

DISASTER PLANS

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff should a threat to safety arise from fire or other causes; it also strengthens the morale of all concerned to know that preparedness plans exist and that students and staff have been trained in carrying them out.

Therefore, the superintendent shall be responsible for developing plans that meet state and local requirements for preparedness in case of fire, tornadoes, and other natural disasters.

ADOPTION DATE: January 15, 1985

REVISION DATE: April 17, 1996
