## **2024 – 2025 Student/Parent Handbook**

**Welcome to Jersey Community High School!** The faculty and administration hope that your high school years are a very enjoyable educational experience. This handbook is designed to serve as a guide for students concerning school policies. It is hopeful that all students will follow the rules and regulations; they have been established for the welfare of the student body.

**This handbook cannot be all-inclusive.** Any behavior detrimental to the education process will be dealt with in a fair and consistent manner. The faculty and administration are very sincere in providing opportunities to obtain a quality education. It is our belief that students leave Jersey Community High School with the knowledge and skills to be successful in their future endeavors.

### **Student Responsibility**

It is the responsibility of the students to know and observe all regulations and procedures relating to the contents of this handbook. In no case will a regulation be waived or an exception granted because students plead ignorance of, or contend that they were not informed of, the regulations or procedures. Questions on regulations and their interpretation should be addressed to the administration of Jersey Community Middle School.

Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.

7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.

12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.

15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

### **Equal Educational Opportunities and Sex Equity**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Mr. Cory Breden, District Administrator.

### **Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

### **School Volunteers**

All school volunteers must complete the "Volunteer Information Form" and be approved by the building principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

### **Invitations & Gifts**

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home or hand delivered off-campus. The office is unable to release addresses and phone numbers of students.

### **Treats & Snacks**

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

### **Emergency School Closings**

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will be announced by 7:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

<u>STATION</u>	<u>CITY</u>	<u>ANNOUNCEMENT TIMES</u>
WJBM – 1840 AM	Jerseyville	Broadcast at random beginning at 6:00AM
KMOX – 1120 AM	St. Louis	5:30 and 6:30 AM
WBGZ – 1570 AM	Alton	Broadcast at random
WIBI – 91.1 FM	Carlinville	Broadcast at random
WSMI – 106FM	Carlinville	Broadcast at random
TV Station KMOV	Ch. 4 St. Louis	5:30AM to 8:00 AM
TV Station KSDK	Ch. 5 St. Louis	5:30AM to 8:00 AM

If bad weather develops during the day, administrators will use their best judgment for the safety and welfare of the pupils. Students are not sent home before the regular dismissal time unless previously announced, or in case severe weather develops and adequate announcement have been made on radio stations named above and/or the Automated Notification System.

In case of possible early dismissal, please have an emergency plan pre-arranged with your student so they will know where to go and who will pick them up. It might also be a good idea for your student to have access to a house key in the event no one is at home. Parents/students should refrain from calling school officials and the radio station to see if there will be school since their phones must be open for emergency calls.

### **Automated Notification System**

An automated notification system has been put in place to notify students and their families of weather related school

cancellations either before or during the school, Delayed Start Days or any other event that prevent classes from being held. Information for the notification system is gathered from families during school registration in August. A system test is run during the first semester to ensure success of the notification system.

It is important that when families register their students for school, the phone number given as the primary number is the contact number to be used for the notification system and remain current and up to date.

#### **Delayed Start Days**

"Delayed Start Days" exist when weather conditions are severe (fog for example) and school is delayed. This will help minimize unsafe conditions, in order to get students to school safely.

This announcement will be made in the same manner as a "School Cancellation". It will be posted on the Jersey #100 web-site, Channel 12, local television stations and local radio stations. Families will also be notified via the automated notification system.

School will start at 10:00 AM on "Delayed Start Days". Bus pick-ups will be approximately one hour and 30 minutes later than normal.

#### **Video & Audio Monitoring Systems**

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

#### **Accommodating Individuals with Disabilities**

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

#### **Students with Food Allergies**

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (618) 498-5521.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

#### **Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a) Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b) Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c) Sign the Diabetes Care Plan.
- d) Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

#### **Suicide and Depression Awareness and Prevention**

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of

surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

### **Parent organizations and Booster Clubs**

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parents/guardians of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members, including on any organization or club websites or social media accounts.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

### **Student Appearance**

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. The school will not prohibit students from wearing or accessorizing the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or any other protected characteristic or category identified in the Illinois Human Rights Act. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

## **Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations**

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

### **Warning Signs of Grooming Behaviors**

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic

communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following behaviors:

- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student’s access to other adults

### **Warning Signs of Boundary Violations**

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student’s health, safety, or general welfare. Examples of boundary violations include:

- Favoring a certain student by inviting the student to “hang out” or by granting special privileges
- Engaging in peer-like behavior with a student
- Discussing personal issues with a student
- Meeting with a student off-campus without parent/guardian knowledge and/or permission
- Dating, requesting, or participating in a private meeting with a student (in person or virtually) outside of a professional role
- Transporting a student in a school or private vehicle without administrative authorization
- Giving gifts, money, or treats to an individual student
- Sending a student on personal errands
- Intervening in a serious student problem instead of referring the student to an appropriately trained professional
- Sexual or romantic invitations toward or from a student
- Taking and using photos/videos of students for non-educational purposes
- Initiating or extending contact with a student beyond the school day in a one-on-one or non-group setting
- Inviting a student to an employee’s home
- Adding a student on personal social networking sites as contacts when unrelated to a legitimate educational purpose

- Privately messaging a student
- Maintaining intense eye contact with a student
- Making comments about a student's physical attributes, including excessively flattering comments
- Engaging in sexualized or romantic dialog
- Making sexually suggestive comments directed toward or with a student
- Disclosing confidential information
- Self-disclosure of a sexual, romantic, or erotic nature
- Full frontal hugs
- Invading personal space

If you believe you are a victim of child sexual abuse, grooming behaviors, or boundary violations, or you believe that your child is a victim, you should immediately contact the Building Principal, a school counselor, or another trusted adult employee of the School.

