1. Student Handbook Acknowledgement
2. NCLUSD Technology Acceptable Use Agreement
3. Chromebook Policies & Procedures Agreement
4. Google Workspace for Education Agreement

NCLUSD will provide each student with a device to use in class and at home for school related work. Students can access district adopted digital content as well as other supplemental content on this device. Access to this technology should be used to help students reach their learning goals and extend, enhance and engage students in their learning experience. The Internet is to be used for regular instructional activity or for educational research. Students shall use the system responsibly and primarily for educational purposes.

Students are authorized to use District equipment and to access the Internet in accordance with user obligations and responsibilities specified in the District's Acceptable Use Policy Agreement (AUP), Chromebook Policies and Procedures and Google Workspace for Education agreements.

Students may request permission from Principal or designee to access the Internet or on-line services on a personal device. With permission, students may have access and must meet all obligations and responsibilities specified here.

The Principal or designee shall oversee the maintenance of each school's technological resources and may establish guidelines and limits on their use.

Securly: Filter and Monitoring system

All Chromebook web use is filtered through Securly in and out of the district network. Chromebook activity may also be monitored by teachers or administrators through Securly Classroom. All Chromebooks are additionally filtered by another firewall when the device is in the district network. Administrators and parents will have access to all content accessed on the Chromebooks. Students should not bypass or attempt to bypass any network filter or application set by the district to access restricted content on the Chromebook.

Securly is a filtering system that provides web filtering for educational organizations. It is enabled 24 hours per day, 7 days a week, no matter the location of your child's Chromebook. Securly also monitors student emails, documents and web searches for violence, bullying, hate speech, bullying, suicide/self-harm and inappropriate language. School staff is notified if any of these activities are flagged through Securly. School staff will review the notification and follow up by making contact with the student and parent if necessary. Parents can sign up to receive notifications and access their student's Chromebook activity through the Securly Home App. This feature provides parents with the ability to place additional restrictions on the Chromebook at home.

Privacy

The District reserves the right to monitor all use of District technology, including any Internet communications, for improper use. Since the use of District technology is intended for educational purposes, students shall not have any expectation of privacy in any use of District technology.

All passwords created for or used on any district technology are the sole property of the district. The creation or use of a password by a student on district technology does not create a reasonable expectation of privacy.

Chromebook Settings & External Devices

Students should not change any Chromebook settings without permission from a teacher or IT personnel. Only approved apps and extensions may be used on the devices and students should not remove or attempt to remove any installed apps or extensions. Students are not allowed to use any removable storage devices on the Chromebooks. Only accessories approved by the school or IT department can be used on the Chromebooks.

Documents and Emails

Students are not allowed to send documents or emails outside of the district on district-issued devices nor can they receive documents or email from outside of the district. Some exceptions will be made as deemed necessary by the administrator.

Use of Audio/Video

Students will not take photos or record video of any persons unless they have the specific consent of the teacher or administrator/designee and all persons in the photo or video.

Youtube

Teachers may use YouTube content to enhance curriculum or engage students. The district filters YouTube content and uses Safe Restriction Mode. Additionally, students may use YouTube to conduct research but are not able to post content to YouTube. This access will be monitored by teachers and administrators and may be revoked if deemed necessary.

Canvas

Canvas is a Learning Management System which provides teachers with a way to post assignments, documents, web links, media as well as announcements and notifications. Students are able to participate in on-line learning activities, submit digital assignments, and receive personalized feedback and support from their teachers. In addition, Canvas will be used for communication between students and teachers, administrators, and other school staff via the Inbox feature of Canvas. Parents will also have the opportunity to communicate with the student's teachers if they have signed up for an Observer account. Parents and students have access to Canvas through the website at nclud.instructure.com or by downloading the Canvas Parent or Student App on a mobile device.

StudentSquare

StudentSquare is a communication and organization tool designed to keep students informed and involved in their classes and extracurricular activities such as sports and clubs. It provides notifications via app, text or email. Students can use StudentSquare to send direct messages to teachers or other school staff. Students may access StudentSquare through the website or by downloading the StudentSquare app on their mobile device. Parental consent is required for students under age 13. If your student is under 13 and you would like your student to opt out from using StudentSquare, please contact an administrator/designee at either Yolo Middle School (209) 862-2984 or Orestimba High School (209) 862-2916.

