St. George MSU School Board

I am currently serving my first term on the St. George MSU School Board. I was born and raised in Tenants Harbor and attended St. George School from kindergarten through eighth grade. Today, I live in Spruce Head with my husband and our three children, who are in fifth, third, and first grade at St. George School.

I earned a Bachelor of Science in Healthcare Management from Husson University in 2011 and returned to my hometown shortly after to begin working at Pen Bay Medical Center. After the birth of my first child, I made the decision to focus my time and energy on raising our family and becoming actively involved in our community.

My involvement in education began when I served for four years on the Board of Directors of a cooperative preschool in Camden, where all three of my children attended. I later joined the Early Childhood Working Group at St. George, where I helped support the development of a strong Pre-K program designed to prepare our youngest learners for kindergarten. This work has continued to grow, including the introduction of programming for three-year-olds and the addition of two full classrooms for the 2025–2026 school year.

Since my oldest child entered kindergarten, I have spent many hours volunteering in classrooms and have coached local recreational sports teams for soccer, basketball and softball for the past six years. Before my time on the Board, I substituted regularly in our Early Childhood classrooms. These experiences have given me a deep appreciation for the dedication of our teachers, staff, and families in creating a supportive and enriching school environment.

During my time on the School Board, I have had the opportunity to serve on several committees, including the Early Childhood Working Group, Wellness Committee, High School Transition, Community Connections and Events, Curriculum, School Culture, and Negotiations. Each of these roles has allowed

me to contribute to important areas of our school community and come away with experience that will aid my decision making going forward.

I am proud to represent the families of St. George and remain committed to strengthening the connection between our school and the community it serves. Outside of my work, I enjoy spending time with my family exploring the Maine coast, being out on the water, and walking in the woods with our dogs. Some of my favorite moments are spent watching my children participate in the activities they love, including horseback riding, hockey, skiing, basketball, soccer, and softball.