### **Sexual Abuse Response and Prevention Resource Guide**

The Illinois State Board of Education (ISBE) maintains a resource guide on sexual abuse response and prevention. The guide contains information on and the location of children's advocacy centers, organizations that provide medical evaluations and treatment to victims of child sexual abuse, organizations that provide mental health evaluations and services to victims and families of victims of child sexual abuse, and organizations that offer legal assistance to and provide advocacy on behalf of victims of child sexual abuse. This guide can be accessed through the ISBE website at [www.isbe.net](http://www.isbe.net) or you may request a copy of this guide by contacting the school's office.

### **Faith's Law Notifications**

#### **Employee Conduct Standards**

School districts are required to include in their student handbook the District's Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District's website or requested from the Superintendent's office.

### **Prevention of Anaphylaxis**

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

## **Chapter 2 – Attendance and Promotion**

### **Attendance**

Illinois law requires that whoever has custody or control of any child between six (by September 1<sup>st</sup>) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

### **Student Absences**

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school, there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe outlined below in the **Make-Up Work** section to make up missed homework and classwork assignments.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 618-498-5521 before 8:10 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

### **Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students**

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/ guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

**Ten-Day Rule** - Students will be permitted TEN (10) absences per class per school year that can be excused by a parent's note/phone call. For ANY absence after the tenth, a doctor's note will be required in order to consider the absence(s) excused. Field trips and college visit days will not count toward the 10-day rule. However, students may not be allowed to take a field trip or have a college visit excused if he/she has over 10 days of absence (Administrative discretion).

#### **Release Time for Religious Instruction/Observance**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

#### **Make-Up Work**

A student is required to make up all missed work. Students are responsible for obtaining missed assignments from their teachers. No make-up work is carried beyond a grading period unless due to extended illness. Students who do not make up required work fail to complete the course requirements and are given a failing grade. In making up work, one day will be given for each day of absence, plus one additional day. (For example: If you are absent for four (4) days, you will be given five (5) school days to make up all work). It is the students/parents responsibility to communicate with their teacher about missing work due to absences. NOTE: A field trip and a college visit day are not considered absences for attendance purposes and therefore the work is due upon return.

#### **Homework**

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level. Students who are absent from school for a valid cause (an excused absence) may make up missed homework in a reasonable timeframe.

#### **Truancy**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

### **Excessive Absence Procedures**

#### **1<sup>st</sup> Notice: (10<sup>th</sup> DAY Excused absences and/or 4 unexcused absences.)**

A letter will be sent home on the 10<sup>th</sup> day of absence/tardy. Exceptions can be made if a student was absent due to circumstances beyond their control (Example: Surgery, Confirmed Extended Sickness, Suspensions).

#### **2<sup>nd</sup> Notice: (12<sup>th</sup> DAY Excused w/o Dr. Note and/or 6 unexcused absences or Administrative Decision)**

A meeting notice will be sent for the first absence/tardy without a doctors' excuse after the 12<sup>th</sup> day of absence. A meeting will be scheduled with parent/guardian, student, and school team to create an attendance plan. Possible school discipline (Loss of recess, Detentions, ISS)

#### **3<sup>rd</sup> Notice: (14<sup>th</sup> DAY Excused w/o Dr. Note and/or 8 unexcused absences or Administrative Decision)**

A meeting notice will be sent for the first absence/tardy without a doctors' excuse after the 15<sup>th</sup> day of absence. A meeting will be scheduled with parent/guardian, student, and school team to create an attendance plan with possible notification of the States Attorney. Possible school discipline (Loss of recess, Detentions, ISS)

#### **4<sup>th</sup> Notice: ( 9 Unexcused absences)**

Hearing before the Regional Office of Education

### **Tardiness**

If a student arrives late to school, the student must report to the office for a pass. Students not in the room and ready to work when the bell rings will be counted as tardy. Tardiness will be counted on a semester basis. An *Excessive Tardy* is being more than 60 minutes late to school without a valid excuse. Students who return late from Open Campus Lunch may be required to stay on campus during their lunch period.

**The school will implement the following disciplinary plan in order to correct tardiness:**

- 1 Tardy - Warning
- 2 Tardy - Warning
- 3 Tardy - Administrative Warning
- 4 Tardy - 1 After School Detention
- 5 Tardy - 2 After School Detentions
- 6+ Tardies - 1 Day Of ISD

### **Late from Lunch**

No excuses will be accepted for "Late from Lunch" during the 5th and 6th hour. (Grades 9-12 per school year)

- 1st offense - 10 days at the lunch detention table
- 2nd offense - 10 days at the lunch detention table
- 3rd offense -15 days at the lunch detention table
- 4th offense -20 days at the lunch detention table and loss of off campus privileges for the remainder of the school year.

### **Enrollment Information**

#### **Admission Requirements**

A student who has successfully completed the necessary prerequisites for registration and is a resident of District 100 may enter Jersey Community High School. A student transferring from another high school is admitted to full standing upon receipt and review of a transcript from the last school attended and on documents as required by the Illinois School Code.

#### **Courses of Study**

Students enrolled at JCHS must take a minimum of 6 credit bearing courses to be considered in good standing, with the exception of Seniors, who may take 5 credit bearing courses with an early release.

Students may only drop or add a class within the first two weeks of a semester, bearing in mind that they must be enrolled in 6 credit bearing classes.

The various choices of study at JCHS have been established for the purpose of providing students with an expressed academic guide while choosing their desired course work. The choice of a course of study is a very important decision and

should receive a tremendous amount of consideration. In choosing a course of study a student should be in consultation with a counselor and parents. Throughout the four years in high school a student should review course selection in terms of meeting occupational or higher educational goals as determined by a chosen course of study.

