

ALIEF ISD - ELSIK HIGH SCHOOL

2024– 2025

Elsik Mission: Elsik High School is committed to developing college and career-ready students who can create, collaborate, communicate and think critically.

Elsik Vision: Elsik High School is a school of Excellence, Honor, and Spirit.

Alief ISD and Community

The Alief Independent School District, established in 1917, encompasses 36.6 square miles in southwest Harris County. Serving an approximate population of 243,628 residents, the district strives to provide a variety of educational opportunities and involvement for the entire community. The district's goal is for students to experience intellectual, societal, physical, economic, and occupational opportunities. Emphasis on academic and career technology activities provides students with opportunities for total development. An extensive co-curricular program is offered.

Additional Programs: The SOAR program (housed at the Hastings/Elsik Annex) is a one-year basic academic program for high school students who are at least 16 years old and who meet the program qualifications.

Campus Information –Jewell Elsik

Jewell Elsik was born in Salado, TX, and graduated from Scott and White Nursing School in Temple, Texas. She originally came to the Houston area to the Aldine School District where she was Aldine's first nurse, and her husband was superintendent. In 1962, she became the first nurse for the Alief School District when there were only 240 students in 1 building. As the district grew and more schools and nurses were added, she became Director of Nurses until she retired in 1976. Ms. Elsik passed on May 29, 2006, after a brief illness at 95. The Alief nurses feel honored to have a school named for such a notable person.
