requirement that users report any material that is threatening, harassing, or bullying.

0. A release of all claims and liability against the District for use of District technology resources.

C. District Personnel Use

District personnel must comply with Policies 4215 and 4216.

D. State Assessments

During the administration of state assessments (e.g., WIDA, M-STEP, etc.), unless otherwise permitted by this subsection, students and District personnel, including those individuals acting as test administrators, are prohibited from possessing, using, wearing, or otherwise accessing any electronic devices not being actively used for testing purposes when in an active testing session or while on a break when in an active testing session. Pictures, videos, or other communications regarding test content are prohibited during all testing and breaks.

For the purposes of this subsection, an “electronic device” includes any electronic device that can be used to record, transmit, or receive information not used for testing, including but not limited to computers, tablets, iPads, e-readers, smart watches (including Fitbits), smartphones and cell phones, Bluetooth headphones or smart earbuds, or smart glasses.

The Superintendent and building principals are authorized to develop additional building-level rules related to state assessments so long as those rules are not in conflict with this subsection.

1. Students

a. Students shall leave all electronic devices outside of the testing room or shall power off all electronic devices and surrender them to the test administrator for collection prior to beginning the testing session.

b. If an additional electronic device is medically necessary for a testing student, the device must be left with the test administrator, unless the student is required to possess the device, in which case the test must be administered to the student by a test administrator in a one-on-one setting and the student must be actively monitored at all times while testing.

c. During the testing sessions or breaks, students may not access any additional websites or applications on a device used for testing.

0. Test Administrators

a. Test administrators or other District personnel monitoring or troubleshooting the administration of state assessments must:

i. Ensure that all background applications and alternative websites are disabled on testing devices.

ii. Actively monitor students in the testing room and verify that students do not have access to additional electronic devices before, during, and after testing, including breaks.

iii. Refrain from disturbing the testing environment, including through texting, speaking, or using electronic devices for non-testing purposes (e.g., to complete other work). Test administrators must silence all electronic devices. Test administrators are prohibited from wearing or accessing a wearable electronic device (e.g., smart watch or Fitbit).

b. Test administrators may use electronic devices to alert other personnel of issues or emergencies requiring assistance. Such other personnel may use their electronic devices for troubleshooting purposes, but should exit the testing room when engaging in those communications.

0. Penalties

The failure to comply with this subsection may result, as applicable, in employee or student disciplinary action and such consequences as deemed necessary or appropriate by the Michigan Department of Education (e.g., invalidation of an individual student's test, or misadministration of the entire testing session and invalidation of all the students' tests).

E. Public Access to Technology

1. Pursuant to the Michigan Library Privacy Act, each school library offering public access to the internet or a computer, computer program, computer network, or computer system (a "Qualifying School Library") will limit minors to only use or

view those terminals that do not receive material that is obscene, sexually explicit, or harmful to minors. Persons age 18 or older, or a minor accompanied by the minor's parent/guardian, may access a school library terminal that is not restricted from receiving such material, if any.

0. Only when a Qualifying School Library offers public access as described in subsection D.1., the District must designate at least 1 terminal that is not restricted from receiving such material and at least 1 terminal that is restricted from receiving such material. Library staff must take steps to ensure that minors not accompanied by a parent or guardian do not access the unrestricted terminal. The Superintendent or designee will determine which employees will implement subsection D in each Qualifying School Library.

0. As used in this Policy, "terminal" means a device used to access the internet or a computer, computer program, computer network, or computer system.

Communication Protocol

The District has full faith in its coaches to make decisions that are in the best interest of their teams. If parents have questions or concerns about their student-athletes' sports participation, use the following protocol:

1. Wait 24 hours before contacting the coach.
2. Schedule a time to speak with the coach, either via phone or in-person, at the coach's discretion.
3. If the issue is unresolved, schedule a time to speak with the Athletic Director, either via phone or in-person, at the Athletic Director's discretion.

Concussion Protocol

The District will comply with the concussion protocol in Policy 5712.

Athletic Code of Conduct

A student-athlete must:

1. Learn and understand the rules and regulations of your sport.
2. Unless otherwise approved by your coach, if school is in session, attend school for the full day to be eligible to practice or play in an event on the same day.
3. Comply with the law, Board Policy, the Student Code of Conduct, the Athletic Code of Conduct, and all team rules. Failure to comply with this provision may result in suspension or removal from a team.
4. Not possess, use, or consume alcohol, tobacco, cannabis, nicotine (including a vape), or controlled substances (other than those prescribed by a physician for the student-athlete).
5. Not engage in conduct that is unbecoming of student-athletes.
6. Maintain academic eligibility as required by the Michigan High School Athletic Association.
7. Notify your coach or District athletic trainer of any injury or medical condition that may affect your athletic participation.

If a student-athlete violates any provision of the Athletic Code of Conduct, practice, game, team, or complete athletic suspension may result. Any disciplinary consequences will be at the sole discretion of the Athletic Director or designee.

If a student-athlete is suspended or expelled from school, the student-athlete is prohibited from participating in any practice or game during the suspension or expulsion.