When a student registers at JCHS he/she is to choose a course of study. Students may decide to change their course of study, but should fully realize that additional coursework may be required to reach their desired goal.

A copy of the student's choice of courses of study will be kept on file by the counselors. Students are to review their elected course of study as often as necessary but they should do this specifically at the time of registration.

8th grade students will have four (4) core curriculum classes and daily Physical Education. In addition, 8th grade students will choose 2 electives. These classes and lunch will fill their 8 hour schedule.

**Final Exams:** All students will take final exams unless they qualify for incentives that exclude them from exams. Each year the administration will communicate about exam incentives with students and families.

### **Graduation Requirements**

A minimum of twenty-two (22) credits are required for graduation and must include the following: To graduate from high school, unless otherwise exempted, each student is responsible for:

A senior student who lacks no more than one credit from graduating with his class may attend summer school or take a correspondence course following his senior year. A student taking courses outside J.C.H.S. must have the approval of the Principal.

### **Credit for Non-District Experiences**

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Summer school or community college courses.
2. College or high school courses offering dual credit at both the college and high school level.
3. Work-related training at manufacturing facilities or agencies in a Tech Prep Program.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

### **Substitutions for Required Courses**

**Vocational or technical education.** A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The building principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution in writing on forms provided by the District.

**Registered apprenticeship program.** A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program listed by the school district. Students may find a registered, but not listed, apprenticeship program with a business or organization if a registered apprenticeship program is not offered in the school district.

### **Procedure for Calculating Grade Point Average (GPA)**

Due to the complexity in calculating grade point averages across two student management systems, please see your guidance counselor for concerns about your GPA. Our school uses a 5 point scale with add-on bonuses for Honors courses.

### **Recommended Grading Scale**

90 – 100 A

80 – 89 B  
70 - 79 C  
60 – 69 D  
Below 60 F

#### **Honor Roll:**

We believe it is desirable to give recognition to all students who maintain a consistently high level of achievement in the subject matter field. This recognition is provided by a published list of honor students in our community newspapers. The Honor Roll will be figured in the office based on the following criteria: High Honors - 4.500 or above Honors - 4.250 to 4.499 .

#### **Latin Honor System**

Beginning with the Class of 2014, JCHS will use a Latin Honor System to distinguish academic achievement. Students earning a cumulative GPA of 4.70 or higher will be recognized with the following honors.

- Summa Cum Laude 5.11 or higher Highest Praise
- Magna Cum Laude 4.91 to 5.10 Great Praise
- Cum Laude 4.70 to 4.90 Praise

#### **National Honor Society**

Eligibility is open to students in the eleventh and twelfth grades. A scholastic average of 4.5 is a requirement. Leadership, character and service criteria are also considered. Members who fail to maintain the standards of the National Honor Society will receive a warning letter with a time limit of one semester to make corrections. Failure to make corrections will result in dismissal. A member is allowed only one warning. For flagrant violations, the member does not necessarily have to be warned.

#### **Exemption from Physical Education Requirement**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officers Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic or extracurricular athletic program;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedure

### **College Visits**

Students must obtain a "College Visit" form in the office and have it signed by all teachers. This form must be returned to the office one day prior to a college visit. Any student who is failing a class, has missed more than ten days of school, or does not have the appropriate number of credits will not be granted a College Visit day. Upon returning to school after the visit, students must have verification from the college that includes the student's name, the date and time of visit. This day will be counted as a "field trip" for attendance purposes only. Students in good standing (appropriate number of credits) will be permitted a total of 3 college visit days beginning with the second semester of their junior year. Any college visit to Lewis and Clark Community College will only be considered a half day. Failure to follow the proper procedures will result in the day counted as an absence. A college visit day is not considered an absence for attendance purposes; therefore, the work is due upon return. No College Visit days are granted in the month of May without an administrator's approval. Additional college visits may be granted by the Principal.

### **Home and Hospital Instruction**

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital. Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

Students that are unable to attend school and are on home and hospital instruction will not be allowed to attend extra-curricular functions such as dances or special events. For information on home or hospital instruction, contact the JCHS Health Care Provider at 618) 498-5521.

### **Pre-Arranged Absence**

A parent who needs their son/daughter to miss school for an extended period of time must contact an administrator. A pre-arranged absence form must be completed by the student, signed by the teacher of each class, and turned in to the office prior to the absence.

### **Withdrawal From School**

It is the student's responsibility to secure a withdrawal form from the Guidance Office. Each teacher, the student's counselor, librarian, tech assistant and an administrator must sign the card. After the card has been signed, it must be returned to the Guidance Office. All school property will be returned to the proper authorities.

### **Guidance Department**

Three full-time counselors handle the work involved in the guidance department. A student may arrange for a conference during his study hall, before school, after school, or noon hour by making an appointment with the counselor.

The work of the department can be divided into several areas: educational guidance, vocational guidance, personal counseling and administrative duties. Educational guidance helps students to plan their subjects while in high school and to develop their future educational goals such as choice of college, business school, technical school, school of nursing, etc. Scholarship information and testing programs are also included in this phase. One conference with each student during each semester will be arranged to discuss such topics as educational and vocational plans. Vocational guidance includes aiding students to make choices concerning careers by helping them gather information and analyze alternatives regarding areas of work in which they show interest and aptitude. Personal counseling is done with those students who voluntarily

come for this purpose. Counselors offer an attitude of acceptance and understanding to a student who wishes to discuss his/her problems. The administrative functions of the department include special activities, which have a close bearing on the other work of the department such as registration and scheduling procedures, orientation of Freshmen, and college admissions processing. The work of the department not only involves those students still in school but also past graduates and students who have left school for any reason.

