

## **School Web Site Publishing**

School web sites provide the district with unique and ever-changing ways to interact with the community and improve student learning. School web sites,

1. Allow an individual school to provide current and complete information to its community at large
2. Give the community a means to communicate effectively with students and personnel
3. Create expanded means for student expression
4. Provide new avenues for teachers to help students meet high standards of performance

All district schools wishing to maintain a presence on the Internet shall develop a written web policy that allows the school to realize the benefits of maintaining a web site while protecting the school community from its potential misuse. All school web sites and school web sites policies shall conform to this policy and any accompanying regulations.

### **Purpose and use of school web sites**

The primary purpose of a school's web site is to communicate effectively with its community. The principal or designee shall ensure that the site is maintained in such a way that the community receives reasonably current and accurate information.

A school may elect to have its web site serve additional purposes related to its educational mission. These include, but are not limited to:

1. Publishing the student newspaper
2. Publishing student literary magazines
3. Posting teacher-created class information
4. Publishing appropriate student class work

When a school allows student publications on its web site, the purpose of including such publications shall be clearly identified in that section of the site. These publications shall be consistent with the mission goals, policies, programs and activities of the district. All publications shall meet established district and school requirements related to student print publications and in accordance with state and federal law related to student expression.

### **Advertising/Sponsorship**

Any use of advertising or sponsorships that appears on a school web site must be approved by the school web site administrator, the district's Internet Services Department and the superintendent or designee. Guidelines for approval shall be established by district's Internet Services Department and the superintendent or designee and must be consistent with district policies and guidelines used in other school and district publications.

The Board of Education directs the superintendent to develop regulations to implement this policy. Such regulation shall address student and staff privacy and content standards for web site publications.
