2nd and 7 Reading Program

2nd and 7 is a reading program that is geared for second graders across the county that inspires the next generation of readers and leaders. High School student athletes visit all the second grade classrooms in Martin County once a month. While in the classrooms, the student athletes are reading to the kids, passing out free books for the kids to take home and reminding the kids why it is so important to read.

[2nd & 7](#) made a stop at [Rodgers Elementary School](#) this morning to share another adventure with The Hog Mollies!

Jai'Marqus Jones, the team veteran; Gabby Bennett, Jurnee Matthewson and TyKala Beach teamed up and read to all of the RES second graders.

Before the team returned to their classes, they stopped to say good morning to Bryce and grab a photo!

As always, a big thank you to [2nd & 7](#) for making this opportunity possible for our athletes and our second graders!

Awesome Academics

Awesome Academics

Mr. Woody's 8th grade ELA class got to visit the Auschwitz Concentration Camp virtually this morning. While reading *Night*, by Elie Wiesel, Mr. Woody wanted the students to be able to see what is depicted in the story. What a great way to enhance a lesson.