Various college catalogs and occupational information are available from the guidance department. The guidance department also has information available concerning training and opportunities in nearly all fields of work for the students who are going into the vocational field after high school graduation. Parental conferences are welcome at any time. If there are questions concerning a student's educational or vocational plans, please call the counselor at school and make an appointment.

Students are encouraged to visit the Guidance Office. However, a pass from the counselor is necessary in order to leave class for an appointment in the Guidance Office.

**Transcripts:** JCHS works with a 3rd party to provide electronic transcripts. Create an account at [parchment.com](https://parchment.com) to request a high school transcript. This service is free for current students and \$3.15 for JCHS alumni.

### **Use of Artificial Intelligence**

"Artificial intelligence" or "AI" is intelligence demonstrated by computers, as opposed to human intelligence. "Intelligence" encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

### **Complaints About Curriculum, Instructional Materials, and Programs**

Parents or guardians have the right to inspect all instructional materials used as a part of their child's education. If you believe that curriculum, instructional materials, or programs violate rights guaranteed by any law or Board policy, you may file a complaint under the District's uniform grievance policy.

Parents or guardians with other suggestions or complaints about curriculum, instructional materials, or programs should complete a Curriculum Objection Form, which is available from the school office. A parent or guardian may also request that their child be exempt from using a particular instructional material or program by completing a Curriculum Objection Form which can be found at the District Office.

### **Chapter 3 – Student Fees and Meal Costs**

#### **JCHS Fee Schedule:**

Curriculum and Technology Fee: \$140

Science Lab Fee: \$5 per semester

Art Fee: \$5 per semester

Activity Fee (per sport/activity): \$75 Grades 9-12 \$50 8th Grade (\$150 maximum per student 9-12 and \$100 maximum per student 8th grade)

Driver Education Fee: \$150

Parking: \$40

#### **Fines, Fees, and Charges: Waiver of Student Fees**

The school establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extracurricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

#### **School Breakfast & Lunch Program**

Breakfast is served every school day from 7:45 a.m. to 8:05 a.m. Lunch is served every school day from 10:49 a.m. to 1:18 p.m., except when there is an earlier dismissal.

A student may purchase breakfast for \$1.25. Breakfast may be purchased on a weekly basis for \$6.25. A student may bring a sack lunch from home or may purchase a school lunch for \$2.75. Lunch may be purchased on a weekly basis for \$13.75.

Free or reduced price meals are available for qualifying students. For an application, contact the building principal.

## **Chapter 4 – Transportation, Parking & Lockers**

### **Bus Transportation**

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

- Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
- Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
- Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
- Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
- Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smartphones, and other electronic devices must be silenced on the bus unless a student uses headphones.
- Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
- Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
- Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
- Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
- If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
- Never run back to the bus, even if you dropped or forgot something.

*Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.*

For questions regarding transportation, contact the Transportation Secretary at (618) 498-9866.

### **Bus Conduct**

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

- Violating any school rule or school district policy.
- Willful injury or threat of injury to a bus driver or to another rider.
- Willful and/or repeated defacement of the bus.
- Repeated use of profanity.
- Repeated willful disobedience of a directive from a bus driver or other supervisor.

- Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

### **Parking**

The school has one location available for school visitor parking. The parking lot is located directly in front of the school and marked with signage. Students should not park in visitor parking.

Those dropping off and picking up children may do so in the student lot avoiding the bus lane. Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

### **Closed Campus**

Jersey Community High School has a closed campus except for the period of time a student is assigned lunch. A student may be assigned closed campus for his/her lunch period by an administrator or by parent request.

- If students are utilizing a vehicle to go to their chosen destination, students must obey all traffic laws and school rules while off campus. Drivers shall pay particular attention around the school where there is a high concentration of students leaving the building for lunch, and shall yield to pedestrians, and obey school zone speed limits. Violations of school rules that occur during lunch may result in discipline.
- If students are walking to their chosen destination, they shall obey signs and signals, and shall carefully cross streets and intersections.
- Students shall be respectful, courteous, and safe at their chosen lunch location. Students shall obey rules and laws, and shall clean up after themselves before returning to school.
- Students shall return to the school building on-time.

Students are not permitted to leave campus at any other time unless permission is first obtained in the office. All students leaving the building must first sign-out. **All 8<sup>th</sup> grade students will have closed campus AT ALL TIMES.**

### **Lockers**

Each student is assigned a locker. Locks may be purchased from the office. If help is needed in working a combination, consult the office. Students are to notify the office when there is a problem with their lockers. Each student must use his/her locker as assigned. Lock combinations should be confidential. Do not mark on or damage lockers in any way. The lockers are the property of the school and are subject to search at any time. Book bags are NOT allowed in the PE locker rooms. Please leave them in your hallway locker. All other bags and purses must be kept in your locker.

### **Parking Lot Regulations**

In order to better control the safety and regular attendance of our students, the following regulations must be enforced. Violation of the rules may result in detention, loss of parking privilege, or the car may be towed at the owner's expense. Because of the limited parking on campus, parking permits will be sold to seniors first then juniors. Sophomores are not guaranteed a parking permit. For those students who park on campus, the following rules will be observed:

- No reckless or hazardous driving on school grounds.
- No reckless or hazardous driving on streets near the school. Students who drive in a reckless manner will have charges filed against them by the school.
- Students will not sit in cars during the lunch hour or any other time of the school day.
- Students driving motorcycles to school must abide by the same rules as those for automobiles.
- All student vehicles that park in the student parking lot must be registered in the office.
- All vehicles must display a student parking permit purchased from the office.
- Parking permits may not be shared, loaned or transferred to another student.

