WE ARE NWLSD

NWLSD BOARD OF EDUCATION'S MESSAGE

Dear NWLSD Families,

Welcome and thank you for choosing Northwest Local School District! At NWLSD we believe deeply that each student has a unique story and is important in the value they add to our school district. Our staff work purposefully toward creating highly engaging learning environments in which every child, every day, engages in an ideal balance between rigorous and relevant learning opportunities. At the same time, students enjoy the focused concern of caring adults. This board-adopted Student Support Guidelines - Code of Conduct is designed to help our families, students, staff, partners, volunteers, and neighbors understand how we can work together to build safe, supportive, and equitable learning environments, which encourage personal responsibility, commitment to one another and a communitywide partnership. In doing so, we will ensure every student has the opportunity to thrive in school and be prepared for a wide range of pathways in the world beyond NWLSD. We look forward to working with you in our mission to educate all students with rigor and care in a culture of excellence and to develop engaged citizens who are prepared for life.

Sincerely,

NWLSD Board of Education

NWLSD SUPERINTENDENT'S MESSAGE

Dear NWLSD Families,

It is an honor to continue to serve as Superintendent of the Northwest Local School District. I want you to know that our Student Support Guidelines/Code of Conduct aims to create and maintain a positive school climate, where staff and students are engaged and respect the rights of others. We are dedicated to giving our students and staff places to learn and work that are safe, orderly, and culturally respectful. We also want to provide our students with the support they need to stay in school as they continue to learn and mature. The Guide/Code is aligned with our district's positive school culture plan, a best-practice model that aims to prevent issues by giving students clear expectations on how to behave. Each school adopts its own positive school culture plan using Positive Behavior Intervention and Supports that reinforce good behavior. One component of our PBIS model is the use of Restorative Practices, which reinforces positive behavior and conflict resolution by teaching children respect and appropriate behavior in school and in their community. Using a restorative approach with students increases our ability to build strong relationships. Strong relationships help staff keep minor situations from becoming larger. The removal of a child from school is an option of last resort. If you have questions about our NWLSD Student Support Guidelines/Code of Conduct, please feel free to contact us at 513-923-1000. We look forward to serving your family, and wish all of our students an excellent school year full of growth and achievement.

Sincerely,

A handwritten signature in black ink that reads "Todd Bowling". The signature is written in a cursive, flowing style.

POSITIVE SCHOOL CULTURE

At NWLSD, we believe that all students have the right to learn and grow. The goal of the NWLSD Student Support Guide is to ensure all students' right to an education in a safe, civil, and caring environment. We collaborate with students and families to create a culture and climate where everyone feels valued, cared for and respected. Such an atmosphere has been proven to decrease interruptions to learning and increase academic achievement.

A positive school culture can be recognized by the mutual respect shown among all staff and students, aimed at creating a school that maximizes learning and provides support to overcome barriers.

NWLSD staff utilize a restorative approach to ensure a positive school culture where students are held accountable for their actions and words, and supported in their growth by our staff. As part of that approach, all of our staff members have been

trained in the use of Restorative Practices.

