

## Kaysville Chess Club disclosure form

**Purpose of the club:** The Kaysville Elementary Chess Club is a place where students can learn chess tactics and strategy. Students will then hone those skills by playing against others players while learning good sportsmanship and other social skills.

**Goals of the club:** Students at Kaysville will become better chess players through lessons, free play, and challenge matches while making friends.

**Schedule:** The club will take place from 3:30 to 4:30 every Thursday (except holidays and parent-teacher conferences). We will hold a tournament during STEAM Night, and for those who want to, we will send a team to the Utah Elementary State Chess Tournament in the spring.

Please fill out the form below to give your student permission to participate in the club.

*--Aaron Morton, 6th Grade Teacher*

I give permission for my student to participate in Chess Club.