### **Passes**

Any student in the hallway during class time must be with a teacher or have a digital or paper hall pass. All passes must be filled out in detail by a teacher, administrator or office personnel. Students may receive passes to the office, media center,

guidance, restroom, or for other similar reasons from their classroom teachers, counselors, or administrators. Study Hall supervisors will not write passes out of Study Hall. Students knowingly in possession of another student's hall pass or in possession of forged passes will be assigned detention and have pass privileges revoked.

### **Passports**

Occasionally it is necessary for a student to leave school during the day. In that case, a parent/guardian should send a note to the office explaining why the student should be dismissed. The student will be issued a passport, doctor slip, etc. At dismissal time, the student must "Sign-Out" in the office and "Sign-In" upon return. Students without notes from parents must explain this to the secretary and she will contact parents by phone to receive the permission to leave the building. This accomplished, the student will be allowed to sign-out. Students may not sign out without permission.

### **Work Permits**

Each semester a student may apply for a work permit for either the 1st or 8th period. Application approval is based on:

- A study hall scheduled for the time requested;
- An application form signed by both parent and employer;
- Verified employment; and
- A contract signed by the student that lists the limitations and regulations of the work permit.

## **Chapter 5 – Health and Safety**

### **Immunization, Health, Eye and Dental Examinations**

#### **Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year[1] will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

#### **Eye Examination**

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

#### **Dental Examination**

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

#### **Exemptions**

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

#### **Designated Caregiver Administration of Medical Cannabis**

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver

must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited. After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

### **Student Medication**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form," available in the JCMS office.

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

### **Self-Administration of Medication**

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

### **Administration of Medical Cannabis**

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

### **Undesignated Medications**

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not

guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

#### **Emergency Aid to Students**

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

#### **Social Work & Counseling**

The school provides a social work and counseling program for students. The school's counselors are available to those students who require additional assistance.

#### **Safety Drill Procedures and Conduct**

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

#### **Communicable Diseases**

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

#### **Head Lice**

The school will observe the following procedures regarding head lice:

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

## **Chapter 6 – Discipline and Conduct**

At athletic events, you can best support your team by good sportsmanship.

### **Conduct – Spectator Bus**

Upon the recommendation of the chaperone, these students will not be permitted to ride spectator buses the remainder of the year. 3. All school rules apply to students who ride the spectator buses. Violations of rules, such as smoking, etc., may result in in-school detention, alternative school detention, suspension, and/or expulsion. 4. Students riding the bus to the game will ride the bus home, unless they are released to their parents. 5. When checking roll, crossing railroad tracks, and when told to do so by the chaperone or driver, students will be quiet. 6. Profanity, eating on the bus, throwing trash on the bus will not be tolerated. 7. Students may not ride the bus if they did not sign up and pay bus fees in advance.

#### **When and Where Conduct Rules Apply**

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; including open campus.

5. During periods of remote learning.

#### **Disciplinary Measures**

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop-out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

14. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
15. Notifying authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than an alternative school detention, suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is an alternative detention, suspension or expulsion.

### **Isolated Time Out, Time Out and Physical Restraint**

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

- Detention time will be after school from 3:35 to 5:00. Report to the lobby at 3:30. Students who are late may not enter detention.

### **Model Policy for Bullying Prevention**

Jersey CUSD No. 100 finds that a safe, civil, and healthy school environment is necessary for all students to learn and achieve. Bullying causes physical, psychological, and emotional harm to students which interferes with this safe, civil, and healthy learning environment. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any non-school-related activity, function, or program.

Nothing in this policy is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

3. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet domain. This domain is a registered name and identifies the author as being with the District. The District will not engage in prior restraint of material prepared by student journalists for school-sponsored media, unless the material fits into one of the four prohibited categories listed above, in which case the Building Principal and/or student media advisers may review, edit, and delete such media material before publication or distribution of the media.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

No expression made by students in the exercise of freedom of speech or freedom of the press under this policy shall be deemed to be an expression of the School, District or an expression of Board policy.

#### **Non-School Sponsored Publications Accessed or Distributed On Campus**

Creating, distributing, and/or accessing non-school sponsored publications shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the School District.

Students are prohibited from creating, distributing, and/or accessing at school any publication that:

1. Will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, slanderous or obscene, invades the privacy of others, or infringes on a copyright;

4. Is reasonably viewed as promoting illegal drug use;
5. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. However, material from outside sources or the citation to such sources may be allowed, as long as the material to be distributed or accessed is primarily prepared by students<sup>1</sup>; or
6. Incites students to violate any Board policies.

Accessing or distributing on-campus includes accessing or distributing on school property or at school-related activities. A student engages in gross disobedience and misconduct and may be disciplined for: (1) accessing or distributing forbidden

material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school.

**Non-School Sponsored Publications Accessed or Distributed Off-Campus**

A student engages in gross disobedience and misconduct and may be disciplined for creating and/or distributing a publication that: (1) causes a substantial disruption or a foreseeable risk of a substantial disruption to school operations, or (2) interferes with the rights of other students or staff members.

**Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password and student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)

- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

## **Chapter 8 - Search and Seizure**

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

### **School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

### **Students Searches**

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

### **Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

### **Questioning of Students Suspected of Committing Criminal Activity**

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

## **Chapter 9 - Extracurricular and Athletic Activities**

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

### **Requirements for Participation in Athletic Activities**

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form."<sup>2</sup>
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.<sup>3</sup>
5. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy;<sup>4</sup> and
6. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

### **Illinois High School Association**

Eligibility for most athletics is also governed by the rules of the Illinois High School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

### **Academic Eligibility**

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular and athletic activities, a student must be passing five academic classes (IHSA 9-12) and all academic classes in the 8th grade. Any student failing to meet academic requirements will be suspended from the sport or activity for seven days.

### **Absence from School on Day of Extracurricular or Athletic Activity**

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school or received alternative school detention will also be excluded from participation in all extracurricular and athletic activities for the duration of the alternative school detention or suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

### **Travel**

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

### **Code of Conduct**

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.<sup>8</sup>

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol (except for religious purposes);

5. Use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;

12. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

**Hazing** is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. **Bullying** includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;
3. Interfering with the student's or students' academic performance; or
4. Interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

### **Due Process Procedures**

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
  1. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all extracurricular or athletic activities for one of the time periods described below:
    - A specified period of time or percentage of performances, activities or competitions;
    - The remainder of the season or for the next season; or
    - The remainder of the student's school career.
  2. Sanctions for alcohol and other drug violations, including tobacco, nicotine in any form, mood-altering or performance enhancing drugs, products composed purely of caffeine in a loose powdered form, paraphernalia or any other illegal substance, will be based on the following:
    - **First Violation**
      1. Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student is enrolled in a school-approved alcohol or drug counseling program.
      2. Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
      3. The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).
    - **Second Violation**
      1. Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances, activities, or competitions during this period. To participate again in any extracurricular or athletic activity, the student must successfully participate in and complete a school-approved alcohol or drug counseling program and follow all recommendations from that program.
      2. Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one third of the season and

all extracurricular group performances, activities, or competitions during this period.

3. The student may be required to practice with the group (unless suspended or expelled from school).

■ **Third Violation**

1. Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension from extracurricular or athletic activities for the remainder of the student's school career.
  2. Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one calendar year from the date of the suspension, including all extracurricular and athletic activities during this period.
7. The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or Principal's designee.

All students remain subject to all the School District's policies and the school's student/parent handbook.

**Drug and Alcohol Testing Program**

The School District maintains an extracurricular and athletic drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular and athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent/guardian must consent to random drug and alcohol testing in order to participate in any extracurricular or athletic activity. Failure to sign the School District's "Consent to Participate in Extracurricular Drug and Alcohol Testing Program" form will result in non-participation.

If a test is positive, the student may not participate in extracurricular or athletic activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume participation in extracurricular and athletic activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the School District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

**Modification of Athletic or Team Uniform**

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

**Conduct Detrimental to the Team/Organization**

Conduct deemed by the coach/sponsor or the Jersey Community Co Curricular Council to be detrimental to the team, athletic program or co-curricular program, including, but not limited to any illegal or inappropriate behaviors, will be considered on an individual basis and may result in disciplinary action up to and including removal from the program. Examples of these behaviors include (but are not limited to):

- stealing
- cheating
- vandalism
- inflicting or attempting to inflict harm upon the person or property of any student or district employee
- the unlawful carrying of weapons or look-alikes
- malicious mischief

The Jersey Community Athletic Council, consisting of the principal, the assistant principal, the athletic director and the coaches (or any combination appointed by the principal) shall convene at the earliest possible date following the incident to review the case.

All students remain subject to all the School District's policies and the school's student/parent handbook.

#### **Transfer Students**

Jersey CUSD #100 retains the right to uphold and/or eliminate any suspension brought with a transfer student from another district.

#### **Completion Of Carry-over Suspension**

A student/athlete who violates the co-curricular code of conduct and is given a suspension from participation will serve the suspension during the season in which the violation occurred. If the co-curricular violation occurs at the end of an activity, or during a time that the athlete is not participating in an activity, the suspension will be carried over as follows:

- If the violation occurs at the end of an activity that the student is participating in, and he/she did not complete the suspension, the remainder of the suspension will be served during the next activity in which the student/athlete participates in as long as it is an activity that the student/athlete participated and finished in good standing the previous year.
- If the violation occurred during a time of the year that the student/athlete was not participating in an activity, the student will serve the suspension in his next activity

#### **Completing A Suspension**

While serving a suspension the student is expected to be present at all contests and practices involving his/her team or group. Athletes will not be allowed to dress with the team while serving the suspension.

#### **Driving To And From Practice**

An activity bus will be provided to take students to practices located off campus. A bus can also be provided to bring students back to the high school following practice. Students will be allowed to drive to practice if all the proper paperwork is filled out and on file. Forms will be available at parent meetings. Forms are also available for non drivers to ride to practice with other students with parent permission.

#### **Coaches/Sponsors Rules**

All coaches will have a parent meeting at the beginning of their respective seasons. In addition to general rules in the agenda book, a coach or sponsor may establish rules specific to their sport or activity. All rules must be approved by the Athletic Director and administration.

#### **Administration Of Code**

This code will be administered by the members of the high school administration. Reports will be accepted from police, any JCUSD#100 employees, the offender, and/or the offender's parent/guardian. No other reports are accepted including social media. However, any social media report received will be reported to the student's parent/guardian.

#### **Attendance at School Dances**

Attendance at school-sponsored dances is a privilege.

Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. Guest Approval forms are available in the main office with additional details.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

#### **Student Athlete Concussions and Head Injuries**

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the

Illinois High School Association<sup>1</sup> before being allowed to participate in any athletic activity, including practice or competition.

