Financial Secretary,
Data Manager

Dear Parents and Guardians,

I am pleased you have chosen to visit this site to review the North Carolina School Report Card to learn more about the great things happening at Pine Hall Elementary School. The school report card offers a variety of information including a wealth of data on student achievement, attendance, teacher qualifications, class size, school safety and more. The technology platform used allows users to manipulate and compare data results. For example, users can compare individual subgroups or see how our school fared in comparison to county and state scores. The individual letter grade the school receives is comprised of student achievement (80%) and growth (20%) on state standardized tests. Pine Hall received an overall letter grade of C. We met growth in Reading and Math. We are a Positive Behavior Intervention and Support School and are receiving a Green Ribbon for our efforts.

We are proud of the hard work our students put forth during the 2018-2019 school year but we realize we still need to move in a positive direction. We will focus on increasing proficiency in Reading and Math. We understand that we cannot do this without your assistance and support at home. I strongly encourage you to be involved in your child's education. Talk to your child about what he/she does each day and keep the lines of communication open with your child's teacher(s). Great things are happening at Pine Hall Elementary! Take time to visit your child's classroom and become involved in school activities and events.

Finally, I would like to give my sincere thanks to the talented and caring employees of Pine Hall Elementary School. Our staff is dedicated to providing our children with a safe and caring environment where they can develop a lifelong love of learning.

Sincerely,

Amy Goodman

Principal