Other Technology Tools

Teachers may use other technology tools/applications in the classroom to meet instructional needs, enhance student engagement and to assist in meeting student learning goals. When necessary, teachers will create student accounts to use these technology applications. All technology applications used in the classroom have been vetted and placed on an Approved Tech list for teachers to implement. Teachers may list these applications/web tools on their syllabus at the beginning of the year but new ones may be added as the year progresses.

Reporting

If a student becomes aware of any security problem (such as any compromise of the confidentiality of any login or account information) or misuse of district technology, he/she shall immediately report such information to the teacher or other district personnel.

Disciplinary Action and Consequences

Any inappropriate use of technology which is contrary to school policy, district agreements, local, state and federal law will be subject to disciplinary action per the discipline policy. This may include suspension or expulsion. In addition, violations may be reported to law enforcement agencies as appropriate.

Obligations and Responsibilities

These guidelines are provided so that you are aware of the responsibilities you are about to acquire. In general, these require efficient, ethical and legal utilization of the network resources. Access to the Internet through NCLUSD Network and the use of District network resources including email accounts are privileges, not rights.

1. All District equipment should be used with care. Any changes, alterations, or modifications by student of any settings on District equipment, are not permitted. Students shall not install any unauthorized software applications on District equipment.
2. The student, in whose name an account is issued, is responsible for its proper use at all times. They shall use the network only under their own account number. Students shall not share accounts or passwords with anyone.
3. Students shall not access, post, submit, publish, or display harmful or inappropriate material that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, gender, sexual orientation, age, disability, religion or political beliefs. Students shall not use the system to encourage the use of drugs, alcohol or tobacco, nor shall they promote unethical practices, or any activity prohibited by law or Board policy.
4. Students shall not disclose, use or disseminate personal identification information about themselves or others when using any form of electronic communication.

6. Students shall not intentionally upload, download or create computer viruses, maliciously attempt to harm or destroy District hardware or software or attempt to harm or destroy data of any other user. This includes disrupting or limiting access to network resources or using the network to make unauthorized entry to any other device accessible via the network (hacking).
7. Students shall abide by all network's filters, applications and network settings that set accessibility to content on the Internet. Students shall not bypass these in order to access content restricted by the district.
8. Students shall report any security problem or misuse of the services to a teacher or administrator.
9. NCLUSD specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Consequences

Any inappropriate use which is contrary to school policy, local, state and federal law will be subject to disciplinary action per the discipline policy. This may include suspension or expulsion. In addition, violations may be reported to law enforcement agencies as appropriate.

Electronic Device Policy

Students shall be permitted to have in their possession an electronic device on campus during the school day, while attending school sponsored activities, or while under the supervision and control of a school district employee only in accordance with the following requirements:

1. Cell phones or any other electronic device may only be used before and after school, passing periods, nutrition break, lunch period or during school activities that occur outside of school hours.
2. Cell phones or any other electronic device will remain silent or off and should not be visible during instructional time, unless approved by the teacher.

4. Students may not take their cell phone or any other electronic device with them to the restroom. They may not have a device in their possession when leaving the classroom during instructional time for any reason.

Device violations are subject to the following disciplinary consequences:

4th Offense:

Administrative discretion, could include suspension and/or recommendation for alternative school placement.

Violations of this policy will result in disciplinary action, including confiscation of the device, suspension and/or expulsion. In permitting student possession of such devices, the district assumes no liability for the loss of the device or its misuse by another person. (Reference: Board Policy 5131.11)

Tardy Policy

One of the responsibilities of each student is to be in the classroom when the bell rings or when class is to begin. Being tardy is irresponsible behavior in that it is disruptive to the learning process.