## **Chapter 10 - Special Education**

### **Education of Children with Disabilities**

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

#### **Discipline of Special Education Students**

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education’s Special Education rules when disciplining special education students. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability.

#### **Isolated Time Out, Time Out, and Physical Restraint**

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

### **Exemption From PE Requirement**

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided

- during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

#### **Certificate of High School Completion**

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

#### **Access to Classroom for Special Education Observation or Evaluation**

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

### **Student Records**

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.** The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.**<sup>1</sup> Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.
3. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.** A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.** Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
5. **The right to a copy of any school student record proposed to be destroyed or deleted.** The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary

record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.** Throughout the school year, the District may release directory information regarding students, limited to:
  - Name
  - AddressGrade level
  - Birth date and place
  - Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
  - Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
  - Academic awards, degrees, and honors
  - Information in relation to school-sponsored activities, organizations, and athletics
  - Major field of study
  - Period of attendance in school
7. *Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.*
8. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**<sup>2</sup> Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.
9. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**
10. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**The name and address of the Office that administers FERPA is:U.S. Department of EducationStudent Privacy Policy Office400 Maryland Avenue, SWWashington DC 20202-8520

#### **Student Biometric Information**

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

#### **Military Recruiters & Institutions of Higher Learning**

Upon their request, military recruiters and institutions of higher learning will be given access to students' names, addresses and telephone numbers. Parents who do not want their child's name to be released (or students over the age of 18 who do

## **Chapter 12 – Parental Right Notifications**

### **Teacher Qualifications**

Parents/guardians may request information about the qualifications of their student's teachers and paraprofessionals, including:

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether the teacher is teaching under an emergency or other provisional status through which State qualification and licensing criteria have been waived;
- Whether the teacher is teaching in a field of discipline of the teacher's certification; and
- Whether any instructional aides or paraprofessionals provide services to your student and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

### **Standardized Testing**

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following:

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep during the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind students and emphasize the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

### **Homeless Childs' Right to Education**

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families includes:

- Educational organizations and school.
- Food bank and meal programs.
- Local service organizations: that include the Salvation Army and Angel Tree.
- Medical services: Jersey County Health Department.
- Family Shelters: the school will have a list available of emergency shelters if requested.

### **Family Life & Sex Education Classes**

Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted

diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.<sup>1</sup>

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

### **English Learners**

The school offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet.

Parents/Guardians of English Learners will be informed how they can: (1) be involved in the education of their children; (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students; and (3) participate and serve on the District's Transitional Bilingual Education Programs Parent Advisory Committee.

Letters verifying participation in this program are available from the school office upon request.

### **Pesticide Application Notice**

The district maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact:

Cory Breden  
Assistant Superintendent - Facilities  
618-498-5561

Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.

### **Mandated Reporters**

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

### **Unsafe School Choice Option**

Districts with each grade in only one attendance center may substitute the following for this paragraph: The unsafe school choice option provided in State law permits students to transfer to another school within the District in certain situations. This transfer option is unavailable in this District because each grade is in only one attendance center. A student, who would otherwise have qualified for the choice option, or the student's parent/guardian, may request special accommodations from the building principal.

### **Student Privacy**

The District has adopted and uses several policies and procedures regarding student privacy, parental access to information and administration of certain physical examinations to students. Copies of these policies are available upon request.

### **Sex Offender Notification Law**

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18

are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child, such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property for any reason – including the three reasons above – he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.

#### **Sex Offender & Violent Offender Community Notification Laws**

State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Illinois Department of State Police (ISP) website. The ISP website contains the following:

Illinois Sex Offender Registry, <https://isp.illinois.gov/Sor>

When available, this information will be placed on the District's website at [jersey100.org](http://jersey100.org).

##### **IV. Parent & Family Engagement Compact**

Studies on the impact of parent and community involvement on student achievement found a positive and convincing relationship between family involvement and benefits for students, including improved academic achievement. Research also shows that parent involvement has other benefits including:

- higher grade point averages and scores on standardized tests or rating scales enrollment in more challenging academic programs
- more classes passed and credits earned
- better attendance

## **STUDENT REQUIRED USE & INTERNET SAFETY POLICY (RUP)**

**PURPOSE:** Jersey CUSD No. 100 provides its students and staff access to a variety of technological resources, including laptop computers. These resources provide opportunities to enhance learning and improve communication within the school community and with the larger global community. Through the school district's technological resources, users can observe events as they occur around the world, interact with others on a variety of subjects, and acquire access to current and in-depth information.

## **STUDENT REQUIRED USE & INTERNET SAFETY POLICY (RUP) APPENDIX A TECHNOLOGY USE GUIDELINES**

### **A. EXPECTATIONS FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES**

School district technological resources may only be used by students, staff and others expressly authorized by the Technology Department. The use of school district technological resources, including access to the Internet, is a privilege, not a right. Individual users of the school district's technological resources are responsible for their behavior and communications when using those resources. Responsible use of school district technological resources is use that is ethical, respectful, academically honest and supportive of student learning. Each user has the responsibility to respect others in the school community and on the Internet. Users are expected to abide by the generally accepted rules of network etiquette. General student and employee behavior standards, including those prescribed in applicable board policies, the Student Code of Conduct and other regulations and school rules, apply to use of the Internet and other school technological resources.

In addition, anyone who uses school district computers or electronic devices or who accesses the school network or the Internet using school district resources must comply with the additional rules for responsible use listed in Section B, below. These rules are intended to clarify expectations for conduct but should not be construed as all-inclusive. Furthermore, all students must adhere to any guidelines set forth in the Student Code of Conduct.

