

KTS PTA

Build It! Break It!

with Mr. Johnson

Do you think it would be fun to take things apart to see how they work? Do you like to build? Do you like to fix things, or just tinker around to see how they work? Does a timed design challenge sound fun? If so, then Build It, Break It is for you! This DASH class will be a safe spot to tinker, create, take apart, design, and have fun with others that enjoy the same thing. Come join us!

Grades 4- 8

Wednesdays from December thru April

\$10 per week or \$175 for the whole program

Go to www.homerom.com to register.