The faculty and staff are aware of the importance of attendance and classroom participation contributes to the education of students. Therefore, we are making a concerted effort to reduce—for students and teachers—unnecessary distractions caused by a small number of students who do not arrive to class on time. Tardies cannot be excused unless it is a doctor's excuse note or court appointment with documentation. There are three warnings before a consequence is enforced; this is to allow for student/family emergencies.

TARDIES: CRITERIA

1. A student is tardy when they do not arrive to a classroom prior to the bell signaling the beginning of class.
2. If a student is tardy in excess of 10 minutes but not more than 30 minutes, the teacher has the option of not allowing assignment make-up because of a lack of class participation.
3. Tardy in excess of 30 minutes without a valid excuse will be considered a cut and the student will be considered truant (E.C. 48260) and must obtain a Re-admit slip (indicating a "cut") from the office before being allowed to enter the classroom. Parents/Guardians have until the end of that school day to call and give a valid excuse to clear the student's cut.
4. The administration will keep a record of tardies for each student.

TARDIES: CONSEQUENCES

Student's will be assigned Saturday School upon an 8th tardy per quarter. Students who do not attend Saturday School are subject to loss of privileges including but not limited to, revoking parking permit, withholding pink slip, excluded from field trips and extracurricular activities which could include athletic eligibility as well as senior activities and graduation.

8 tardies	1 Saturday School
8+ tardies	Saturday School for every 8 tardies received in one quarter
1 Missed Saturday School	2 Saturday Schools
1 Saturday School	4 Lunch Detention (only arranged through OHS Administration)

Note: If students have lunch detentions and/or Saturday schools that they have not fulfilled the student will become ineligible. The student will remain ineligible until lunch detentions and/or Saturday Schools have been completed.

District Attendance Review Team (DART)

Students with excessive absences and/or tardies will be referred to the District Attendance Review Team (DART). DART is comprised of officials from Newman-Crows Landing Unified School District and Newman Police Department.

1. When a student has (6) or more unexcused absences, or when a pattern of absence has been formed, the student is then a candidate for the District Attendance Review Team (DART).
2. At the 3rd unexcused absence, a letter is sent home and the site administrator will meet with the student and/or call parents to inform the school's concern regarding attendance.
3. If the student's attendance does not improve, a second letter is sent, before the 6th unexcused absence, establishing a School Attendance Review Team (SART) meeting for the purpose of assisting in resolving the absences.
4. If the student's attendance does not improve after the (SART) meeting, the student will be referred to (DART). At the meeting, the parent and student are informed that under education code section 48260, their child is classified as truant.
5. DART will give due process to the parent and student. Once this has been completed, DART members will agree upon the appropriate actions.
6. For students in grades 6-12, if truancy continues, the student may be assigned community service hours, lose their driving permit or license per Newman Police Department, and/or be transitioned to Newman-Crows Landing Unified School District's Alternative Education program.
7. Any time during the proceedings, the Newman Police Department may elect to cite the parent/guardian or student and refer the case to the Stanislaus County Court System.
8. Any contracts from the previous year will continue to be reviewed.

ATTENDANCE EXPECTATIONS AND CONSEQUENCES

Education is an opportunity and a right. If students do not exercise their right to attend school, they have limited their opportunity for the basic education necessary to become mature, knowledgeable, and productive members of society. Absenteeism has a direct, negative effect on student achievement, promotion, graduation, behavior, and employment potential. It has been well demonstrated that regular attendance is a key factor in the success a student achieves at school.

When a student is absent from school all day for any reason, the school must be notified that day. Such notification may take place by:

1. A phone call to the school office
2. A personal visit to the school office
3. A note sent with student
4. Email to the attendance clerk

If a note is sent with the student, it must be submitted to the school office before 8:00 a.m. upon the students return to school.

It is the student's responsibility to obtain a readmit slip from the school office between 7:30 and 7:55 a.m. Failure to do so may result in the absence being classified as a cut (unverified absence) and make-up work may not be allowed. OHS students will be assigned Saturday school for any period cuts as well as for every two unverified absences. Leaving class for any amount of time without permission could result in a period cut and result in Saturday school.

