

10-Point Grading Scale

In April 2016, the State Board of Education unanimously voted to implement a 10-point grading scale effective in the 2016–2017 school year. This includes high school students and middle school students taking high school credit courses. The 10-point scale will replace the seven point grading scale.

How will this new grading scale help my student:

The new grading scale gives South Carolina students a fair opportunity to apply and compete for college admissions and scholarships. All the states surrounding South Carolina used a 10-point grading scale. There also won't be a need for GPA conversions.

The new grading scale will also provide continuity for military families and students. The scale also provide a more seamless transition from high school to college for students as outlined in the Profile of the SC Graduate. All South Carolina colleges and universities operate on a 10-point-scale.

How will grading be affected for the 2015–2016 school year?:

Grades for high school courses in PowerSchool will be locked and stored at the end of the 2015–16 school year under the 7-point scale. Summer school grades for 2016 will also be entered and stored on the 7-point scale. Effective August 2016 the 10-point scale will be imported into PowerSchool. Beginning with the 2016–17 school year, all districts will implement the 10-point scale in courses for high school credit.

10 Point Grading Scale

South Carolina Uniform Grading Scale Conversions				
Numerical Average	Letter Grade	College Prep Weighting	Honors Weighting	AP/IB/Dual Credit Weighting
100	A	5.000	5.500	6.000
99	A	4.900	5.400	5.900
98	A	4.800	5.300	5.800