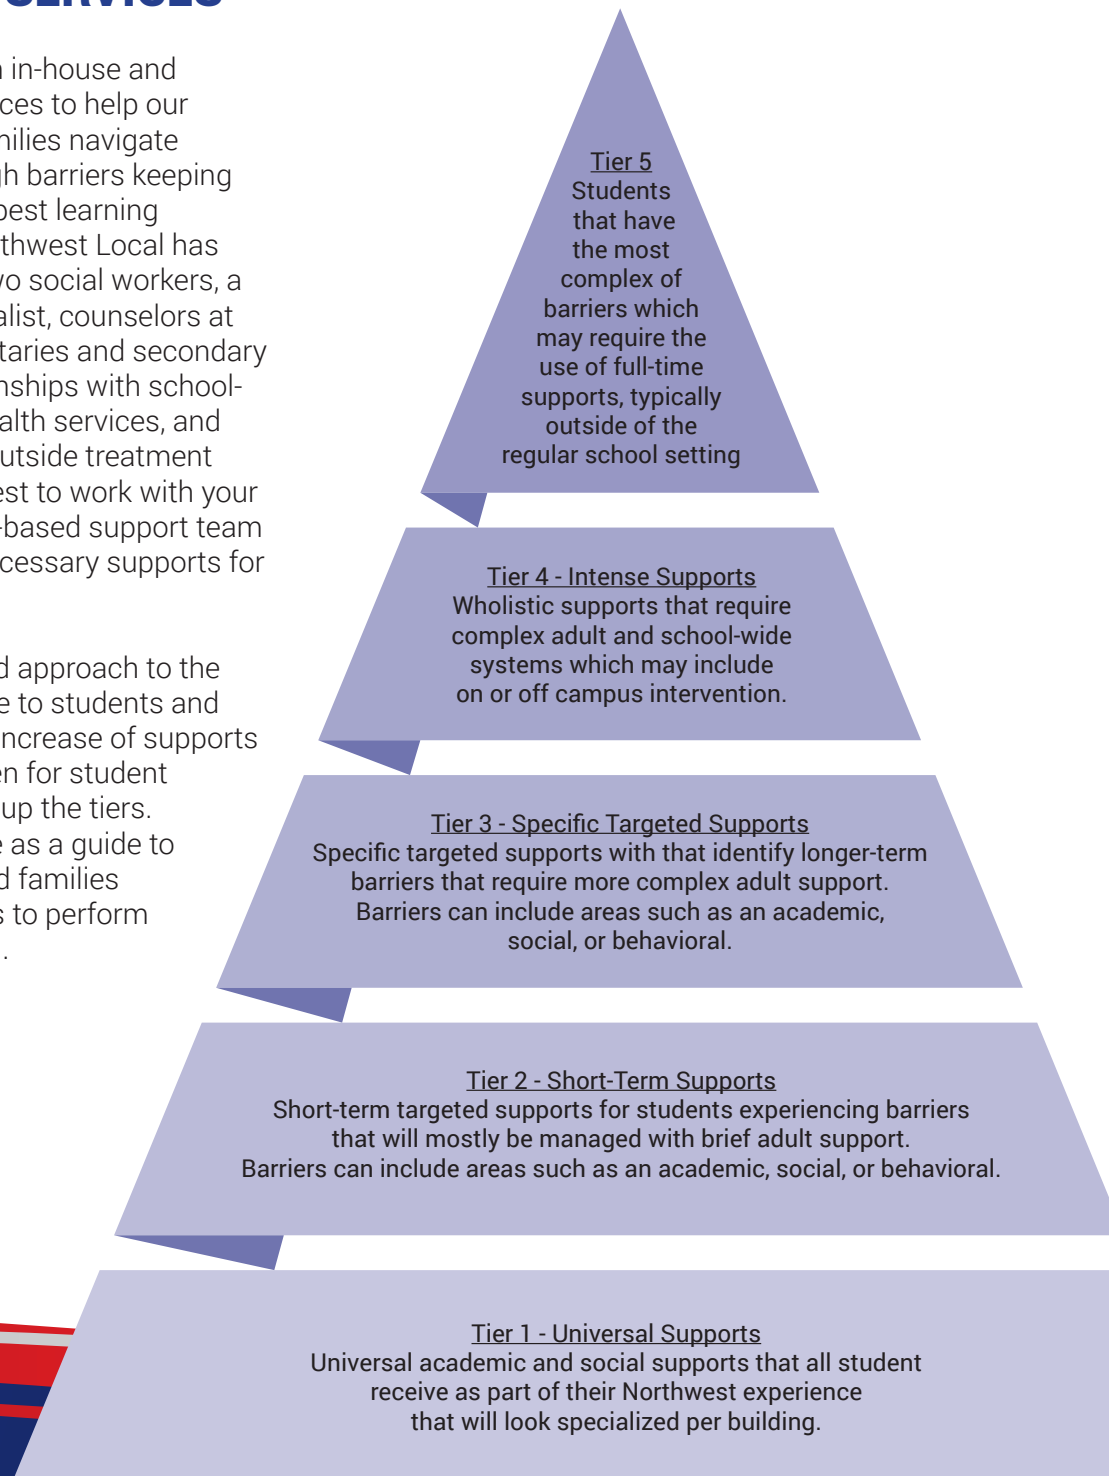

Restorative Practices vary based on a student's behavior concerns and needs. The best results are achieved when students willingly engage in the interventions that are put in place. Restorative Practices consist of positive interventions to encourage improved behavior. Restorative Practices promote:

- Self-accountability and reflection of misbehavior
- Conflict resolution among students
- Development of a teacher and student relationship
- Reduction of poor behavior

STUDENT SERVICES

NWLSD has both in-house and outsourced services to help our students and families navigate and break through barriers keeping them from their best learning experiences. Northwest Local has the support of two social workers, a behavioral specialist, counselors at all of our elementaries and secondary buildings, relationships with school-based mental health services, and connections to outside treatment facilities. It is best to work with your student's school-based support team to identify the necessary supports for your student.

We utilize a tiered approach to the services available to students and families with an increase of supports as steps are taken for student success moving up the tiers. These tiers serve as a guide to help our staff and families support students to perform at their best level.

GETTING HELP

Peer Relationship Problems

- Speak directly with your student's school counseling or administration team.
- Complete the Harassment Intimidation Bullying Form (HIB).

Personal Problems

For help with personal problems that may impact a student's school life or activities, the student should:

- Discuss the problem with parents or guardians if possible.
- Talk with school counselors, psychologists and social workers at the schools; they are trained to offer help with personal problems and may lead students to other resources.

Resources

For help with daily living resources (base needs), our School Social Workers are your best contacts.

- Lindsey Gibson and Cristen Casteel work to create wrap around services that support students and families - particularly for non-academic factors that create barriers to learning.
- In addition to physical needs (base needs) they may also help a family with psychological and/or behavioral needs.
- To contact our social workers, call 923-1000 or email lgibson@nwlsd.org

Academic Barriers

For help with academic problems, the student/parent or guardian should:

- Contact the teacher who teaches the subject.
- If the problem remains unresolved to the student's satisfaction, contact the school counselor or principal.
- Parents or guardians may want to join their student in discussions with principals or school counselors.

Athletics/Extracurricular Activities

For help with issues involving extracurricular activities, the student/parent or guardian should:

- Talk to the advisor assigned to the club or activity.
- For middle school/high school athletics, follow the chain of coaching command. If that does not resolve the issue, speak to the school's athletic director.
- If the problem remains unresolved, speak with the principal.

NWLSD CODE OF CONDUCT GUIDELINES

NWLSD recognizes its responsibility to provide all students with an environment conducive to the development of their maximum learning potential. The Code of Conduct supports this endeavor. The Code of Conduct is adopted by the Board pursuant to state law.

Any student engaging in the following types of conduct either specifically or generally like the type of conduct listed below is subject to suspension, expulsion, emergency removal or permanent exclusion from curricular or extracurricular activities pursuant to State law. This Code of Regulations applies while a student is in the custody or control of the school, on school grounds or closely proximate thereto, while at a school-sponsored function or activity or on school-owned or provided transportation vehicles. In addition, the Code of Regulations governs a student's conduct at all times, on or off school property, unless specifically limited to school property as stated in a regulation, when such student conduct is reasonably related to the health and safety of other students and/or school employees, or such conduct would unreasonably interrupt the educational processes of the District.

The NWLSD Progressive Discipline Code is divided into four levels. Each level represents progressively more serious misbehavior and consequences. The level of discipline shall be based on the severity of the misbehavior and the number of infractions involved with each referral. **The Administration reserves the right to skip levels of discipline depending upon the violation.**

The law requires that students are provided with a written notice of intent to suspend prior to being suspended. State law also requires that students and parents are provided with a written notice of intent to expel.

The written notice of intent to suspend shall be given to the student at an informal hearing. The notice of intent to expel shall be sent to the student and the parents and the students and parents will be provided an opportunity for an informal hearing prior to a decision to expel.

A student or the parents may appeal any decision of the District administration to suspend a student from school to the Superintendent/designee. A student or parent must request a **suspension appeal** in writing within **10 days** after the discipline measure takes effect. A student or the parents may appeal an expulsion from school to the Board/designee. A student or parent must request an **expulsion appeal** in writing within 14 days after the discipline measure takes effect. Appeal paperwork is located in each school office as well as the Administrative Offices. The student and parents may be represented in all appeal hearings. Pursuant to State law, a student or parents may further appeal an expulsion or suspension to the Hamilton County Court of Common Pleas.

