☒ I am able to attend monthly board meetings at ECS and occasional work sessions as needed.

Please list any prior knowledge or experience that may qualify you for this position:

I have lots of work experience giving me exposure to projects, teams, and administration. I have worked on small self-led projects as well as large, multi-stakeholder initiatives.

I have worked the last 10 years for the municipal utility in Orlando, Florida. In this capacity I provided software support for their ERP system, implemented a new software solution for the Emergency Management department, and worked on developing requirements for an RFP to upgrade their electric distribution management.

Why do you want to be on the Eddyville Charter School Board of Directors?

Since moving back to Siletz in May, I have sought volunteer opportunities to contribute to the ECS community. Serving on the school board would combine my desire to contribute and my previous work experience.