Students are to remain on school grounds at all times while school is in session except when excused by the principal or designee. Students are not to leave the campus without first notifying the school office and obtaining parent permission. An off-campus pass will be issued at that time. Any student leaving campus without permission or not returning after lunch without parent notification will be given a cut and appropriate disciplinary action will be taken.

CONSEQUENCES FOR EXCESSIVE ABSENTEEISM

1. Truancy [E.C. 48260-48263, 48900(k), 49164]

Students may not be absent from school during any part of the school day without verified approval of a parent/guardian or the school. The following procedures will be followed when a student is absent from school during any part of the school day without a valid excuse or is tardy without the school's approval in excess of 30 minutes:

First Incident (Truancy Letter #1 mailed home): The student and parents will be informed of the mandatory attendance laws and the school's attendance policy and procedures. The student will be instructed to attend all classes. Failure to do so shall be treated as "defiance of authority."

***Note: An alternative consequence may be assigned such as detention, in-house suspension, Saturday School or community service.**

Second Incident (Truancy Letter #2 mailed home): The student and parents will be informed of the mandatory attendance laws and the school's attendance policy and procedures. The student will be instructed to attend all classes. Failure to do so shall be treated as "defiance of authority."

The student is a legal truant (absent from school without a valid excuse for 3 days or tardy in excess of 30 minutes on each of 3 or more days). (E.C. 48260) The school may recommend that the parent/guardian attend school one day with the student.

- a. The student may be referred to an alternative education program, such as continuation high school.
 - b. Student is ineligible to participate in Orestimba High School. Extra-curricular or co-curricular activities for the remainder of the school year.
 - c. A work permit will not be issued, or a work permit will be revoked.
2. Excessive Absenteeism
- a. Once a student accumulates a total of fourteen days (excused and/or unexcused) during one school year:
 - i. A school administrator may place the student on Attendance Supervision (DART) which imposes a requirement that additional absences must be verified by a licensed medical practitioner. (CAC Title 5 sec. 421b)

UNAUTHORIZED GROUP POLICY

Mission Statement

As it is with unauthorized actions, dress, appearance, and words of individual students in the school zone, the same policy applies to unauthorized groups present within the school zone.

Definition

Two or more persons whose presence and/or appearance and/or words and/or actions in the opinion of school authorities disrupt or distract from the academic process and/or harass, intimidate, or threaten others involved in the academic process and/or create an atmosphere of same within a school zone.

Policy

Once identified by school authorities, unauthorized groups must disband and cease all unauthorized activities. In order to be considered for acceptance as an authorized group within a school zone, said group must meet minimum requirements that include but are not limited to the following:

1. The group identified must submit a written mission statement signed by all members of the identified group which shall include:
 - a. The group must obtain a Faculty Advisor from among the teaching staff.
2. That the group's existence in the school zone serves a single specific purpose that directly benefits the educational mission of the school in some form.
3. That there is no selectivity in membership nor are there any initiation rights
4. That any new members identified by school authorities must sign the mission statement in order for the entire group to continue to exist.

The criteria for determining whether or not individuals are acting in some manner as an unauthorized group shall be established by the school authorities as is done with any other school policy.

Those students who violate this policy are not only subject to school sanction but also may be subject to mandatory completion of a gang resistance- and education-type program.

End of the School Year Misconduct

No person is to engage in, promote, or plan any disruptive activity or prank in relation to the end of the school year. Any disruption or violation that the administration judges as being related to the proximity of the close of the school year, will be dealt with on the last step of the sanctions enumerated in the Conduct Code. Should there not be enough time remaining in the current year for the consequence to be served, the student will be assigned the consequence at the beginning of the following school year.

ANY SENIOR who engages in any such behavior will be prohibited from participation in any senior activities, including but not limited to: Senior Activities, Senior Awards, and Graduation. These seniors will receive their diplomas but will not be allowed to participate in the commencement exercises.