All students and employees must be informed annually of the requirements of this policy and the methods by which they may obtain a copy of this policy. Before using school district technological resources, students and employees must sign a statement indicating that they understand and will strictly comply with these requirements. Failure to adhere to these requirements will result in disciplinary action, including revocation of user privileges.

Willful misuse may result in disciplinary action and/or criminal prosecution under applicable

### **B. RULES FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES**

1. School district technological resources are provided for school-related purposes only. Acceptable uses of such technological resources are limited to responsible, efficient and legal activities that support learning and teaching. Use of school district technological resources for political purposes or for commercial gain or profit is prohibited. Student personal use of school district technological resources for amusement or entertainment is also prohibited. Because some incidental and occasional personal use by employees is inevitable, the board permits infrequent and brief personal use by employees so long as it occurs on personal time, does not interfere with school district business and is not otherwise prohibited by board policy or procedure.
2. School district technological resources are installed and maintained by members of the Technology Department. Students and employees shall not attempt to perform any installation or maintenance without the permission of the Technology Department.
3. Under no circumstance may software purchased by the school district be copied for personal use.
4. Students and employees must comply with all applicable laws, including those relating to copyrights and trademarks, confidential information, and public records. Any use that violates state or federal law is strictly prohibited. Plagiarism of Internet resources will be treated in the same manner as any other incidents of plagiarism, as stated in the Student Code of Conduct.
5. No user of technological resources, including a person sending or receiving electronic communications, may engage in creating, intentionally viewing, accessing, downloading, storing, printing or transmitting images, graphics (including still or moving pictures), sound files, text files, 3D documents, messages or other material that is obscene, defamatory, profane, pornographic, harassing, abusive or considered to be harmful to minors.
6. The use of anonymous proxies to circumvent content filtering is prohibited.
7. Users may not install or use any Internet-based file sharing program designed to facilitate sharing of copyrighted material.
8. Users of technological resources may not send electronic communications fraudulently (i.e., by misrepresenting the identity of the sender).

9. Users must respect the privacy of others. ### **C. Restricted Material On The Internet**

The Internet and electronic communications offer fluid environments in which students may access or be exposed to materials and information from diverse and rapidly changing sources, including some that may be harmful to students. The board recognizes that it is impossible to predict with certainty what information on the Internet students may access or obtain. Nevertheless school district personnel shall take reasonable precautions to prevent students from accessing material and information that is obscene, pornographic or otherwise harmful to minors, including violence, nudity, or graphic language that does not serve a legitimate pedagogical purpose. The superintendent shall ensure that technology protection measures are used as provided for in the Children's Internet Protection Act (CIPA), and are disabled or minimized only when permitted by law and board policy. The board is not responsible for the content accessed by users who connect to the Internet via their personal mobile telephone technology.

### **D. Parental Consent**

The board recognizes that parents of minors are responsible for setting and conveying the standards their children should follow when using media and information sources. Accordingly, before a student may independently access the Internet, the student's parent must be made aware of the possibility that the student could obtain access to inappropriate material while engaged in independent use of the Internet. The parent and student must consent to the student's independent access to the Internet and to monitoring of the student's e-mail communication by school personnel.

### **E. Privacy**

No right of privacy exists in the use of technological resources. Users should not assume that files or communications accessed, downloaded, created or transmitted using school district technological resources or stored on services or hard drives of individual computers will be private. School district administrators or individuals designated by the superintendent may review files, monitor all communication and intercept e-mail messages to maintain system integrity and to ensure compliance with board policy and applicable laws and regulations. School district personnel shall monitor on-line activities of individuals who access the Internet via a school-owned computer. Under certain circumstances, the board may be required to disclose such electronic information to law enforcement or other third parties, for example, as a response to a document production request in a lawsuit against the board, as a response to a public records request or as evidence of illegal activity in a criminal investigation.

### **F. Security/Care Of Property**

Security on any computer system is a high priority, especially when the system involves many users. Employees are responsible for reporting information security violations to appropriate personnel. Employees should not demonstrate the suspected security violation to other users. Unauthorized attempts to log onto any school system computer on the school district network as a system administrator may result in cancellation of user privileges and/or additional disciplinary action. Any user identified as a security risk or having a history of problems with other systems may be denied access. Users of school district technology resources are expected to respect school district property and be responsible in using the equipment. Users are to follow all instructions regarding maintenance or care of the equipment. Users may be held responsible for any loss or damage caused by intentional or negligent acts in caring for computers while under their control. The school district is responsible for any routine maintenance or standard repairs to school system computers.

### **G. Personal Websites**

The superintendent may use any means available to request the removal of personal websites that substantially disrupt the school environment or that utilize school district or individual school names, logos or trademarks without permission.

#### **Students**

Though school personnel generally do not monitor students' Internet activity conducted on non-school district devices during non-school hours, when the student's on-line behavior has a direct and immediate effect on school safety or maintaining order and discipline in the schools, the student may be disciplined in accordance with board policy.

#### **Employees**

Employees' personal websites are subject to Staff Social Networking Guidelines (Appendix B).

**Volunteers**

Volunteers are to maintain an appropriate relationship with students at all times. Volunteers are encouraged to block students from viewing personal information on volunteer personal websites or on-line networking profiles in order to prevent the possibility that students could view materials that are not age-appropriate. An individual volunteer's relationship with the school district may be terminated if the volunteer engages in inappropriate online interaction with students.

## School Operations During a Pandemic or Other Health Emergency

This handbook procedure is meant to apply generally to any pandemic or other health emergency and should be supplemented with other relevant and timely information.

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
6. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
7. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
8. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
9. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
10. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
11. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.