It is the policy of the Board that students shall not be permitted to return to school pending any appeal process with the administration or the court. The District will make every effort to promptly hear all appeals to minimize a student's absence from school. Should the Board, the Superintendent, or their designees reverse or modify a discipline decision and permit a student to return to school, such student shall be permitted ample time to make up all assignments and work missed as a result of his/her absence.

NWLSD CODE OF CONDUCT

The Administration reserves the right to skip levels of discipline depending upon the violation. The types of conduct prohibited by the Northwest Local School District Code of Conduct are as follows:

NWLSD ATTENDANCE INFORMATION

Regular school attendance is critical for your student to experience their full potential of academic growth and achievement. Our own district research clearly shows that when students miss a concerning amount of time from the classroom, there are drastic drops in their growth rate on academic diagnostic tests including the state of Ohio required testing.

Each school year certainly has its own set of challenges, and we understand that illness often has an impact on student attendance. We also understand that there are additional factors that may have influence on your student's regular attendance at school. We wish to partner with you to help your student grow and achieve at their highest level. If you are facing challenges that prevent your student from attending school, please reach out to us as soon as possible so as to minimize the loss of academic growth.

There are some types of absences for which the state allows and those absences do not count towards the progressive steps in the state attendance plan. It is critical that medical, court, or funeral excuse notices are turned in to the school office if applicable within five days

of the absence. If you believe any of the information above is inaccurate, please reach out to the school attendance office as soon as possible.

It is also important for you to know that NWLSD does maintain a force failure policy, which may be enforced by the principal/designee for the following: students who miss four class periods in a quarter course, nine class periods in a semester course, or 18 class periods in a full year course.

The state of Ohio has recently become even more specific about the expectations regarding student attendance and the steps schools must take to monitor and assist families with challenges to avoid missed school time. Below are specific details regarding the steps Ohio schools must take to help improve student attendance under the requirements of House Bill 410. Please know that we are looking to partner with you so that your student may achieve at his/her highest level.

OHIO HOUSE BILL 410 DETAILS AND REQUIREMENTS

Regular school attendance is required by Ohio Law and is a key factor for student success in school. House Bill 410, of the Ohio Legislature mandates that students attend school every day that school is in session. It is important to establish good attendance patterns early in a child's school experience. Custodial parents/guardians will be notified when a student incurs any of the following:

Excessive Absences

38 or more hours in any month

(All Absences)

65 or more hours in a year

(All Absences)

Habitual Truancy

30 or more consecutive hours

(Unexcused ONLY)

42 or more hours in any month

(Unexcused ONLY)

72 or more hours in a year

(Unexcused ONLY)

Please keep in mind, only third-party and/or medically excused absence hours do not count toward unexcused absences (court notice, doctor note for example).

House Bill 410 Required Action Steps

1. Any student who receives a letter pertaining to the Habitual Truancy guidelines or reach Habitually Truant criteria, will have an Absence Intervention Team convened within 14 days of this letter and the student will be referred to this group. The parent(s)/guardian(s) will be invited to attend the meeting. The purpose of the meeting will be to discuss the causes for absenteeism, and work together with the team to develop interventions that can be implemented at school and home to help address the absences and improve attendance in school.
2. The school and parent(s)/guardian(s) will work to develop a positive working relationship with open lines of communication to address the truancy, and will continue to actively monitor attendance from the date the plan is put into effect for the student.
3. If at any time since the implementation of this plan the student again incurs any of the triggering events described above for Habitual Truancy, the school will then file a complaint with the Hamilton County Juvenile Court and bring charges against the parent and/or student for truancy. If however, after 60 days of attempting this Absence Intervention Plan, the student does not incur any of the triggering events, but shows little progress in improving his/her attendance, the school can then also file a complaint with the Hamilton County Juvenile Court and bring charges against the parent and/or student for truancy.

If you have any questions, please call your student's school attendance office or NWLSD Student Services.