IN-SCHOOL SUSPENSION

In-school suspension is intended to provide pupils and parents with an alternative to out-of-school suspension. Although a student may be removed from regular classes for excessive classroom disruption, in-school suspension is designed to provide productive study time. Students will receive full credit for assignments completed in in-school and will be allowed to makeup tests or quizzes missed during suspension. All students assigned to in-school suspension by an administrator, must serve the full number of days assigned. Taking a home suspension is not an option. Absences will be considered unexcused or truant.

Time: 8:00 a.m. – 3:00 p.m.

Requirements: Report to in-school suspension room promptly at 8 a.m. Students are responsible to contact teachers prior to their suspension day and request assignments and bring those study materials to the suspension day to be completed. Students are required to follow in-school suspension rules and failure to do so will result in additional suspension days and/or involuntary transfer to an Alternative Education site for the remainder of the school year.

If a student fails to adhere by these rules, the student is subject to additional administrative actions.

RIGHT OF APPEAL AND DUE PROCESS

Suspension

1. Suspension by the principal or principal's designee or the superintendent of schools shall be preceded by an informal conference which is conducted by the principal or principal's designee between the student and, whenever practical, the teacher, supervisor, or school employee who referred the student to the principal. At the conference the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his/her defense. [E.C. 48911(b)]
2. A principal, the principal's designee, or the superintendent of schools may suspend a student without affording the student an opportunity for a conference only if the principal, the principal's designee, or the superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the superintendent of schools to constitute a clear and present danger to the life, safety, or health of students or school personnel. If a student is suspended without a conference prior to suspension, both the parent and the student shall be notified of the student's right to a conference and the student's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the student waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the student is physically able to return to school for the conference. [E.C. 48911(c)]
3. At the time of suspension, a school employee shall make a reasonable effort to contact the student's parent or guardian in person or by telephone. Whenever a student is suspended from school, the parent or guardian shall be notified in writing of the suspension. [E.C. 48911(d)]
4. The parent or guardian of any student shall respond without delay to any request from school officials to attend a conference regarding his or her child's behavior. [E.C. 48900(f)]
5. The student or student's parent or guardian has the right to appeal the suspension to the principal whose decision will be final. A meeting must be requested within two (2) school days following the first day of suspension.
6. Students remain on suspension through the appeal process. If the principal overturns the suspension, all information related to the suspension will be deleted from the student's record.

Expulsion

1. In a case where expulsion is being processed by the governing board, the superintendent or other person designated by the superintendent in writing may extend the suspension until the governing board has rendered a decision in the action if it has been determined, following a meeting in which the student and the student's parent or guardian are invited to participate, that the presence of the student at the school would cause a danger to persons or property or a threat of disrupting the instructional process. [E.C. 48911(g)]
2. The student and the student's parent or guardian shall be entitled to a hearing to determine whether the student should be expelled. An expulsion hearing shall be held within thirty (30) school days of the date the principal or superintendent determines that the student committed any of the acts enumerated in Section 48900 of the Education Code unless the student requests in writing that the hearing be postponed. The student shall be entitled to at least one postponement for a period of not more than thirty (30) calendar days of an expulsion hearing. In the event that compliance by the governing board with the above time requirements is impractical, the expulsion hearing may be delayed, for good cause, up to five (5) additional days. Reasons for the extension shall be a part of the record at the time of the hearing. [E.C. 48918(a)]
3. Written notice of the hearing shall be forwarded to the student at least ten (10) calendar days prior to the date of the hearing. [E.C. 48918(b)]
4. An Administrative Panel shall conduct a hearing to consider the expulsion of a student in a session closed to the public unless the student or the student's parent or guardian request, in writing at least five (5) days prior to the date of the hearing, that the hearing be a public meeting. [E.C. 48918(c)(d)]
5. Within three (3) school days following the hearing, the Administrative Panel shall determine whether to recommend expulsion of the student to the governing board.
6. The expulsion order and the causes therefore shall be recorded in the student's mandatory interim record and shall be forwarded to any school in which the student subsequently enrolls upon receipt of a request from the admitting school for the student's school records. [E.C. 48918(j)]
7. A decision of the governing board whether to expel a student shall be made within ten (10) school days following the conclusion of the hearing, unless the student requests in writing that the decision be postponed.
8. Written notice of any decision of the governing board to expel or to suspend the enforcement of the expulsion order during a period of probation shall be sent by mail, using "proof of service" method to the student or parent or guardian. The notice shall include notification of the right to appeal the expulsion to the county board of education. [E.C. 48918(i)]

