

Milton Area School District

Building Program Goals

1. Update building and zoning code requirements at each school building.
2. Audit technological infrastructure and equipment to meet future technologies.
3. Prepare innovative educational spaces for current and future programming.
4. Improve community access and use for Gymnasiums, Auditorium, Multi-Purpose Rooms, Libraries, track, field, weight room, and other facilities approved by the school district.
5. Improve and enhance security at all buildings, specifically addressing infrastructure threats.
6. Modernize athletic fields and stadium so our student athletes can be regionally and state-wide competitive.
7. Modify traffic circulation on the site for improved traffic flow, safety, security and parking.
8. Improve administration and health suites at the Elementary Schools.
9. Preserve the spirit of a small community school in all buildings.