9. Students who have been expelled shall not participate in extracurricular activities, including the high school prom, the senior trip, and the graduation ceremony for the length of the expulsion. Students who are on a suspended expulsion shall not participate in extracurricular activities for the length of time defined in the Attendance and Behavior eligibility standards described in subsection B of Section V in the Student Conduct Code.
10. For a student who has been expelled pursuant to E.C. 48915(c), the governing board shall set a date of one year from the date the expulsion occurred, when the pupil shall be reviewed for readmission to school, except that the governing board may set an earlier date for readmission on a case-by-case basis. 1. A decision to transfer a student involuntarily shall be based on finding that the student (a) committed an act enumerated in E.C. 48900 or (b) has been habitually truant or irregular in attendance from instruction which he or she is lawfully required to attend.
2. Involuntary transfer to an Alternative school shall be imposed only when other means fail to bring about pupil improvement; provided that a student may be involuntarily transferred the first time he or she commits an act enumerated in E.C. 48900 if the principal determines that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process.
3. A written notice must be provided to the student and the student's parent or guardian informing them of the opportunity to request a meeting with the superintendent or a designee of the superintendent.
4. None of the persons involved in the final decision to make an involuntary transfer of a student to an Alternative Education school site shall be a member of the staff of the school in which the student is enrolled at the time the decision is made. A district transition team will make the final decision for student transfer.
5. At the request of the student's parent or guardian, the involuntary transfer shall be reviewed annually.

6. Students assigned to an alternative education site must complete a full semester at the site before they can request transfer back to Orestimba High School. Students who transfer any time during a semester to an alternative education site must complete that semester and one full semester for consideration to return to Orestimba High School. Students must also have successfully gained all credits needed to return at grade level and the approval of the transition teams.

Detention of Students after School

1. Students may be detained after school for up to fifteen (15) minutes without prior notice to the parents.

3. Regardless of the length of detention, prior notice to parents must occur in cases where detention will cause a student to miss the school bus.

California Colleges Guidance Initiative

Parent Information

The Newman Crows Landing Unified School District has partnered with the California College Guidance Initiative (CCGI) to help your child develop a well-informed college and career plan. CCGI is a nonprofit that works with school districts throughout California to achieve two major goals: (1) to ensure that all high school seniors in California graduate with clear post-secondary goals and a plan for how to achieve them, and (2) that each student's academic transcript data follows them as they advance across educational systems to reduce information gaps that could otherwise hinder their success.

As part of this effort, CCGI manages the state of California's college and career planning platform, CaliforniaColleges.edu. This web-based platform offers students, families, and educators a single access point for college and career preparation, applications, planning tools, and information to help plan for life after high school.

As a partner with CCGI, Newman Crows Landing Unified School District students have access to exclusive tools and resources to support their college and career planning. These resources are only provided when transcript data is uploaded from the district's Student Information System (SIS) into CaliforniaColleges.edu in accordance with all state and federal student privacy laws. The benefits of the partnership include giving student's access to CSU and UC eligibility tools to view progress towards meeting the "a-g" course requirements. This will help your child know if they are taking the right courses in high school to meet their goals after graduation.

You and your child can use the platform to keep track of application deadlines and submissions, and students can apply to a California Community College or California State University directly from CaliforniaColleges.edu.

The district's partnership with CCGI allows key information to transfer from your child's account to these applications, making the entire process faster and easier. It also allows your child's course information to be shared directly with community colleges and CSUs, helping those colleges make faster and better decisions about admission, placement, and financial aid. Students can also launch FAFSA from their account, potentially smoothing the process of determining Cal-Grant eligibility. Should you wish to opt-out from the district's disclosure of your Child's course and testing data, please contact an Assistant Principal at either Yolo Middle School (209) 862-2984 or Orestimba High School (209) 862-2916.
